BOARDS AND COMMITTEES DEPARTMENT.

BOARDS.

The 26th January 1887.

No. 11.—*Notification.*—Under the provisions of section 1, clause (3), of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to direct that the said Act shall come into force in the district of Muzaffargarh from the date of publication of this Notification.

No. 12.—*Notification.*—Under the provisions of section 5, clause (2), of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to fix Rs. 5-6-8 per cent. as the proportion which the local rate shall bear to the annual value of land in the district of Muzaffargarh.

No. 13.—*Notification.*—In accordance with the provisions of section 6 of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to notify that, from the dates upon which the local rate has been or shall be levied in the district of Muzaffargarh in the proportion to the annual value of land specified in Notification No. 12, dated 26th January 1887, all authorised rates and cesses for the maintenance of roads, schools and the district post shall merge in, and become part of, the local rate of the said district, and that no rate or cess other than the local rate shall be thereafter leviable for those purposes.

[First publication.]

No. 14.—*Notification.*—Under the provisions of section 55, clauses *(d)* and *(q)*, of Act XX of 1883, the Hon'ble the Lieutenant-Governor proposes to frame the following Rules for the constitution of Local Boards and of a District Board in the district of Muzaffargarh in supersession of Rules 3 to 8 inclusive,

published in Punjab Government Notification No. 477, dated 25th February 1876. These draft Rules will be taken into consideration after the expiration of one month from the date of the publication of this Notification, before which period any objections or suggestions submitted to Government through the usual channels will be considered.

RULES.

LOCAL BOARDS.

I. There shall be one Local Board for each Tahsíl. Each Local Board shall have jurisdiction over the area of the Tahsíl for which it is constituted.

II. Each Tahsíl shall be divided into representative circles corrresponding with the Settlement Talukas as specified in the following table :—

Name of Tahsíl.	Name of Taluka.
Muzaffargarh ...	Arain. Seri. Mahra. Kinjar. Khángarh. Ghazanfargarh. Mazaffargarh. Khoran. Murádabád. Rangpur.
Sinánwán ...	Nawabád. Sinánwán. Daera Dínpanáh. Kot Adu. Mahmúd Kot.
Alipur ...	Sítpur. Shahr Sultán. Gholwan. Dhaka.

III. Each Local Board shall consist of as many members as there are representative circles nominated by the Local Government and of the Tahsíldár who shall be *ex-officio* a member of the Local Board of his Tahsíl.

IV. No one shall be eligible for appointment to a Local Board if he—

(1) is under 21 years of age ; or

(2) is under contract as regards work to be paid for out of District Funds ; or

(3) receives any remuneration out of the District Funds for services rendered to the District Board or to a Local Board ; or

(4) has been proscribed from Government employment ; or

(5) has been convicted of any such offence or subjected by a criminal court to any such order as implies in the opinion of the Local Government a defect of character which unfits him to be such member.

Provided that the Local Government may exempt any person or class of persons from the restriction contained in clause (3) of this rule.

V. Non-official members shall hold office for three years from the date of their nomination, unless they are appointed for any shorter period.

VI. The Tahsíldár shall be chairman of the Local Board for his Tahsíl.

THE DISTRICT BOARD.

VII. The District Board shall have jurisdiction throughout the District.

VIII. The District Board shall consist of the members of each Local Board and of such official members as the Local Government may appoint either by name or in virtue of their office.

IX. The Deputy Commissioner shall be *ex-officio* a member and chairman of the District Board.

COMMITTEES.

The 24th January 1887.

No. 59.—*Notification.*—In exercise of the powers vested in the Local Government in that behalf by Section 4 of the Punjab Municipal Act, 1884, the Hon'ble the Lieutenant-Governor is pleased to declare the local area at Khudián, in the Lahore District, to which the Punjab Municipal Act, 1873, has been extended, and the boundaries of which are specified in the schedule hereto annexed, to be a Municipality of the second class under the said Punjab Municipal Act of 1884.

2. The Hon'ble the Lieutenant-Governor is further pleased to direct, under the provisions of Section 4, sub-section (3), of the last named Act, that the members of the Committee for the aforesaid local area appointed *ex-officio* by nomination and by election under the Punjab Municipal Act, 1873, and in office on the date of the publication of this Notification, shall, on and from the said date, be deemed respectively to have been appointed by official designation and by name and elected under the Punjab Municipal Act, 1884, as members of the Committee for the said local area, and shall, when appointed by name or elected, hold office as such members for the unexpired portion of the term for which they were appointed under the Punjab Municipal Act, 1873, but in no case exceeding three years from the date of such appointment.

3. It is hereby further declared that the Committee for the said local area under the said Act XIII of 1884 comes into existence by operation of Section 11 of the same on and from the date of the publication of this Notification.

Cir. No. 3-13—5 Ex., dated Calcutta, 24th Jany. 1887.

From—W. R. LAWRENCE, Esquire, Under-Secretary to the Government of India, Revenue and Agrl. Dept.,

To—The Secretary to Government, Punjab.

In forwarding for the information of His Honor the Lieutenant-Governor a copy of a telegram from the Secretary of State, I am directed by His Excellency the Governor-General in Council to request that, as it is advisable that the Imperial Institute to be founded in London in commemoration of Her Majesty's Jubilee should not be excluded from the attention of the Indian communities which are now rapidly maturing their plans for the celebration of that event, the wishes of His Royal Highness the Prince of Wales may be communicated in anticipation of the Secretary of State's Despatch, both to all Committees formed for the purposes of the Jubilee, and to the Chambers of Commerce, the Municipal and Local Boards and other influential Bodies. His Excellency the Governor-General in Council observes that the Imperial Institute, inasmuch as it is designed to increase the demand for Indian produce and manufactures by bringing them to the notice of consumers, and thus to call into requisition improved processes and methods of supply, is not unconnected with the promotion of industrial education in India, and may suitably find a place beside the local means of technical instruction among the permanent objects to which the larger commuinties are proposing to devote their subscribed funds. I am to request, therefore, that you will move His Honor to adopt early measures to make known to all classes of the community the wishes of His Royal Highness and the objects of the Institution as explained in the report of the Committee, and to take into consideration the formation of local Committees with a view to further action for giving them effect.

Telegram, 18th Jany. 1887, 9-55 P.M. (Recd. 19th, 7 A.M).

From—Secretary of State, London,

To—Viceroy, Calcutta.

Commemoration of Jubilee—Imperial Institute. I send despatch enclosing letter from His Royal Highness the Prince of Wales with Report of Committee adopting suggestion of permanent representation of resources of Empire managed by body created by Charter with building for libraries, museums, trade conferences, &c. Scheme accepted by Chambers of Commerce and Colonial Agents, and acceptable to Her Imperial Majesty the Queen personally, may be held to be finally decided on. His Royal Highness the Prince of Wales hopes it will receive cordial support of Your Excellency's Government and Princes of India. I concur and suggest formation of Central and Local Committees to make objects known to all class of community.

Endorsement by the Punjab Government No. 93, dated Lahore, 3rd February 1887.

Copy forwarded to all Commissioners in the Punjab for communication to all Local Bodies.

Also—Ordered that the foregoing be published in the *Puuajb Government Gazette* for general information.

BOARDS.

[Third publication.]

The 26th January 1887.

No. 14.—*Notification.*—Under the provisions of Section 55, clauses (*d*) and (*q*), of Act XX of 1883, the Hon'ble the Lieutenant-Governor proposes to frame the following Rules for the constitution of Local Boards and of a District Board in the district of Muzaffargarh, in supersession of Rules 3 to 8 inclusive published in Punjab Government Notification No. 477, dated 25th February 1876. These draft Rules will be taken into consideration after the expiration of one month from the date of the publication of this Notification, before which period any objections or suggestions submitted to Government through the usual channels will be considered :—

RULES.

LOCAL BOARDS.

I.—There shall be one Local Board for each tahsíl. Each Local Board shall have jurisdiction over the area of the tahsíl for which it is constituted.

II.—Each Tahsíl shall be divided into representative circles corrresponding with the Settlement Talukas as specified in the following table :—

Name of Tahsíl.	Name of Taluka.
Muzaffargarh ...	Arain. Seri. Mahra. Kinjar. Khángarh. Ghazanfargarh. Muzaffargarh. Khoran. Murádabad. Rangpur.
Sinánwán ...	Nawabad. Sinánwán. Daera Dínpanáh. Kot Adu. Mahmúd Kot.
Alipur ...	Sítpur. Shahr Sultán. Gholwan. Dhaka.

III.—Each Local Board shall consist of as many members as there are representative circles nominated by the Local Government and of the Tahsíldár, who shall be *ex-officio* a member of the Local Board of his tahsíl.

IV.—No one shall be eligible for appointment to a Local Board if he—

(1) is under 21 years of age ; or

(2) is under contract as regards work to be paid for out of District Funds ; or

(3) receives any remuneration out of the District Funds for services rendered to the District Board or to a Local Board ; or

(4) has been proscribed from Government employment ; or

(5) has been convicted of any such offence or subjected by a criminal court to any such order as implies in the opinion of the Local Government a defect of character which unfits him to be such member :

Provided that the Local Government may exempt any person or class of persons from the restriction contained in clause (3) of this rule.

V.—Non-official members shall hold office for three years from the date of their nomination, unless they are appointed for any shorter period.

VI.—The Tahsíldár shall be Chairman of the Local Board for his tahsíl.

THE DISTRICT BOARD.

VII.—The District Board shall have jurisdiction throughout the district.

VIII.—The District Board shall consist of the members of each Local Board and of such official members as the Local Government may appoint either by name or in virtue of their office.

IX.—The Deputy Commissioner shall be *ex-officio* a member and Chairman of the District Board.

No. 65.—*Notification.*—In the exercise of the power conferred on him by Section 31 of the Indian Forest Act, VII of 1878, the Hon'ble the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, makes the following rules for the management of the Protected Forests of Tahsíls Murree and Kahúta, in the Ráwalpindi District, detailed in *Punjab Government Gazette* Notification No. 63, dated 17th February 1887 :—

RULES UNDER SECTION 31 FOR THE MANAGEMENT OF DEMARCATED PROTECTED FORESTS IN TAHSILS MURREE AND KAHUTA.

A.—*Cutting and Removal of Trees and Timber; Collection and Removal of Forest Produce.*

The following trees only shall be lopped for fodder of cattle owned by right-holders :—

Rhin (*Quercus incana*).
Barungi (*Quercus dilatata*).
Baren (*Quercus annulata*).
Dhaman (*Grewia oppositifolia*).

Such loppings shall in no case be taken higher than two-thirds of the total height of the tree lopped. But no tree shall be lopped which is less than 16 feet high.

2. Grass may be cut, stacked or removed at any time during the year for the personal use of the right-holders.

3. Fallen dry wood and brushwood may be cut and removed by right-holders at any time; but no "reserved" trees, however young, may be cut.

4. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by right-holders, as required, for agricultural implements free of charge, and no license need be applied for on this account.

5. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by all persons free of charge and without license for graves and for the cremation of dead bodies.

B.—*Granting of Licenses to adjacent inhabitants for their own use, and the Production and Return of Licenses.*

6. No trees shall be cut, except on a license granted by the Forest Ranger, Deputy Conservator of Forests, or Deputy Commissioner. And a license to cut trees shall not authorize the cutting of any trees not already marked for this purpose.

7. A sufficient number of trees for the probable requirements of right-holders shall be marked by the Forest Rangers for felling every year, in the Kahúta Tahsíl in December and January, and in the Murree Tahsíl in March, April and May.

8. Applications for licenses to cut timber shall ordinarily be made to the Forest Ranger during the same months; but, in cases of urgency, may be made at any other time.

9. In all cases in which the Forest Ranger refuses to grant a license to the applicant, a further application may be made to the Deputy Conservator of Forests or to the Deputy Commissioner.

10. In granting licenses to right-holders, the Deputy Commissioner and Forest Officers shall have regard to the following considerations :—

(i) Licenses shall be limited to the actual requirements of the right-holder for his own dwelling house and cattle sheds, the house and shed being reckoned according to those now ordinarily in use among the right-holders. The license shall not ordinarily give leave to fell more than three chír trees (or, where chír trees are not available, biár trees) with a proportionate quantity of small timber; nor be granted oftener than once in five years.

(ii) Licenses shall ordinarily be granted to a right-holder in the forest in which he has rights.

(iii) Applications for license to cut a larger number of trees, or for the grant of trees at shorter intervals than five years, or in a forest other than that in which the applicant has rights, shall be referred to the Deputy Conservator of Forests, who will pass such orders on each case as will suffice to meet the reasonable requirements and conveniences of the applicant as defined in the first sentence of clause 1 of this rule.

Period at which trees granted must be cut and removed.

11. Trees granted by the Forest Ranger during his annual tour in March, April or May must be cut and removed—

In Murree before the end of July }
In Kahúta before the end of April } next after the granting of the trees.

Trees granted on special application at other times shall be cut and removed within three months of the grant if the trees have been already marked, or otherwise within three months of the marking of the trees.

In case the trees granted have not been cut and removed within the period fixed by the license as above, the license shall lapse, unless renewed by the Forest Ranger.

Permits how to be returned.

12. All licenses granting permission to applicants to cut trees must be returned to the village lambardár within one month of the expiry of the period within which they were ordered to be cut and removed; and the lambardár shall deliver them to the Ranger on demand.

Persons holding unexpired licenses shall exhibit them on demand to any Forest Officer.

C.—*Granting of Licenses to fell and remove Timber and Forest Produce for Trade.*

13. The granting of licenses to fell and remove trees, timber or other forest produce for trade, the production and return of such licenses, the payments to be made in respect thereof, the places where such payments shall be made, and the examination of produce covered by such licenses before it leaves the forest, shall be at the discretion of the Deputy Conservator of Forests, acting under the control of the Deputy Commissioner. Such licenses shall not be so granted as to interfere with the due supply of the right-holders.

D.—*Payments for Produce cut and removed for Personal Use.*

14. For every license to cut trees granted to a right-holder under Rule 10 there shall be payable, before it is made over to the applicant, a fee of one rupee. A similar fee shall be payable on renewal under Rule 11.

G.—*Clearings for Cultivation or Other Purposes.*

15. Right-holders in any demarcated protected forests shall only be allowed to break up and cultivate forest land within such forest after the Commissioner of the Division shall have notified that permission to break up land within such forests may be granted, and the clearance of forest land for such purposes shall be permitted only subject to the following rules.

16. Any person owning land in a village adjacent to a protected forest in which he has rights may apply to the Deputy Conservator of Forests for permission to cultivate land in that forest. The application shall be accompanied by a copy of the applicant's parcha of ownership, and shall contain the following particulars:—

(1) The name, parentage and residence of petitioner.
(2) The land owned by the petitioner.
(3) The revenue paid by him.
(4) The extent of the uncultivated waste of the village or villages in which he is a sharer, and in respect of which he holds rights in the forest.
(5) His reasons for desiring to break up land within the forest in question.
(6) The date and amount of any prior grant to him of the same nature in the same or other demarcated protected forest.

17. The Deputy Conservator of Forests may at once reject the application, or may cause the land to be demarcated and measured by the village patwári, and, after such enquiry as may be necessary, may authorize the cultivation.

18. An appeal from an order of the Deputy Conservator of Forests refusing permission to clear land for cultivation shall lie to the Deputy Commissioner, whose order shall be final.

I.—*Pasturing of Cattle.*

19. No camels, sheep or goats shall be pastured in protected forests; other animals *bonâ fide* the property of right-holders, may be pastured in the forests over which their owners have rights.

J.—*Hunting and Shooting.*

20. The shooting of birds is prohibited from 16th March to 15th September (Chetar to Bhádon, inclusive).

No call-birds, nets or snares shall be used.

L.—*Exercise of Rights.*

21. There are no restrictions on passage and on access to water in the protected forest.

No. 589 *I.—Notification.*—Whereas it appears to the Lieutenant-Governor of the Punjab and its Dependencies that land is required by Government for a public purpose, namely, for Mattithal Canal, it is hereby declared that the undermentioned land is required for the said purpose.

FOREST DEPARTMENT.

[Second publication.]

The 17th February 1887.

No. 65.—*Notification.*—In the exercise of the power conferred on him by Section 31 of the Indian Forest Act, VII of 1878, the Hon'ble the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, makes the following rules for the management of the Protected Forests of Tahsíls Murree and Kahúta, in the Ráwalpindi District, detailed in *Punjab Government Gazette* Notification No. 63, dated 17th February 1887 :—

RULES UNDER SECTION 31 FOR THE MANAGEMENT OF DEMARCATED PROTECTED FORESTS IN TAHSILS MURREE AND KAHUTA.

A.—*Cutting and Removal of Trees and Timber ; Collection and Removal of Forest Produce.*

The following trees only shall be lopped for fodder of cattle owned by right-holders :—

Rhin (*Quercus incana*).

Barungi (*Quercus dilatata*).

Baren (*Quercus annulata*).

Dhaman (*Grewia oppositifolia*).

Such loppings shall in no case be taken higher than two-thirds of the total height of the tree lopped. But no tree shall be lopped which is less than 16 feet high.

2. Grass may be cut, stacked or removed at any time during the year for the personal use of the right-holders.

3. Fallen dry wood and brushwood may be cut and removed by right-holders at any time ; but no "reserved" trees, however young, may be cut.

4. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by right-holders, as required, for agricultural implements free of charge and no license need be applied for on this account.

5. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by all persons free of charge and without license for graves and for the cremation of dead bodies.

B.—*Granting of Licenses to adjacent inhabitants for their own use, and the Production and Return of Licenses.*

6. No trees shall be cut, except on a license granted by the Forest Ranger, Deputy Conservator of Forests, or Deputy Commissioner. And a license to cut trees shall not authorize the cutting of any trees not already marked for this purpose.

7. A sufficient number of trees for the probable requirements of right-holders shall be marked by the Forest Rangers for felling every year,—in the Kahúta Tahsíl in December and January, and in the Murree Tahsíl in March, April and May.

8. Applications for licenses to cut timber shall ordinarily be made to the Forest Ranger during the same months; but, in cases of urgency, may be made at any other time.

9. In all cases in which the Forest Ranger refuses to grant a license to the applicant, a further application may be made to the Deputy Conservator of Forests or to the Deputy Commissioner.

10. In granting licenses to right-holders, the Deputy Commissioner and Forest Officers shall have regard to the following considerations:—

(i) Licenses shall be limited to the actual requirements of the right-holder for his own dwelling house and cattle sheds, the house and shed being reckoned according to those now ordinarily in use among the right-holders. The license shall not ordinarily give leave to fell more than three chír trees (or, where chír trees are not available, biár trees) with a proportionate quantity *of small timber, nor be granted oftener than once in five years.*

(ii) *Licenses shall ordinarily be granted to a right-holder in the forest in which he has rights.*

(iii) Applications for license to cut a larger number of trees, or for the grant of trees at shorter intervals than five years, or in a forest other than that in which the applicant has rights, shall be referred to the Deputy Conservator of Forests, who will pass such orders on each case as will suffice to meet the reasonable requirements and conveniences of the applicant as defined in the first sentence of clause 1 of this rule.

Period at which trees granted must be cut and removed.

11. Trees granted by the Forest Ranger during his annual tour in March, April or May must be cut and removed—

In Murree before the end of July } next after the granting of the trees.
In Kahúta before the end of April }

Trees granted on special application at other times shall be cut and removed within three months of the grant if the trees have been already marked, or otherwise within three months of the marking of the trees.

In case the trees granted have not been cut and removed within the period fixed by the license as above, the license shall lapse, unless renewed by the Forest Ranger.

Permits how to be returned.

12. All licenses granting permission to applicants to cut trees must be returned to the village lambardár within one month of the expiry of the period within which they were ordered to be cut and removed; and the lambardár shall deliver them to the Ranger on demand.

Persons holding unexpired licenses shall exhibit them on demand to any Forest Officer.

C.—*Granting of Licenses to fell and remove Timber and Forest Produce for Trade.*

13. The granting of licenses to fell and remove trees, timber or other forest produce for trade, the production and return of such licenses, the payments to be made in respect thereof, the places where such payments shall be made, and the examination of produce covered by such licenses before it leaves the forest, shall be at the discretion of the Deputy Conservator of Forests, acting under the control of the Deputy Commissioner. Such licenses shall not be so granted as to interfere with the due supply of the right-holders.

D.—*Payments for Produce cut and removed for Personal Use.*

14. For every license to cut trees granted to a right-holder under Rule 10 there shall be payable, before it is made over to the applicant, a fee of one rupee. A similar fee shall be payable on renewal under Rule 11.

G.—*Clearings for Cultivation or Other Purposes.*

15. Right-holders in any demarcated protected forests shall only be allowed to break up and cultivate forest land within such forest after the Commissioner of the Division shall have notified that permission to break up land within such forests may be granted, and the clearance of forest land for such purposes shall be permitted only subject to the following rules.

16. Any person owning land in a village adjacent to a protected forest in which he has rights may apply to the Deputy Conservator of Forests for permission to cultivate land in that forest. The application shall be accompanied by a copy of the applicant's parcha of ownership, and shall contain the following particulars :—

(1) The name, parentage and residence of petitioner.
(2) The land owned by the petitioner.
(3) The revenue paid by him.
(4) The extent of the uncultivated waste of the village or villages in which he is a sharer, and in respect of which he holds rights in the forest.
(5) His reasons for desiring to break up land within the forest in question.
(6) The date and amount of any prior grant to him of the same nature in the same or other demarcated protected forest.

17. The Deputy Conservator of Forests may at once reject the application, or may cause the land to be demarcated and measured by the village patwári, and, after such enquiry as may be necessary, may authorize the cultivation.

18. An appeal from an order of the Deputy Conservator of Forests refusing permission to clear land for cultivation shall lie to the Deputy Commissioner, whose order shall be final.

I.—*Pasturing of Cattle.*

19. No camels, sheep or goats shall be pastured in protected forests; other animals *boná fide* the property of right-holders may be pastured in the forests over which their owners have rights.

J.—*Hunting and Shooting.*

20. The shooting of birds is prohibited from 16th March to 15th September (Chetar to Bhádon, inclusive).

No call-birds, nets or snares shall be used.

L.—*Exercise of Rights.*

21. There are no restrictions on passage and on access to water in the protected forest.

BOARDS.

The 22nd February 1887.

No. 26.—*Notification.*—Under the provisions of Sections 37 (2) and 55 (*k*) of Act XX of 1883, the Hon'ble the Lieutenant-Governor is pleased to make the following rule regarding the expenditure by District Boards on medical relief :—

RULE.

Subject to the proviso stated below, each District Board shall, whenever it is required to do so by Government, provide such a minimum sum annually for expenditure on medical relief, exclusive of charges for the construction and maintenance of buildings, as shall be equal to 12½ per cent., or 2 annas per rupee, on the annual income of the District Fund :—

Proviso.

Existing grants from District Funds to any medical institution maintained by a Municipality shall not be withdrawn without the previous sanction of the Inspector-General of Civil Hospitals.

No. 27.—*Notification.*—Under the provisions of Sections 37 (2) and 55 (*k*) of Act XX of 1883, the Hon'ble the Lieutenant-Governor is pleased to make the following rules regarding the expenditure by District Boards on education :—

I.—Each District Board shall, whenever it is required to do so by Government, provide such a minimum sum annually for expenditure on education, exclusive of charges for the construction and maintenance of buildings, as shall be equal to the total of—

(*a*) all grants made to the Board by Government for the purpose ;

(*b*) the annual income of the Board from education fees ; and

(*c*) twenty-five per cent. of the annual income of the District Fund, excluding education fees and grants from Government.

II.—Of the sum which each District Board may be required to provide annually for education under Rule I, such portion shall, whenever the Government may so direct, be set apart for expenditure on primary education as shall not be less than the total of—

(*a*) all Government grants for, and all fees from, that class of instruction ; and

(*b*) three-fifths of the portion of the District Fund income represented by item (*c*) in Rule I.

III.—Rules I and II are subject to the proviso that existing grants from District Funds to any school or other educational institution maintained by a Municipality shall not be withdrawn without the previous sanction of the Director of Public Instruction, Punjab.

COMMITTEES.

The Town Hall at Simla for which a revised estimate was sanctioned in the course of the year made considerable progress. The original sanction was for Rs. 1,65,000 and the revised estimate amounted to Rs. 2,38,000. At the end of March 1886 Rs. 1,71,000 had been expended. This amount had sufficed to finish the two lower storeys at the west end and the lower storey of the east end, the building having four storeys on the west and two storeys on the east according to the present design. By March the walls of the upper storeys were in hand, and had made some progress. The finishing of the interior of the lower and completed portions had been commenced, and a certain amount of material was collected and being prepared for completion of the building. At the close of the financial year, however, work was being suspended pending the preparation of and sanction to a 2nd revised estimate which was necessitated by alterations decided on subsequent to the submission of the 1st revised estimate.

FOREST DEPARTMENT.

[Third publication.]

The 17th February 1887.

No. 65.—*Notification.*—In the exercise of the power conferred on him by Section 31 of the Indian Forest Act, VII of 1878, the Hon'ble the Lieutenant-Governor, with the previous sanction of the Governor-General in Council, makes the following rules for the management of the Protected Forests of

Tahsíls Murree and Kahúta, in the Rávalpindi District, detailed in *Punjab Government Gazette* Notification No. 63, dated 17th February 1887 :—

RULES UNDER SECTION 31 FOR THE MANAGEMENT OF DEMARCATED PROTECTED FORESTS IN TAHSILS MURREE AND KAHUTA.

A.—*Cutting and Removal of Trees and Timber ; Collection and Removal of Forest Produce.*

The following trees only shall be lopped for fodder of cattle owned by right-holders :—

Rhin (*Quercus incana*).

Barungi (*Quercus dilatata*).

Baren (*Quercus annulata*).

Dhaman (*Grewia oppositifolia*).

Such loppings shall in no case be taken higher than two-thirds of the total height of the tree lopped. But no tree shall be lopped which is less than 16 feet high.

2. Grass may be cut, stacked or removed at any time during the year for the personal use of the right-holders.

3. Fallen dry wood and brushwood may be cut and removed by right-holders at any time ; but no "reserved" trees, however young, may be cut.

4. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by right-holders, as required, for agricultural implements free of charge, and no license need be applied for on this account.

5. Wood of any kind, except deodár and *pinus excelsa* (biár), may be taken by all persons free of charge and without license for graves and for the cremation of dead bodies.

B.—*Granting of Licenses to adjacent inhabitants for their own use, and the Production and Return of Licenses.*

6. No trees shall be cut except on a license granted by the Forest Ranger, Deputy Conservator of Forests, or Deputy Commissioner. And a license to cut trees shall not authorize the cutting of any trees not already marked for this purpose.

7. A sufficient number of trees for the probable requirements of right-holders shall be marked by the Forest Rangers for felling every year,—in the Kahúta Tahsíl in December and January, and in the Murree Tahsíl in March, April and May.

8. Applications for licenses to cut timber shall ordinarily be made to the Forest Ranger during the same months ; but, in cases of urgency, may be made at any other time.

9. In all cases in which the Forest Ranger refuses to grant a license to the applicant, a further application may be made to the Deputy Conservator of Forests or to the Deputy Commissioner.

10. In granting licenses to right-holders, the Deputy Commissioner and Forest Officers shall have regard to the following considerations :—

(i) Licenses shall be limited to the actual requirements of the right-holder for his own dwelling house and cattle sheds, the house

and shed being reckoned according to those now ordinarily in use among the right-holders. The license shall not ordinarily give leave to fell more than three chír trees (or, where chír trees are not available, biár trees) with a proportionate quantity of small timber, nor be granted oftener than once in five years.

(ii) Licenses shall ordinarily be granted to a right-holder in the forest in which he has rights.

(iii) Applications for license to cut a larger number of trees, or for the grant of trees at shorter intervals than five years, or in a forest other than that in which the applicant has rights, shall be referred to the Deputy Conservator of Forests, who will pass such orders on each case as will suffice to meet the reasonable requirements and conveniences of the applicant as defined in the first sentence of clause 1 of this rule.

Period at which trees granted must be cut and removed.

11. Trees granted by the Forest Ranger during his annual tour in March, April or May must be cut and removed—

In Murree before the end of July
In Kahúta before the end of April } next after the granting of the trees.

Trees granted on special application at other times shall be cut and removed within three months of the grant if the trees have been already marked or otherwise within three months of the marking of the trees.

In case the trees granted have not been cut and removed within the period fixed by the license as above, the license shall lapse, unless renewed by the Forest Ranger.

Permits how to be returned.

12. All licenses granting permission to applicants to cut trees must be returned to the village lambardár within one month of the expiry of the period within which they were ordered to be cut and removed; and the lambardár shall deliver them to the Ranger on demand.

Persons holding unexpired licenses shall exhibit them on demand to any Forest Officer.

C.—*Granting of Licenses to fell and remove Timber and Forest Produce for Trade.*

13. The granting of licenses to fell and remove trees, timber or other forest produce for trade, the production and return of such licenses, the payments to be made in respect thereof, the places where such payments shall be made, and the examination of produce covered by such licenses before it leaves the forest, shall be at the discretion of the Deputy Conservator of Forests, acting under the control of the Deputy Commissioner. Such licenses shall not be so granted as to interfere with the due supply of the right-holders.

D.—*Payments for Produce cut and removed for Personal Use.*

14. For every license to cut trees granted to a right-holder under Rule 10 there shall be payable, before it is made over to the applicant, a fee of one rupee. A similar fee shall be payable on renewal under Rule 11.

The 1*st February* 1887.

No. 400 I.—*Notification.*—In exercise of the powers conferred on the Local Government by Act VIII of 1873, and with the previous sanction of the Governor-General in Council, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules, which have been framed under the provisions of Section 75 of Act VIII of 1873, and to declare that they have been made for the Swát River Canal, and are applicable to that canal.

By order of the Hon'ble the Lieutenant-Governor,

FREDERICK J. HOME, LIEUT.-COL., R.E.,

Offg. Joint-Secy. to Govt., Punjab, P. W. D.,

Irrigation Barnch.

IRRIGATION DEPARTMENT, PUNJAB.

RULES ISSUED UNDER ACT VIII. OF 1873.

Part III.

ON CONSTRUCTION AND MAINTENANCE OF WORKS.

Section 18. 1. *Orders for construction of works.*—The order which a Divisional Canal Officer may issue under Section 18 shall be in writing, and shall be served on each person concerned or his representative as a civil process through the Deputy Commissioner

Section 20. 2. *Proceedings of Superintending Canal Officers on reference.*—The Superintending Canal Officer, before confirming or modifying a decision passed by the Divisional Canal Officer under Section 20, shall hear and record any objections made to such decision by the parties interested or their representatives, to whom at least 15 days' notice of the date and of the place at which Superintending Canal Officer will consider the Divisional Canal Officer's decision shall be given.

Section 24. 3. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is bound to give to the Canal Officer under Section 24 shall not be less than fourteen days.

Section 29. 4. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works necessary for the passage across such water-course, of water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communications across it, for the convenience of the neighbouring lands, are completed to the satisfaction of the Divisional Canal Officer.

5. *Applications for water.*—All applications for water or for the construction or improvement of water-courses under Part III. of the Act shall be in the form prescribed in Appendix No. I.

Part IV.

ON THE SUPPLY OF WATER.

Section 31. 6. *Limit of length of water-courses.*—Water shall not ordinarily be granted to lands where the length of the water-course from its head to its point of contact with the fields exceeds two miles.

Section 16. 7. *Apprehended wastage.*—Applications under Section 16 of the said Act shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From his decision an appeal may be preferred to the Superintending Canal Officer.

7 *a.* Such applications shall not ordinarily be granted in respect of lands where the available supply of water in the canal, distributary, or water-course is already fully utilized.

8. *Sanitary reasons.*—The Divisional Canal Officer shall not engage to grant water for the irrigation of any kharif crops upon lands within one mile from the outermost houses of any town, if such irrigation be objected to by the Municipal Committee (or, if there be no Municipal Committee, by the Deputy Commissioner), and the objection is approved by the Superintending Canal Officer and the Commissioner of the Division. Should these officers differ in opinion, the question will be referred to Government in the Irrigation Department, whose decision shall be final. *Section* 31.

9. *Preparation of fields.*—A Divisional Canal Officer may withhold or postpone the issue of water to any cultivator whose fields he may have ascertained by personal inspection (by himself, one of his Assistants, or the Canal Deputy Collector) to be unprepared for irrigation by division into *kiáris* or compartments, not greater in area than half a "*kanal,*" and by the addition of small water-channels, as is customary in irrigation from wells. *Section* 31.

a. When a field is irrigated which has not been so prepared, an additional charge may be imposed, not exceeding half the amount of occupier's rate leviable upon the field.

b. Rice-fields and gardens are exempted from the operation of this rule.

c. In each case the Divisional Canal Officer, the Sub-Divisional Canal Officer, or Canal Deputy Collector, must certify that he personally examined the field, and that it was not properly prepared for irrigation according to the terms of the rule.

d. An appeal against the orders of the Divisional Canal Officer may be preferred to the Superintending Canal Officer.

10. *Filling of tanks for watering cattle.*—Tanks may be filled with canal-water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :— *Section* 31.

I. Except as provided in Rule 12 *a*, no tank shall be so filled unless exclusively used for domestic purposes and for watering cattle: such tanks are generally in the immediate neighbourhood of villages.

II. No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural sources.

III. No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of

tanks can only be permitted at such times and to such extent as the Sub-Divisional Officer approves.

IV. No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

V. Except as provided in Rule 12 *a*, every tank so filled shall be used exclusively for domestic purposes or for watering cattle, and in the event of any breach of the foregoing regulations by any person for whose benefit the tank has been so filled, or in the event of any such person using any tank so filled otherwise than for domestic purposes or for watering cattle [except as provided in Rule 12 *a*], the privilege by this rule afforded may, in addition to any penalty which may be incurred under the Act, be suspended for 12 months by order of the Divisional Canal Officer, passed on a regular proceeding and enquiry in each case.

11. *Contracts.*—The Divisional Canal Officer, with the previous sanction of Superintending Canal Officer, is empowered to make contracts for the supply of canal-water for purposes other than irrigation, not specified in schedule of rates, for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

12. *Charges for water used for purposes other than irrigation.*—Tanks may be filled with-canal water for purposes other than those stated in Clause I. of Rule 10 : such water will be charged for at rates and subject to conditions to be determined by the Local Government in each case.

12 *a.* Irrigation may also be carried on from tanks, provided the previous sanction of the Sub-Divisional Canal Officer be obtained. The usual rates will be charged for such irrigation.

13. *Water supplied to Cantonments, towns, &c.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, towns, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts at special rates may be accepted by the Divisional Canal Officer with the previous sanction of the Local Government.

14. *Water-power.*—The use of water-power may be granted by the Divisional Canal Officer at such rates and under such conditions as may be sanctioned by the Local Government in each case.

Section 32 (*a*). 15. *Tatíls.*—Divisional Canal Officers are empowered, for purposes of administration, repairs and maintenance, to order the closure of any water-course for periods which shall not extend beyond twelve consecutive days.

For longer closures the authority of the Superintending Canal Officer is required.

16. Orders for closures under Rule 15 must be notified either— *Section* 32 (*a*).

(*a*) by a notification,

(*b*) by a special order.

Such notification or order shall be in writing under the hand of the Divisional Canal Officer, and a copy shall be conveyed by the Canal establishment with due expedition to each village concerned, and delivered to the Patwári, or, in his absence, to any Lambardár. The receipt of each person to whom a copy of the notification or order is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office.

It shall be the duty of the Patwári or Lambardár who receives the notification or order above described to affix it at once in a conspicuous position in the village and to make its purport generally known.

17. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under Section 32 (*a*) (2) may be enforced when the Canal Officer ordering the stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair. The order for such stoppage shall be in writing under the hand of the Divisional Canal Officer, and an immediate report shall be made to the Superintending Canal Officer, and the special grounds for stoppage explained. The Superintending Canal Officer's order shall be final. *Section* 32 (*a*).

18. *Report of closures*—Immediate report shall be made to Superintending Canal Officer of all closures under case (1), Section 32 (*a*). *Section* 32 (*a*).

19. Nothing in the foregoing rules shall be taken to affect the power of a Canal Officer to close any water-course or stop any supply of water on his own authority in cases which he deems to be of pressing emergency.

20. *Claims for remission.*—All claims for remission of occupier's rate under Section 32 (*b*) shall be made to the Divisional Canal Officer previous to the cutting of the crop. The Divisional Canal Officer may reject or admit any claim. If the claim be admitted, the Divisional Canal Officer may remit to the limit of 50 rupees in each individual case, provided that the aggregate remissions for any one village do not exceed 200 rupees. If the Divisional Canal Officer considers that higher remissions should be granted than those above specified, the sanction of the Superintending Canal Officer must be obtained. Pending the decision, the collection shall be suspended. *Section* 32 (*b*).

Claims to remission of ordinary charges, other than occupiers' rates, payable for the use of the canal-water, shall only be admitted on proof of actual loss caused by the stoppage of supply; on proof of such loss, the whole, or any portion of the charges, may be remitted as here in before provided.

Part V.

OF WATER-RATES.

Section 36. 21. *Charges for the use of water.*—The charge for the use of water shall be made on the area irrigated at the rates specified in the schedules for the time being in force, and subject to the following rules.

Section 36. 22. *Charge leviable for* "paleve" *when no crop is sown.*—When a field receives the first or preliminary watering, and afterwards no crop is sown, a special rate fixed for the present at rupee one per acre will be imposed. One watering after the crop has been sown shall be charged for at the rate leviable for the whole crop, or the whole year, as the case may be.

23.
24. } * * *
25.

NOTE.—Until further notice a uniform rate will be charged for all crops.

Section 36. 26. *Occupier's rate for fields partly irrigated.*—If only a portion of a field be irrigated, the occupier's rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a ridge not less than half a foot high.

Section 36. 27. *Charge leviable on fields partly irrigated from canals, partly from wells or other sources.*—Where a portion of a field has been irrigated with canal-water, and a portion with water from a well or any other source, the whole field will be treated as irrigated with canal-water, unless a clearly distinguishable boundary demarcated by a ridge not less than half a foot high exists between the two portions. Where such a boundary exists, enquiry will be made whether the use of water from a well or any other source was owing to deficiency in the supply of canal-water, in which case the canal charge on the portion irrigated by canal-water should be reduced to lift rates.

Section 36. 28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal-water in the course of the same season, the whole of the irrigation from that channel during such season is liable to be treated as irrigation from the canal.

Section 36. 29. *Charge leviable for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Local Government in each case.

31. When a natural drainage channel or reservoir, not being part of the canal, is used as an escape channel, if it is so used at the requestof persons desirous of irrigating from

it, the same rates shall be chargeable for irrigation from it as for irrigation from an escape channel. Provided that the area, if any, irrigated from it previous to the introduction of canal-water shall not be liable to water-rate, the amount of such area shall be determined by the Deputy Commissioner. In all cases in which water is supplied under this rule, a written contract shall be executed, setting forth the terms on which it is supplied.

32. *Charge leviable for the unauthorized use of water.*—Persons irrigating from a canal without permission, or taking water at times prohibited by proper authority, shall be chargeable with a special water-rate which shall be double the water-rate which would have been chargeable for the authorized irrigation of the area irrigated. The area shall be measured and notice shall at once be given to the persons so irrigating that they will be charged in the demand statement double rates under this rule for the area thus watered.

33. *Charge leviable for "Ab-zái" (waste of water).*—The charges leviable for water suffered to run to waste shall be— Section 36.

(1) on cultivated lands double the crop rate which would otherwise be leviable on the area flooded;

(2) on uncultivated lands the flow rate chargeable for a first watering before sowing.

The area shall be measured up as soon as possible, and the persons chargeable with this rate having been determined in accordance with the provisions of Section 33 of Act VIII of 1873, notice shall be given to them that they will be charged accordingly in the demand statement.

The special rates mentioned in this and the preceding rule shall be in addition to such penalties as may be imposed under Section 70 of the Act.

33 *a*.—

* * * *

NOTE.—Not required at present as no owner's rate is levied.

34. An appeal against any charges made under Rules 22 to 33 inclusive may be preferred to the Commissioner.

35. *Schedules of rates to be accessible to villagers.*—The Patwári of every village irrigated by canal shall be furnished by the Divisional Canal Officer with a statement in Urdu, or the current written language of the district, showing the rates of assessment of each class of produce per ordinary local and canal measurements, which statement shall be suspended in the Hujra or in a conspicuous position in a place of public resort. Section 75.

36. *Patwáris' fees.*—The allowance to Patwáris employed in the Irrigation Department shall be 2 per cent. on the amount of collection; this payment to be conditional on their affording satisfaction to the Divisional Canal Officer in respect to their duties in Section 47.

connection with the measurements and assessments, and to the Deputy Commissioner in respect to their duties connected with the collection of canal revenue.

Section 47.

37. *Lambardárs' fees.*—The allowance to Lambardárs, or other persons collecting from cultivators, shall be 3 per cent. on the amount collected, on condition that the full amount due has been paid within three months of the issue of the demand statement, and that the Lambardár has performed his duty connected with the assessment, such as personal attendance or deputation of a proper substitute at the time of measurement, and correct report of irrigation.

Provided that it shall be at the discretion of the Deputy Commissioner or Divisional Canal Officer, as the case may be, subject to the appeal allowed by Rule 76, to withhold the whole or part of the allowances prescribed in Rules 36 and 37 in the event of the conditions not being complied with.

Part VI.

NAVIGATION.

38 to 62.—

* * * *

NOTE.—Not required as there will be no navigation on this Canal.

63. *Canal closures.*—Any canal may be closed once a year for the execution of needful works on one month's notice published in the Government Gazette of the intention so to close it, or at any time without notice in the event of any sudden emergency. The fact of an emergent closure having been authorized shall be notified in the Government Gazette.

Part X.

OF OFFENCES AND PENALTIES.

Section 70.

65. *Offences under Canal Act triable by Magistrates of the 2nd Class.*—The Lieutenant-Governor is pleased, under Section 70 of the Act, to direct that charges of offences under that section shall be cognisable by a Magistrate of the 2nd class.

66. No person, without the permission, in writing, of the Divisional Canal Officer, shall pass, or shall cause any animal or vehicle to pass on or across any of the roads, works, banks or channels of a canal, or drainage work, after he has been desired to desist therefrom, excepting upon such bridges, fords and ferries, and their approaches, as are provided by the Divisional Canal Officer. *Section 70—Clause 11.*

Part XI.

SUBSIDIARY RULES.

67. ***Assessment and realization of occupier's rate.***—The amount demandable for occupier's rate shall be determined and apportioned by the Divisional Canal Officer, and the Deputy Commissioner shall realize the sums due.

68. *Khataoni to be accessible to villagers.*—The Patwári is responsible that the village copy of the *khataoni* or demand statement is at all times accessible to any person who pays for canal water. *Section 75.*

69. *Distribution of parchas.*—As soon as the *khataoni* and *parchas* of a Patwári's circle are completed he will inform the Lambardárs of the dates on which the *parchas* will be distributed in each village. The Lambardárs will call upon the irrigators to attend and receive the *parchas* from the Patwári. Undistributed *parchas* will be entrusted to the Lambardárs of the village. The Patwári will in every case endorse the date of distribution on the *parcha.* The *parchas* shall be in the form detailed in Appendix VII.

70. *Complaints against Khasrah entries.*—If a cultivator desires to contest the correctness of the entries made against him in the demand statement, whether as to the fact of the land having been irrigated, or of its being charged "flow" or "lift," or as to the measurement and entries of class or crop, he must lodge a complaint with the Divisional or Sub-Divisional Canal Officer, or Deputy Collector, within 21 days of date of receipt of *parcha* by the cultivator; or, if he should not have received a *parcha,* within 10 days of the date on which he first became acquainted with the claim against him, and the complaint must be investigated on the spot within 15 days of receipt, and promptly decided. *Section 75.*

The order of the Divisional or Sub-Divisional Canal Officer, or Deputy Collector in such cases, shall be forthwith communicated to the complainant, and shall be subject to appeal to the Commissioner of the Division.

71. *Objections may be made by a Lambardár, &c., on behalf of cultivator.*—When a Lambardár or other person is responsible, under Sections 46 and 47 of the said Act, for the payment of the occupier's rates in a village or any portion of a village, complaints under these rules may be lodged by such Lambardár or Contractor, instead of by the cultivators, and any refund that may be necessary in consequence of the order passed upon objection so lodged shall be paid by the Deputy Commissioner to such Lambardár or Contractor on account of the cultivators concerned. *Section 75.*

72. *Method of dealing with alterations in the demand.*—If, after the giving of the *parcha*, any addition is made to the demand, or any reduction is allowed on a complaint under Rule 22 or 37, or by way of remission under Section 32, clause (*b*), of the Act, or otherwise, such addition or reduction shall be communicated to the cultivator by means of supplementary *parchas*. Demands shall be shown in black and remissions in red letters. All such alterations as are made before the despatch of the *khataoni* to the Deputy Commissioner shall be included in that document, and shall also be written on slips similarly printed (black for additions and red for reductions) and attached to the *khataoni*. Alterations made after the despatch of the *khataoni* shall be communicated to the Deputy Commissioner by means of similar slips.

73. Provided for in Rules 81 and 83.

74. *Irrecoverable balances.*—Balances found to be irrecoverable owing to want of assets, absconding of defaulters, or any other such cause, and claims to refund on the ground of mistakes in collection, shall be dealt with by the Deputy Commissioner under the rules for suspension, remission and refund of land revenue.

Section 75. 75. *Payments of refunds.*—In all cases payments of refunds will be made by the Deputy Commissioner.

Section 75. 76. *Appeal against retrenchment of fees.*—An appeal against retrenchment of fees of Lambardárs and Patwáris shall lie to the Commissioner of the Division or Deputy Commissioner, according as the retrenchment has been made by the Deputy Commissioner or Divisional Canal Officer.

77. *Receipts for water-rate.*—Receipts shall, when demanded, be given by the Lambardár or other person making the collection to each cultivator on payment of occupier's rate.

Section 75. 78. *General prohibition.*—No person employed on a canal shall, without previous sanction obtained from the Divisional Canal Officer, have any interest in the distribution or use of water from the said canal, or purchase, or bid for, any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

PROCEDURE.

79.—

* * * *

NOTE.—Rule No. 79 being applicable only to the Dera Gházi Khan District is omitted from the present republication.

OF APPEALS AND REFERENCES, AND THE PROCEDURE THEREIN.

80. *Interpretation.*—In the following Rules the expression "the Court" denotes the officer to whom in the particular case an appeal may be preferred under the provisions of the Act or the Rules made thereunder for the time being in force.

81. An appeal shall lie to the Deputy Commissioner from an order of the Divisional Canal Officer passed under Rules 10 (v), 17, 20, 70, or under Part V of these Rules.

Except as above provided or except as provided in Rule 76 or in the Act, no appeal shall lie from any decision or order of the Divisional Canal Officer.

82. *Period for appealing.*—The period for presenting an appeal shall be 30 days, unless any other period is expressly prescribed, and in the latter case the period so prescribed.

But any appeal may be admitted after the period prescribed when the appellant satisfies the Court that he had sufficient cause for not presenting the appeal within such period. Extension of time.

If the period prescribed expires on a day when the Court is closed, the appeal may be presented on the day that the Court re-opens.

83. *Calculation of period.*—The period prescribed shall be calculated from the date of the decision or order appealed from, and in computing such period the day when the decision or order was made, and the time requisite for obtaining a copy of the decision or appealed order against shall be excluded.

84. *Form of appeal.*—The application for admission of an appeal shall be stamped in accordance with the law in force relating to Court fees, and shall be accompanied by a copy of the decision or order appealed against, and shall state concisely the grounds upon which the appeal is preferred.

85. When an appeal is presented to the Deputy Commissioner pursuant to Rule 81, that officer may, if he thinks fit, after hearing the appellant, confirm the decision of the Canal Officer without further enquiry.

If the Deputy Commissioner considers that the appeal should be inquired into, he shall refer it to the Divisional Canal Officer for enquiry and report.

The Divisional Canal Officer shall thereon enquire into the appeal, following the procedure laid down in Rules 86 to 96, and shall report to the Deputy Commissioner the result of the enquiry with his recommendation as to the disposal of the appeal.

If the Deputy Commissioner concurs with the recommendation of the Divisional Canal Officer he shall pass an order on the terms thereof. If he dissents he shall refer the appeal for the decision of the Commissioner if it relates to Part V or to Rule 70, and to the Superintending Engineer in other cases.

The Commissioner or Superintending Engineer on receipt of an appeal so referred to may at once pass orders on it or may proceed as directed in Rules 86 to 96.

e. g., Sections 19 and 27 of Act VIII of 1873.

Nothing in this section shall be interpreted as applying to cases in which by the provisions of the Act an appeal lies to the Commissioner.

86. *Procedure on admission of appeal.*—If the application be granted, an entry thereof shall be made in a register of appeals, numbered consecutively, and a day shall be fixed for the hearing of the appeal.

87. *Notice of hearing to be given.*—Notice of the date and place fixed for the hearing of the appeal shall be given to the appellant in such manner as the Court may direct, and to every other party to the case whose interest is opposed to that of the appellant in the manner hereinafter prescribed.

88. *Contents of notice.*—A written notice containing the title of the Court, the names of the parties, the date and place fixed for the hearing of the appeal, and such other particulars as the Court may, by general or special order, direct, shall be issued in duplicate under the hand and seal of the Court.

89. *Mode of service.*—The notice shall be served by delivering one copy thereof, if practicable, to the person addressed therein, or, in his absence, to some adult male member of his family, or if none such be found, by leaving such copy at the addressee's usual place of residence. Provided that, if the Court shall so direct, the notice may be served under registered cover sent through the Post Office.

90. *Acknowledgment of personal service.*—When personal service is effected, the addressee shall be required to acknowledge the service by affixing his signature, seal or mark on the back of the duplicate copy to be retained by the serving officer.

91. *Memorandum by serving officer.*—The serving officer shall in every case endorse on the duplicate copy a memo. signed by him of the date and mode of service, and return such copy to the Court which issued it.

92. *Cost of service.*—The cost of serving any notice shall be borne in the first instance by the party appellant, and shall be paid to the proper officer of the Court before such notice is issued. The charge made for service shall be in accordance with the lowest civil process scale for the time being in force.

93. *Hearing may be postponed or adjourned.*—The hearing of an appeal may be postponed or adjourned from time to time, as the Court may see fit by written order to direct, to any subsequent date, and notice of such date shall be given to the parties in such manner as the Court may direct.

94. *Attendance or representation of parties not essential.*—The attendance of the parties, in person or by representative, shall not be necessary at the hearing of any petition of appeal, or of any appeal, but any party so attending shall be entitled to be heard.

95. *Court to be satisfied before hearing that notice has been received by parties.*—The Court shall not proceed to the hearing of any appeal unless and until it is satisfied that notice of the date and place fixed for such hearing has been received by the parties concerned in sufficient time to permit them to appear or to be represented at such hearing. Provided that the Court may presume that notice has been received when a written notice has been served in any of the ways described in Rule 89 above. Provided also that an appeal may be heard and decided, notwithstanding the absence of any party who is shown to the satisfaction of the Court to be wilfully evading service of notice.

96. *Procedure on hearing.*—(*a*). The Court, before passing its order or decision on the appeal, shall record in writing which (if any) of the parties to the appeal are present in person or by representative at the hearing thereof. **What parties present.**

(*b*). The Court, if it think further inquiry necessary, may conduct such inquiry itself, and in such case shall be deemed to be an officer with the powers described in Section 69 of the Act. **Further inquiry by appellate Court.**

(*c*). When the hearing of the appeal is concluded, the decision or order of the Court shall, when practicable, be pronounced forthwith, and shall be recorded in writing signed by the Court, and the substance thereof shall be explained to such of the parties or their representatives as are present when the decision or order is passed or given. **The decision or order of Court.**

(*d*). Every decision or order recorded in English shall be translated into Urdu, and the translation shall be authenticated by the signature of the Court and filed with the proceedings. **Translation thereof.**

97. *Copy thereof to be sent to Subordinate Officer.*—A copy of the decision or order shall be transmitted by the Court to the officer from whose decision or order the appeal was preferred.

98. *Copies to be granted to parties.*—A copy of the decision or order of the Court, in English or Urdu, shall be granted to any person concerned or interested therein, who shall apply for the same, upon payment of the proper Court fees and copying charges.

99. *Of re-hearing in certain events.*—If any party against whom an order or decision is made or given upon an appeal heard in his absence shall, within 30 days from the date of such order or decision, satisfy the Court that he had received no notice of the time and place fixed for the hearing thereof, or had not received such notice in sufficient time to permit him to appear, and that he did not wilfully evade service thereof, the Court may pass an order, if it think such order requisite for the ends of justice (and not otherwise), upon such terms as appear just, setting aside its previous decision or order, and grant a re-hearing, which shall be subject to the same rules as the hearing of an appeal.

100. *Power of revision by Financial Commissioner and Chief Engineer.*—The Financial Commissioner may at any time call for any case which has come before a Commissioner otherwise than under Section 19 of the Act, or before a Deputy Commissioner, and the Chief Engineer may at any time call for any case which has come before a Superintending or Divisional Canal Officer, and pass such orders thereon consistent with the Act and the rules made thereunder as may seem proper.

101. *Power of revision by Local Government.*—Orders passed by the Financial Commissioner shall be subject to review by the Local Government in the Revenue Department, and orders passed by the Chief Engineer to review by the Local Government in the Irrigation Branch, Public Works Department.

102. *Finality of orders and decisions of Appellate Court.*—Except as provided in the three last preceding rules, or as may be otherwise expressly provided in the rules for the time being in force, the order or decision passed upon any appeal shall be final.

103. *Scope of Rules.*—Nothing contained in the foregoing rules applies to the hearing of an appeal from any decision or order in a criminal case under the Act.

104. *Procedure upon reference under Section 27.*—Upon a reference to the Commissioner under Section 27 of the Act, the procedure shall, so far as may be, be the same as is prescribed in Rule 2 upon a reference under Section 20 of the Act.

105. Except as provided in Rule 2 and in the last preceding rule, no person shall be entitled to be heard in person or by representative before the Superintending Canal Officer, Commissioner, or other higher authority to whom, under the provisions of the Act or the foregoing rules, any matter is submitted or referred for sanction, approval or decision. Nothing in this rule shall preclude the persons concerned from submitting, for the consideration of any such officer or authority, petitions relating to any matter so submitted or referred.

Punjab Government Notifications and Orders.

BOARDS AND COMMITTEES DEPARTMENT.

BOARDS.

The 1st *March* 1887.

No. 28.—*Notification.*—The following rules for the constitution of a Local Board and District Board in the District of Montgomery, framed under the provisions of Section 55, clauses (*d*) and (*q*) of Act XX of 1883, have received the sanction of the Hon'ble the Lieutenant-Governor, and will be observed in supersession of Rules 3 to 8, inclusive, published in Punjab Government Notification No. 477, dated 25th February 1876.

They will come into operation three months after the date of the publication of this Notification.

RULES.

1. The Local Board shall have jurisdiction throughout the Tahsíl of Dipálpur, and the District Board throughout the district.

2. The Local Board shall consist of not more than nine members appointed by name and three appointed by official designation. The District Board shall consist of not more than 24 members appointed by name, and not more than eight appointed by official designation.

3. No one shall be eligible for appointment to the Local or District Board if he—

(*i*) is under 21 years of age; or

(*ii*) is under contract as regards work to be paid for out of the District Funds; or

(*iii*) receives any remuneration out of the District Funds for services rendered to the District Board or to the Local Board; or

(*iv*) has been proscribed from Government employment; or

(*v*) has been convicted of any such offence or subjected by a criminal court to any such order as implies in the opinion of the Local Government a defect of character which unfits him to be such member.

Provided that the Local Government may exempt any person or class of persons from the restriction contained in clause (*iii*) of this rule.

4. The Tahsíldár of Dipálpur shall be a member of the Local Board, and by virtue of his office shall be Chairman of the Board, and the Deputy Commissioner of the District shall be a member of the District Board, and by virtue of his office shall be Chairman of the Board.

5. Subject to the provisions of Section 14, Act XX of 1883, members appointed by name shall hold office for three years, unless appointed for any shorter time.

COMMITTEES.

[First publication.]

The 26th February 1887.

No. 95.—*Notification.*—The Municipal Committee of Murree propose to frame the following rules under Sections 119, 120 and 121 of Act XIII of 1884. The draft of these rules will be taken into consideration at a special meeting of the Committee after the expiration of one month from the date of the publication of this notification, and any objections or suggestions will be considered before that period.

Section 119 (*a*).—1. Every person who lets out on hire horses or ponies for riding purposes shall take out a license.

2. The license shall be issued from the office of the Municipal Committee after the horses and ponies and gear have been examined by one member of and the Secretary to the Municipal Committee.

3. The license shall be granted subject to the following conditions:—

That the animals and gear are, in the opinion of the Secretary and one member of the Municipal Committee, in good, serviceable and working condition.

4. The license shall continue in force during the season, namely, from April 1st to November 30th in each year, but may be revoked within the period named, by order of the Municipal Committee, if the animals or their gear are found unfit for work and unserviceable, or if the licensee charge excessive rates in contravention of the Committee's rules.

5. The Sub-Committee may separate the horses and ponies for which licenses are taken out into two classes; the fees for a 1st class horse or pony's license shall be Rs. 5, and for a 2nd class horse or pony's license shall be Rs. 4.

The payment of these fees shall exempt the license-holder from any other municipal tax on such horse or pony.

Section 119 (*b*).—The rate to be paid for the use of a horse or pony in the 1st class shall not exceed eight annas for the 1st hour and three annas for every additional hour.

The rate for a 2nd class horse or pony shall not exceed six annas for the 1st hour and two annas for every additional hour.

Section 119 (*c*).—The following rules shall be observed in the registration of births and deaths within the limits of the Murree Municipality:—

1. For the purpose of the registration of births and deaths the area over which returns shall be given shall be the municipal limits exclusive of military camps within municipal limits, provided that such camps furnish information to the Cantonment authorities.

2. When a birth or death shall occur in any household within the said area, the head of the household shall, within three days, make a report of the occurrence orally at the Municipal office, or in writing addressed to the Secretary to the Municipal Committee. If for any sufficient reason the head of the household be unable to make the report, it shall be made by any adult member of his family residing in the house or on the premises; or failing any such, then by any adult male servant so residing.

3. The Civil Surgeon shall furnish the Secretary to the Municipal Committee, not later than the 15th day of each month, with a return of births and deaths occurring during the previous calendar month in hospitals.

4. In the case of births or deaths occurring in any public institution not under the charge of the Civil Surgeon, the person in charge of the same shall, within 15 days, make to the Secretary to the Municipal Committee a written report of the occurrence.

5. The reports and returns required in Rules 2 to 4 preceding shall contain the following particulars, namely:—

(*a*)—As to births—

i. Date of occurrence.
ii. Sex of child.
iii. Name of father.
iv. Residence of father.
v. Occupation, caste (if any) and religion of father.
vi. Name of person making the report or return.

Provided that, in the case of illegitimate children, at the option of the person making the report or return, the name, residence, caste (if any) and religion of the mother may be substituted for particulars iii, iv, v.

(*b*)—As to deaths—

i. Date of occurrence.
ii. Name of deceased.
iii. Father's name, or in case of married woman, husband's name.
iv. Sex.
v. Age.
vi. Occupation, caste (if any) and religion.
vii. Residence.

6. In the case of a dead body found, the Inspector of Police shall, within three days, report the fact with, if possible, a certificate from the Civil Surgeon as to cause of death.

7. Two separate registers shall be kept by the Secretary to the Municipal Committee, or other officer appointed by the Committee in that behalf, in which the particulars aforesaid as to births and deaths respectively shall be duly entered within forty-eight hours of receipt.

These registers shall be open during office hours to inspection by any inhabitant of the Municipality; and the Secretary or other officer aforesaid shall be bound to give, on application and tender of costs incurred, certified extracts therefrom to persons interested.

8. No person shall wilfully destroy or injure, or cause to be destroyed or injured, any register of births and deaths; or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry of any birth or death.

Section 119 (*e*).—Except with the written permission of the Committee no cattle, sheep or goats shall be slaughtered at the Municipal slaughter-house until they have been pronounced fit for the food of man by the Municipal servant in charge of the slaughter-house, and have been branded in token thereof.

1. *Section* 119 (*g*).—No person shall bury or cause to be buried any corpse in any burial ground within the municipal limits in a grave not constructed of masonry which shall be less than six feet deep, or in a grave constructed of masonry which shall be less than four feet deep.

2. No person shall make, or cause to be made, a grave in any such burial ground at a less distance than three feet from any existing grave.

3. No person shall make, or cause to be made, a grave in any such burial ground except within limits marked out for the purpose by a person duly authorized in this behalf by the Committee.

4. Whoever burns or causes to be burnt any corpse in any burning ground within municipal limits shall completely reduce the said corpse to ashes, or cause it to be so reduced, before removing or attempting to remove the same or any portion thereof.

5. Whoever brings or conveys, or causes to be brought or conveyed, any corpse to any such burning ground, shall burn or cause the same to be burnt within four hours after its arrival at the said burning ground.

Proviso.—Provided that nothing in any clause of this rule shall affect the operation of the rules contained in the notification of the Government of India in the Home Department, No. 103, dated 20th June 1885.

Section 119 (*h*).—The following rules are laid down for the proper regulation of the water-supply:—

1. No person shall use for the purpose of bathing, washing or human consumption, the water of any public well, tank, spring, or stream within municipal limits, after the Committee has by public notice declared the said water to be unfit for the use of man, until the said declaration shall be similarly cancelled.

2. Except in the case of fire, no person not duly authorized by the Committee in that behalf, shall, within municipal limits, open or in any way interfere with any main or pipe or well or fire-plug connected with the municipal water-supply.

3. No person with any loathsome or infectious disease on him shall bathe in any public tank or wash himself at any public well within municipal limits.

Section 120 (*a*).—1. No person shall within municipal limits cut or destroy any tree or shrub, or make any excavation, or remove any soil, or quarry, without obtaining the previous written sanction of the Committee.

Provided that nothing herein contained shall apply to any of the following operations:—

(*a*). *Bonâ-fide* pruning, trimming, or otherwise altering shrubs or fruit trees for horticultural purposes only.

(*b*). Digging and other petty excavations or removals of soil in the ordinary process of gardening in land already cultivated.

(*c*). Other petty acts, such as cutting twigs, digging ferns and the like from which no material harm of any kind to person or property is likely to result.

2. Tickets authorizing holders to cut wood and grass within municipal limits will be issued on payment of Rs. 2 for each ticket. These tickets are not transferable, and no one who does not hold one of these tickets shall cut wood or grass in municipal limits.

3. No one shall graze goats or camels within municipal limits outside private grounds or enclosures.

Other animals shall not be allowed to graze except in such portions of the municipal forest as have been set apart by the Committee for grazing purposes. No animal shall graze in municipal limits for which the owner has not taken a ticket; grazing tickets shall be issued from the Municipal office at the following rates:—

Names of animals.	*Monthly*				*Season.*		
	Rs.	A.	P.		Rs.	A.	P.
Buffaloes, each ...	0	4	0	or	1	8	0
Cow or calf ...	0	3	0	or	1	0	0
Horse or pony ...	0	4	0	or	1	8	0
Mules ...	0	3	0	or	1	0	0
Donkeys ...	0	1	6	or	0	9	0
Sheep ...	0	2	0	or	0	12	0

TRAFFIC.

Section 120 (*b*).—1. With the exception of jinrickshaws and perambulators, no wheeled vehicles shall be permitted to proceed beyond the Tonga Stand in municipal limits from the 15th May to 30th September inclusive of each year.

From the 1st October to 14th May inclusive wheeled traffic and camels singly led shall be allowed on the roads above the Tonga Stand, subject to the following regulations:—

(*a*). Carts with four bullocks and camels shall be allowed only on the roads to Pindi Point, Forest Road to Pinnacle Hill, and the Upper Mall Road.

(*b*). Carts with two bullocks shall be allowed on the Kuldanna, Mall and Viewforth roads as far as Kashmír Cottage.

2. No person shall within municipal limits drive, draw or push, or cause to be driven, drawn or pushed, in any street, any vehicle negligently, recklessly or furiously to the obstruction, inconvenience, annoyance, risk, danger or damage of residents or passengers.

3. No person shall, except between the hours of 11 A. M. and 4 P. M., lead out, or cause to be led out for exercise, any horse or pony on the Mall Road, the Forest Road or the Hall Road, from May the 1st to the 15th of October inclusive.

4. No animal or porter laden with firewood or building materials shall pass along the Kuldanna, Kashmír or Richbell roads, except between the hours of 11 A. M. and 4 P. M.

5. No person shall drive, or cause to be driven, any cattle, sheep, goats or pigs not adequately secured on any of the roads mentioned in rules 3 and 4.

6. No porter shall take up a stationary position on the Mall in quest of employment; no horse or other animal used for riding, driving, draught, or burden shall be kept standing on any of the roads mentioned in rules 3 and 4 any longer than is necessary to allow of its proceeding to its destination.

Section 121.—Any person convicted of a breach of any of the following rules and orders, *viz.* :—

Rule 1 under Section 119 (*a*),
Rules 2, 4 and 8 under 119 (*c*),
Rules under 119 (*e*),
Rules 1, 2, 3, 4 and 5 under 119 (*g*),
Rules 1, 2 and 3 under 119 (*h*),
Rules 1, 2 and 3 under 120 (*a*),
Rules 1, 2, 3 and 4 under 120 (*b*),

shall be punishable with a fine not exceeding Rs. 50 for every separate breach of any of such rules;

And in the case of a continuing breach with a further fine which may extend to Rs. 5 for every day after the first during which the breach continues.

Any person convicted of a breach of any of the rules made under Sections 119 and 120, other than those specified above, shall be punishable with fine not exceeding Rs. 20;

And in the case of a continuing breach with a further fine which may extend to Rs. 2 for every day after the first during which the breach continues

No. 9 (Stats. & Comce.), dated India Office, London, the 20th January 1887.

From—VISCOUNT CROSS, Her Majesty's Secretary of State for India,

To—The Government of India.

I FORWARD, for the information and consideration of Your Excellency, a copy of a letter from His Royal Highness the Prince of Wales enclosing a copy of a report of the Committee appointed by His Royal Highness, under the presidency of Lord Herschell, to frame a scheme for the commemoration of the Jubilee year of Her Majesty's reign.

2. You will see that the Committee have adopted the suggestion that the Jubilee shall be commemorated by an institution permanently illustrating the resources and progress of the United Kingdom, the Colonies, and India; and they advise that a body thoroughly representative of the great commercial and industrial interests of the Empire shall be created by Royal Charter for the government of the institution, and that the Institute building shall be of a character worthily to commemorate the occasion and to afford suitable accommodation for libraries, museums, economical collections, scientific or trade conferences, and for other cognate purposes.

3. Your Excellency will observe that the scheme has the hearty support of His Royal Highness the Prince of Wales, and has been accepted by the most influential bodies in this country, the great corporations, the principal Chambers of Commerce, and the agents for the different Colonies. Moreover, it is understood that the scheme is very acceptable to Her Majesty the Queen personally.

4. It may, therefore, be concluded that the project recommended by Lord Herschell's Committee has been finally decided on.

5. His Royal Highness expresses his hope that the scheme will receive the active and cordial support of Your Excellency's Government, and that, as he greatly desires to enlist the sympathy and support of the princes and people of India for it, you will set on foot suitable measures for promoting that result.

6. I have much pleasure in expressing my entire concurrence in these views; and I doubt not that your Government will do all in its power to ensure the success of the scheme, and to enlist the sympathy and co-operation of all classes of the community.

7. With this object, it seems desirable that Your Excellency should form a central Committee, and should instruct the Local Governments and Political Agents to form local Committees and to take such steps as may be in their power to diffuse information on the subject.

8. In order to put Your Excellency in possession of the substance of this despatch, I have caused the telegram marginally transcribed to be sent to you.

"Commemoration of Jubilee, Imperial Institute. I send despatch enclosing letter from Prince of Wales, with report of Committee, adopting suggestion of permanent representation of resources of Empire, managed by body created by Charter, with building for libraries, museums, trade conferences, &c. Scheme accepted by Chambers of Commerce and Colonial Agents, and acceptable to the Queen personally. May be held to be finally decided on. His Royal Highness hopes it will receive cordial support of Your Excellency's Government and Princes of India. I concur, and suggest formation of central and local Committees to make objects known to all classes of community."

Dated Sandringham, Norfolk, the 1st January 1887.

From—His Royal Highness the Prince of Wales,

To—Her Majesty's Secretary of State for India.

IN asking the attention of Your Lordship to the accompanying report of the Committee entrusted by me with the task of preparing a scheme for the Imperial Institute proposed to be founded in commemoration of the fiftieth year of Her Majesty's reign, I cherish the hope that the suggestions which it embodies, and which have my entire approval, may, especially so far as they directly relate to the Indian Empire, receive the cordial and active support of Your Lordship in Council.

I look forward with much interest and anxiety to the receipt of intelligence that the Government of India and the Local Governments are taking steps to promote the establishment and development of an institution which promises to strengthen the ties between India, the United Kingdom and the Colonies; and as I greatly desire to enlist the sympathies and support of the princes and the people of India in favour of this national tribute to Her Majesty, it would afford me great satisfaction to learn that suitable measures for promoting that result have suggested themselves to, and have been set on foot by, the Secretary of State for India in Council.

REPORT OF THE COMMITTEE.

The Committee appointed by Your Royal Highness to frame a scheme for an Imperial Institute intended to commemorate the fiftieth year of Her Majesty's reign beg leave to submit to Your Royal Highness the following report.

2. They do not fail to remember that the scheme which Your Royal Highness indicated in your letter of the 13th of September last to the Lord Mayor of London had its origin in the remarkable interest excited by the recent Exhibition, by which not only the material products, resources, and manufactures, but the loyal feeling of the great Colonies and Possessions of Her Majesty's Empire were illustrated in a most signal manner.

3. The object therefore which naturally suggested itself first to the Committee was the development, with some necessary modifications, of Your Royal Highness's idea of creating a permanent representation of the resources and progress of the Colonies and India.

4. On pursuing, however, the consideration of the subject, the Committee became persuaded that a Memorial really worthy of the Jubilee Year of Her Majesty's Reign could not be confined in its objects to any one part or parts of Her Majesty's Empire, and that it must in some form and degree also comprehend a representation of the United Kingdom.

5. Their desire, therefore, in the following outline of the scheme which they recommend, is to combine in a harmonious form, and with a view to some practical and useful purpose, a representation of the Colonies and India on the one hand, and of the United Kingdom on the other.

6. They submit that this object will be best indicated by giving to the Memorial the title of THE IMPERIAL INSTITUTE OF THE UNITED KINGDOM, THE COLONIES AND INDIA.

7. They think that the Institute should find its home in buildings of such a character as worthily to commemorate the Jubilee Year of the Queen's Reign, and to afford accommodation suitable for an institution combining the important objects which they now proceed to describe.

8. It is obvious that several departments of the Institute, such as the Hall, Conference Rooms, &c., which will be found described under the Colonial and Indian Section and the United Kingdom Section respectively will be common both to the Colonies and India and to the United Kingdom; but as others have special relation to a particular portion of Her Majesty's Dominions, it will be found convenient to make the following division:

A.—COLONIAL AND INDIAN SECTION.

9. The object of the Colonial and Indian Section will be to illustrate the great commercial and industrial resources of the Colonies and India, and to spread a knowledge of their progress and social condition.

10. To this end provision should be made for—

(1) The display in an adequate manner of the best natural and manufactured products of the Colonies and India, and in connection with this the circulation of typical collections throughout the United Kingdom.

(2) A Hall for the discussion of Colonial and Indian subjects, and for receptions connected with the Colonies and India.

(3) The formation of Colonial and Indian libraries, and establishing in connection therewith reading, news, and intelligence rooms.

(4) The incorporation in some form into the proposed Institute of the Royal Colonial Institute and Royal Asiatic Society, if, as is hoped, it be possible to bring about such a union.

(5) The collection and diffusion of the fullest information in regard to the industrial and material condition of the Colonies, so as to enable intending emigrants to acquire all requisite knowledge. Such information might be advantageously supplemented by simple and practical instruction. An emigration office of this character should be in correspondence with the provincial towns, either through the free libraries or by other means, so that information may be readily accessible to the people. These objects would be greatly facilitated if, as may be hoped, the Government should consent to the transfer to the buildings of the Institute of the recently formed Emigration Department, which would, by a close connection with the Institute, largely increase its usefulness.

11. Facilities might be afforded for the exhibition of works of Colonial and Indian Art.

12. It is also considered desirable that means should be provided, not for a general exhibition, but for occasional special exhibitions of Colonial and Indian produce and manufactures. At one time a particular Colony or portion of the Empire may desire to show its progress; at another time a general comparison of particular industries may be useful. Whilst the permanent galleries would exhibit the usual commercial or industrial products of the several Colonies and India, the occasional exhibitions would stimulate and enlist the sympathies of Colonial and Indian producers, and keep up an active co-operation with the industrial classes of this country.

B.—UNITED KINGDOM SECTION.

13. The leading objects of this Section will be to exhibit the development during Her Majesty's reign and the present condition of the natural and manufactured products of the United Kingdom, and to afford such stimulus and knowledge as will lead to still further development, and thus increase the industrial prosperity of the country.

14. We submit that these objects may be carried out by making provision for the following purposes:—

(1) Comprehensive collections of the natural products of the United Kingdom and of such products of other nations as are employed in its industries, with full scientific, practical, and commercial information relating thereto.

(2) Illustrations of manufactured products, typical of their development and present condition, of trades and handicrafts and their progress during the Queen's reign, including illustrations of foreign work, when necessary, for comparison; together with models illustrating naval architecture, engineering, mining, and architectural works.

(3) A library for industrial, commercial, and economic study, which should contain standard works and reports on all subjects of trade and commerce. It will be desirable also to include a library of inventions of the Empire, and as far as possible of the United States and other countries.

(4) Reading and conference rooms supplied with English, Colonial and Foreign commercial and technical periodicals, and a fully-equipped map room for geographical and geological reference. The conference rooms would be of value for meetings of Chambers of Commerce and other bodies of a kindred nature.

(5) The promotion in affiliation with the Imperial Institute of commercial museums in the city of London and in the commercial centres of the provinces. To these the Institute would contribute specimens, samples, and exhibits of the commercial products likely to be specially valuable in particular localities. There should also be an organisation to connect the Imperial Institute with the provincial centres by lectures, conferences, the circulation of specimens, and other means.

It is hoped that the Institute may lead to the organisation of High Schools of Commerce, such as are now established in the chief commercial towns of most Continental countries, but which have as yet unfortunately no existence in the United Kingdom.

(6) The building will also advantageously afford accommodation for (a) comparing and examining samples by the resources of modern science, and (b) the examination of artisans under the various schemes already existing for the promotion of technical education.

15. Space should also be provided for occasional exhibitions of separate industries, or of the special industries, carried on in great provincial centres; for example, there might at one time be an exhibition of iron manufactures, at another of pottery, at another of textile fabrics, &c., which would tend to stimulate improvement in the different departments of industrial life. This object might be assisted by separate exhibitions of the handiwork of artisans.

16. The Committee having detailed the general nature of their suggestions under these heads, desire to add that they do not anticipate the exhibits in the collections remaining unchanged. They contemplate that as improvements are made from time to time the later and better results would displace those out of date.

17. They have had to consider how the space should be distributed between the United Kingdom on the one hand and the Colonies and India on the other, and they recommend that whatever portion of the buildings is not required for purposes manifestly common to both should be allotted to the two sections fairly in equal parts.

C.—GOVERNMENT OF INSTITUTE.

18. The Committee recommend that a new body entirely independent of any existing organisation should be created for the government of the Institute. This body should be thoroughly representative of the great commercial and industrial interests of the Empire. The Colonies and India should have a fair share in the government of the Institute, and each Colony should have special charge of its own particular department, subject, of course, to the general management of the entire institution.

19. The method of carrying this out would be prescribed by the Charter after full consideration by Her Majesty in Council.

D.—SITE.

20. The Committee being fully conscious of the advantage of a central position for the Institute, have considered the various possible sites, and have, as far as has been within their power, obtained estimates of their cost.

21. To carry out the several objects which the Committee have indicated, a large space is necessary. The Committee have been unable to find any such suitable site in the central parts of London, except at a cost which, looking at the probable amount of subscriptions, would, after the purchase of the ground, leave a sum wholly inadequate for the erection and maintenance of the buildings, and for carrying out the objects of the Institute.

22. The site of about five acres recently secured for the New Admiralty and War Offices is valued at £820,000, or rather over £160,000 per acre; that now vacant in Charles Street, opposite the India Office, is less than an acre and would cost at least £125,000; probably another acre might be secured by private contract, so that the value of a limited site in this position would not be less than £250,000. It has been suggested that a single acre not far from Charing Cross might be obtained for £224,000. Two-and-a-half acres on the Thames Embankment have been offered for £400,000; and it is stated that six acres might be procured from Christ's Hospital at £600,000. Another good central position has been suggested, consisting of two-and-a-half acres, which has been valued at £668,000.

23. It is of course probable that these sites might be obtained at somewhat less than the prices asked, but allowing for this, it is obvious that the purchase of any adequate area would involve the expenditure of a quarter to half a million.

24. The Committee have therefore been forced to abandon the hope of obtaining a central site within the limits allowed by any probable subscription.

25. The attention of the Committee was then drawn to the property at South Kensington belonging to the Commissioners for the Exhibition of 1851. This property was bought out of the profits of that Exhibition, with the express object of offering sites for any large public buildings which might be required for the promotion of Science and Art.

26. Under these circumstances the Committee submit to Your Royal Highness that the Imperial Institute may well establish a claim for the grant of a site of sufficient magnitude on property bought and reserved for public institutions of this character.

27. Though sensible of the objections that may be urged against the situation at South Kensington, the Committee think that the advantage must be obvious of obtaining a sufficient site virtually free of cost, so that the whole of the subscriptions may be devoted to providing a building for and establishing and maintaining the Institute.

28. The Committee, whilst guided in the recommendation of a site by the considerations they have indicated, think it right to add that there are some incidental advantages connected with that at South Kensington.

29. In that locality are combined the City and Guilds Technical College, the Royal College of Music, and the Government Museums and Schools of Science and Art, which ought to be in immediate proximity to an Imperial Institute of the character which we have described.

30. The technical character of the collections and exhibitions of the Imperial Institute has a natural connection with the collections of Science and Art in the Government Museums.

GENERAL OBSERVATIONS.

31. An Imperial Institute for the United Kingdom, the Colonies and India would fail in its chief object if it did not constantly keep in view that it ought to be a centre for diffusing and extending knowledge in relation to the industrial resources and commerce of the Empire.

32. The necessity for technical education is now fully appreciated, because the competition of industry has become in a great measure a competition of trained intelligence. The Committee, however, do not recommend that the Imperial Institute should aspire to be a College for Technical Education. Many of the large towns in Great Britain have recently established Colleges or Schools of Science and Art. The Imperial Institute might serve to promote technical education in these, and to unite them with Colleges of larger resources which have been founded or formed branches for the purpose in the metropolis. It is too much to hope that an active co-operation of this character between the provincial centres and London could be at once undertaken by the Imperial Institute. But the Committee bear in mind that, in their last Report, the Commissioners of 1851 have indicated an intention to assist in carrying out such a scheme. If the Commissioners would contribute three or four thousand pounds annually, it would be possible to establish scholarships which might enable promising candidates of the working classes to attend the local institutions, and even, when it was desired, to complete their technical education in colleges of the metropolis. In addition to this aid, the Imperial Institute might be able in other ways to promote the foundation of scholarships both in connection with the Colonies and provincial centres, in the hope of still further extending these benefits to the working classes.

33. In conclusion, the Committee submit that an Imperial Institute such as they have sketched in broad outline would form a fitting memorial of the coming year, when Her Majesty the Sovereign of this Empire will celebrate the Jubilee of Her happy reign. It would be an emblem of the Unity of the Empire, embracing as it does all parts of the Queen's Dominions, and tending to promote that closer union between them which has become more and more desired. It would exhibit the vast area, the varied resources, and the marvellous growth, during Her Majesty's reign of the British Empire. It would unite in a single representative act the whole of her people; and since both the purpose and the effect of the Institute will be to advance the industrial and commercial resources of every part of the Empire, the Committee entertain a confident hope that Her Majesty's subjects, without distinction of class or race, will rejoice to take part in offering this tribute of love and loyalty.

COMMITTEES.

[Second publication.]

The 26*th February* 1887.

No. 95.—*Notification.*—The Municipal Committee of Murree propose to frame the following rules under Sections 119, 120 and 121 of Act XIII of 1884. The draft of these rules will be taken into consideration at a special meeting of the Committee after the expiration of one month from the date of the publication of this notification, and any objections or suggestions will be considered before that period :—

Section 119 (*a*).—1. Every person who lets out on hire horses or ponies for riding purposes shall take out a license.

2. The license shall be issued from the office of the Municipal Committee after the horses and ponies and gear have been examined by one member of and the Secretary to the Municipal Committee.

3. The license shall be granted subject to the following condition :—

That the animals and gear are, in the opinion of the Secretary and one member of the Municipal Committee, in good, serviceable and working condition.

4. The license shall continue in force during the season, namely, from April 1st to November 30th in each year, but may be revoked within the period named, by order of the Municipal Committee, if the animals or their gear are found unfit for work and unserviceable, or if the licensee charge excessive rates in contravention of the Committee's rules.

5. The Sub-Committee may separate the horses and ponies for which licenses are taken out into two classes. The fees for a 1st class horse or pony's license shall be Rs. 5, and for a 2nd class horse or pony's license shall be **Rs. 4.**

The payment of these fees shall exempt the license-holder from any other municipal tax on such horse or pony.

Section 119 (*b*).—The rate to be paid for the use of a horse or pony in the 1st class shall not exceed eight annas for the first hour and three annas for every additional hour.

The rate for a 2nd class horse or pony shall not exceed six annas for the first hour and two annas for every additional hour.

Section 119 (*c*).—The following rules shall be observed in the registration of births and deaths within the limits of the Murree Municipality :—

1. For the purpose of the registration of births and deaths the area over which returns shall be given shall be the municipal limits exclusive of military camps within municipal limits, provided that such camps furnish information to the Cantonment authorities.

2. When a birth or death shall occur in any household within the said area, the head of the household shall, within three days, make a report of the occurrence orally at the Municipal office, or in writing addressed to the Secretary to the Municipal Committee. If for any sufficient reason the head of the household be unable to make the report, it shall be made by any adult member of his family residing in the house or on the premises ; or failing any such, then by any adult male servant so residing.

3. The Civil Surgeon shall furnish the Secretary to the Municipal Committee, not later than the 15th day of each month, with a return of births and deaths occurring during the previous calendar month in hospitals.

4. In the case of births or deaths occurring in any public institution not under the charge of the Civil Surgeon, the person in charge of the same shall, within 15 days, make to the Secretary to the Municipal Committee a written report of the occurrence.

5. The reports and returns required in Rules 2 to 4 preceding shall contain the following particulars, namely :—

(*a*) As to births—

i. Date of occurrence ;
ii. Sex of child ;
iii. Name of father ;
iv. Residence of father ;
v. Occupation, caste (if any) and religion of father ;
vi. Name of person making the report or return :

Provided that, in the case of illegitimate children, at the option of the person making the report or return, the name, residence, caste (if any) and religion of the mother may be substituted for particulars iii, iv, v.

(*b*) As to deaths—

i. Date of occurrence;
ii. Name of deceased;
iii. Father's name, or in case of married woman husband's name;
iv. Sex;
v. Age;
vi. Occupation, caste (if any) and religion;
vii. Residence.

6. In the case of a dead body found, the Inspector of Police shall, within three days, report the fact with, if possible, a certificate from the Civil Surgeon as to cause of death.

7. Two separate registers shall be kept by the Secretary to the Municipal Committee, or other officer appointed by the Committee in that behalf, in which the particulars aforesaid as to births and deaths respectively shall be duly entered within 48 hours of receipt.

These registers shall be open during office hours to inspection by any inhabitant of the Municipality; and the Secretary or other officer aforesaid shall be bound to give, on application and tender of costs incurred, certified extracts therefrom to persons interested.

8. No person shall wilfully destroy or injure, or cause to be destroyed or injured, any register of births and deaths; or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry of any birth or death.

Section 119 (*e*).—Except with the written permission of the Committee, no cattle, sheep or goats shall be slaughtered at the municipal slaughter-house until they have been pronounced fit for the food of man by the municipal servant in charge of the slaughter-house, and have been branded in token thereof.

1. *Section* 119 (*g*).—No person shall bury or cause to be buried any corpse in any burial ground within the municipal limits in a grave not constructed of masonry which shall be less than six feet deep, or in a grave constructed of masonry which shall be less than four feet deep.

2. No person shall make, or cause to be made, a grave in any such burial ground at a less distance than three feet from any existing grave.

3. No person shall make, or cause to be made, a grave in any such burial ground except within limits marked out for the purpose by a person duly authorized in this behalf by the Committee.

4. Whoever burns or causes to be burnt any corpse in any burning ground within municipal limits shall completely reduce the said corpse to ashes, or cause it to be so reduced, before removing or attempting to remove the same or any portion thereof.

5. Whoever brings or conveys, or causes to be brought or conveyed, any corpse to any such burning ground, shall burn or cause the same to be burnt within four hours after its arrival at the said burning ground.

Proviso.—Provided that nothing in any clause of this rule shall affect the operation of the rules contained in the notification of the Government of India in the Home Department, No. 103, dated 20th June 1885.

Section 119 (*h*).—The following rules are laid down for the proper regulation of the water-supply :—

1. No person shall use for the purpose of bathing, washing or human consumption the water of any public well, tank, spring or stream within municipal limits, after the Committee has by public notice declared the said water to be unfit for the use of man, until the said declaration shall be similarly cancelled.

2. Except in the case of fire, no person not duly authorized by the Committee in that behalf shall, within municipal limits, open or in any way interfere with any main or pipe or well or fire-plug connected with the municipal water-supply.

3. No person with any loathsome or infectious disease on him shall bathe in any public tank or wash himself at any public well within municipal limits.

Section 120 (*a*).—1. No person shall within municipal limits cut or destroy any tree or shrub, or make any excavation, or remove any soil or quarry without obtaining the previous written sanction of the Committee :

Provided that nothing herein contained shall apply to any of the following operations :—

(*a*) *Bonâ-fide* pruning, trimming, or otherwise altering shrubs or fruit trees for horticultural purposes only.

(*b*) Digging and other petty excavations or removals of soil in the ordinary process of gardening in land already cultivated.

(*c*) Other petty acts, such as cutting twigs, digging ferns and the like from which no material harm of any kind to person or property is likely to result.

2. Tickets authorizing holders to cut wood and grass within municipal limits will be issued on payment of Rs. 2 for each ticket. These tickets are not transferable, and no one who does not hold one of these tickets shall cut wood or grass in municipal limits.

3. No one shall graze goats or camels within municipal limits outside private grounds or enclosures. Other animals shall not be allowed to graze except in such portions of the municipal forest as have been set apart by the Committee for grazing purposes. No animal shall graze in municipal limits for which the owner has not taken a ticket. Grazing tickets shall be issued from the Municipal Office at the following rates :—

No. 279.—*Notification.*—The following revised Rules, framed under the provisions of Section 14 (1), clause (*a*), of the Punjab Courts Act, 1884, to regulate the preparation of a transcript record in appeals admitted to a Division Bench of the Chief Court of the Punjab, where the amount or value of the subject-matter of the suit is Rs. 5,000 or upwards, have been sanctioned by the Hon'ble the Lieutenant-Governor, and are published for general information in supersession of the Rules published in Notification No. 818, dated the 28th October 1885, and instead of the Rules published in Notification No. 1186, dated the 3rd December 1886 :—

RULES.

1. Whenever, after the date when these rules come into force, an appeal from a decree is admitted to hearing before a Bench, with notice to respondent, and the amount or value of the subject-matter of the suit is Rs. 5,000 or upwards, the Deputy Registrar shall apply to the Court for an order whether the usual paper-book shall be prepared, or a printed English record, under these rules.

2. If the Court orders the preparation of a printed English record, the Registrar shall, as soon as may be, give the appellant notice in writing and require him to deposit within fourteen days such sum on account of the

expenses of preparing the record in the manner hereinafter prescribed as may, under the circumstances of the case, appear reasonable and probable with regard to the rates prescribed in the schedule hereunto annexed :

Provided that upon the application of the appellant, if made within three days from the receipt of such notice and accompanied by a fee of Rs. 16, an estimate of the amount required to defray the expense of translating, transcribing, indexing and printing the copy of the record of the suit shall be prepared under the orders of the Registrar within fourteen days of such application and delivered to the appellant. The amount so estimated shall be deposited within fourteen days of the delivery of the estimate.

3. Upon the required deposit being made, a detailed list of documents in the form prescribed in Rule 4 shall be prepared under the orders of the Registrar within fourteen days from the date of the deposit. In cases of doubt the Registrar shall determine what particular portion of the record constitutes a separate document.

4. The list shall enumerate consecutively all the documents in the record, except those in File B, and shall consist of two parts, with a column for showing, as to each document, whether it is to be transcribed or omitted. Part I. shall comprise every document of any of the descriptions mentioned in the Schedule B hereunto annexed, and every such document shall be entered as to be transcribed. Part II. shall comprise all the remaining documents in File A, and every such document shall be entered as to be omitted.

5. A copy of the list shall be forwarded to the appellant and to the respondent, with a notice in writing calling attention to these Rules, and intimating that the arguments at the hearing of the appeal will be restricted to the documents comprised in the printed record.

6. It shall be competent to either party, within fourteen days of receipt of the copy above mentioned, to indicate, either on the copy supplied, or otherwise in writing (such copy or writing to be delivered to the Registrar)—

(a) any document in Part I. of the list which he desires to be omitted ; and

(b) any document in Part II. of the list, or in File B, which he desires to be transcribed.

7. If the parties concur as to the additional documents to be transcribed, their agreement shall be accepted ; but no document in Part II. of the list, or in File B, shall without such concurrence be added, and no document in Part I. of the list shall be omitted, except by an order of the Court.

8. When any document, other than those described in Schedule B, is added at the request of one party only to the documents to be transcribed, it shall be competent to the Court to direct that such party shall deposit within a specified time the amount required to defray the additional expenses to be incurred in consequence of such addition, and such expenses may by the final order on the appeal be excluded from costs of the appeal.

9. If the deposit required under Rule 2, or Rule 8, prove insufficient to cover the expenses at the rates prescribed in Schedule A, the Registrar may, by a notice in writing, require that such further deposit, as seems to him necessary, shall be made within the time specified in such notice.

10. All documents to be transcribed which are not originally in the English language and which have not already been translated for the use of the Lower Court or of the Chief Court shall be translated under the orders of the Registrar, and all such translations shall be revised and authenticated by the Head Translator, or such other person as the Registrar may appoint. When this has been completed, a transcript record will be prepared under the orders of the Registrar at the rates for the time being in force not exceeding those specified in Schedule A hereunto annexed.

11. As soon as the transcript record is complete, it shall be reduced, subject to Rule 12, to chronological order (so far as is possible), and a complete chronological index of all the papers in File A of the record, and of the documents, if any, transcribed from File B, shall be prepared with a column showing which papers of File A have been omitted from the transcript record.

12. Either party may apply that the papers composing the transcript record shall be arranged in some other than chronological order. If both parties agree to the order proposed, the papers shall be so arranged, and if they do not agree the question shall be referred to the Court.

13. If the appellant fails to make, within the time allowed the original or supplementary deposit required by Rule 2 or Rule 9, the matter shall be referred for the orders of the Court, with notice to the appellant, and the Court may postpone the hearing of the appeal *sine die*, or pass such other order as the Court deems proper. If either party fail to make, within the time allowed the original or supplementary deposit ordered or required under Rule 8 or Rule 9, the matter shall be similarly referred with notice to the party concerned, and the Court may order that the document or documents in respect of which the default has been made shall be omitted from the transcript record, or may pass such other order as the Court deems proper.

14. The period fixed by these Rules for the doing by a party of any act towards the preparation of the transcript record may, on cause being shown, be enlarged by an order of Court, either before or after the period so fixed has expired. The period for the preparation of the transcript record in its various stages shall be fixed and may be enlarged from time to time by order of the Registrar.

15. Ten copies of the paper-book shall be printed in the cases provided for above, but in special cases the number of copies may be increased by order of the Court.

16. The appellant and respondent may each obtain a single copy of the printed paper-book free of charge, and additional copies, if available, may be purchased at 3 annas per page of printed matter.

17. On the cover of every paper-book in respect of which a fee has been levied shall be noted the amount levied and the party from whom levied, and such amount shall be included in the costs of the case, subject to the provisions of Rule 8, unless the Divisional Bench hearing the case shall otherwise direct.

18. When the printed record is complete, either party may obtain by order of the Registrar a statement of the expenses incurred on his account and a refund of the balance, if any, of the amount which he has deposited under these rules.

19. In case of doubt or dispute, the manner of applying these rules in any particular to several appellants or several respondents shall be determined by order of the Court.

20 The Registrar may in his discretion, and, if so required by either party by petition duly stamped, shall, refer to the Court any matter not herein expressly required to be referred, and may also under orders of the Court depute any of the duties which devolve on him under these rules to the Deputy Registrar or other officer of the Court.

21. For all purposes of these rules, when an order of the Court is required, the order of one Judge shall be sufficient, and such order subject to reconsideration shall be conclusive.

22. All costs incurred by either party under these rules will be liable to be dealt with as costs of the appeal in the final order of the Court upon the appeal.

23. The foregoing rules shall apply, so far as may be, to every appeal of the value specified in Rule 1 which is pending in the Chief Court when these rules come into force, whether it be a first appeal or not, subject to the following provisions, *viz.* :—

(*a*) that the date fixed for the hearing of the appeal when these rules come into force is not less than 4 months distant ;

(*b*) that no document already translated or printed at the date last mentioned shall be again translated or printed ;

(*c*) that in cases of second or further appeal the list made under Rule 3 of the documents in the record of the lower appellate court shall include in Part I the following documents in addition to any documents of the kinds described in Schedule B., *viz.* :—

[Third publication.]

The 26th February 1887.

No. 95.—*Notification.*—The Municipal Committee of Murree propose to frame the following rules under Sections 119, 120 and 121 of Act XIII of 1884. The draft of these rules will be taken into consideration at a special meeting of the Committee after the expiration of one month from the date of the publication of this notification, and any objections or suggestions will be considered before that period.

Section 119 (*a*).—1. Every person who lets out on hire horses or ponies for riding purposes shall take out a license.

2. The license shall be issued from the office of the Municipal Committee after the horses and ponies and gear have been examined by one member of and the Secretary to the Municipal Committee.

3. The license shall be granted subject to the following condition:—

That the animals and gear are, in the opinion of the Secretary and one member of the Municipal Committee, in good, serviceable and working condition.

4. The license shall continue in force during the season, namely, from April 1st to November 30th in each year, but may be revoked within the period named, by order of the Municipal Committee, if the animals or their gear are found unfit for work and unserviceable, or if the licensee charge excessive rates in contravention of the Committee's rules.

5. The Sub-Committee may separate the horses and ponies for which licenses are taken out into two classes. The fees for a 1st class horse or pony's license shall be Rs. 5, and for a 2nd class horse or pony's license shall be Rs. 4.

The payment of these fees shall exempt the license-holder from any other municipal tax on such horse or pony.

Section 119 (*b*).—The rate to be paid for the use of a horse or pony in the 1st class shall not exceed eight annas for the first hour and three annas for every additional hour.

The rate for a 2nd class horse or pony shall not exceed six annas for the first hour and two annas for every additional hour.

Section 119 (*c*).—The following rules shall be observed in the registration of births and deaths within the limits of the Murree Municipality:—

1. For the purpose of the registration of births and deaths the area over which returns shall be given shall be the municipal limits exclusive of military camps within municipal limits, provided that such camps furnish information to the Cantonment authorities.

2. When a birth or death shall occur in any household within the said area, the head of the household shall, within three days, make a report of the occurrence orally at the Municipal office, or in writing addressed to the Secretary to the Municipal Committee. If for any sufficient reason the head of the household be unable to make the report, it shall be made by any adult member of his family residing in the house or on the premises; or failing any such, then by any adult male servant so residing.

3. The Civil Surgeon shall furnish the Secretary to the Municipal Committee, not later than the 15th day of each month, with a return of births and deaths occurring during the previous calendar month in hospitals.

4. In the case of births or deaths occurring in any public institution not under the charge of the Civil Surgeon, the person in charge of the same shall, within 15 days, make to the Secretary to the Municipal Committee a written report of the occurrence.

5. The reports and returns required in Rules 2 to 4 preceding shall contain the following particulars, namely:—

(*a*) As to births—

i. Date of occurrence;
ii. Sex of child;
iii. Name of father;
iv. Residence of father;
v. Occupation, caste (if any) and religion of father;
vi. Name of person making the report or return:

Provided that, in the case of illegitimate children, at the option of the person making the report or return, the name, residence, caste (if any) and religion of the mother may be substituted for particulars iii, iv, v.

(*b*) As to deaths—

i. Date of occurrence;
ii. Name of deceased;
iii. Father's name, or in case of married woman husband's name;
iv. Sex;
v. Age;
vi. Occupation, caste (if any) and religion;
vii. Residence.

6. In the case of a dead body found, the Inspector of Police shall, within three days, report the fact with, if possible, a certificate from the Civil Surgeon as to cause of death.

7. Two separate registers shall be kept by the Secretary to the Municipal Committee, or other officer appointed by the Committee in that behalf, in which the particulars aforesaid as to births and deaths respectively shall be duly entered within 48 hours of receipt.

These registers shall be open during office hours to inspection by any inhabitant of the Municipality; and the Secretary or other officer aforesaid shall be bound to give, on application and tender of costs incurred, certified extracts therefrom to persons interested.

8. No person shall wilfully destroy or injure, or cause to be destroyed or injured, any register of births and deaths; or shall wilfully insert or cause to be inserted in any such register or certified copy thereof any false entry of any birth or death.

Section 119 (*e*).—Except with the written permission of the Committee, no cattle, sheep or goats shall be slaughtered at the municipal slaughter-house until they have been pronounced fit for the food of man by the municipal servant in charge of the slaughter-house, and have been branded in token thereof.

1. *Section* 119 (*g*).—No person shall bury or cause to be buried any corpse in any burial ground within the municipal limits in a grave not constructed of masonry which shall be less than six feet deep, or in a grave constructed of masonry which shall be less than four feet deep.

2. No person shall make, or cause to be made, a grave in any such burial ground at a less distance than three feet from any existing grave.

3. No person shall make, or cause to be made, a grave in any such burial ground except within limits marked out for the purpose by a person duly authorized in this behalf by the Committee.

4. Whoever burns or causes to be burnt any corpse in any burning ground within municipal limits shall completely reduce the said corpse to ashes, or cause it to be so reduced, before removing or attempting to remove the same or any portion thereof.

5. Whoever brings or conveys, or causes to be brought or conveyed, any corpse to any such burning ground, shall burn or cause the same to be burnt within four hours after its arrival at the said burning ground.

Proviso.—Provided that nothing in any clause of this rule shall affect the operation of the rules contained in the notification of the Government of India in the Home Department, No. 103, dated 20th June 1885.

Section 119 (*h*).—The following rules are laid down for the proper regulation of the water-supply :—

1. No person shall use for the purpose of bathing, washing or human consumption the water of any public well, tank, spring or stream within municipal limits, after the Committee has by public notice declared the said water to be unfit for the use of man, until the said declaration shall be similarly cancelled.

2. Except in the case of fire, no person not duly authorized by the Committee in that behalf shall, within municipal limits, open or in any way interfere with any main or pipe or well or fire-plug connected with the municipal water-supply.

3. No person with any loathsome or infectious disease on him shall bathe in any public tank or wash himself at any public well within municipal limits.

Section 120 (*a*).—1. No person shall within municipal limits cut or destroy any tree or shrub, or make any excavation, or remove any soil or quarry without obtaining the previous written sanction of the Committee :

Provided that nothing herein contained shall apply to any of the following operations :—

(*a*) *Bonâ-fide* pruning, trimming, or otherwise altering shrubs or fruit trees for horticultural purposes only.

(*b*) Digging and other petty excavations or removals of soil in the ordinary process of gardening in land already cultivated.

(*c*) Other petty acts, such as cutting twigs, digging ferns and the like from which no material harm of any kind to person or property is likely to result.

2. Tickets authorizing holders to cut wood and grass within municipal limits will be issued on payment of Rs. 2 for each ticket. These tickets are not transferable, and no one who does not hold one of these tickets shall cut wood or grass in municipal limits.

3. No one shall graze goats or camels within municipal limits outside private grounds or enclosures. Other animals shall not be allowed to graze except in such portions of the municipal forest as have been set apart by the Committee for grazing purposes. No animal shall graze in municipal limits for which the owner has not taken a ticket. Grazing tickets shall be issued from the Municipal Office at the following rates :—

The 23rd March 1887.

No. 144.—*Notification.*—The Hon'ble the Lieutenant-Governor has heard with deep sorrow of the death of His Highness Rája-i-Rájagán, Rája Raghbír Singh, Bahádur, Knight Grand Commander of the Most Exalted Order of the Star of India, Companion of the Indian Empire, Farzand-i-Dilband, Rásikh-ul-I'tikád-daulat-i-Inglishía, Councillor of the Empress of India, Chief of Jínd. This sad event occurred on Monday, the 7th of March 1887.

The late Rája succeeded to the Chiefship in March 1864, and had scarcely taken his seat on the *Gaddi* when a rebellion broke out in the newly acquired territory of Dádri to test his energy and determination. Declining all assistance from the British Government or from the States of Patiála and Nábha, which was willingly offered, he speedily reduced the insurgents to subjection, and was as merciful after his success as he had been energetic in action.

During the Afghán Campaign of 1878—80 the late Rája placed his forces at the disposal of the British Government, and furnished a contingent which was employed in keeping the communications.

The late Rája administered his State firmly and efficiently, and showed himself a faithful and loyal adherent of the British Government, and a wise Councillor in matters relating to the minorities in Patiála and Nábha on which his advice was frequently sought by the Lieutenant-Governor.

Sir Charles Aitchison has lost in the Rája an old and valued friend, and offers his sincere condolence to the family of His Highness in their bereavement, and to the Jínd State which has been deprived of its distinguished ruler.

REMARKS.—In the Government resolutions noted in the margin the general financial condition of the Punjab University from an accounts point of view was examined; the general principles were considered on which the University was founded, as regulating the application of the general funds, that is to say, funds which had been subscribed without any express direction by the donors as to the precise objects to which the money was to be devoted; and the relations of the University to the Oriental College and School were reviewed.

No. 26½, dated 21st February 1885.
No. 38, dated 19th March 1885.

2. In the last quoted resolution (No. 52, dated 15th April 1886) it was stated that in another resolution, which would conclude the review of University affairs, the Lieutenant-Governor proposed to deal with the question of the management of the special trusts and endowments of the University; but that this could not be done till the University had replied to the letters noted in the margin, calling for detailed information on the subject.

3. A report has now been received with the Registrar's letter No. 379, dated 23rd February 1887, which, although not presented in the form called for by Government, substantially furnishes much of the information required, in order to deal with the pending question of the specific trusts and endowments. The Lieutenant-Governor greatly regrets the delay which has occurred, particularly because he has been thereby prevented from dealing with the question before the departure from the Province of the late Registrar. It has been explained, however, that the preparation of the report necessitated the examination of every entry in the accounts, in connection with each fund, from the commencement, and this was a work of great labour, requiring both patience and time. In view of the full information now afforded, for which the Registrar, Mr. Larpent, deserves the thanks of all interested in the welfare of the University, the delay which has occurred, though a matter of regret from one point of view, is of comparatively little consequence. The report and relevant papers are published with this resolution for general information, and the briefest review is all that is here required.

4. The report deals with thirty-seven special trusts. Of these one is reported to have no real existence; one is a benefaction for the building of the Senate Hall, which was completed ten years ago; one is in the joint custody of the Director of Public Instruction and the Accountant-General, who make over to the University the annual interest; and of the remaining thirty-four twenty-four are secured, and ten are unsecured, endowments for readers and translators, scholarships and exhibitions, and medals and prizes.

The unsecured endowments, Nos. 26 to 35 in the report, are of comparatively little importance. They depend, to a great extent, on annual donations, the donors for the most part being members of the Senate. Questions raised regarding four of these (Nos. 30, 31, 32 and 33) were settled at the meeting of Senate held on 30th November 1885, and they require no further consideration except in regard to the adjustment of certain petty items of account, which will be dealt with by the special sub-committee recently appointed by the Syndicate.

5. The important trusts are those that are permanently endowed. Regarding one of these (No. 24) the Senate is in correspondence with the founder; and the endowment will eventually be disposed of in accordance with the wishes he may express. The sums contributed from time to time for the remaining 23 endowments amount in all to Rs. 1,98,073* and have for the most part been invested in Government 4 per cent. paper. More than 75 per cent. of the above amount was contributed to the Punjab University College between 1870 and 1872, ten years before the Punjab University was created by Act XIX of 1882. By Section 3 of that Act all the property held by the Punjab University College became the property of the University, to be administered by it, subject to all existing trusts, as to the manner in which, and the purposes to which, the property was to be applied. From the 14th of October 1882, therefore, the above property vested in the University subject to the discharge of the trusts.

6. By a resolution passed by the Senate of the Punjab University College on 4th July 1870, the account of the interest of special donations was to be kept distinct and separate; this, however, was never carried into effect. Donations, whether for the general purposes of the University College or for special objects, were credited to the 'funded account' as it was termed; and no distinct account was kept of the interest arising from each special donation. The investments formed one consolidated fund, consisting of Government paper and a balance in cash, and the interest of the money invested, together with all the other income of the University College, was credited to an account, known as the current account, from which was paid the entire expenditure, both on the general purposes of the University College and also on the objects provided for by special trusts.

This was the system in force in October 1882, when the Punjab University was constituted. Under this system of accounts it often inevitably happened that the balance to the credit of the current account was overdrawn, the money being advanced in such cases from the cash balance of the funded account; and also that the current account got the benefit of short expenditure for the purposes of the endowments, undrawn salaries and scholarships for broken periods and the like. Thus it appears from a statement drawn up by the Accountant-General of the monthly receipts and expenditure of the funded and

current accounts from January 1878 to April 1884, during which period this officer acted as Trustee to the University, that the current account was in debt to the funded account, for some part of every year, during the above period. The sum by which the current account was overdrawn was sometimes considerable, amounting in August 1879 to Rs. 4,667, in August 1881 to Rs. 5,722, in November 1882 to Rs. 6,266, in September 1883 to Rs. 6,850, and on the 1st March 1884 to Rs. 10,379. The sum of Rs. 10,379 due on the latter date was adjusted by the 9th of the following month.

7. In April 1884, Mr. Rawlins, Accountant-General and late Trustee, made over to the Officiating Registrar the securities and the cash belonging to the current and the funded accounts, and the cash balance was brought to credit in the account of the University in the Bank of Bengal. The Finance Committee, whose constitution and operations have been described in resolution No. 27, dated 15th March 1886, rightly considered that a separate account should have been opened in the Bank for the cash balance belonging to the funded account. Had that been done, the cash balance in question could not have been made available, as in time past, to meet the requirements of the current account. No question, however, had been raised up to that time in regard to a system of accounts, which, though radically faulty in principle, was convenient in practice, and from which no great mischief could arise so long as the University remained solvent. The former practice of drawing occasionally on the funded account had therefore, as was natural, been continued; and at the end of 1884 the current account was indebted to the funded account, as it had been on previous occasions to the extent of more than Rs. 6,000. As explained in Resolution No. 27, dated 15th March 1886, various sums had in previous years been debited to the current account, which should have been charged to the funded account, and the final adjustment of these items, which was eventually ordered by the Senate at a meeting held on 28th November 1885, would, if carried out in 1884, have shewn a small balance to the credit of the current account at the end of that year.

8. When, however, in consequence of excessive expenditure from the current account in the Oriental College, the University fell into financial difficulties, and had to apply to Government for a loan of Rs. 10,000 to meet pressing liabilities, a thorough investigation of the financial condition of the University was ordered. In the course of the controversies which ensued, and which were in some instances of a needlessly acrimonious character, the flaw in the system of accounts was immediately detected and a remedy applied.

9. Under the new financial rules lately adopted by the Senate of the University with the approval of His Honour the Lieutenant-Governor, this vicious system of account has been put a stop to. It is now required that a separate account shall be kept of each special trust, and the funded account cannot be drawn upon to accommodate the current account without special order of the Senate. With a view to adjust the accounts of past years in accordance with the new rules, an examination has been made into the amount of income to which each of the endowments was entitled from the very commencement and the amount expended on the object for which the trust was instituted. The result of this enquiry is given in the report appended to this resolution, to which reference is invited for information on all details.

10. The report shows that, if an exact adjustment is to be carried out, considerable sums (probably about Rs. 24,000, in the aggregate) will have to be carried to the capital of some of the endowments, chiefly, as above explained, on account of the current account having benefited by short expenditure, undrawn salaries for broken periods, and so forth; and of this amount considerably more than Rs. 21,000 is due on account of transactions which took place before the constitution of the University was effected. It is well that the facts have been thoroughly investigated. Whether it is necessary that the Senate should

I append an explanation of the conditions, history and present position of each Trust compiled from the University accounts, and, so far as is possible, from original documents existing, either in the University office in the office of the Secretary to the Punjab Government or elsewhere. In every case where original documents exist in the University office I have embodied with the explanation *literatim* copies of the documents on which the explanation is based.

No. 1.—Patiala Translator, also styled Patiala-Alfred Scholar.

On the 20th April 1870, a sum of Rs. 20,000 was paid into the Umballa Treasury by H. H. the Mahárája of Patiála for the purpose of founding a Scholarship or Fellowship in connection with the Lahore University College in the name of H. R. H. the Duke of Edinburgh. This money was paid to the Trustee of the Punjab University College on the 13th June 1870, and on the 5th July 1870 the Foreign Secretary to H. H. the Mahárája communicated the Mahárája's desire that out of this donation a Fellowship of Rs. 100 a month should be established and be designated the "Alfred-Patiála Fellowship."

2. Certified copies of the existing original papers on the subject are here recorded.

(No. 1.) No. 313, dated Murree, 13th June 1870.

From—T. H. THORNTON, Esquire, D.C.L., Secretary to Government, Punjab,

To—The Registrar, Lahore University College.

I am desired by the Hon'ble the Lieutenant-Governor to forward translation of a *Kharita* from His Highness the Mahárája of Patiála enclosing a transfer receipt for Rs 20,000 which he has given for the purpose of founding a Scholarship or Fellowship in connection with the Lahore University College in the name of His Royal Highness the Duke of Edinburgh. The amount has been made over to the Trustee of the University College.

2. The Hon'ble the Lieutenant-Governor will be glad if the Senate will report, for the information of Government, and for communication to His Royal Highness and His Highness the Mahárája, the manner in which they propose to carry out the wishes of the doner.

(ENCLOSURE.) Dated the 29th March 1870.

From—The Mahárája of Patiála,

To—General R. TAYLOR, Commissioner, Umballa Division.

After compliments—You are aware that when on the occasion of the visit of His Royal Highness the Duke of Edinburgh to the Punjab I had the honor of an interview with His Royal Highness at Lahore, seeing that His Royal Highness was the first member of the Royal family who had visited this Province, and that I was also the first of my family who had the honor of meeting him, I asked his permission to be allowed to found a Scholarship or Fellowship in connection with the Lahore University College, in the name of His Royal Highness, both to mark my sense of the great honor which accrued to me from obtaining an interview with a son of Her Most Gracious Majesty, and to commemorate the Prince's visit by an endowment calculated to promote the welfare of the people. His Royal Highness gladly assented to my proposal. I sent accordingly Rs. 20,000, and beg the favor of your causing (with the sanction of the Government, or in such other way as may appear suitable) the money to be invested in Government Promissory Notes, and the interest thereof to be appropriated in founding one or more scholarships to be called after the name of the Prince.

(No. 2.) No. 312, dated Murree, 13th June 1870.

From—T. H. THORNTON, Esquire, D. C. L., Secretary to Government, Punjab,

To—L. C. PROBYN, Esquire, Trustee, Lahore University College.

In continuation of letter No. 308 of this date, I am desired to forward translation of a *Kharita* from His Highness the Mahárája of Patiála, with its accompanying transfer receipt for Rs. 20,000, which His Highness has given for the purpose of founding a Scholarship or Fellowship in connection with the Lahore University College in the name of His Royal Highness the Duke of Edinburgh.

NOTE—*Kharita as above.*

(No. 3.) Dated 5th May 1870.

From—Sayad MUHAMMAD HUSAIN, Foreign Minister to H. H. the Mahárája of Patiála,

To—Dr. G. W. LEITNER, Registrar, Punjab University, Lahore.

In reply to your letter of the 7th instant, I am directed by His Highness the Mahárája to state that the amount of Rs. 20,000 on account of Duke of Edinburgh's Scholarship has been paid into Umballa Treasury on the 20th of April last, and notice given to General Taylor. It will reach you, I hope, through that gentleman.

2. The amount of donation (Rs. 50, 000) for the University promised in May 1868, and the amount of Rs. 6,000 on account of interest on the above sum for two years, together with Rs. 230 on account of interest on the Duke's Scholarship money, has this day been sent to the above Treasury.

3. On the 8th July 1868, General Taylor was informed as usual of this promise, and requested to have this money sent to its proper place; but up to 10th March 1870 no answer having been received he was again, on the same date, addressed by His Highness on the above subject, whereupon he has desired that the currency notes be obtained from Umballa Treasury in exchange of the money, and presented to him.

4. You may judge that the delay in remitting this amount was not on the part of the State. Six thousand rupees, which the State has to pay merely on account of the pendency of the promised money, was rather an unreasonable interest; but His Highness, having a choice to contribute to the University fund every way liberally, thought its payment expedient as well.

5. His Highness will arrange to induce the Rájas of Nabha and Jínd to imitate this his liberal example.

6. As regards the Duke's Scholarship, I will let you know hereafter.

(No. 4.) Dated Simla, 5th July 1870.

From—Sayad MUHAMMAD HUSAIN, Foreign Secretary to H. H. the Mahárája of Patiála,

To—Dr. G. W. LEITNER, Registrar, Punjab University College, Lahore.

With reference to the Executive Committee's proceedings of the 18th June last, I beg to inform you that His Highness the Mahárája is desirous that out of his donation of Rs. 20,000 a Fellowship of Rs. 100 a month should be established, and be designated "Alfred-Patiála Fellowship."

Of course the Rájas of Jínd and Nabha should be consulted as to how their donations are to be disposed of, but in my opinion scholarships—to be called Jínd and Nabha Scholarships—should be given to deserving students of the University College.

This arrangement, I think, will meet with the approval of these Chiefs; for in this way each of them will be separately known as a friend of your University in the Punjab.

3. The Senate, at a Meeting held on the 4th July 1870, proceeded to consider the proposal, and at that Meeting the following proceedings were recorded :—

The Registrar submitted the printed paper of proposals which had been circulated among the members and on which the absent members had sent in their written votes. The following resolutions were then passed :—

Proposal I.—That the Rs. 20,000 given by H. H. the Mahárája of Patiála, to endow a Scholarship or Fellowship in honor of the Duke of Edinburgh, be funded with the General University Trust Fund, and that the interest thereof, together with as much from the allowance sanctioned for "Rewards to Authors and Translators" as will make up the amount to Rs. 100 per mensem,* be devoted to an "Alfred-Patiála Fellowship" tenable for a certain number of years, as may be settled by Senate,—the Fellow being required to translate books of general literature and science from English into the vernacular, and to assist in vernacular compilations and editions, under the direction of the Senate. The Fellowship to be offered for public competition, of which details are to be settled by Senate. Candidates to be proficient in English, Urdu and Persian; and of two candidates of equal merit, the one possessing a knowledge of Arabic or Sanscrit to be preferred.

(*a*) On this it was resolved that it be a constant rule that donations and subscriptions be always dealt with according to the donor's wishes, if not inconsistent with the general principles of the Institution. Further, that the account of the *interest* of special donations be kept distinct and separate.

Proposal I, para. (a).—This is to be understood with the interpretation given by His Honor in his Secretary's No. 534, dated 23rd September 1870, para. 2.

(*b*) In this particular case it was therefore decided that no resolution be passed till the consent of the Mahárája of Patiála had been obtained to the proposal. It was also considered that if the donations of the Mahárája of Patiála land of the Rájás of Jínd and Nábha, for the foundation of a Duke of Edinburgh Fellowship, be formed into one common fund, a Fellowship of even greater value than Rs. 100 per mensem could be given without involving the necessity of taking any money from the allowance for "Rewards to Authors and Translators."

Then the Executive Committee in the report on the Budget proposals for 1871 advised

That this Scholarship be tenable for two years, and be given in the manner proposed by the Executive Committee to the Senate on the 4th of July last, approved by the Mahárája and the Senate, and accepted with the interpretation given to it by His Honor the Lieutenant-Governor in Secretary's No. 534, dated 23rd September 1870.

4. In the rules relating to Readers and Translators made by the Senate at the Meeting held on the 23rd February 1884, and sanctioned by the Local Government in letter No. 182, dated 15th May 1884, the duties of the Alfred-Patiála Translator are defined to be to translate works into the vernacular under the supervision of the Syndicate and to teach in the general knowledge department of the Oriental College.

5. The Translatorship has been held by the following persons for the periods stated opposite each name :—

	From	To
Baij Náth ...	1st May 1873 ...	31st December 1874.
Pandit Kirpa Rám ...	1st January 1875 ...	15th March 1877.
Bhái Gurmukh Singh ...	19th March 1877 ...	31st December 1881.
Sheikh Umar Bakhsh ...	1st January 1882 ...	8th October 1882.
Pandit Harkishan Dás, M.A....	9th October 1882 ...	4th October 1885.
Maulvi Ghulám Mustafa ...	20th October 1885 ...	31st December 1885.

It should be noted that during the incumbency of Sheikh Umar Bakhsh he drew a monthly salary only of Rs. 50, the remainder of the salary assigned to the Readership being distributed between three other persons attached to the Oriental College—Rám Kishan, Mir Muhammad Ghazanfar and Shah Chirágh. This arrangement was also continued during the period from 9th October to 30th November 1882, when Mr. Parker, who on the 1st December 1882 became Registrar, appears to have objected to it, and ordered that the Reader should receive the whole salary of the Readership.†

Bhái Gurmukh Singh, for the period from 19th March to 30th June 1877, received a salary of Rs. 50 per mensem only.

Pandit Harkishan Dás, who held this Readership from 9th October 1882 to 4th October 1885, received, from 16th October 1884 to 4th October 1885, the pay of the McLeod-Punjab Arabic Reader, while Maulvi Inám Ali, B.A., who was nominally the McLeod-Punjab Arabic Reader, received the pay of this Translatorship.

6. The money was invested by the Trustee on the 4th July 1870, when the Trustee purchased Government four per cent. paper to the nominal value of Rs. 75,000 at a cost of Rs. 73,395-9-0. The portion of the Government four per cent. paper thus purchased belong-

* This was not done. Salary fixed at Rs. 66.

† This was Rs. 66. See concluding and also top of next para.

ing to this Trust consequently amounted to the nominal value of Rs. 20,400, the cost of which at the above-stated rate was Rs. 19,963-9-6, a small balance uninvested of Rs. 36-6-6 remaining from the original donation in the Funded Account.

7. The income arising from this investment has been credited from the commencement, year after year, to the Current Account, and therefore the Trust is obviously entitled to an augmentation in respect (1) to the interest from this investment from 5th July 1870 to 30th April 1873, the date preceding that on which the Trust commenced to be discharged; (2) to the difference between the amount of the annual income derived from the investment and the amount of salary paid to the various incumbents of the Readership; (3) to the income from the investment during periods that the Readership was vacant; and (4) to the sum of Rs. 230 paid by the Mahárája as interest from the date of his promise to the date of payment, which was credited to the Current Account.

The annual income derived from the investment has been Rs. 816, while the monthly salary paid to the holder of the Translatorship has never exceeded Rs. 66 per mensem or Rs. 792 per annum, and was occasionally less.

Thus, the Trust is entitled to an augmentation aggregating Rs. 2,986-0-8, of which Rs. 36-6-6 will be at the expense of the General Endowment Fund, and Rs. 2,949-10-2 at the expense of the Current Account.

No. 2.—The Alexandra Readership.

This Readership was endowed from the balance of a Fund raised by public subscription in the Punjab for the purpose of presenting H. R. H. the Prince of Wales with a gift on the occasion of his marriage on 10th March 1863. This Fund was called the Prince of Wales's Marriage Gift Fund, and was for many years in the charge of a committee of subscribers. On the 1st August 1870, the unexpended balance of the Fund, amounting to Rs. 10,334-2-11, was made over to the Trustee of the Punjab University College on behalf of the Committee of the Fund by Lieutenant-Colonel J. W. Younghusband, C.S.I., the Secretary of the Committee.

2. A previous correspondence had passed between Colonel Younghusband and the Registrar, true or certified copies of which are recorded below:—

(No. 1.) No. 1109, *dated Lahore, 18th April 1870.*

From—Lieut.-Col. J. W. YOUNGHUSBAND, C.S.I., Secretary to Prince of Wales's Marriage Gift Fund,

To—Dr. LEITNER, M.A., PH.D., Registrar, Punjab University College, Lahore.

I am desired by the Committee of Marriage Gift Fund to Their Royal Highnesses the Prince and Princess of Wales to forward, for the consideration of the Senate of the Lahore University College, copy of a Resolution of the Committee regarding the disposal of the unexpended money belonging to the above Fund.

2. I request the favor of your informing me of the decision the Senate may arrive at on the above Resolution.

Extract from Resolution of the Committee of Their Royal Highnesses the Prince and Princess of Wales's Marriage Gift Fund, dated Lahore, 6th April 1870.

The Members of the Committee present at the Meeting were unanimous of opinion that the balance of the Prince and Princess of Wales's Marriage Gift Fund, amounting to Rs. 10,340, should be devoted towards the foundation of a Fellowship (to be called the Alexandra Fellowship) in connection with the Lahore University College, on condition that the College furnish such additional funds as will raise the amount to an income of at least Rs. 75 per mensem, the object of the Fellowship being the promotion of Vernacular Literature and Science.

(No. 2.) No. 17, dated Lahore, 24th May 1870.

From—The Registrar, Punjab University College, Lahore,

To—Lieut.-Col. J. W. YOUNGHUSBAND, C.S.I., Secretary to Prince of Wales's Marriage Gift Fund.

I have the honor to acknowledge receipt of your letter No. 1109, dated 18th April 1870, offering Rs. 10,340, the balance of the Prince and Princess of Wales's Marriage Gift Fund, to the Punjab University College, on condition that the College found a Fellowship, to be called the "Alexandra Fellowship," of the value of at least Rs. 75 per mensem—the object of the Fellowship being the promotion of Vernacular Literature and Science. This letter was put by me before the Senate at their Meeting of the 16th May 1870. The amount has been thankfully accepted by them, and I am directed to forward to you a copy of the Resolution passed by them on the subject, rendering the College liable to the Committee of the Prince of Wales's Marriage Gift Fund for the perpetual payment of Rs. 75 on account of the Alexandra Fellowship.

3. This endowment was accepted by the Senate at the Meeting held on the 16th May 1870, in a Resolution of which the following is a literal transcript:—

3. A letter from the Secretary to Prince of Wales's Marriage Gift Fund was read out, in which Rs. 10,340 were offered to the Punjab University College, on condition that the College found a Fellowship, to be called the "Alexandra Followships," of the value of at least Rs. 75 per mensem, the object of the Fellowship being the promotion of Vernacular Literature and Science.

RESOLVED—That the amount be thankfully accepted, and that it be invested with the General Trust Fund of the Punjab University College, in which case it would be possible, by receiving the Government equivalent on the interest thereof, to found a Fellowship of the value stated, and that the College render itself liable to the Committee of the Prince of Wales's Marriage Gift Fund for the perpetual payment of the Alexandra Fellowship. It was also resolved that this be communicated to the Secretary of the Prince of Wales's Marriage Gift Fund.

4. The duties of the Reader were not specifically prescribed and determined by the Senate of the Punjab University College; but in a rough sketch of objects and reasons of proposed Budget for 1871, prepared by the Executive Committee, and laid before the Senate at the Meeting held on the 26th December 1870, his duties were defined to be the translation of elementary scientific books into the vernacular, and the compilation of useful elementary treatises in the vernacular, subject to the direction of the Senate.

The Executive Committee of the Punjab University College, in this report, suggested that this Fellowship would be tenable for three years; that its duty be the translation of elementary scientific books into the vernacular, and of compilation of useful elementary treatises in the vernacular, subject to the directions of the Senate; and that it be competed for among graduates of and above the degree of B. A. It is difficult to ascertain from the recorded proceedings of this Meeting whether this proposal was passed or not.

5. According to the rules relating to Readers and Translators made by the Senate at Meeting held on the 23rd February 1884, and sanctioned by the Local Government in letter No. 182, dated 15th May 1884, his duties are to translate works of Science into the vernacular language under the supervision of the Syndicate, and to lecture in the General Knowledge Department of the Oriental College. The Readership is tenable for two years, the incumbents being eligible for re-election; but the incumbent is subject to the general rule (Rule 4) of the rules relating to the Readers and Translators made by the Senate and sanctioned by the Government above referred to, that the outgoing incumbents may be re-appointed provided that the endowed Readership shall not, except for special reasons, be held by the same person for more than five years in succession.

6. The Readership has been actually held by the following persons:—

	From	*To*
Kirpa Rám, B. A.	... 17th February 1874	30th June 1874.
Dina Náth	... 1st July 1874	16th February 1875.
Mul Ráj, M. A.	... 1st March 1875	14th March 1877.
Pandit Kirpa Rám	... 16th March 1877	16th October 1877.
Bábu Panchanan Mukerji } Sheikh Umar Bakhsh, B. A. }	1st April 1881	31st December 1881.
Bhái Gurmukh Singh	... 1st January 1882	31st December 1885.

7. No separate investment of this Trust was ever made, but it has been supposed, ever since the investment of this money, that the invested capital augmented by the addition of Rs. 1,383-5-0 appropriated to this Trust from the Fuller Trust (No. 10 of this Report) stood at such a sum as would produce with the Government equivalent an annual income up to 30th November 1883 of Rs. 900, and thereafter of Rs. 960. This is clearly a mistake.

It was the practice of the Trustee to invest periodically, without discrimination, the sums standing at credit of the Funded Account. This donation of Rs. 10,334-2-11 was actually received by the Trustee on the 1st August 1870, and it was at once credited to the Funded Account. The whole balance of the Funded Account, including this sum, as it existed on the 13th September 1870, was invested on that day when Government stock to the nominal value of Rs. 20,000 was purchased at a cost of Rs. 19,474-2-4. The proportionate share of Government paper thus purchased belonging to the Alexandra Trust was consequently Rs. 10,600, which cost Rs. 10,321-4-9, and this quantity of Government paper should be considered to have been the invested capital of the Trust on the 13th September 1870.

The augmentation appropriated to this Trust by the Senate upon the suggestion of the donors of the Fuller Exhibition Trust amounted to the annual interest on Rs. 1,383-5-0 (see No. 10 of this Report).

The endowment of this Trust from 17th December 1874 consisted, therefore, and still consists, of 4 per cent. Government securities to the nominal value of Rs. 10,600, bearing an annual interest of Rs. 424, and to the annual interest at the rate of 4 per cent. on the sum of Rs. 1,383-5-0, or Rs. 55-5-3, the whole producing an annual income of Rs. 479-5-3.

The income derived from the investment of Rs. 10,600 has been year after year from the commencement credited to the Current Account.

8. I find that the incumbent of this Readership has been supposed to draw pay at the rate of Rs. 75 per mensem, from 17th February 1874 to 30th November 1883, after which the pay was raised to a salary of Rs. 80 per mensem. The University Accounts show that a salary of Rs. 75 per mensem was paid to the Alexandra Reader from 17th February 1874 to 30th November 1883, but, as a matter of fact, the payment to the Reader ceased on the 16th October 1877, and then recommenced, as shown in paragraph 6 of this note, on the 1st

April 1881. During this interval the sum of Rs. 75 per mensem drawn upon bills signed by the Registrar as the salary of the Alexandra Reader, and charged every month against the head of account "Alexandra Reader," was utilized partly in stipends or scholarships to the students of the Oriental College, and partly in augmenting the salaries of certain teachers attached to that institution. From 1st April to 31st December 1881, the Readership was held conjointly by Babu Panchanan Mukerji and Sheikh Umar Bakhsh, B.A., the former receiving Rs. 50, the latter Rs. 25, per mensem.

The difference between the income derived from the endowment and the salary paid to the Reader has been a charge theoretically against the Government grant, which was formerly paid in the form of an equivalent to each specific item of receipt, but actually upon the General Current Account of the University, to which the Government grant is credited; and as the University, notwithstanding the misapplication of the income from 17th October 1877 to 31st March 1881, has obviously therefore exceeded the obligation thrown upon it by this Trust, there is no reason to augment the capital of the Trust by adding to it the interest upon the capital for the periods during which the Readership was vacant, and during which the income was misapplied.

9. It is now necessary that some definite resolution should be framed for the future discharge of this Trust, and presuming that there will be no desire to reduce the salary of the Reader to the amount which the University are bound by the original agreement to provide, *viz.*, Rs. 75 per mensem, or Rs. 900 per annum, I submit two alternative proposals for the consideration of the Senate, either (1) that such a portion of the Government securities, standing at credit of the General Endowment Fund, as will suffice with the existing endowment to produce an annual income of Rs. 960, should be added to the existing endowment of the Trust, or (2) that an annual grant-in-aid equivalent to the difference between the salary fixed for the Reader, *viz.*, Rs. 960 per annum, and the income produced from the existing endowment, should be at the commencement of every year credited to the Trust from the Current Account of the University.

If either alternative is sanctioned, it would be desirable to fix once for all the capital of the Trust.

It is also desirable that the interest upon the sum of Rs. 1,383-5-0 should be now capitalized at the expense of the Fuller Exhibition Trust and added to the existing Alexandra Trust investment.

If the former alternative is accepted, the invested capital of the Trust would stand at Rs. 24,000, of which Rs. 10,600 would be provided by the present Alexandra Trust, Rs. 1,400 by the Fuller Exhibition Trust, and Rs. 12,000 from the General Endowment Fund. If the latter alternative is accepted, the invested capital of the Trust would stand at Rs. 12,000, consisting of the existing capital Rs. 10,600 and the Fuller Exhibition Trust contribution of Rs. 1,400. In this case the annual grant-in-aid from the Current Account would amount to Rs. 480.

No 3—McLeod-Kashmir Sanskrit Readership.

On the 2nd March 1871 a sum of Rs. 30,978 was handed by the Government to the Trustee of the Punjab University College, which represented the realization at Lahore of certain hundís on Amritsar, remitting a donation of Rs. 50,000 Chilki or Srinagar coin, presented by H. H. the Mahárája of Jummoo and Kashmir for the purpose of founding an endowment which should connect the name of Sir Donald Friell McLeod, C.B., K.C.S.I., in the future with the Punjab. Sir D. F. McLeod expressed a wish on his own behalf and on behalf of the Mahárája that the endowment should take the form of a Fellowship in the Punjab University College connected with Sanskrit and the Vernaculars derived from it, and that the arrangement of details should be left to the Senate under the direction of the Punjab Government.

No. 89.

Copy of above forwarded to Registrar, Punjab University College, with reference to this office Nos. 399, dated 23rd July, and 553, dated 27th September 1870.

3. A letter from the Secretary to Government, Punjab, No. 399, dated 23rd July 1870, to the Registrar of the Punjab University College, forwarded the copy of a letter dated 11th July 1870, from Sir D. F. McLeod, suggesting the conditions on which the Trust should be discharged, and requested the Executive Committee to favor the Government with their opinion regarding the best mode of carrying out in detail the wishes of Sir D. F. McLeod as expressed in the letter forwarded.

Certified copies of these documents, together with translations of a letter from His Highness the Mahárája of Jummoo and Kashmir, to Sir Donald F. McLeod, without date, and of Sir D. F. McLeod's reply, dated 28th June 1870, are also appended.

(No. 2.) No. 399, dated Murree, 23rd July 1870.

From—L. H. GRIFFIN, Esquire, Under-Secretary to Government, Punjab,

To—G. W. LEITNER, Esquire, Ph.D., M.A., Registrar, Punjab University College.

I am desired by the Hon'ble the Lieutenant-Governor to forward copy of a letter, dated the 11th July, from Sir D. F. McLeod, C.B., K.C.S.I., intimating that His Highness the Mahárája of Kashmir had placed at his disposal a sum of Rs. 31,000 for the purpose of founding an endowment that shall connect Sir Donald's name in the future with this Province. I am to request that the Executive Committee of the Punjab University College will be good enough to favor His Honor with their opinion regarding the best mode of carrying out in the detail wishes of Sir Donald McLeod as expressed in the accompanying letter.

(ENCLOSURE.) Dated Lahore, 11th July 1870.

From—Sir D. F. MCLEOD, C.B., K.C.S.I.,

To—The Secretary to Government, Punjab.

I HAVE the honor to state that His Highness Maharaja Sir Ranbir Singh, Maharaja of Jammu and Kashmir has been pleased to intimate that on the occasion of my vacating the post of Lieutenant-Governor of the Punjab he is desirous of founding an endowment of such a character, and bearing such designation, as shall connect my name in the future with this Province, and for this purpose has forwarded to me native bills on Amritsar, payable by the end of this month, for Rs. 31,000 of the Government coinage as the equivalent of half a lakh of Kashmir or Chilki rupees.

Although embarrassed by the munificence of this gift, I have felt that I could not, under the circumstances appropriately decline it. I have accordingly arranged to have the amount, when realized, deposited in the Lieutenant-Governor's treasure-chest at Lahore; and, being about to leave the country, solicit the aid of the Punjab Government to have it invested in a suitable manner in accordance with the wishes of the Maharaja. I submit herewith a translation of His Highness's letter to myself, and copy of my reply, and venture to ask that the Supreme Government may be solicited, in recognition of the great generosity evinced by the Maharaja on this as on former occasions, to allow the amount to be invested at par in Government Promissory Notes yielding 5 per cent. per annum.

As His Highnes has at all times evinced a lively interest in the cause of education and learning, as he has from time to time invited many learned men from Benares and elsewhere to be members of his Court, and as he has contributed munificently towards the endowment of the Punjab University College at Lahore, I believe that his gift could not be applied to securing any object which would be more acceptable to him than the endowment of a Fellowship in that institution, connected with Sanskrit and the Vernaculars derived from it, and this accordingly is the form which I would desire the endowment, if possible to assume.

I wish to leave the arrangement of details to the Senate, under the direction of the Punjab Government but it may not be out of place if I here state the terms which suggest themselves to me as appropriate for the incumbency of the proposed Fellowship, *viz.*, that it be tenable for ten years by a scholar of acknowledged merit, who, in addition to a well-grounded knowledge of Sanskrit and its literature, has acquired some familiarity with English and the literature or science of the West, and at the same time possesses qualifications for the authorship of works on such subjects in the Vernacular; that its amount be fixed so as to admit of periodical increase at suitable intervals; and that its incumbent be required to devote his time and talents, while holding it, to improving and adding to the Vernacular literature of the country, it being open to the Senate at the same time to confer honoraria upon him, independently of his stipend, for any works of special merit he may produce, and to provide or procure for him, if necessary, other suitable occupation, or some other Fellowship at the close of the ten years.

If the fund were invested at 5 per cent., it would yield Rs. 1,550 per annum, or Rs. 15,500 in ten years, exclusive of any interest accruing on saving; and this might perhaps be appropriately distributed as follows :—

	Rs.
Rs. 100 per mensem for 3 years=	3,600
,, 125 ,, ,, ,, 3 ,, =	4,500
,, 150 ,, ,, ,, 4 ,, =	7,200
Total 10 years =	15,300

leaving a small surplus which, with accruing interest and savings, might be devoted to the grant of medals for superior attainments in Sanskrit. Having thus offered the suggestions which have occurred to me, I would by no means bind the Government or the Senate as heretofore stated to their entire adoption. But in any case I think it indispensable that the designation attached to the Fellowship or medal, or whatever may be determined on, be such as shall connect with it the Maharaja of Kashmir as the founder.

In conclusion, I would name as a most suitable person to be the first incumbent of the Fellowship—if it can be made worth his while to accept the post—Pandit Bapu Dewa, at present Professor of Natural Philosophy in the Sanskrit College, Benares. I have known him since his youth, when he was first being imbued with a love of, and admiration for, European science by the late Mr. Lancelot Wilkinson, Political Agent in Bhopal. He was even then an accomplished Sanskrit scholar, having studied that language in the Mahratta schools of Puna and Bombay and he has since then acquired a knowledge of the higher branches of European Mathematical science. He has attained to a European reputation by means of his translations of the Swaya Siddhánta and Siddhánta Shiromani, with commentary. He was presented last year by Sir W. Muir with a reward of Rs. 2,000 for an admirable treatise on Algebra written by him, and he has been for some years past engaged in writing a comprehensive work on Astronomy, which I believe he has been prevented from completing only by occasional ill-health, and having constantly to attend to his professorial duties. I know of no one so likely to do honor to the post of Fellow, and to do justice to the task its tenure would impose upon him.

(ENCLOSURE.) From—His Highness the Maharaja of Kashmir,

To—Sir DONALD MCLEOD, C.B., K.C.S.I., Lieutenant-Governor of the Punjab.

After compliments—States that he has no tongue to express his thanks for the obligation he has been under to His Honor since his accession to the office of Lieutenant-Governor of the Punjab, and he is not able to describe suitably the advantages which have accrued to the people of the Punjab generally from His Honor's Government. Now that His Honor is about to proceed to Europe, His Highness begs to express his thankfulness, and it is His Highness's prayer that His Honor may enjoy good health, and his hope that His Honor will not forget his old, friends.

It is His Highness's desire that the memory of the benefits conferred by His Honor on the people of these Provinces may be perpetuated, and for this purpose His Highness forwards Rs. 50,000, Srinagar coin, through Diwan Nihal Chand.

The Maharaja trusts that His Honor will favor him occasionally with kind letters informing him of his good health.

(ENCLOSURE.) Translation of a letter, dated 28th June 1870.

From—Sir DONALD MCLEOD, C. B., K.C.S.I.,

To—His Highness the Maharaja of Jammu and Kashmir.

I HAVE received your letter delivered by the hands of Diwan Nihal Chand, together with hundis on Amritsar for Rs. 50,000 Sirinagari, also your previous letter expressing regret at my approaching departure from the Punjab. The Diwan intimated that it was the wish of Your Highness that this money should be employed in such a way as permanently to connect my name with this Province. I cannot express the pleasure which the receipt of these two letters has afforded me.

I am extremely thankful to Your Highness for the munificence you have thus shown on my behalf; and I cannot better manifest my appreciation of Your Highness's rare liberality than by devoting this money to the cause of education in this Province in which you take so lively an interest.

From the first you have contributed to the advancement of the University College; and as I consider it essential that those who wish to make learning a profession should have sufficient emolument to enable them to devote their whole attention to literature and science. I purpose to apply to the Punjab Government to invest the money you have so generously given in the endowment of a Fellowship, to be called the "Kashmir-McLeod Fellowship," or by some similar designation in connection with the University College, in order that the names of both donor and donee may be jointly associated with the institution in the establishment of which both took part.

Be assured that I part with much regret from this country in which so large a portion of my life has been passed, and from such friends as Your Highness whose friendship has afforded me so much pleasure. You have from time to time done me many acts of kindness, but the present one surpasses all, and I shall ever bear it in lively remembrance. I leave with the conviction, which affords me much pleasure, that you entertain for me a personal regard. Be assured that, however far I may be removed, I shall to the end of my days continue to bear in recollection your friendship, and trust to hear from time to time of the advancing prosperity of yourself and country.

4. This request of the Government for a report from the Executive Committee regarding the best method of carrying out the wishes of Sir D. F. McLeod was apparently never complied with, and there seems no trace of any resolution of the Executive Committee or Senate on the subject, except that recorded in the proceedings of the Meeting of Senate held on the 30th November 1872, which I extract below:—

Extract from the Proceedings of Senate Meeting No. 5, held on the 30th November 1872.

It was resolved that Pandit Shiv Nath Bhattachariya, M.A. and Shastri, be elected and attached to the Oriental College; also that the Punjab-McLeod Arabic Fellowship be attached to the Oriental College.

It was resolved that the McLeod-Kashmir and McLeod-Punjab Fellows assist in teaching at the Oriental College, as well as in editing the Arabic and Sanskrit critical journals, in addition to such duties of compilation, edition, and translation as may be entrusted to them by the Executive Committee under the orders of the Senate.

5. The only other reference on record to the matter is in the report of the Executive Committee upon the Budget for 1871, which was laid before the Senate at the Meeting held on the 26th December 1870, on which occasion the Committee stated—

"*McLeod-Kashmir Fellowship of Rs. 103 per mensem.*—The Committee consider that they ought scrupulously to respect the wishes of Sir D. F. McLeod with regard to the manner of selecting a candidate, but the fear that the inducement offered will hardly suffice to attract a scholar of the standing and reputation desired by him. Pandit Bapu Deva, Shastri, will not leave Benares even for Rs. 250 per mensem. The Fellowship should be advertised at once for competition."

6. It will be seen that neither the donor nor the person in whose honor the donation was given made any express stipulations regarding the disposal of this Trust beyond the general condition that the Trust should be devoted to the endowment of a Fellowship in the Punjab University College at Lahore connected with the Sanskrit and the Vernaculars derived from it, the arrangement of details being expressly left to the Senate under the directions of the Punjab Government.

There is nothing in the original design of the founders, as expressed in the communications on record, to restrict the incumbency of this Readership to tutorial or professorial work in the Oriental College, and the restriction of the Reader to such work has never been formally authorized by the Senate. And the rules relating to Readers and Translators, framed by the Senate at the Meeting held on the 23rd February 1884, and sanctioned by the Government in letter No. 182, dated 15th May 1884, expressly forbid this restriction. These rules prescribe that—

"The McLeod-Kashmir Sanskrit Reader shall be required to superintend the editing and compilation of Sanskrit books, published under the direction of the Senate, to translate English or Sanskrit books into Hindi under the supervision of the Syndicate, and to lecture in the Sanscrit Department of the Oriental College."

7. This Readership has been held by the following persons for the periods stated opposite each name, and is now, and has been since 1st January 1875, held in conjunction with the office of Head Pandit in the Oriental College:—

	From	*To*
Pandit Kamala Dat ...	18th December 1873 ...	31st December 1874,
Pandit Guru Prasad ...	1st January 1875 ...	31st December 1885.

It should be noted that Pandit Shiv Nath Bhattachariya, M.A., was elected to the Readership on the 30th November 1872, but he does not appear to have taken charge of the duties or to have received any salary.

8. The endowment consists of capital invested in 5 per cent. Government paper to the nominal value of Rs. 31,600. The donation of Rs. 30,978, from which this investment was purchased, was received by the Trustee on the 2nd March 1871. A portion of this donation was invested by the Trustee on the 29th March 1871—by the purchase for Rs. 30,340-3-7 of Government 4 cent. paper to the nominal value of Rs. 31,000—and on the 30th May 1871 a further investment in the same securities was made to the nominal value of Rs. 600 at a cost of Rs. 596-15-2. The investment therefore amounted to Rs. 31,600, purchased at a cost of Rs. 30,937-2-9.

The income derived from this endowment has been from the commencement credited to the Current Account, and therefore as no appointment of Reader was made until 18th December 1873, the interest arising from the investment from the dates of investment to 17th December 1873, which was credited to and expended in the Current Account, is now due to the Trust as well as the difference between the annual amount realized from the investment and the annual amount of salary paid to the Readers during the period during which the Readers have received pay.

	Rs.	A.	P.
These sums aggregate	3,812	9	8
viz. (1)—Interest from 30th March 1871 on Rs. 31,000, and from 31st May 1871 on Rs. 31,600, to 17th December 1873 ...	3,434	11	2
(2)—Difference between Rs. 1,264, the annual interest on the invested capital, and Rs. 1,236, the annual salary from 18th December 1873 to 31st December 1885 ...	337	1	3

No. 4.—McLeod-Kapurthala Natural Science Readership.

The origin of this Trust was the donation of a sum of Rs. 25,000, presented by H. H. Kharrak Singh, Rája of Kapurthala, as a memorial gift to be applied to some benevolent object in honour of Sir Donald F. McLeod, K.C.S.I., C.B., who subsequently, on the 7th September 1870, with the approval of the Rája, expressed a wish that the donation should be devoted to the formation of a McLeod-Kapurthala Fund, which should be placed at the disposal of the

Senate of the Punjab University College for expenditure in rewards to the authors of valuable works on Natural Science, whether original works, compilations or translations, in the vernacular languages of India, the needful details of this proposal being left to the determination of the Punjab Government in communication with the Senate.

2. Certified copies of the original correspondence on record in the University office is here presented :—

2. A further sum of Rs. 25,000, presented to Sir Donald McLeod by His Highness Rája Kharrak Singh of Kapurthala as a memorial gift, will be remitted to you by the Deputy Commissioner of Jullundur, and I have to request that this amount may also be invested in Government securities as an endowment to the University College.

No. 89.

Copy of the foregoing forwarded to Dr. G. W. Leitner, Registrar, Punjab University College, with reference to this office No. 399, dated 23rd July, and No. 553, dated 27th September 1870.

(No 2.) No. 553, dated Lahore, 27th September 1870.

From—LEPEL H. GRIFFIN, Esq., Under-Secretary to Government, Punjab,

To—Dr. G. W. LEITNER, Registrar, Punjab University College.

I am directed by the Hon'ble the Lieutenant-Governor to forward to you correspondence relating to a grant of Rs. 25,000, presented to Sir Donald F. McLeod, K.C.S.I., C.B., by His Highness the Rája of Kapurthala, to found in the Punjab some memorial with which the name of Sir Donald McLeod might be connected permanently.

2. The wish of Sir Donald McLeod was to found an annual prize for Natural Science in connection with the Punjab University College; but the details of this scheme he left to be determined by the Punjab Government and the Senate of the University College.

3. The Hon'ble the Lieutenant-Governor, taking advantage of the presence of a large number of the Senate at Murree, requested them to form a Committee, with the Ven'ble Archdeacon Pratt, to consider the details of the scheme; and I have now the honor to forward a memorandum drawn up by myself and embodying generally the views expressed by the Committee, and the conclusions at which they arrived.

4. This memorandum, together with the original correspondence, I am to request you to lay before the Senate at Lahore, for the expression of their opinion on the points raised in the memorandum, or for any other suggestions which the Senate may be able to give.

(ENCLOSURE.) Dated Jubbulpure, 7th September 1870.

From—Sir DONALD F. McLEOD, late Lieutenant-Governor of the Punjab,

To—The Secretary to Government, Punjab.

I have the honor to submit herewith, for the consideration of the Punjab Government, copy of two letters, dated respectively the 7th July and 20th August, from His Highness Rája Kharrak Singh of Kapurthala, to my address, presenting, as a memorial gift to be applied to some benevolent object, the sum of Rs. 25,000, which I have requested him to have paid into the Jullundur Treasury, as being the arrangement most convenient for him. From thence there will probably be no difficulty in having the amount transferred in account to the treasury at Lahore, where it is wished that the income derived from it shall, in future, be expended; and I venture to hope that in recognition of the great liberality and benevolent spirit evinced on this as on other occasions by the Rája and his lamented father, and with a view to promote the object to the attainment of which his gift is to be applied, the Government of India will allow the amount to be invested in its 5 per cent. loan at par. I have reason to believe that the gift was determined on by the late Rája, and that Rája Kharrak Singh in now presenting it is fulfilling the desire of his father.

I append also a memorandum drawn up by me, and forwarded for the Rája's approval, indicating generally the mode in which I proposed, in accordance with a suggestion of Sir Henry Durand, that the proceeds of the fund shall be expended, in returning which, after perusal, the Rája remarks as follows :—"The proposal suggested by Sir Henry Durand, and approved of by yourself, of applying the sum in rewarding works on the Natural Sciences in Vernacular in connection with the Punjab University, is in my humble opinion most useful for our countrymen." I propose therefore definitively to adopt the proposed arrangement so far as I am concerned, and have now to request of the Punjab Government the favor of seeing it carried into effect.

I am desirous, as indicated in the accompanying memorandum, that the fund be constituted an endowment in connection with the Punjab University College for the purpose of securing the object stated in that memorandum. But as that object is one of a special character, having reference to the present State requirements of India, the time may come when it will lose, at all events to some extent, its present importance, and I am accordingly anxious that when that time shall come it be left open to the Senate, acting in communication with the Government of the Punjab, and with the consent of the reigning Chief of Kapurthala, to divert the proceeds of the fund to such other object as shall then be deemed of most importance in the cause of education, and best calculated to advance the dignity and usefulness of the University. So long, however, as those proceeds continue to be devoted to the object now contemplated, its special character renders it desirable in my opinion that the Senate appoint a Sub-Committee of scientific men, or create a special Faculty of Natural Science, to whom their management shall be interested, on which body I consider that the Rája of Kapurthala for the time being should be a member.

In my memorandum I have specified the sciences which appear to me to be most worthy of considerati in connection with this fund as those for works upon which prizes should be awarded; but it is by no mea intended that the list which I have given shall be regarded as exhaustive. For all of them a knowledge Mathematics is more or less indispensable, though, as Mathematics do not possess that particular speciality wh constitutes the basis of the present scheme, I have not included them. It may be feared, however, that some ti will elapse before works on the Natural Sciences of sufficient excellence to merit reward will be offered, and that case, seeing how great a dearth of Vernacular works on Mathematics at present exist, I am quite willi that rewards for meritorious mathematical works be given at the discretion of the Senate and Punjab Governmen until works on the Natural Sciences shall be forthcoming. It may too, I think, be safely left to the discretion the Senate to determine whether the income of one year shall be given in a single prize or divided into more th one, or whether the income of two or more years shall be husbanded to form a prize of greater value.

I have now touched upon all the points which appear to me to be most essential without attempting draw up an explicit code of rules. I trust that my wishes and opinions generally may be gathered with suffici clearness from what has been said, and for the rest it appears to me in every way most convenient and appropri to leave it to the Punjab Government, in communication with the Senate, to determine all needful details.

(ENCLOSURE.) Dated Kapurthala. 7th July 1870.

From—His Highness Raja KHARRAK SINGH, of Kapurthala,

To—Sir DONALD MCLEOD, K.C.S.I., C.B.

MY DEAR FRIEND,—I have the honor to depute Diwán Mathra Dás to wait on Your Honor to pay m respects, and bring it to Your Honor's kind notice that I have subscribed a sum of Rs. 25,000 for the memo in memory of the peaceful and just government Your Honor has exercised over us all for such a long peri and I hope Your Honor will be pleased and kind enough to accept it.

We cannot find sufficient words to express our thanks and gratitude for the kindness Your Honor has treat us with throughout the whole time of Your Honor's ruling over the country, and at the same time Yo Honor's separation from us has caused us the greatest sorrow, which we feel but cannot express. I shall have th honor to forward a public letter to you on my being informed of Your Honor's kindly accepting the amount, an I shall be most happy to know the manner in which Your Honor is desirous to spend the money in perpetuati Your Honor's respected name in the country, which has been raised to its prosperity, fertility and civilzation und Your Honor's wise and good government.

Trusting Your Honor is enjoying good health, with respects, believe me, Your Honor's very sincere friend.

(ENCLOSURE.) Dated Kapurthala, 20th Augsut 1870.

From—His Highness Rája KHARRAK SINGH of Kapurthala,

To—Sir DONALD MCLEOD, K.C.S.I., C.B.

MY DEAR SIR DONALD,—On my last farewell visit which you kindly gave me an opportunity of makin with you here, I had the honor of presenting you a Vernacular address acknowledging the blessings we enjoy during your honorable career as Lieutenant-Governor. Therewith I offered Your Honor Rs. 25,000 to perpetuate your memory in connection with some benevolent object as a monument of the sincere friendship which ha existed between yourself and my late much esteemed father, and of the warm interest which you have ever felt in the destinies of this principality.

Your Honor, with your usual kind regards, accorded your acceptance to my offer, and I have now to ask your instructions as to whom I should pay the aforesaid amount deposited here.

The utilization of the sum on any benevolent object stands entirely at Your Honor's disposal.

Wishing you a safe and prosperous voyage, with my best respects, I remain Your Honor's very sincere friend.

(ENCLOSURE.)

Memo. regarding the utilization of the gift of Rs. 25,000 ***presented by*** H. H. RÁJA KHARRAK SINGH, Ahluwália.

On the occasion of my visiting His Highness at Kapurthala, I intimated to him that I felt much inclined to devote his munificent gift, with approval, to the formation of a "McLeod-Kapurthala Fund," to be placed at the Punjab University College Senate for expenditure in rewards to the authors of valuable works in the Vernacular languages of India, whether original works, compilations, or translations; but that I had addressed Sir Henry Durand on the subject, and on the receipt of his reply would definitively communicate my opinion as to the arrange ments which it would be advisable to adopt.

Sir Henry Durand in his reply, now received, makes a very similar proposal, partly on the suggestion of Mr. Thornton, but suggests that the rewards be confined to works on Natural Sciences, such as those enumerated in the margin, and the proposal appears to me to be an eminently appropriate and valuable one. The vast progress made by the nations of Europe and America in all that relates to industrial economy, communications, and whatever is promotive of the physical interests of mankind,—the consolidation of power and the accumulation of wealth,—is dependent in fact on the cultivation of these sciences; while it is certain that little or no progress has been made in this direction by the people of India, and no works at present exist by which they can acquire a knowledge of them in their own languages. If this last great want can be supplied, a great benefit will have been conferred on India, and I know of no method so likely to secure this as the offer of rewards in the manner indicated.

Physical Astronomy.
Physical Geography.
Chemistry and its application to the Arts.
Botany in connection with Gradening and Husbandry.
Zoology and Palæontology.
Geology and Mineralogy.
Optics and the Theory of Sight.
Accoustics and the Theory of sound.
Hydrostatics and Hydraulics, Electricity, Galvanism, &c.

If, then, His Highness the Rája concurs in this view, I purpose drawing up a paper on the subject, entering into such details as seem called for, and requesting the Punjab Government to have the arrangement carried into effect in the way it may seem most suitable. The portion of Sir Henry Durand's letter which refers to this matter is annexed.

(ENCLOSURE.)

Extract of letter, dated 8th August 1870, *from* Sir HENRY DURAND, *Lieutenant-Governor of the Punjab, to the late Lieutenant-Governor of the Punjab.*

He (Mr. Thornton) made a proposal, which I think good, *viz.*, that the "McLeod-Kapurthala Fund" should be devoted to one annual prize for some Vernacular paper, original or to be translated, on or connected with the third point, *viz.*, real progress in the Physical Sciences, and that you should sketch out a scheme and rules for this, which the Punjab Government or Trustees, official or non-official, should see carried out. The interest on Rs. 25,000 being a handsome sum, that would really stimulate exertion and turn the Native mind to Science.

When I think of the advance in the study of light, and the relations of the spectrum analysis, and how admirably in India such studies might be pursued; when I think of the Botanical treasures and the Physiology of Indian plants; when I think of our unworked, and as yet unexplored, field of Palæontology in connection with Geology; and when I think of a hundred other subjects, all of which—such as Astronomy, the Pendulum, Astronomy in connection with the thickness of the earth's crust, and Phenomena, celestial and terrestrial—point at periodic changes, and greatly interest the Hindus, I feel that in starting such a prize your name would be associated with what no one has as yet done.

3. It appears that in September 1870 the members of the Senate of the Punjab University College who were residing at Murree, with the addition of the then Archdeacon of Calcutta (the Ven. J. H. Pratt, M. A.), were formed by orders of the Government into a Committee to consider the details of the scheme, and after much deliberation these details were settled at a meeting of this Committee held at Murree on the 14th September 1870.

I can find no trace of any final action being taken, either by the Government or the Senate, upon this detailed scheme; nor can I find any evidence of this scheme having been laid before the Senate, although in letter No. 553, dated 27th September 1870, from the Secretary to Government, printed above, the Registrar was requested to bring before the Senate the memorandum explaining the scheme and the papers annexed thereto.

4. The Executive Committee, in the Budget Report for the year 1871, laid before the Senate at the meeting held on 26th December 1870, made the following remarks concerning this endowment :—

The Committee consider that, whilst concurring generally in the opinions of the members of the Senate who met at Murree, it would be better to fix one branch only of Natural Science for any particular year, in order to avoid the difficulty of award between books of equal merit on different subjects, and in order to direct the attention of the writers of the year to one subject only. It is doubtful whether it would not be better to appoint a Lecturer in Natural Science as the Kapurthala Fellow, especially if the Government take the endowment at par at 5 per cent.—a course which it is earnestly hoped will be adopted by Government with regard to the whole of the endowment of the Punjab University College. Indeed, this seems to be the only way, besides the grant of land applied for by the late Lieutenant-Governor, of putting the endowment of the Punjab University College on a permanently satisfactory basis. It will give a rate of interest considered a fair one by the native donors, and will save the premiums and trouble of re-investment in profitable securities at the expiration of the terms of those now held.

And the proceedings of the Senate at the meeting held on the 31st October 1874, of which an extract is subjoined, contain the only other record on the subject :—

Extract from Proceedings of Senate Meeting held on 31*st October* 1874.

8. Proposition VII. was considered. It runs as follows :—

VII.—It having been found impossible to secure a person qualified for appointment to the *McLeod-Kapurthala Fellowship* which is at present restricted to the encouragement of Natural Sciences, and there being nothing in the original terms of the endowment to render it compulsory on the Senate to restrict it to this branch of knowledge, the Executive Committee beg to suggest that it be constituted a travelling Fellowship. The incumbent would be required to inspect and report periodically on all schools aided by the Punjab University College unders the orders of the Executive Committee, and to compile or translate approved works.

Mr. Melvill thought that this proposition should be negatived, and that the McLeod-Kapurthala Fund should be, as at present, retained for the encouragement of Natural Sciences. It was not necessary to appoint a man to this Fellowship at once; the Senate could wait until some qualified person presented himself.

Messrs. Gulliver and Rattigan supported the rejection of the proposition.

The Officiating Registrar thought that the endowment should be filled up. The donation on which it was founded was given on the understanding that the University College would expend the proceeds in founding a Fellowship, and it was a trust which should be discharged.

Mr. Probyn thought that until the University College possessed students of its own qualified to take up the Fellowship on its present conditions regarding Natural Sciences, there would be no objections to allowing the money to accumulate.

Mr. Boulnois, Bái Múl Singh, and other members agreed with Mr. Melvill.

The amendment was carried accordingly, and the original proposition submitted by the Executive Committee was lost.

5. It appears that Lála Raghúnath Dás, a Translator in the service of H. H. the Mahárája of Kashmír, sent in a work on electricity, magnetism, and galvanism, entitled "Principles of Electricity and Magnetism," which was approved by the Executive Committee at the meeting held on the 19th June 1873, and was rewarded with two prizes of Rs. 250 each—one paid on 20th December 1873 and the other paid on 3rd November 1874.

6. The Readership was constituted in March 1877, it is not known precisely under what authority, but apparently under the general direction to fill up all existing Fellowships granted at the meeting of the Senate held on the 24th February 1877, No. 9, and Sayad Amír Shah, Licentiate in Medicine, then appointed, has held the office continuously from 15th March 1877 to 21st December 1885.

7. The money was actually received by the Trustee on the 22nd April 1871, and being then credited to the funded account was partly invested on the 30th May 1871, when Government 4 per cent. securities to the nominal value of Rs. 24,400 were purchased for this Trust at a cost of Rs. 24,194-10-10. A further investment was made on the 5th September 1871. Government 4 per cent. paper to the nominal value of Rs. 800 having been then purchased at a cost of Rs. 795-15-8. The invested capital of the Trust amounting thus to Government paper of the nominal value of Rs. 25,200 was purchased at a cost of Rs. 24,990-10-6.

The income from this investment has been credited to the current account from the dates of investment to the 31st December 1885, but with the exception of the payment of Rs. 500 referred to in para. 5 no charge was incurred in respect of this Trust until the 15th March 1877, the date from which the first Reader was nominated, and from which his salary was paid. The Trust therefore has an equitable claim to a refund of the interest upon the investment from the dates of investment to 15th March 1877, less the amount paid in the years 1873 and 1874 in discharge of the Trust (*see* para. 5 above). This refund would amount to Rs. 5,293-3-7. And as the Reader has received from the 16th March 1877 an annual salary of Rs. 1,000 only, whilst the income derived from the endowment amounted annually to Rs. 1,008, a refund of Rs. 8 per annum from 15th March 1877 up to 31st December 1885, or Rs. 70-6-4, is also necessary. An aggregate refund of Rs. 5,373-15-5 is requisite, of which Rs. 5,363-9-11 should come from the current account, and Rs. 9-5-6 from the funded account. In making these calculations I have not thought it necessary to charge any interest on the amounts annually misapplied to the current account. It will be a question for the decision of the Senate whether the refund shall be made to the funded account with or without interest.

No 5.—Mayo-Patiala Engineering Readership.

I can find no original papers regarding this Trust.

At the meeting held on 30th March 1872 the Senate was informed that H. H. the Mahárája of Patiála had offered to the Senate the sum of Rs 15,000 to found a Scholarship or Fellowship, to be styled the "Patiála-Mayo Scholarship or Fellowship," in memory of His Excellency the Right Hon'ble Richard Southwell Bourke, Earl of Mayo, K.P., Viceroy and Governor-General of India, who was assassinated at Port Blair on the 8th February 1872, and to be awarded to students who have a competent knowledge of English and of Arabic or Sanskrit, or can translate from English into Urdu, or *vice versă*. The Senate unanimously resolved by a formal Resolution at that meeting that His Highness's magnificent donation for the purpose above recited should be accepted with the best thanks of the Senate.

At a subsequent meeting held on the 29th March 1873 it was decided that—

"A surveying class be started in connection with the Oriental College, and that the Mayo-Patiála Fellow be required, in addition to his other duties, to teach surveying and drawing in the Oriental College."

And at the meeting of the Senate held on the 24th February 1877 the following was also sanctioned:—

The Executive Committee request sanction to their having restored the Pátiala-Mayo Fellowship to its original function, that of teaching surveying and drawing from its present application to the tuition of History and Geography; they suggest that the present incumbent be placed on the permanent establishment, and that his salary in the meanwhile be paid from savings.

2. The rules relating to Readers and Translators passed by the Senate at the meeting held on the 23rd February 1884, and sanctioned by Government in letter No. 182, dated 15th May 1884, prescribed that this Reader shall be required to lecture in surveying and drawing in the Oriental College, and to translate books on these subjects into the Vernacular under the supervision of the Syndicate.

The present conditions of the Trust were thus laid down by the Senate, and do not coincide with the conditions alleged to have been prescribed by the donor in the original communication to the Senate, so far as those conditions can be interpreted from the recital laid before the Senate at the meeting held on the 30th March 1872.

3. The Readership has been held by the following persons for the periods recorded opposite their names :—

Bhái Guláb Singh	... 24th October 1885	... 31st December 1885.

4. The amount of the donation was received by the Trustee on the 24th July 1872, and was then credited to the funded account. It was not, however, invested until the 9th September 1872, when Government 4 per cent. paper to the nominal value of Rs. 14,500 was purchased at a cost of Rs. 14,909-7-4, leaving out of the original donation Rs. 90-8-8 as a cash balance uninvested, which remains in the present balance of the funded account.

The income derived from this investment has invariably year by year from the commencement been credited to the current account, to which account has been charged the sums payable to the Reader in discharge of the Trust.

It has always been supposed that the invested capital of the Trust amounted to Rs. 15,000 Government 4 per cent. paper, producing an annual income of Rs. 600, and consequently a salary of Rs. 50 per mensem has been paid to the incumbents of this Readership, noted in para. 3, with the exception of Pandit Kaka Rám, to whom a salary of Rs. 25 per mensem only was paid.

I append a memorandum of the account of this Trust as it ought to have been kept—

No. 6—McLeod-Punjab Arabic Readership.

A movement among the Chiefs and other native inhabitants of the Punjab, originating during the autumn of 1870 in Lahore, for the establishment of some permanent memorial to Sir Donald Friell McLeod, K.C.S.I., C.B., who had ceased to be Lieutenant-Governor of the Punjab on the 1st June 1870, resulted in the collection of subscriptions, amounting with interest from the Agra Bank, where they were deposited, for the period between the date of collections and the date the collections were paid over to the Trustee, to an aggregate of Rs. 24,920-15-6, which sum was paid over on the 23rd December 1871 to the Trustee of the Punjab University College.

3. The Committee of subscribers to this movement having consulted Sir D. F. McLeod in regard to the disposal of the money thus collected, Sir Donald wrote, under date 10th November 1871, that he wished the fund subscribed in his honor to be devoted to the Lahore University College, and to be used by the Senate of that Institution in the establishment of a Fellowship tenable for a limitted period by a really competent person, who would engage to devote himself to the promotion of a really intelligent study of the Eastern classical tongues and the transfusion into the vernacular languages of the knowledge of the West.

4. A certified copy of Sir Donald F. McLeod's letter referred to is subjoined, together with a copy of the Government letter transmitting this communication to the University.

No. 469, dated Lahore, 21st December 1871.

From—C. M. RIVAZ, Esq., Offg. Under-Secretary to Government, Punjab,

To—Dr. G. W. LEITNER, Registrar, Punjab University College.

I am directed to forward the accompanying extracts of a letter addressed by Sir Donald McLeod to Colonel Eliott, Commissioner of Lahore, which contain an expression of his wishes regarding the application of the money subscribed to his memorial, and to request that you will communicate Sir Donald McLeod's wishes to the Senate of the Punjab University College.

Extracts from a demi-official letter, dated 10th November 1871.

From—Sir DONALD MCLEOD, K.C.S.I., C.B., late Lieutenant-Governor, Punjab,

To—Colonel W. R. ELIOTT, Offg. Commissioner and Superintendent, Lahore Division.

"The orphanage for native females of which you make mention has an object in view with which I cannot but warmly sympathise. But being of a general character, for which contributions are called for from the public at large, the addition to its funds of a subscription of a special character would hardly secure to the latter that speciality which its subscribers would probably desire, and which appears appropriate to the circumstances of the case.

"Those who, as you mention, have thought that I would wish the fund subscribed in my honor to be devoted to the Lahore University College have rightly interpreted my feelings on the object. My aim and desire is to promote to the utmost of my ability the cultivation of Eastern classical languages in combination with the learning and the ideas of the West, rather than to patronize any particular institution; but as I believe the above institution to afford the best means available at the present time for the attainment of this object, and as it is one with which I have been earnestly associated from the time that the project of establishing a University was first broached, there is none other which I regard as having the same claim upon me.

"There may be other objects as deserving of favor, but this is one which I fear suffers from a great want of general favor and appreciation; and it seems therefore all the more appropriate and right that the few who do regard it with deep interest should concentrate, as far as possible, all the means available to them for its promotion.

"It has appeared to me for a long time past that the best method open to us at the present time for promoting a really intelligent study of the Eastern classical tongues, and transfusion into the vernacular languages of the knowledge of the West by really competent persons, is the establishment of Fellowships yielding a handsome income, to be held for limited periods by persons engaging to devote themselves to this work during the period they may hold the post; and accordingly I should wish the sum collected in my honor to be devoted by the Senate to the establishment of such a Fellowship. The sum subscribed would yield, at 5 per cent., nearly Rs. 100 per mensem, and, as I do not think any Fellowship should be of less value than this, I trust the Senate may be able by some means or other to make the monthly amount up to the above sum. If necessary, I will myself gladly contribute towards the attainment of this end.

"This is not the first Fellowship that has been established, though I have heard nothing as yet of the results which have hitherto been secured; and I would avail myself of this opportunity of urging on the Senate that they make known far and wide, if this have not yet been done, that these Fellowships have been established and are available for all or any who will accept the terms. It is by no means necessary that the Fellows should belong to the Punjab, and I would deprecate any such limitation. Even if competent men should not be at once forthcoming the announcement should, I believe, stimulate many to endeavour to qualify themselves,—and this, I think, is what should be kept in view. I can hardly overstate the importance which I attach to this matter, and I only wish I should induce many others to think with me."

This letter was addressed to Colonel W. R. Eliott, then acting as Commissioner of the Lahore Division, through whom and his predecessor, Major W. G. Davies, the bulk of the subscriptions collected had been realized, and to whose keeping the money had been entrusted.

5. The request of the Government that Sir Donald McLeod's letter should be communicated to the Senate was apparently complied with, as may be gathered from the following extract from the proceedings of Senate Meeting held on the 30th December 1871:—

"Sir Donald's letter, annexed herewith, was then read to the Meeting. The income from the investment of his memorial, to be called the "Punjab-McLeod Fellowship," is Rs. 80 per mensem. Sir Donald wished in his letter that his Fellowship be raised at least to Rs. 100 per mensem. It was accordingly proposed that Rs. 300 be voted for eight months, *i. e.*, from the 1st of May 1872 to the end of the year.

"Carried."

I can find no further trace of any Senate Proceedings in regard to this Trust, except the Resolution passed by the Senate on the 30th November 1872, which is quoted under Article No. 3, para. 4.

6. The Readership has been held by the following persons for the period stated against each name:—

	From	*To*
Madan Gopal, M.A. ...	15th April 1873 ...	21st October 1874.
Badri Parsad, B.A. ...	17th February 1875 ...	18th March 1877.
Bishen Lal, Raizad, M.A. ...	19th March 1877 ...	7th December 1877.
Ishwar Dás, M.A. ...	8th December 1877 ...	31st May 1878.
Aya Rám, B.A. ...	1st June 1878 ...	5th January 1880.
Pírzáda Muhammad Husain	6th January 1880 ...	25th May 1884.
Muhammad Ashraf ...	26th May 1884 ...	15th October 1884.
Maulvi Inám Ali, B.A. ...	16th October 1884 ...	31st December 1885.

I find that Pírzáda Muhammad Husain, B.A., was appointed on probation from 6th January 1880, upon a salary of Rs. 50 per mensem, while the remainder of the salary, Rs. 50 per mensem, was given to one Bábu Panchanan Mukarji, who drew it up to 31st December 1880, from which date Pírzáda Muhammad Husain drew the full pay or Rs. 100 per mensem, until 25th May 1884. From 16th October 1884, Inám Ali performed the duties of this Readership, although drawing the salary of the Patiála Translator (No. 1 of this Report), Pandit Harkishan Dás, M.A., receiving the pay of this Readership, although performing the duties of the Patiála Translator, and this interchange of salaries and duties was continued up to 4th October 1885, when Pandit Harkishan Dás, M.A., left the Oriental College and Inám Ali was definitely appointed to this Readership.

7. This money was invested by the Trustee in two batches,—one batch consisting of Rs. 17,600, Government 4 per cent. paper having been purchased on the 6th January 1872, for Rs. 17,556, and the second batch consisting of Rs. 7,500, Government 4 per cent. paper having been purchased for Rs. 7,365-13-4 on the 6th April 1870. From this date the Trust has consisted and now ought to consist of Government 4 per cent. securities to the nominal value of Rs. 25,100, purchased for Rs. 24,921-13-4, a trifling deficiency of Re. 0-13-10 having been made up from the General Funded Account.

The income derived from this investment has been from the commencement, year by year, invariably credited to the Current Account, and consequently the Trust is clearly entitled to an augmentation in respect to the interest on the investment from the dates of investment to 31st August 1873, the date preceding that on which the Trust commenced to be discharged and from 22nd October 1874 to 17th February 1875, the period during which the Readership was vacant; while, on the other hand, a reduction should be made from the endowment of the Trust in respect to the salary paid to the several Readers in excess of the income arising from the investment. A salary of Rs. 100 per mensem has been invariably paid to the several Readers, whereas the income arising from the endowment has been only Rs. 1,004 per annum.

The amended account of the Trust should stand thus—

	Rs.	A.	P.
Difference between annual interest derived from Rs. 25,100 Government 4 per cent. paper and the salary paid to the Readers from 15th April 1873 to 31st December 1885, omitting period from 22nd October 1874 to 16th February 1875, when the Readership was vacant	2,428	12	8
Less interest at 4 per cent. per annum upon Rs. 17,600 Government paper from 7th January 1872 to 6th April 1872, and upon Rs. 25,100 from 7th April 1872 to 14th April 1873, and from 22nd October 1874 to 16th February 1875	1,525	9	10
Net amount paid in excess by the University ...	903	2	10

The orders of the Senate will be necessary for the adjustment of this excess and for the continuance of the present rate of salary paid to the Reader.

No 7.—Alfred-Nabha-Jind Scholarship.

In July 1870, His Highness the Rája of Nábha presented a donation of Rs. 5,000 for the foundation of a Scholarship in the Punjab University College in honor of the visit paid by His Royal Highness the Duke of Edinburgh to the Punjab during the early portion of that year. This donation was paid by His Highness the Rája to the Commissioner and Superintendent of the Umballa Division (Mr. J. W. Macnabb), and remitted by that official to the Secretary to Government, Punjab, by whom it was remitted to the Trustee of the Punjab University College, as advised in letter No. 431, dated 6th August 1870, from the Government to the Registrar, a certified copy of which is below printed.

(No. 1). No. 431, dated 6th August 1870.

From—T. H. THORNTON, Esquire, Secretary to Government, Punjab,

To—The Registrar, Punjab University College, Lahore.

No. 292, dated 18th July 1870, from Commissioner, Umballa. Reply to ditto, No. 429, dated 6th August 1870.

Forwards, for information, copy of correspondence noted in the margin, regarding the donation of the Rája of Nábha for the foundation of a scholarship in the Punjab University College, with intimation that the transfer receipt has been made over to the Trustee.

(ENCLOSURE). No. 292, dated 18th July 1870.

From—J. W. MACNABB, Esquire, Offg. Commissioner and Superintendent, Umballa Division,

To—The Secretary to Government, Punjab.

Forwards the enclosed receipted remittance transfer receipt for Rs. 17,000, paid into the Umballa Treasury by the Rája of Nábha on account of donations as follows:—

	Rs.
1. Donation to the Lahore University	12,000
2. Donation towards the foundation of a scholarship in the Lahore University in honor of His Royal Highness the Duke of Edinburgh	5,000

(ENCLOSURE). No. 429, dated 6th August 1870.

From—T. H. THORNTON, Esquire, Secretary to Government, Punjab,
To—The Offg. Commissioner and Superintendent, Umballa Division.

I am desired by the Hon'ble the Lieutenant-Governor to acknowledge the receipt of your letter No. 292, dated 18th July, forwarding transfer receipt for Rs. 17,000, the amount paid into the Umballa Treasury by the Rája of Nábha on account of—

	Rs.
1. Donation to Punjab University College	12,000
2. Donation towards the foundation of a scholarship in Punjab University College in honor of His Royal Highness the Duke of Edinburgh ...	5,000

A *kharita* is enclosed for transmission to the Rája, together with copy for record in your own office.

2. During the month of June 1870, a donation of Rs. 5,000 was presented to the Commissioner and Superintendent, Umballa Division (Mr. J. W. Macnabb), by His Highness the Rája of Jínd for the foundation of a scholarship in the Lahore University College in honor of His Royal Highness the Duke of Edinburgh's visit to the Punjab in 1870. This donation was remitted by the Commissioner to the Government, as advised in his letter No. 237, dated 8th June 1870, and was by the Government handed over to the Trustee of the Punjab University College, by letter No. 318, dated 15th June 1870, below printed.

(No. 2). No. 317, dated Lahore, 15th June 1870.

From—LEPEL H. GRIFFIN, Esq., Under-Secretary to Government, Punjab,
To—The Offg. Commissioner and Superintendent, Umballa Division.

I am desired by the Hon'ble the Lieutenant-Governor to acknowledge the receipt of your letter No. 237, of the 18th June, forwarding remittance transfer receipt for Rs. 5,000, being a donation of the Rája of Jínd for the foundation of a scholarship in Lahore University College in honor of His Royal Highness the Duke of Edinburgh's visit to the Punjab. A *kharita* is enclosed for transmission to the Rája, together with a copy for record in your office.

No. 318.

Copy of Commissioner's letter to L. C. Pro'yn, Esq., Trustee, Lahore University College, with its accompanying transfer receipt for Rs. 5,000.

No. 319.

Copy of above forwarded to Dr. G. W. Leitner, PH.D., M.A., Registrar, Lahore University College, for information. The money has been made over to the Trustee.

3. The Senate, by a Resolution passed at the Meeting held on the 4th July 1870, determined—

"5. That the interest of the donation of the Rája of Jínd, amounting to Rs. 5,000, together with the Government grant on such interest, be devoted to Sanskrit Scholarships, to be called "Alfred-Jínd Scholarships," and be dealt with on the same principle as the "Alfred-Baháwalpur Scholarships."

"RESOLVED—That these proposals be considered after the consent of the donors had been obtained. The proposals might be affected by the Resolution that may be arrived at regarding Proposal I (the donation, Rs. 20,000, by the Mahárája of Patiála) for a joint "Alfred-Phulkian Fellowship."

And the Executive Committee in the report on the Budget for 1871 made the following proposal:—

Extract from Budget Report for 1871, *page* 19.

One Scholarship will be given to the first man of the year who may pass the Entrance Examination of the University College, and who undertakes to study at least for the First Arts Examination at this College.

The Scholarship will be tenable for two years. It is proposed to give only one Scholarship the first year and to allot the other the following year, by which arrangement there will in future always be a vacant Scholarship available for the best man who may pass in the Entrance Examination of any one year.

which appears to have been accepted by the Senate at the Meeting held on the 26th December 1870.

4. The following is a true extract from the Proceedings of the Senate Meeting held on 20th January 1872, which forms the only other reference to the Trust.

VII.—(1 b)—The Nabha Scholarship was passed, and Rs. 192 entered in the column of expenditure instead of Rs. 16.

4. The Scholarship has been awarded to the following persons :—

Achhru Rám	1874
Sri Rám	1875
Sardár Gurdial Singh	1876
Muhammad Shafi	1878
Jya Rám	1879
Prabhu Dial	1880
Chetan Anand	1881
Raila Rám	1882
Gopál Dás	1883
Ahmad Dín	1884
Múl Chand	1885

But the accounts show that the Scholarship was awarded from March 1872, although the names of the recipients cannot be traced, and that the Scholarship was drawn in 1872 and 1873.

5. The donation of Rs. 5,000 from H. H. the Rája of Jínd reached the Trustee on the 21st June 1870, that from H. H. the Rája of Nabha on the 23rd August 1870, both sums having been on the date of receipt credited to the Funded Account. The former sum was invested on the 4th July 1870, when Government 4 per cent. paper to the nominal value of Rs. 5,100 was purchased at a cost of Rs. 4,990-14-4, and the latter was invested on the 13th September 1870, when Government 4 per cent. paper to the nominal value of Rs. 5,100 was purchased at a cost of Rs. 4,965-14-6.

The endowment should have, from the 14th September 1870, consisted therefore of Government 4 per cent. paper to the nominal value of Rs. 10,200 purchased at a cost of Rs. 9,956-12-10. The income annually derived from this investment has been invariably credited to the Current Account, and as the trust was not discharged until some date in the year 1872, as the scholarship endowed from this Trust was not awarded in 1877, and as the income arising from the investment has every year actually, though occasionally perhaps only by a small sum, exceeded the amount paid away in discharge of the Trust, the Trust is entitled to an augmentation, and this augmentation must be carried out at the expense of the Current Account, to which the income and savings above detailed were credited. It is not yet possible to state what the augmentation should be, owing to the confusion in which the payments in discharge of scholarships were recorded in the accounts.

No. 8.—Bahawalpur Arabic Scholarship.

During the month of May 1870, at the request of H. H. the Nawáb of Baháwalpur, Major C. C. Minchin, then Political Agent and Superintendent of the Baháwulpur State, placed at the disposal of the Government a sum of Rs. 25,000, to be expended in such a way as would commemorate both the visit of H. R. H. the Duke of Edinburgh to the Punjab and the Nawáb's first visit to Lahore. Of this donation Rs. 15,000 were handed over to the Commissioner of the Lahore Division for the construction of a memorial drinking fountain or tank in Anarkali, and Rs. 10,000 were paid to the Trustee of the Lahore University College for investment, although the Nawáb, on the 30th August 1870, objected "against the investment of the money on interest," and suggested "that the sum be laid out in carrying on some trade, and the profits arising therefrom be expended in encouraging the study of Arabic."

2. The only documents on record in the Registrar's office regarding this Scholarship are two letters from the Government, of which certified copies are printed below :—

(No. 1.) No. 707, dated Murree, 17th June 1870.

From—T. H. THORNTON, Esquire, D.C.L., Secretary to Government, Punjab,

To—L. C. PROBYN, Esquire, Trustee, Lahore University College.

I am desired by the Hon'ble the Lieutenant-Governor to forward Rs. 10,000, a donation made to the Lahore University College by His Highness the Nawáb of Baháwalpur, in commemoration of the visit of His Royal Highness the Duke of Edinburgh to Lahore; and am to request that the amount may be invested in Government securities.

(No. 2.) No. 708, dated Murree, 17th June 1870,

From—T. H. THORNTON, Esq., D.C.L., Secretary to Government, Punjab.

To—G. W. LEITNER, Esq., Ph.D., M.A., Registrar, Lahore University College,

I am desired by the Hon'ble the Lieutenant-Governor to inform you that His Highness the Nawáb of Baháwalpur has given a donation of Rs. 10,000 to the Lahore University College in commemoration of the visit of His Royal Highness the Duke of Edinburgh to Lahore.

The amount has been made over to the Trustee, and the liberality of His Highness has been acknowledged by this Government; but His Honor suggests that the thanks of the Senate might be also appropriately conveyed to His Highness.

And the following translation of a letter from the Nawáb's Minister to the then Registrar (Dr. G. W. Leitner) :—

(No. 3.) Dated 30th August 1870.

From—His Highness the Nawáb of Baháwalpur,

To—Dr. G. W. LEITNER.

I received your letter in which you state that in the Darbár of 4th July 1870 it was made known to every member of the Committee and other gentlemen present that I intended to give a donation of Rs. 10,000 in honor of the visit of His Royal Highness Prince Alfred, the Duke of Edinburgh, to the University College, and it was planned that the interest arising from the investment of this sum should be expended in encouraging the Arabic education and in giving scholarships to the students reading Arabic; and that the donation be called "Alfred-Baháwalpur Donation," for this would commemorate both names; but that if this plan were not approved, then any other in this place, or the same with any modification thought necessary, should be suggested in order that steps should be taken according to it. In reply, I tell you that I approve of the plan of expending the income in encouraging the study of Arabic language and sciences, as also the name "Alfred-Baháwalpur Donation;" but I have objection against the investment of the money on interest, and suggest that the sum be laid out in carrying on some trade, and the profit arising therefrom be expended in encouraging the study of Arabic.

(*Seal of the Nawáb*)

3. The correspondence below printed has been furnished to me by the Commissioner of the Lahore Division :—

(No. 4.) No. 30, dated Baháwalpur, 14th May 1870.

From—Major C. C. MINCHIN, Political Agent and Superintendent, Baháwalpur State,

To—The Secretary to Government, Punjab.

His Highness the Nawáb of Baháwalpur on the occasion of his late visit to Lahore requested me to place the sum of Rs. 25,000 at the disposal of Government, to be expended in such a way as would both commemorate His Royal Highness the Duke of Edinburgh's visit to the Punjab and the Nawáb's visit for the first time to Lahore.

I beg to suggest, for the consideration of Government, that the sum of Rs. 10,000 should be presented as a donation to the Lahore University, and that Rs. 15,000 should be expended in constructing a drinking fountain or tank in some central situation in Anarkali, for instance, in the neighbourhood of the Museum or at Charing Cross, with an inscription in English and Urdu that the fountain or tank had been erected by His Highness the Nawáb of Baháwalpur to commemorate the visit of His Royal Highness the Duke of Edinburgh to the Punjab.

If this proposal is sanctioned by Government, I would further suggest that the Deputy Commissioner of Lahore be asked to undertake the work, the design and site to be approved by the Lahore Municipality.

I have paid the amount into the Lodhrán Tahsíl, and have requested the Deputy Commissioner of Mooltan to remit the amount to your order by a transfer receipt on the Bengal Bank, Lahore.

4. Neither the Nawáb nor Major Minchin appear thus to have expressed any decidedly specific wish regarding the disposal of the portion of the donation made over to the Trustee of the Lahore University College, and consequently the Senate, at the Meeting held on the 4th July 1870, considered certain proposals put forward by the Executive Committee for the disposal of this donation, and passed a Resolution thereupon to postpone all further consideration of the proposal until the wishes of the donor had been expressed.

The following is a record of these proceedings :—

"4. That the interest doubled by the Government grant of the Bahawalpur Donation (amounting to Rs. 10,000,) which has been given in honor of the Duke of Edinburgh, be devoted to founding the 'Alfred-Bahawalpur Scholarships.' The scholarships to be of the amount of Rs. 10 per mensem each, to be awarded to the successful candidates in the Arabic Examination of next year. Details to be settled by Senate, and to be tenable at the Oriental School."

The equivalent interest from the Government has not been devoted to doubling the interest of donations 4 and 5, but has been allotted to the *general purposes* for the Institution, as preferred by His Honor in his No. 534, dated 23rd September 1870, para. 3.—G. W. L.

"RESOLVED—That these proposals be considered after the consent of the donors had been obtained. The proposals might be affected by the Resolution that may be arrived at, regarding Proposal I. (the donation of Rs. 20,000 by the Mahárája of Patiala) for a joint "Alfred-Phulkian Fellowship."

5. The Executive Committee in the comments upon the Budget for 1871, submitted to the Senate at the Meeting held on the 26th December 1870, made the following proposal: —

"*Baháwalpur Scholarship of Rs.* 33 *per mensem.*—To be given for one year to the man who stands first in the highest Arabic Examination of the year. His duties will be the editing and compilation of Arabic books under the direction of the Senate."

And this proposal seems to have been sanctioned though never carried out, inasmuch as, so far as I can ascertain, the scholar was principally employed as a member of the teaching staff of the Oriental College.

6. The value of the Scholarship has been hitherto considered to be Rs. 33 per mensem or Rs. 396 per annum, and it should be given for one year to the man who stands first in the

highest Arabic Examination of the Punjab University. The Scholarship has been awarded to the following persons :—

Ghulam Murtaza	1872
Maulvi Abdul Hakim	1873
Maulvi Muhammad Din	1874
Ghulam Murtaza	1875
Sayad Abid Husain	1878
Sadr-ud-din	1879
Mian Ahma	1880
Muhammad Din	1882
Abdul Azíz	1883
Imám-ud-dín	1884
Rashíd Ahmad	1885

7. The money was actually received by the Trustee on the 23rd June 1870, and was invested on the 11th July following, when Government four per cent. paper to the nominal value of Rs. 10,200 was purchased for Rs. 9,982-3-2.

8. The Trust now therefore possesses invested capital to the nominal value of Rs. 10,200, held in four per cent. Government securities, and the annual income derived from this investment has invariably been credited to the Current Account. A considerable augmentation to this benefaction from the Current Account seems to be due in respect (1) to the income arising from the endowment from the date of investment, *viz.*, 11th July 1870 to the 1st November 1872, when the Punjab University College commenced to discharge the Trust; (2) to the income arising from the endowment during the years 1876, 1877 and 1881, when the Scholarship was not awarded; and (3) the ordinary income having been always in excess of the ordinary expenditure, to the difference between the income realized and the amount expended in the discharge of the Trust. I have not yet been able to ascertain what these sums amount to owing to the difficulty of tracing in the accounts the actual payments made to the several holders of the Scholarship, some of the vouchers and bills having been mislaid, and some being manifestly incorrect.

No. 9.—Amritsar-McLeod Memorial Scholarship.

The only document in existence relative to this endowment is the one of which the following is a certified copy :—

No 1624, dated Amritsar, 10th November 1871.

From—A. E. HEATH, Esquire, Extra Assistant Commissioner, Amritsar,

To—R. TAYLOR, Esquire, Trustee of the Punjab University.

Having received a letter from Dr. Leitner, Registrar of the Punjab University, informing me that you are the Trustee of the institution, I would beg in consequence to notify to you that there is a sum of Rs. 1,922-10-0 ready to be placed to the credit of the University.

This sum was subscribed by various gentlemen in the Amritsar District, and was intended to go towards the endowment of a Scholarship founded in honor of Sir Donald McLeod to be held by a boy either of the Amritsar District or of the Amritsar School, which would be awarded according to the result of examination of the Punjab University College in the same manner as the Scholarships given by that body to Anglo-Vernacular studies to be tenable in the Lahore Government College.

This was the general plan.

The money is now ready, and I would invite your instructions with regard to its disposal as the Trustee of the University.

N.B.—The letter is countersigned by Colonel C. H. Hall, Deputy Commissioner of the Amritsar District.

2. The money, Rs. 1,922, was actually received by the Trustee on the 24th November 1871, and was invested on the 6th January 1872, when Government 4 per cent. securities to the nominal value of Rs. 1,900, were purchased at a cost of Rs. 1,895-4-0, the small balance of Rs. 26-12-0 remaining as a balance from the amount received.

3. The interest from this endowment has been from first to last credited to and expended in the Current Account. No action appears to have been taken to apply the income realized year after year from this investment to the purposes for which it was designed, until the general enquiry instituted by the Finance Committee appointed by the Senate at the Meeting held on the 30th April 1885, to consider and report upon the financial position of the University.

In consequence of the report of that Committee, the Syndicate, at the Meeting held on the 30th October 1885, nominated a Sub-Committee to frame proposals (amongst others) respecting this Trust; and this Sub-Committee submitted the following report thereupon :—

(e).—With reference to the portion of the postscript referring to the Amritsar-McLeod Memorial Fund, assuming that the amount was received by the 1st January 1872, the letter to the Trustee being dated in the previous November, our proposal is, that the Current Account make good the interest for 14 years, ending the 31st December 1885, at Rs. 4 per cent. per annum, amounting to Rs. 1,076-10-8, (or, adding a few annas which would bring up the total of the Endowment to Rs. 3,000, Rs. 1,077-6-0), that Rs. 3,000 of the investment of the General Funded Account be then converted into a separate Promissory Note representing this Trust, and that an Amritsar-McLeod Scholarship of Rs. 10 be then funded in the Lahore Government College, tenable by a boy of the Amritsar District, or from the Amritsar District School, though not belonging to that district. The Syndicate should, of course, add proposals as to the examination at which this Scholarship should be awarded, and the term for which it should be tenable, it being understood that only one such Scholarship can exist at a time.

At the Meeting of the Senate held on the 30th November 1885, it was determined that these proposals of the Sub-Committee regarding the Amritsar-McLeod Memorial Fund should be accepted and acted upon, and that a Scholarship of Rs. 5 per mensem, tenable for two years at the Lahore Government College, be awarded to that boy of the Amritsar District or from the Amritsar District School, who stands highest in the Entrance Examination of the Arts Faculty, and has not obtained a Scholarship of greater value.

5. Adapting these directions to the facts which have become known in the course of my enquiry, the sum of Rs. 1,084-5-1, representing simple interest upon the investment from 24th November 1871 to 31st December 1885, should be credited to this Trust from the Current Account, and this sum, together with the small balance uninvested in January 1872, should be expended in the purchase of Government four per cent. paper to the nominal value of Rs. 1,100 which, with the securities already purchased, makes up the investment of Rs. 3,000 fixed by the Senate in the above-quoted Resolution.

No. 10.—The Fuller Exhibition.

In October 1874 the *Committee of the subscribers to the Memorial in honor of Major* Abraham Richard Fuller, B.A., *Director of Public Instruction, Punjab, who lost his life by a* sudden accident on the 21st August 1867, repeated an offer previously made to make over to the Senate a sum of Rs. 11,709-9-2 with a view—(1) to the application of Rs. 1,383-5-0 either to augment the endowment of any existing Fellowship, or to found an annual prize (medal or books); and (2) to the investment of the remainder, or Rs. 10,326-4-2, the proceeds of which should be applied to the foundation of a Fellowship or Scholarship, to be called the Fuller Fellowship or Scholarship, and to be tenable for one year by that student of any of the Punjab Colleges who shall obtain the highest place in the B.A. Examination of the Calcutta University or the corresponding examination of the Punjab University College, and shall continue his studies for the next higher examination.

2. A certified copy of the letter from the Secretary of the Committee, dated 14th October 1874, in which this offer was made, and which constitutes the sole record on the subject, is here printed :—

Dated Lahore, 14th October 1874.

From—C. W. W. ALEXANDER, Esquire, B.A., Secretary to Fellowship Endowment Committee,

To—E. W. PARKER, Esquire, Offg. Registrar, Punjab University College.

With reference to former correspondence regarding the offer made by this Committee to make over to the Senate the funds at their disposal for the purpose of founding a Fuller Fellowship or Scholarship in connection with the Punjab University College, I have the honor to inform you of the decision at which the Committee have arrived.

2. The Committee having carefully considered the objections raised by some of the subscribers to the Fellowship Fund to the proposed application of the fund, are of opinion that those objections are unfounded. The manner in which they proposed to dispose of the subscriptions to the fund is strictly in accordance with the conditions on which the subscriptions were solicited and obtained, and the Committee would therefore be fully justified in adhering closely to their original proposal. In order, however, to obviate any possible objections on the part of certain subscribers, they have resolved so far to modify their former proposal as to place such of the subscriptions, amounting to Rs. 1,383-5-0, in regard to the intentions of the donors of which there can be any doubt at the disposal of the Senate, with a view to its application either (1) to augment the endowment of any existing Fellowship, or (2) to found an annual prize (medal or books). The remainder of the sum at their disposal, Rs. 10,326-4-2, they now again offer for the acceptance of the Senate on the same conditions as before, *viz.*, that the amount be invested, and the proceeds applied to the foundation of a Fellowship or Scholarship, to be called the Fuller Fellowship or Scholarship, and to be tenable for one year by that student of any of the Punjab Colleges who shall obtain the highest place in the B.A. Examination of the Calcutta University, or the corresponding examination of the Punjab University College, and shall continue his studies for the next higher examination.

3. The proceedings of the two Meetings held respectively on the 31st October 1874 and the 29th May 1875, at which the Senate accepted the proposal, are subjoined :—

Extract from Senate Proceedings, dated 31st October 1874.

Proposition VIII. had been circulated with supplementary notice of Meeting under date the 16th October 1874. It contained a printed letter from Mr. Alexander, Secretary to the Fuller Endowment Committee, offering to make over to the Senate the sum of Rs. 10,326-4-2 for the foundation of a Fellowship or Scholarship, and Rs. 1,383-5-0 to be founded and combined with any existing Fellowship or Scholarship. The former was to be subject to the condition that it should be awarded to the best student of the High Proficiency in Arts Examination of the Punjab University College, who should continue his studies for the next highest Arts Examination.

The Officiating Registrar pointed out that at present the High Proficiency in Arts Examination was the highest Arts Examination held by the Punjab University College, but there should be no difficulty in originating an Honors Examination for which the scholarship-holder might prepare when required. He also drew attention to the fact that an offer in similar terms had been made by the Committee in 1872, and had been discussed by the Senate in its Proceedings No. 9, dated 30th March 1872.

Colonel Young proposed that the offer be accepted in the terms of Executive Committee's proposition. It was accordingly unanimously resolved that the Senate accept with sincere thanks the donation of Rs. 1,383-5-0 and 10,326 4-0, respectively, referred to in paragraph 2 of the letter from the Secretary to the Fuller Endowment Committee, on the conditions specified—

The sums will be funded and early arrangements will be made to give effect to the wishes of the donors.

The Scholarship which will be founded shall be called the *Fuller Exhibition.*

Extract from Senate Proceedings of the 29th May 1875, Appendix II.

" THE FULLER EXHIBITION."

This endowment was founded under a Resolution of the Senate No. 9, dated 31st October 1874. The Fuller Endowment Committee made over to the Senate the sum of Rs. 11,709-9-2, of which Rs. 10,326-4-2 were to be devoted to founding a Scholarship, and Rs. 1,383-5-0 were to be combined with some existing Fellowship or Scholarship.

The Senate, in accepting the donation, directed that Rs. 10,326-4-2 should be funded, and a Scholarship, called the Fuller Exhibition, founded, the holder of the Exhibition drawing Rs. 420 per annum.

4. The original condition thus was that the Fuller Exhibition should be awarded to the best student at the High Proficiency in Arts Examination of each year, in which English was a compulsory subject, who shall continue his studies for the Honors in Arts Examination to be held in the following year : and it is thus tenable for one year. Adapting this condition to the present circumstances of the University, the Exhibition should be awarded to the successful candidate who stands highest at the B. A. Examination, and who continues his studies with a view to obtaining the M. A. degree.

5. The money thus accepted was actually paid to the Trustee on the 3rd December 1874, and the whole of it was at once invested by the Trustee, who, on the 16th December 1874, purchased Government four per cent. paper, to the nominal value of Rs. 11,400 at a cost of Rs. 11,713-5-0, a sum slightly in excess of the amount made over by the Committee, such excess having been paid from the general balance at credit of the Funded Account. The annual income derived from this investment is Rs. 456, and this income is subject to an annual charge of Rs. 55-5-3, which represents the annual interest at four per cent. upon the sum of Rs. 1,383-5-0 set aside for the benefit of the Alexandra Reader,—*see* special Trust No. 2.

6. The Exhibition has been awarded to, and has been enjoyed by, the following graduates for the following periods :—

		From		*To*
Múl Ráj	...	1st January 1875	...	31st December 1875.
Iswar Dás	...	1st January 1876	...	31st December 1876.
Lál Chand	...	1st January 1877	...	31st July 1878.
Narayan Dás	...	1st October 1878	...	30th November 1879.
Muhammad Husain and Chuni Lál.	}	1st January 1880	...	31st December 1880.
Umrao Singh	...	1st January 1881	...	30th June 1882.
Abdul Azíz, B.O.L.	...	1st October 1882	...	30th September 1883.
Maya Rám, B. A.	...	1st October 1883	...	30th June 1884.
Ruchi Rám, B.A.	...	1st July 1884	...	30th September 1885.
Guru Datta, B.A.	...	1st October 1885	...	31st December 1885.

It is necessary to mention (1) that the division of the Exhibition in 1880 was wholly unauthorized and irregular,—Chuni Lál, in whose behalf this division was apparently made, having passed *third* at the High Proficiency in Arts Examination in 1878, while Muhammad Husain passed highest at that Examination in 1879; and (2) that Abdul Azíz, *alias* Harwa Rai, by whom the Exhibition was held from 1st October 1882 to 30th September 1883, was not eligible for it, inasmuch as he passed the High Proficiency in Arts Examination in 1882 on the Oriental side, in which English did not form a subject for examination. The candidate to whom it should have been awarded in 1882 was Rám Prásad.

7. The Trust now still possesses Government four per cent. securities to the nominal value of Rs. 11,400, which produce an annual income of Rs. 456, of which, however, Rs. 55-5-3 should be considered as annually appropriated for the augmentation of the income derived from the Alexandra Trust.

The interest derived annually from this investment has been year after year credited to the Current Account, and the rate at which the schoaarship has been usually paid to the scholars has been Rs. 35 per mensem, or Rs. 420 per annum. It is not yet possible to ascertain the amount actually paid in each year to each of the scholars above named, and until this information is obtained, it is not possible to say if the payments in discharge of the Trust have fallen short of, or have exceeded, the income received. This will be settled as soon as possible.

But as the accounts of each Trust must, under the new Financial Rules, be separately kept, it is very desirable that the annual charge upon the income from this Endowment in favour of the Alexandra Trust, should be capitalized, and the amount capitalized transferred wholly to the Alexandra Trust Endowment.

The orders of the Senate will be necessary hereafter on this point and for the future regulation of the income.

No. 11.—Jind Gurmukhi Scholarship.

Early in January 1881, His Highness the Rája of Jind paid a sum of Rs. 5,000 into the Rohtak Treasury, as a donation to the Punjab University College. This donation was remitted to Lahore, and having been received by the Trustee on the 26th January, was credited to the Funded Account.

2. The following is a certified copy of the only document on record in the University office referring to this Trust :—

(No. 1.) No. 195, dated 15th January 1881.

From—W. M. YOUNG, Esquire, Secretary to Government, Punjab,

To—The Registrar, Punjab University College, Lahore.

I am desired to intimate that His Highness the Rája of Jind has made a donation of Rs. 5,000 to the Punjab University College for support of the Gurmukhi Section of the University College.

The Deputy Commissioner, Rohtak, has been instructed, through Commissioner, to receive the amount on tender, and the Accountant-General has been informed.

3. The only reference to this Trust in the recorded proceedings of the Meetings of the Senate is here extracted :—

Extract from Senate Proceedings dated 29th January 1881.

"4. The Senate in congratulating the Institution on the financial and general progress made in the year 1880, then proceeded to pass the following vote of thanks :—

* * * * *

"4. To His Highness the Rája of Jind for a sum of Rs. 5,000 for the Gurmukhi Section of the Oriental College."

4. The following are certified copies of correspondence bearing on the same subject placed at my disposal by the Accountant-General. The two former are on record in the University Office :—

(No. 2.) No. 49, dated 28th January 1881.

From—L. W. KING, Esquire, Assistant Commissioner, Rohtak,

To—The Principal, Government College, Lahore.

In reply to his No. 15, dated 26th instant, informs him that, in accordance with Accountant-General's docket No. 1109, dated 24th instant, copy of which is herewith enclosed, the amount has been credited in the Cash Account of the current month.

(ENCLOSURE.) No. 1109, dated 24th January 1881.

From—The Accountant-General, Punjab,

To—The Deputy Commissioner, Rohtak.

With reference to paragraph 3 of my No. 816 G. D., dated 18th current, I have the honor to request that the sum of Rs. 5,000, received from Jind officials should be distinctly credited in your Cash Account for the current month.

(No. 3.) No. 52, dated 28th January 1881.

From—L. W. KING, Esquire, Assistant Commissioner, Rohtak,

To—The Accountant-General, Punjab.

In reply to his No. 1109, dated 24th instant, informs him that the sum of Rs. 5,000 has this day been credited in the Cash Account as directed.

2. Forwards copy of a docket No. 15, dated 26th instant, from the Principal of the Government College, Lahore, requesting the money to be sent to him, and solicits instructions on the point.

(ENCLOSURE.) No. 15, dated 26th January 1881.

From—Dr. G. W. LEITNER, Principal of the Government College, Lahore,

To—The Assistant Commissioner, Rohtak.

In reply to his No. 34, dated 22nd January 1881, has the honor to inform him that the best course would be to send the amount of Rs. 5,000 to the Registrar of the Punjab University College, with instructions to place it to the credit of that Institution, as an advance subscription for the next ten years, on condition that Rs. 600 be spent annually by the University College on scholarships to students of Gurmukhi who have passed the Budhimán and Widwán Examinations, respectively, and are continuing their studies at the Oriental College, the only Institution at which a class has been formed for the instruction of Bháis, both in Panjabi literature and in branches of general knowledge. The scholars may appropriately be called Jind Budhimán or Jind Widwán Scholars, respectively.

(No. 4.) No. 1618, dated 2nd February 1881.

From— The Accountant-General, Punjab,

To—The Deputy Commissioner, Rohtak.

In reply to para. 2 of your No. 52, dated the 28th January, I have the honor to state that it is not necessary for the sum of Rs. 5,000 to be remitted to the Registrar, Punjab University College. A cheque has already been issued to the Agent, Bank of Bengal, Lahore, with a request that the sum of Rs. 5,000 should be charged to Government by credit to Punjab University College account.

5. This donation having been, as above stated, credited to the Funded Account on the 26th January 1881, was not invested by the Trustee until 12th April 1882, when Government four per cent. paper, to the nominal value of Rs. 4,800, was purchased, at a cost of Rs. 4,971-12-0, leaving Rs. 28-4-0 as a cash balance in the Funded Account. The interest annually arising from this investment is Rs. 192, and this amount has been always credited upon realization to the Current Account—certain scholarships having been charged to the current Account *per contra*. Practically the income from this Trust has been added to the income arising from the Trust next described, No. 12, and from the Special Trust No. 31, and the account of the three Trusts combined, from the dates of investment to 31st December 1885, is stated under No. 12.

No. 12.—Patiala Gurmukhi Scholarship.

1. The only paper on record is that of which the following is a certified copy :—

(No. 1.) No. 3271, dated Lahore, 12th September 1881.

From—W. M. YOUNG, Esquire, Secretary to Government, Punjab,

To—The Registrar, Punjab University College, Lahore.

I am desired to forward, for the information of the Senate, the accompanying copy of a letter, with translation, dated 10th August 1881, from the Mahárája of Patiála, intimating that His Highness has made a donation of Rs. 25,000 to the Punjab University College, to be utilized on certain objects indicated by His Highness.

2. This handsome donation will be paid into the Umballa Treasury. His Honor the Lieutenant-Governor considers that the amount should be invested in Government securities, and the interest applied strictly to the purposes for which the subscription has been given.

(ENCLOSURE). Translation of a letter dated 10th August 1881.

From—His Highness the Mahárája of Patiála,

To—The Secretary to Government, Punjab.

After compliments.—In commemoration of my first visit to Lahore, on the occasion of the Viceregal Darbár held there in November last, I promised to subscribe Rs. 25,000, for the public benefit, to the Punjab University College funds. I wish that this sum may be utilized in the following manner :—

The interest of Rs. 10,000 should be spent on Gurmukhi teaching and scholarships, while the interest on Rs. 5,000 should be given to the students who may pass the Gyáni Examination in that language, as scholarships; but so long as there are no such students the money should be given in scholarships to the Gurmukhi students, and that the interest on the remaining sum of Rs. 10,000 should be utilized for the general benefit of the College.

It is my desire that the scholarships should be named after me in commemoration of my first visit to Lahore on the occasion of the recent Viceregal Darbár.

I therefore beg that you may be pleased to inform the Punjab University College authorities of my wishes, and to direct the officer in charge of the Umballa Treasury to receive the sum of Rs. 25,000 from the Patiála authorities, and credit it to the Punjab University College accounts.

2. The Senate, at the Meeting held on the 29th January 1881, had passed a vote of thanks to the Mahárája for the donation in the following terms :—

Extract from Senate Proceedings, dated 29th January 1881.

"4. The Senate, in congratulating the institution on the financial and general progress made in the year 1880, then proceeded to pass the following vote of thanks."

* * * * * * * *

"3. To the Regency of the Patiála State for the offer of a donation of Rs. 25,000 on the occasion of the presentation of an address to His Excellency the Viceroy (the Marquis of Ripon), which will be found appended to these proceedings."

But no effective plan was laid down for the utilization of the income to the purposes indicated by the Patiála Regency.

3. The money was actually paid to the Trustee on the 7th December 1881, and the portion, Rs. 15,000, belonging to this Trust, was invested by him on the 12th April 1882, when Government four per cent. paper of the nominal value of Rs. 14,400 was purchased for Rs. 14,915-4-0.

4. The annual interest arising from this investment has been Rs. 576, and it has been hitherto credited to the Current Account, the expenditure upon Gurmukhi teaching and scholarships having been charged to the same account.

The following account shows how the income arising from this, the preceding Trust, and Trust No. 31 combined, which practically, under the arrangement stated in paragraph 5, form one Trust, has been disposed of :—

	Rs. A. P.
(1). Interest from the Patiála Special Endowment, from 12th April 1882 to 31st December 1885, at Rs. 576 per annum	2,144 9 9
(2). Interest from the Jínd Special Endowment (Special Trust No. 11), from 12th April 1882 to 31st December 1885, at Rs. 192 per annum	714 13 11
(3). Subscription from His Highness the Rája of Nábha for the three years, 1883, 1884 and 1885 (Special Trust No. 31)	600 0 0
Total ...	3,459 7 8

The expenditure upon Gurmukhi teaching and scholarships during the three years ending 1st December 1885 has been as below stated :—

			Rs. A. P.	
Gurmukhi Teaching	...	1883	... 580 0 0	
Ditto	...	1884	... 600 0 0	
Ditto	...	1885	... 479 14 2

		Total	... ...	3,485 5 11

5. The Senate, by Resolution No. 34, passed at the Meeting held on the 30th November 1885, decided " that the proposals of the Sub-Committee regarding the Gurmukhi endowments be accepted and acted upon—*vide* paragraph 32, Report of Financial Committee," and the proposals of the Sub-Committee in question were as below extracted :—

(*a*).—As regards the Patiála. Jínd and Nábha Scholarships, referred to in paragraph 32 of the Report, though only a portion of the Patiála donation (Rs. 5,000) was given for scholarships only, the remaining Rs. 10,000 being available either for teaching or for scholarships, and the Jínd donation and Nábha annual subscription are not limited to scholarships, still. as the Senate, by its Budget for 1883 and 1884, showed its intention to apply the interest of Rs. 10,000 of the Patiála donation, and the whole of the income of the Jínd endowment, together with the Nábha subscription, to scholarships, it will probably be considered most appropriate to regard only Rs. 200, the interest of the remaining Rs. 5,000 of the Patiála endowment, as having been spent on the teaching staff in those years. If this view be accepted, Rs. 600 were available for Patiála and Jínd scholarships in 1883, and Rs. 800 for Patiála, Jínd and Nábha scholarships in 1884, or Rs. 1,400 in the two years; while the sum actually spent on these scholarships was Rs. 1,020-9-6. The balance, amounting to Rs. 380-6-6, might be placed in the Savings Bank to the credit of the Gurmukhi endowments given by these three States, and any similar savings in 1885 and subsequent years may be added to this investment. It need not be limited to scholarships, as the Senate was not bound to allot so large a portion of the endowments to scholarships as it has done; and any attempt to divide the amount between the three endowments would be quite arbitrary, it being impossible to say which of them has not been fully spent.

These proposals, as will be seen by a reference to the facts recorded under this Article, and under Special Trusts, Nos. 11 and 31, overstate the annual income from these endowments, and it is also advisable to remark in this connection that the Financial Committee, in paragraphs 32 *et. seq.* of their report, do not accurately state certain facts connected with these endowments.

Carrying out the proposals of the Sub-Committee, however, in accordance with the directions of the Senate quoted above, correcting the amount of the income and incorporating the transactions of the year 1885, the following will be the result:—

	Rs.	A.	P.
Interest and subscriptions shown in paragraph 4	3,459	7	8
Deducting interest on the portion of the investment purchased by Rs. 5,000 of the Patiála donation, which should be considered as having been spent on the teaching staff ...	714	13	11
Net receipts ...	2,744	9	9
Expenditure on scholarships shown in paragraph 4 ...	1,826	7	9
Saving due to the Trust from the Current Account ...	918	2	0

And the difference between the donations received and the cost of securities purchased, amounting to Rs. 113-4-0, that amount is due the Trust from the Funded Accounts.

No. 13.—Bikrama Singh Natural Science Scholarship.

On the 19th November 1880, Sardár Bikrama Singh, Ahlúwália, C.I.E., of Jullundur, paid a subscription of Rs. 1,100 for the general purposes of the University, upon condition that the Senate agreed to give *in perpetuum* a Natural Science Scholarship of Rs. 5 per mensem, tenable in the Oriental College.

2. I cannot find any original papers regarding this donation, nor can I find any trace of the alleged conditions of the endowment having been considered and agreed to by the Senate. The only entry in the Proceedings of the Senate regarding this donation is contained in the recorded Proceedings of the Meeting held on 29th January 1881, when the Senate passed votes of thanks to several donors, and, amongst them, a vote of thanks to Sardár Bikrama Singh for paying a subscription of " Rs. 1,100, provided the Senate agree to give a Natural Science Scholarship of Rs. 5 per mensem in the Oriental College," and to this condition the Senate apparently agreed.

3. This scholarship has been held by the following persons :—

	From	To
Pandit Anant Rám ...	8th January 1883 ...	30th September 1884.
" Mathra Dás ...	1st October 1884 ...	31st May 1885
" Rám Kishen ...	1st June 1885 ...	31st December 1885

4. This donation of Rs. 1,100 was credited to the Current Account, and was expended on the general purposes of the University, and consequently, according to the recorded terms of the agreement, the University is bound to grant a perpetual scholarship of Rs. 60 per annum out of its own resources.

It is a question for the consideration of the Senate whether it would not be now desirable to create a permanent endowment for this perpetual obligation, which may possibly, in the course of future years, be overlooked if it is retained in its present position. To create a permanent endowment it would be necessary to purchase Government four per cent. securities to the nominal value of Rs. 1,500, which would just now cost about Rs. 1,480—a sum considerably in excess of the amount of the donation made in 1881. The acceptance of such proposals as that under which this obligation was incurred, although possibly desirable from other points of view, involves an ultimate financial loss to the University.

No. 14.—The Egerton-Maler Kotla Arabic Scholarship.

On the 19th December 1881 the Deputy Commissioner of Ludhiána remitted to the Registrar, Punjab University College, a sum of Rs. 3,000, which was at once credited to the Current Account.

This remittance represented a donation presented by His Highness the Nawáb of Maler Kotla, which he desired should be invested for the purpose of founding an annual gold medal in honor of Sir Robert Eyles Egerton, K.C.S.I., C.I.E., then Lieutenant-Governor of the Punjab.

2. Certified copies of the original papers on record in the University Office regarding this Trust are here printed.

(No. 1.) No. 4143, dated Lahore, 17th November 1881.

From—W. M. YOUNG, Esquire, Secretary to Government, Punjab,
To—The Registrar, Punjab University College.

I am desired to inform you that the Nawáb of Maler Kotla has made a donation of Rs. 3,000 to the Punjab University College. The sum, which will be sent to you through the Commissioner of the Umballa Division, should be applied to the purposes of the General Fund, unless the Nawáb should express a desire to appropriate the donation to any special fund in connection with the University College.

(No. 2.)

No. 19, dated Lahore, 18th January 1882.

From—W. M. YOUNG, Esquire, Secretary to Government, Punjab,
To—The Registrar, Punjab University College.

In continuation of my letter No. 4143, dated 17th November, regarding the donation of Rs. 3,000 made to the Punjab University College by the Náwab of Maler Kotla, I am desired to forward, for the information of the Senate, copy of the letters marginally noted, and to request that, as the Nawáb has finally made no suggestion regarding the disposal of his subscription, the Senate will be good enough to consider how it may be most advantageously laid out, and that you will inform me of the Senate's decision, in order that it may be communicated to the Nawáb.

Commissioner, Umballa's No. 464, dated 10th December 1881.
Punjab Government's reply, No. 4605, dated 20th December 1881.
Commissioner, Umballa's No. 4, dated 4th January 1882.

(ENCLOSURE No. 1.) No. 464, dated 10th December 1881.

From—The Commissioner and Superintendent, Umballa Division,
To—The Secretary to Government, Punjab.

In reply to your No. 4142, dated 17th November 1881, I have the honor to forward a *murásila* from the Nawáb of Maler Kotla, expressing his wish that the Rs. 3,000 should be invested for the purpose of maintaining a yearly gold medal to bear Sir Robert Egerton's name.

2. The Nawáb has not indicated any particular branch in which he wishes the medal given, but apparently leaves that point to be decided by His Honor.

3. I have the honor to inquire as to who is the proper person to make the investment—the Registrar of the University or the Accountant-General.

(ENCLOSURE No. 2.) No. 4605, dated 20th December 1881.

From—W. M. YOUNG, Esquire, Secretary to Government, Punjab,
To—The Commissioner and Superintendent, Umballa Division.

I am directed to acknowledge the receipt of the *murásila* from the Nawáb of Maler Kotla, forwarded with your No. 464, dated 10th instant, expressing his wish that the Rs. 3,000 subscribed by him towards the Punjab University College should be invested for the purpose of maintaining a yearly gold medal to bear Sir Robert Egerton's name; and in reply to state that His Honor feels grateful for the kind intention of the Nawáb, but thinks it would be a pity to expend the amount on a gold medal, as he is unable to suggest any particular subject on account of which it might be conferred.

2. The Hon'ble the Lieutenant-Governor would suggest, for the Nawáb's consideration, that the interest of the Rs. 3,000 will give a scholarship of Rs. 10 per mensem, and thinks that, if the Nawáb will consent to devote the money for this purpose, it would be the most appropriate way of allotting it. The student might be a nominee of the Maler Kotla State, or in default of such the scholarship might be conferred upon some other student.

(ENCLOSURE No. 3.) No. 4, dated 4th January 1882.

From—The Commissioner and Superintendent, Umballa Division,
To—The Secretary to Government, Punjab.

In reply to your letter No. 4605, dated 20th ultimo, I beg to state that the Nawáb of Maler Kotla agrees to the suggestion of His Honor the Lieutenant-Governor, that the interest accruing on the Nawáb's subscription of Rs. 3,000 be devoted to the grant of a scholarship to any student in the Punjab.

3. The Senate, however, at the meeting held on the 17th April 1882, made a counter-proposal described in the extract from the published proceedings of that meeting which is subjoined—

7. As regards proposal 3, regarding the Maler Kotla donation of Rs. 3,000, the Senate generally accepted the views expressed by the Executive Committee in their proposal 3, adding the hope that His Highness would also see his way to the perpetuation of the annual Maler Kotla gold medal given to the best man in whatever subject in every year, as well as of the Maler Kotla Scholarship, for both of which an annual subscription of Rs. 600 was sufficient. It was then proposed by Mr. Young, and seconded by General Pollard, "that a reply be sent to Government acknowledging the Rs. 3,000 that had been sent through it, and asking His Highness whether he had any objection to the amount being carried to the revival of the old Maler Kotla Arabic Scholarship which had fallen into abeyance owing to his not having sent the necessary funds; and that, if he so desired, it would, in future, be termed the 'Egerton-Maler Kotla Scholarship,' and awarded to the man in every year who stood first in the Punjab in the Maulvi Examination." Carried unanimously.

3. The Executive Committee recommend that the donation of His Highness the Nawáb of Maler Kotla of Rs. 3,000 be accepted in part payment of the amount (Rs. 5,200) due by him for the Maler Kotla Arabic Scholarship and the McLeod-Maler Kotla Medal, since 1872, and advanced by the Punjab University College on behalf of his State; the former of which, as referred to in the Review of His Honor the Lieutenant-Governor on the Educational Report for 1878-79 has recently ceased; and they further recommend that the first man in the Maulvi Examination of the year be styled "The Egerton-Maler Kotla Scholar," and that he receive a scholarship of Rs. 120 for one year, being the amount equivalent to the interest at 4 per cent. of the sum now given by His Highness.

4. A certified copy of the correspondence which followed the resolution of the Senate above recorded is here added—

(No. 3.) *Extract of letter No. 136, dated Simla, 9th June 1882.*

From—H. C. FANSHAWE, Esquire, Under-Secretary to Government Punjab,
To—The Registrar, Punjab University College, Lahore.

* * * * * * * *

4. The Nawáb of Maler Kotla will be addressed through the Commissioner of Umballa, in accordance with the Senate's Resolution in paragraph 7, and his reply when received will be communicated to you.

(No 4·) No. 519, dated 5th September 1883.

From—The Commissioner and Superintendent, Umballa Division,
To—The Secretary to Government, Punjab.

In reply to your No. 137, dated 9th June 1882, I have the honor to report that the Nawáb accepts the proposals of Government with regard to the disposition of the interest of the Rs. 3,000 subscribed by him for an Egerton Scholarship.

2. I much regret the delay that has occurred in this reference. It has been occasioned by a search for the papers connected with the late Nawáb's yearly donation which seems to have been arranged independently of this office ; at least no trace of them is to be found.

Endorsement by the Punjab Government.

No. 295, dated Lahore, 14th September 1883.

Copy forwarded to the Registrar, Punjab University, Lahore, in continuation of paragraph 4 of this office letter No. 136, dated 9th June 1882.

5. It will be noticed that no definite instructions are given either in the Resolution of the Senate above extracted, or in the letter written to the Government, in reply to No. 137, dated 9th June 1882, by the Commissioner of the Umballa Division, regarding the disposal of the principal which the Nawáb at first, according to the correspondence recorded in para. 2 above, desired should be invested. It will also be noticed that in the letter No. 519, dated 5th September 1883, from the Commissioner and Superintendent of the Umballa Division, to the Government, which is printed in para. 4, that *the Nawáb accepted the proposals of Government with regard to the disposition of the interest of the Rs.* 3,000 *subscribed by him for an Egerton Scholarship*, and as the Nawáb thus only agreed to the proposition for the disposal of the *interest on the endowment*, it must, I am afraid, be assumed that the Nawáb was under the supposition that the endowment created by his gift of Rs. 3,000 actually existed and had not been expended in the Current Account for general purposes.

6. The Resolution of the Senate printed above was passed upon a recommendation of the Executive Committee, which is printed in the margin of the proceedings held on the 17th April 1882. This recommendation appears to have been based upon the erroneous supposition that the amount of the old Maler Kotla Arabic Scholarship, originally subscribed by the Nawáb, was for several years advanced by the University.

7. The Egerton-Maler Kotla Arabic Scholarship has only been once bestowed, *viz.*, upon Qázi Nazir Hassan, who held it from 1st December 1883 to 30th June 1885. Qázi Nazir Hassan passed highest in the High Proficiency in Arabic or *Maulvi Fázil* Examination, 1883, and was not therefore entitled to the scholarship according to the proposal of the Senate recorded in para. 3.

8. The Trust is apparently entitled to the restoration of the capital mis-applied to the Current Account, together with interest at the rate of 4 per cent. per annum from 19th December 1881 to 31st December 1885, a deduction beingmade on account of the amount paid in the years 1883, 1884 and 1885 on account of the scholarship. If this supposition is correct, the aggregate amount to be replaced will be Rs. 3,484-4-4 on account of the principal and interest up to 31st December 1885, less Rs. 183-3-9 paid on account of the scholarship paid from 1st December 1883 to 30th June 1885, or a net sum of Rs. 3,301-0-7.

Before coming to a final decision upon the restoration of the money belonging to this Trust, the insolvent position of Special Trust No. 16, also funded by a Nawáb of Maler Kotla, should perhaps be considered by the Senate.

No. 15.—(Brandreth Endowment)—The Registrar's Prize.

On the 5th December 1871 a sum of Rs. 500 was paid and credited to the Funded Account which was presented during the previous month by Mr. Arthur Brandreth, Barrister-at-Law, of the Bengal Civil Service, at that time holding the office of Commissioner and

Superintendent of the Mooltan Division, for the purpose of founding an annual prize to be called "The Registrar's Prize."

2. I can find no original papers relating to this donation, and the only reference to it in the office records is contained in the proceedings of the Executive Committee at the meeting held on the 25th November 1871, of which the following is a certified extract:—

Mr. Brandreth's letter insisting on the interest of his donation of Rs. 500 being called "The Registrar's Prize" was read out. It was resolved to recommend to Senate that the interest be doubled, and that it be given to the best man at the purely Oriental examinations who passed in any subject connected with the History, Literature and Language of India or of countries connected with India fixed by the Executive Committee.

This recommendation was, so far as I can ascertain from the recorded proceedings, never placed before the Senate. I have twice addressed Mr. Brandreth with a view of ascertaining the real conditions on which his donation was presented in December 1871, but I have not been able to obtain any very definite reply regarding the conditions imposed by him beyond the fact that he desired his donation invested and the income utilized as a prize.

3. The donation was credited to the Funded Account by the Trustee, and was invested in Government securities as a part of an investment made on the 6th January 1872 at a cost of Rs. 498-12-0.

The annual interest has been annually passed to the credit of the Current Account, and, except in the year 1882, when a prize of Rs. 25 was awarded to one Ahmad Dín by the directions of Dr. Leitner, then Registrar, the interest has invaribly been expended on the general purposes of the University.

4. It is requisite now for the Senate to determine the position which this Trust shall occupy for the future, as well as what arrangement should be made regarding the part appropriated by the Current Account of the income of this Trust.

A strict adherence to what was apparently the tenor of the letter from Mr. Brandreth, read at the Meeting of the Executive Committee held on the 25th November 1871, would necessitate the replacement from the Current Account of the interest on Rs. 500, at four per cent., from the 6th January 1872 to 31st December 1885, the cost of the prize granted in 1882 being deducted. If this arrangement is ordered the amount to be replaced would be Rs. 280-15-7, *viz.*, Rs. 279-11-7 interest from 6th January 1872 to 31st December 1885, and Re. 1-4-0 the balance remaining from the original donation after the Government paper had been purchased, less Rs. 25 paid away in 1882 as the prize, or a net sum of Rs. 255-15-7.

No. 16.—The Maler Kotla-McLeod Medal.

The only original papers connected with this Trust are two vernacular letters of which I transcribe accurate translations :—

(No. 1.)

Dated the 27th December 1870.

From—Nawáb MUHAMMAD SIKANDAR ALI KHAN, Ráis, Maler Kotla,

To—The Gentleman kind to friends (Sáhib Meharbán Dostán), Lahore.

I had written you before of my intention to found a scholarship of Rs. 15 per mensem, to be given to a student who may read Arabic in the Lahore College. I had also expressed my intention of giving money for making a bust of Sir Donald McLeod, the late Lieutenant-Governor of the Punjab. Now I have purposed to pay you Rs. 1,000 for the bust (which are paid to me by Government through the district of Ludhiána out of the Customs duties). The price of the bust will shortly reach you through Mr. McNabb. The money for the Arabic scholarship will also reach you every year through the Deputy Commissioner of Ludhiána. I have so arranged that it is hoped that currency notes will be sent to you on account of the money so fixed.

(No. 2.)

Dated the 22nd January 1871.

From—Nawáb MUHAMMAD SIKANDAR ALI KHAN, Ráis, Maler Kotla,

To—The Gentlemen kind to friends (Sáhiban Meharbán Dostán), Lahore.

I received your letter, and come to know all that you had written. I have paid a sum of Rs. 1,000 in the Agent's Office, Umballa, and believe that you will soon get it. You are at liberty either to make a die for the medal I wish to give or a bust of Sir Donald McLeod, with whom I had talked about the latter plan. I am ready to pay what the bust may cost above what I have given. But as you are in favor of marking a die, and as the plan you propose is more conductive to the public benefit, therefore I concur with you on this point. I send you a hundi of Rs. 580, of which Rs. 180 are for the year 1871 and Rs. 400 as annual subscription. In future I shall always send you a receipt, and hope that you will pay off the Arabic scholarship given by me by drawing money from the Ludhiána Treasury.

2. It appears that Nawáb Muhammad Sikandar Ali Khán, of Maler Kotla, on the 5th January 1872, presented the donation of Rs. 1,000 which is referred to in the above

communication. He apparently desired that the donation should be invested, and that the income should be devoted to the establishment of a medal to be called the "Maler Kotla-McLeod Medal," and to be awarded annually to the best man of the year, whether in Arts (including Oriental), Law, Medicine or Engineering.

3. The donation, however, was not invested, but was credited to the Current Account, and expended in the general purposes of the Punjab University College. Notwithstanding this misapplication of the principal, a medal called the "Maler Kotla-McLeod Medal" has been awarded to the following students :—

Mulráj	1874
Iswar Dás	1877
Lál Chand	1878
Panchanan Mukerji	1879
Pírzáda Muhammad Hussain	1880
Umrao Singh	1882
Chuni Lál	1883
Jiya Rám	1884

The cost of these medals has been defrayed from the Current Account of the University; and on the 3rd March 1876 a sum of Rs. 504, the equivalent, at an exchange of 1*s.* 8*d.* per rupee, of £42, was paid from the Current Account to Mr. Wyon for an alternative die for the "Maler Kotla-McLeod Medal." The die is in the custody of Mr. Wyon.

4. It seems advisable to mention here that "in the nominal list showing the Special Trusts discharged from the interests and profits of separate investments" prepared by Dr. Leitner in October 1885, and now before the Syndicate, Serial No. 11, it is stated that this donation is included in the general allotment, a phrase which is, to say the least, ambiguous; that Rs. 40 is the annual income from the investment; that the income is spent in accordance with the wishes of the donor; but that the expenditure in providing the annual medal exceeds the income. A similar statement has been practically reported in every edition of the Calendar, but it is nevertheless inaccurate.

5. If an accurate account is now compiled, opening with the original donation of Rs. 1,000, and being debited with the cost of the die, Rs. 504, and with the cost of the medals annually presented, which has averaged about Rs. 100 per annum, the insolvency of the Trust would be clearly demonstrated. Such an account cannot be prepared without a reference to Mr Wyon, who in the absence of the vouchers alone can state the sums paid to him for the medals.

The amount of the donation presented has consequently been long ago alienated, while the University has expended considerably more than it has received in connection with this Trust. The specific orders of the Senate for the restoration or abolition of the Trust will now be requisite.

No. 17.—The Jaishi Ram Medals.

On the 15th April 1875, the committee of subscribers to a fund raised for the purpose of establishing a memorial in honor of Munshi Jaishi Rám, Extra Assistant Commissioner, who was assassinated on the 31st August 1871, whilst temporarily acting as Judge of the Small Cause Court at Lahore, paid over to the Registrar of the Punjab University College the funds collected, aggregating Rs. 2,002, and expressed a desire that the funds so collected should, with the approval of the Senate of the Punjab University College, be devoted to the endowment of a prize to be given annually in the Law School.

2. A certified copy of the letter No. 746, dated 8th April 1875, from the Deputy Commissioner of Lahore, through whose instrumentality the fund was raised, is appended :—

No. 746, dated Lahore, 8th April 1875.
From—Captain R. P. NISBET, Deputy Commissioner, Lahore,
To—The Offg. Registrar, Punjab University College, Lahore.

Referring to your No. 644, dated 15th October 1874, I have now the honor to state that the Committee of the Jaishi Rám Memorial Fund have closed their proceedings.

2. The amount of subscriptions collected by the Committee is Rs. 2,002, for which sum I enclose a cheque in your favor on the Punjab Bank. There are also subscriptions still outstanding to the amount of Rs. 205, of which I send a detail, and which it may be quite possible still to collect, and I hope you will endeavour to do so, though, if the Committee had deferred closing their proceedings, it would have indefinitely postponed the transfer of the funds in hand to you.

3. The Committee, as you are aware, have resolved that the funds collected and now remitted to you should, with the approval of the Senate of the Punjab University College, be devoted to endowing a prize to be given annually in the Law School of the University College, in the form of a gold medal, and one or more silver medals to be called the Jaishi Rám Medals.

4. I shall be glad to hear from you in what way the Senate of the Punjab University College consent to carry out this proposal.

3. And the Senate, at the meeting held on the 29th May 1875, accepted this proposal in the following terms :—

"*The Jaishi Rám Medals.*"

"The Jaishi Rám Memorial Committee presented the sum of Rs. 2,002 to the Senate of the Punjab University College for the purpose of establishing a prize in connection with the Law School, and desired that the prizes should take the form of one gold and one or more silver medals, to be called the Jaishi Rám Medals, to be awarded, under the orders of the Senate, to students of the Law School.

"The Senate, in accepting the donations, being of opinion that the funds were not sufficient for the endowment of more than one annual gold medal, has prescribed the following rule in regard to its award :—An annual gold medal, to be called the Jaishi Rám Gold Medal, shall be awarded to the student who shall stand first at the Final Examination in Law each year ; provided that he shall have complied with all the rules regarding admission, character and examination for the time being in force in the Law School. Silver medals will be struck if the funds prove to be sufficient, and the conditions of their award will be prescribed hereafter."

4. The medals have been awarded to the following students :—

Gold Medal.

Jhínda Rám	1878
Piyári Lál, Qánúngo	1879
Thákur Dás	1881
Chajju Rám	1882
Harbhaj Rám	1883
Bansi Rám	1884
Mr. H. A. Herbert...	1885

Silver Medal.

Jhínda Rám	1877
Mohan Lál	1878
Mithan Lál	1879
Girdhári Lál	1880
Chajju Rám	1881
Gajan Singh	1882
Bansi Rám	1883
Fateh Chand	1884
Ichchar Chand	1885

5. The money was soon after invested, and Government four per cent. securities, to the nominal value of Rs. 2,000, were purchased at a cost of Rs. 2,045 ; the small excess over the aggregate of the subscriptions collected being met from the general balance at credit of the funded account.

This Trust is at present hopelessly insolvent. A pair of medal dies were executed for these medals by Mr. Wyon, at a cost of £68 5*s*., for which at an exchange of 1*s*. 8*d*. per rupee, Rs. 819 were paid on the 3rd March 1876 from the current account. Had this sum been paid, as it should have been paid, out of the subscriptions collected, the invested capital belonging to the Trust would have been very materially reduced. The cost of the medals annually executed in London, and presented year after year to the persons named in para. 4 has exceeded Rs. 120 per annum ; the actual amount cannot be ascertained owing to the

disappearance of the vouchers, without a reply to a reference made to Mr. Wyon, whilst the interest on the invested capital, without any deduction for the cost of the medal dies, has never exceeded Rs. 80 per annum.

The specific orders of the Senate are now necessary for the continuance or suspension of this Trust, at the credit of which Government four per cent. securities to the nominal value of Rs. 2,000 nominally stand.

No. 18.—The Maclagan Prize.

On the 11th July 1879, Rái Bahádur Kanhya Lál, M.I.C.E., Executive Engineer, Lahore, who had been acting as Secretary to a Committee of subscribers to a fund raised to perpetuate the memory of General Robert Maclagan, R.E., who for many years occupied the office of Chief Engineer, Punjab, and Secretary to the Punjab Government in the Department of Public Works, transmitted to the Registrar of the Punjab University College the sum of Rs. 2,050, realized by public subscription to the above-mentioned memorial, and requested that the money might be invested in Government securities, or otherwise as the Registrar might consider best for the endowment of a Public Works prize in honor of General Maclagan, to be given annually at the Punjab University College.

The money was not invested by the Trustee until the 10th February 1881, when Government four per cent. securities to the nominal value of Rs. 2,000 were purchased at a cost of Rs. 2,025-1-4.

2. A certified copy of Rái Kanhya Lál's letter is subjoined :—

No. 941 D., dated 11th July 1879.

From—Rái Bahádur KANHYA LAL, Executive Engineer, Lahore Division, and Secretary, Maclagan Memorial Committee,

To—The Registrar, Punjab University College, Lahore.

IN continuation of paragraph 3 of my letter of 25th February last, I have the honor to forward herewith Rs. 2,050 only, being amount realized on account of Maclagan Memorial, and to request that the money may be invested in Government securities or otherwise, as you may consider best, for the endowment of a *Public Works Prize in honor of General Maclagan*, to be given annually at the Punjab University College.

2. Acknowledgment of amount will oblige.

3. And the Senate, at the meeting held on the 6th May 1879, had previously agreed to the proposal in the following terms :—

Recommendation of Executive Committee.

"No. 7.—The Executive Committee recommend that Rái Bahádur Kanhya Lál's generous offer to make over the Public Works Memorial subscription in honor of General Maclagan to the Punjab University College be accepted with thanks, and that the annual interest on the sum of Rs. 2,049 already subscribed be devoted to a medal to be given to the man who, being, or having been, a graduate or undergraduate of the Punjab University College, stands highest in the highest Engineering Examination of the year, wherever the same may be held."

Decision of Senate.

The seventh proposal was accepted : the President of the Executive Committee, seconded by Dr. Leitner, and all the members present agreeing, presented the thanks of the Senate to Rái Kanhya Lál and his supporters in the Public Works Department for founding a Maclagan Medal in connection with the Punjab University College.

4. No candidate has ever passed the Final Examination in Civil Engineering according to the prescribed Regulations, and as that examination is the highest examination of the University in Civil Engineering, the medal should seemingly never have been awarded. It was, however, awarded in 1882 to Ganga Rám, for whose benefit a special examination, under the authority of the Registrar, Dr. G. W. Leitner, was held in November 1881. A khillat and medal, costing Rs. 80, were presented to Ganga Rám at the Inaugural Convocation in November 1882, but no award has since been made, for the reason that no one has passed the Final Examination in Civil Engineering, which, as stated above, is the highest examination in Civil Engineering held by the University.

5. The Trust on the 10th February 1881 possessed Government four per cent. securities to the nominal value of Rs. 2,000, which, as stated above, were purchased at a cost of Rs. 2,025-1-4, a small balance of Rs. 24-14-8 having been left at credit of the funded account. This investment produces an annual income of Rs. 80, which has annually been credited to the current account, but the facts here stated show that the Trust is now entitled to an augmentation of Rs. 390-11-10 in respect to the income arising from the endowment from 11th February 1881 to 31st December 1885, which was credited to, and expended in, the current account. The cost of the medal and khillat presented in 1882, *viz.*, Rs. 80, to Ganga Rám being deducted from this sum, and the small difference between the amount subscribed and the cost of the investment being added to it, a net sum of Rs. 335-10-6 is due now from the current and the funded accounts on account of this Trust.

Nos. 19 and 20.—Benefaction of Nawab Inayat Ali Khan of Maler Kotla.

There is no trace of any original correspondence relating to this Trust, but I gather from verbal evidence available to me that His Highness the Nawáb Ináyat Ali Khán of Maler Kotla visited the Senate Hall on the 17th January 1881, and personally presented a donation of Rs. 2,000 to the Registrar, which he desired should be separated into two benefactions.

No. 19.—The Watson Medal.

One moiety of his donation, *viz.*, Rs. 1,000, he desired should be devoted to provide the means of founding a silver medal in honor of Major-General Sir John Watson, K.C.B., to be awarded annually to the student who stands highest in the examination held by the Punjab University in Political Economy.

No. 20.—The Griffin Prize.

The second moiety he desired should be assigned for the foundation in honor of Sir Lepel Henry Griffin, K.C.S.I., of an annual prize to be given to the candidate who shall stand highest in Muhammadan Law in the examination held by the Punjab University for Qázís.

3. These proposals, thus informally tendered, do not appear to have been formally considered or accepted by the Senate, which, however, at the meeting held on the 29th January 1881, passed a vote of thanks to the Nawáb for the donations made, and in the vote of thanks the proposals as above explained were recited.

The Watson Medal has been awarded to the following students :—

Sheikh Umar Bakhsh (Honors in Arts)	1882
Arjan Singh, M.A.	1883
Sri Rám, M.A.	1884
Sant Rám, M.A.	1885

The Griffin Prize has been awarded to the following :—

Kázi Zaffar-ud-dín	1882
Muhammad Hussain	1883

4. This donation of Rs. 2,000 was credited by the Trustee to the funded account on the 17th January 1881, but was not invested until the 12th April 1882, when Government four per cent. securities, to the nominal value of Rs. 1,900, were purchased at a cost of Rs. 1,967-15-8, leaving a cash balance of Rs. 32-0-4 at credit of the Trust.

Apportioning these amounts in moieties, each Trust would, on the 12th April 1882, have possessed an invested capital in Government securities to the nominal value of Rs. 950 and a cash balance of Rs. 16-0-2.

The annual interest arising from this investment has been always credited to the current account, to which account has been charged the cost of the medals and prizes awarded.

The correct account of each Trust would be therefore as follows :—

Inayat Ali-Watson Medal.

	Rs.	A.	P.
Balance on 12th April 1882	16	0	2
Interest at the rate of four per cent. per annum on Rs. 950 from 13th April 1882 to 31st December 1885	141	6	1

No. 21.—The Alwar Medal.

On the 12th May 1882 the sum of Rs. 2,500 was received from H. H. Sri Sawai Mangal Singh Bahádur, Maháráo Rája of Alwar, as an Endowment Fund to provide for the annual award of a gold medal to the best student in both English and Sanskrit.

2. Attested copies of the correspondence on the subject have been obtained from the Political Agent at Alwar and are subjoined:—

(No. 1.) No. 144, dated 9th March 1882.

From—Dr. G. W. LEITNER, M.A., LL.D., Registrar, Punjab University College, Lahore,
To—The Political Agent, Alwar.

WITH reference to his marginal note* to Mr. A. Brandreth, late Judge of the Chief Court, Punjab, forwarding a letter from His Highness the Maháràja of Alwar, offering to endow an annual medal of the value of Rs. 100, to be awarded to the best student in both English and Sanskrit during the year, has the honor to state that the conditions of this generous offer have been accepted by the authorities of this Institution, and that the necessary amount to secure the aforesaid endowment (*viz.* Rs. 2,500) may be sent to undersigned at His Highness's early convenience, as the next examination will take place in May next, after which the results in all branches will be declared.

* Dated 22nd August 1881.

(No. 2.) No. 256 G., dated 1st May 1882.

From—The Political Agent, Alwar,
To—The Registrar, Punjab University College, Lahore.

WITH reference to the correspondence ending with your docket No. 144, dated 9th March last, I have the honor to forward herewith first halves of Government currency notes, aggregating Rs. 2,500 (two thousand five hundred), as Endowment Fund for the annual award of a gold medal to the best student in both English and Sanskrit.

2. The second halves of the notes will follow on your acknowledging the halves now sent.

3. I also enclose extract of a letter from His Highness the Maháráo Rája's Secretary, intimating the wish of His Highness relative to the design of the medal.

(ENCLOSURE.)

Dated 1st May 1882.

From—The Secretary to His Highness the Maháráo Rája of Alwar,
To—The Political Agent, Alwar.

IN the correspondence which was lately received from the Senate of the Punjab University College, Lahore, intimating the acceptance by that body of the endowment made by His Highness the Maháráo Rája of Alwar for the purpose of awarding a gold medal annually to the best student in Sanskrit and English, I find no mention has been made regarding the design of this medal, and I consequently beg you would kindly inform the Senate that the Maháráo Rája wishes the following may be adopted:—

That there should be a bust representation, and the name of His Highness on the obverse side of the medal. On the reverse side there should be the name of the Punjab University College round the border, and the following inscription in the centre:—

For Proficiency in Sanskrit and English.

Should the Senate have any objection to this proposal, or should they be inclined to suggest another form, I beg due intimation of this may be given beforehand. The money has been sent through your office, and I hope it has reached the Managers of the University.

3. It does not appear that the conditions of this Trust were ever reported by the Registrar (Dr. Leitner) to the Executive Committee, and consequently they were not reported by the Executive Committee to the Senate. The receipt of the donation was, however, reported at the Inaugural Convocation of the University on the 18th November 1882, and the Maháráo Rája's representative was on that occasion specially presented to His Excellency the Viceroy as the representative of the donor.

The Senate, however, by Resolution No. 24, at the meeting held on the 28th November 1885, directed that a die should be provided for the medal, in accordance with the original conditions of the donor, the cost of which should be paid from the endowment for that purpose; that a medal be annually provided from the interest on the remaining capital, and that the interest on the endowment from 1st July 1883 be repaid to the Alwar Endowment Fund from the current account.

In obedience to these directions, the die has been executed at a cost of Rs. 300 by Messrs. Hamilton & Co. of Calcutta, and two gold medals have been provided by the same firm for presentation to the candidates qualified during the years 1886 and 1887.

4. As His Highness the Maháráo Rája of Alwar seemed to take considerable personal interest in the execution of the die, one of the medals provided was sent for his inspection, and although not altogether pleased with his bust as portrayed on the medal, he has supplemented his gift by a further donation of Rs. 400 to defray the cost of the die, and the cost of one medal which he desires to retain as a specimen and a memorial of his gift.

5. The original donation was actually received by the Trustee on the 12th August 1882, and although at once credited to the funded account, was not actually invested until July 1883, when Government four per cent. securities to the nominal value of Rs. 9,000 were purchased by the Trustee at a cost of Rs. 9,123-14-9. At this rate the cost of Government four per cent. securities to the nominal value of Rs. 2,500 was Rs. 2,534-6-9. If, therefore, as ordered by the Senate at the meeting held on the 28th November 1885, interest on the endowment from 1st July 1883 to 31st December 1885 is added to the original donation, the account of the Trust will stand thus—

	Rs.	A.	P.
Received—			
Amount of donation...	2,500	0	0
Interest at four per cent. per annum from 1st July 1883 to 31st December 1885	250	6	6
Total	2,750	6	6
Expended—			
Cost of Government four per cent. securities to the nominal value of Rs. 2,500	2,534	6	9
Cash balance at credit of the Trust, payable from the current account	215	15	8

The account of the Trust has been accordingly adjusted on this basis.

No. 22.—Rai Kanhya Lal-Pollard Prize.

On the 3rd January 1883 Rái Bahádur Kanhya Lál, M.I.C.E., presented a sum of Rs. 1,000 to the University for the purpose of founding a prize to be called the "Rái Kanhya Lál-Pollard Prize,' which he desired should be awarded annually to the candidate who stands first in the First Examination in Civil Engineering. The prize was designed to be given in the shape of Engineering Books or cases of Drawing Instruments.

2. The donor desired his donation invested, it is presumed, in Government securities, and the income arising therefrom to be devoted to the object declared in his letter tendering the donation.

A certified copy of his letter on the subject is subjoined :—

Dated Lahore, 3rd January 1883.

From—Rai Bahadur KANHYA LAL, M.I.C.E., Member of Senate, Punjab University,
To—The Registrar, Punjab University, Lahore.

Herewith a currency note, No. $\frac{P}{17}$ 19071 for Rs. 1,000, as a special donation to the Punjab University for founding a prize in honor of General Pollard, R.E., to be called "Rai Kanhya Lal-Pollard Prize," and to be given annually to the best candidate who stands first in the First Examination of the Punjab University in Civil Engineering.

I beg to suggest that the money may be invested, and the interest accruing therefrom be used in giving the above prize in the shape of engineering books or cases of drawing instruments, &c.

Please acknowledge the receipt of the amount, and oblige.

3. The Senate, at the meeting held on the 27th January 1883, accepted the donation on the condition proposed by the donor. The following is a true extract from the proceedings of the Senate at that meeting :—

"7. The Syndicate reported that Rai Bahadur Kanhya Lal, C.E., had made a donation in the present year of Rs. 1,000, on the condition that the amount should be invested, and the interest accruing therefrom should be used in giving a prize in the shape of engineering books or drawing instruments to the candidate who stands first in the First Examination in Civil Engineering of the Punjab University.

"*Resolved*, that a vote of thanks be tendered to Rai Bahadur Kanhya Lal, and that the donation be accepted upon the terms proposed by him."

4. The donation was not invested, at the time of its receipt, in accordance with the directions of the Senate, conveyed in the resolution extracted in the preceding paragraph, but, as the prize was awarded in the years 1883, 1884 and 1885, at the rate of Rs. 40 for each year at the expense of the Current Account, the Senate, by Resolution No. 23, passed at the meeting held on the 28th November 1885, determined that "a sum equivalent to the donation of Rai Kanhya Lal should be set apart in the Funded Account under his name." This decision has been acted upon, and the Trust possessed on the 31st December 1885 Government 4 per cent. securities to the nominal value of Rs. 1,000.

5. The prize, consisting on each occasion of a purse containing Rs. 40, has been awarded to the following persons :—

Gulab Singh	...	...	... 1883
Jai Rám	...	...	... 1884
Saran Dás	...	...	... 1885

The conditions of the Trust, as above set forth, do not appear to permit the bestowal of money prizes, and yet no prizes but money prizes have been presented.

No. 23.—Khalifa Sayad Muhammad Hassan Khan-Aitchison Medal.

On 12th February 1883, Wazir-ud-daula, Mudabbir-ul-Mulk, Khalifa Sayad Muhammad Hassan Khán, Khán Bahadur, Wazir of the Patiála State, presented a sum of Rs. 3,000 for the purpose of founding a gold medal in commemoration of the Hon'ble Sir Charles Umpherston Aitchison, K.C.S.I., LLD., Lieutenant-Governor of the Punjab and its Dependencies, and first Chancellor of the Punjab University, to be awarded annually by the Punjab University to the student who shall stand first on the list of successful candidates at the annual examination for the degrees of Bachelor and Master of Arts, on the condition that his first language shall be English and the second Arabic, and without regard to caste or creed.

The donor further expressed a desire that his donation should be invested in Government securities, and that the Registrar should make all necessary arrangements for carrying out his wishes.

2. The Syndicate resolved at Meeting No. VI., held on the 14th February 1883, that the donation should be accepted with thanks, and that the sum remaining over after meeting the cost of the die should be invested, and the interest thereof devoted to the payment of the cost of the annual medal. This Resolution was approved and confirmed by the Senate at the Meeting held on the 24th March 1883. A literal extract of the proceedings of the Senate on the occasion is appended, in which is printed a certified copy—which I have verified—of the letter written by the donor when presenting his gift :—

3. Proposal III. upon the Notice of the Meeting and Resolution of the Syndicate, No. 1 of the 14th February 1883, were read. The Resolution referred to was as follows :—

The Registrar read a letter, dated the 9th February 1883, from Wazir-ud-daula, Mudabbir-ul-Mulk, Khalifa Sayad Muhammad Hassan Khán, Khán Bahadur, Wazir of the Patiála State, which was as follows :—

"As the Hon'ble Sir Charles Aitchison, K.C.S.I., L.L.D., Lieutenant-Governor of the Punjab and its Dependencies, is a true well-wisher of my countrymen and a great supporter of the Punjab University since its beginning, I have intended to found a gold medal for the commemoration of his name to be awarded annually by the Punjab University to the student who shall stand first among the list of B.A.'s and M. A.'s, on the condition that his first language should be English and second Arabic, and without regard to *caste* or *creed.*

" The die for the medal I propose should be on one side the *likeness* or *bust* of Sir Charles Aitchison with his name, &c., and on the other the founder's name, as written at the end of my letter, with the foundation era, *viz.*, 1883.

" For this purpose I have requested the Secretary, Simla Bank Corporation, Limited, Simla, to remit Rs. in the name of the Punjab University, Rs. 3,000 (three thousand), and I request you to invest the said sum of Rs. 3,000 in *Government securities*, and kindly make all the necessary arrangements for carrying out my wishes."

It was resolved that the donation should be accepted with thanks, and that the sum remaining over after meeting the cost of the die should be invested, and the interest thereof devoted to the payment of the cost of the annual medal.

It was resolved unanimously that the Resolution of the Syndicate be approved and confirmed.

3. This sum was not invested, and the Senate by Resolution No. 35, passed at the meeting held on the 30th November 1885, ordered that the recommendation concerning this endowment, made by the special Sub-Committee appointed by the Syndicate on the 30th October 1885, should be carried out.

These proposals were that interest at Rs. 4 per cent. per annum should be allowed on the sum of Rs. 3,000 from the 9th April 1884, when the balance of the Funded Account was handed over by the Trustee to the Registrar ; that in case the medal has been or be awarded in 1885 the interest should cease after 31st December 1884 ; but otherwise it should run on until the endowment is invested ; that a die be ordered for the medal ; and that after providing this a portion of the investments of the General Funded Account be converted into a separate promissory note, representing the balance of the sum belonging to this Trust.

4. These directions, adapted to the subsequent occurrences affecting the Trust, have been carried out as far as possible, that is to say, the die has been ordered, and, pending the execution of the die, a separate promissory note for Rs. 3,100 has been set aside out of the General Endowment Fund investment for the benefit of this Trust.

A plain gold medal without Sir Charles Aitchison's bust, costing Rs. 100, was awarded to Nihal Chand, B.A., in 1885, at a cost of Rs. 100, which has been deducted from the sum placed at credit of the trust on account of interest.

The interest at Rs. 4 per cent. from 9th April 1884 to 31st December 1884 amounts to Rs. 87-12-6, whilst the excess of the interest for 1885, *viz*, Rs. 120, over the sum paid on account of the Trust during 1885, was Rs. 20. Accordingly Rs 107-12-6 has been added to the Trust at the expense of the Current Account, and the price of 4 per cent. Government securities having been on the 31st December 1885 Rs. 97-12-0, the nominal value of Government 4 per cent. securities set aside on account of this Trust is Rs. 3,100, the cost of which at the rate stated above was Rs. 3,030-4-0, a small cash balance of Rs. 77-8-6 standing at credit of the Trust.

No. 24.—Khalifa Muhammad Hassan Griffin Medal and Scholarships.

The subjoined copy (certified as a correct copy) of a letter from the donor sufficiently describes the originally declared object of this Trust.

Dated 21st June 1883.

From—Khalifa Sayad MUHAMMAD HASSAN, Khan Bahadur, Wazir of the Patiála State,

To—The Officiating Registrar, Punjab University, Lahore.

Herewith I have the honor to send to you, as my donation to the Punjab University, 670 copies of the translation of Sir Lepel Griffin's "Punjab Rájas," which, for the benefit of that Institution, I got printed at my own expense, and which, according to my wishes, has been translated into Hindustani, the common language of India by my brother "Mushír-ud-daula Mumtaz-ud-Mulk," Khalifa Sayad Muhammad Hussan, Foreign Minister, Patiála State, and a Fellow of the said University.

2. I desire that the sale proceeds of the whole stock be invested in Government securities, and the interest accruing therefrom be disposed of in commemoration of Sir Lepel Griffin's name in connection with the University in the following manner, *viz.*, one gold medal to be annually awarded as a prize to such a student who in competition with others may happen to gain the Degree of Master of Oriental Learning or of Bachelor of Oriental Learning, his first language being Arabic and the second English, no regard whatever being had to caste or creed.

3. The shape and size of, and the inscription upon, this medal to be exactly similar to the one I previously proposed for Sir Charles Aitchison, with only the necessary difference that this medal will bear Sir Lepel Griffin's name and bust.

4. As the amount of interest from the whole investment is sure to exceed the cost of the medal, I should therefore for the remaining sum request the University to use their own discretion in establishing some scholarships in the name of the above personage, tenable by the students whom the University may think entitled, and who may have for their first language the English and for the second the Arabic, or *vice versâ*.

5. I have also to inform you that the Punjab Government, having heard of my intention to get the translation published, had, with a view to help me in my undertaking, kindly promised to purchase 300 copies of the work. As the principal object of the Government has always been to support the University, I should not wonder if they happen to buy some more copies from the University than the number they promised to purchase from me.

6. With regard to reserving the copyright, I think this practice, contrary to Europe, proves a hindrance in this country in the diffusion of useful works among the people. I did not therefore like to reserve it for myself; but for the purpose of having the University stock disposed of within a reasonable time, I have published on one of the pages of the book that no one is authorized to reprint the work for three years more, and after the expiration of the above term the reprinting right shall rest for five years with the Proprietor of the Victoria Press wherefrom this first publication has been issued.

2. In making these proposals the donor estimated that a sum of Rs. 6,030 would be available from the sale of these books for the proposed purposes of the Trust, but as a matter of fact, the sum actually realized up to the 31st December 1885 by the sale of 330 copies was Rs. 2,970 only, an additional sum of Rs. 36 being due from the late Registrar, Dr. Leitner, the price of four copies of the book sent by his orders to the Oriental Institute at Woking in England; the number of copies still in hand on that date were 336.

In his letter No. 304, dated 15th February 1886, the Registrar stated that the Khalífa's letter was laid before the Syndicate on the 27th June 1883.

3. This letter printed above was laid before the Syndicate at the meeting held on the 27th June 1883, and the Registrar was instructed "to thank the Wazír on behalf of the Syndicate for this further mark of his interest in the Punjab University, and to state that every effort would be made to give effect to his wishes." It was further ordered that the letter be laid before the Senate,—an order which does not appear to have been carried out.

4. The Finance Committee in paragraph 36 of their report stated that "the proceeds of the books given for the Khalífa Muhammad Hassan-Griffin Medal and Scholarship are apparently now sufficient to provide either for a medal or for a scholarship, though not for both. The orders of the Senate may properly be taken as to the foundation of the medal or scholarship without delay."

The Syndicate thereupon referred the matter to a sub-committee, which reported as follows:—

(*c*).—As to the Khalífa Muhammad Hassan-Griffin Medal and Scholarship, our proposal is, that any sums received in 1885 by sale of the books up to the end of November be added to the Rs. 2,817 previously received, and that a scholarship of, say, Rs. 10 a month, tenable for one year, be founded in accordance with the terms of the Trust, the foundation of the medal being postponed until a sufficient portion of the remainder of the books are sold, and the investment of the money being provided for in the same way as has been proposed in the preceding case. If the Senate thinks necessary, the opinion of the donor might be asked as to the proposal to found the scholarship first; but the scholarship would be more beneficial to the University than the medal. A preliminary motion accepting the Trust and thanking the donor would also be desirable, as it is understood that the orders of the Senate on the subject have not yet been taken.

The Syndicate on the receipt of this report proposed "that a scholarship of Rs. 10 a month be founded from the Khalífa-Griffin Endowment, as proposed by the Committee, and that, as it seems doubtful whether the conditions stated by the Khalífa are possible of fulfilment, the matter be referred to the Oriental Faculty for report."

5. The Senate, however, by Resolution No. 39, passed at the meeting held on the 30th November 1885, decided that "the wishes of the donor, as expressed in his letter dated 23rd September 1885," handed to the Senate by Dr. Leitner on the 30th November 1885, "be immediately and literally carried out."

A certified transcript of this letter is here given—

Dated Patiála, the 23rd September 1885.

From—Wazír-ud-daula, Mudabbir-ul-Mulk, KHALIFA SYAD MUHAMMAD HASSAN, Khán Bahádur, Prime Minister, Patiála State,

To—Dr. G. W. LEITNER, Registrar, Punjab University, Elysium Hotel, Simla.

As my wishes have not been carried out in awarding the gold medals and scholarships I founded in the names of Sir Charles Aitchison and Sir Lepel Griffin, I beg officially to send you again, herein stated below, the details of the conditions, and shall feel obliged by your making the arrangements accordingly, *viz.*:—

1*st*.—To enter the conditions according to the undermentioned interpretation in the University records.

2*nd*.—To award medals and scholarship or scholarships to qualified student or students.
Please let me know after your having done so.

Interpretations of conditions of medals and scholarships.

(1). *Khalifa Muhammad Hassan-Aitchison Medals* to be awarded annually to the candidate who stands first in the M. A. Examination in Arabic, or failing such, to the candidate standing highest on the pass list of the B. A. Examination whose second language was Arabic, without regard to caste or creed.

(2). *Khalifa Muhammad Hassan-Griffin Medal* as in (1) changing M. A. into M.O.L., B.A. into B.O.L., and "second language" into "classical language" and adding after Arabic, "and who has a practical knowledge of English."

(3). *Khalifa Muhammad Hassan-Griffin Scholarship* might be a scholarship of Rs. per month (or two scholarships of Rs. per month) tenable for two years in the Oriental College, to be awarded to the candidate standing highest on the pass list of the Intermediate O. F. Examination, whose classical language be as Arabic, and who has a practical knowledge of English, without regard to caste and creed.

It has been found impossible to obey this direction owing to the refusal of Sir Lepel Griffin to permit his name to be associated with the medal or scholarship, and the Syndicate at Meeting No. VI., held on the 17th February 1886, having directed that the donor be requested to state what he wishes done with the money, he has proposed to arrive at a decision shortly, the matter being still under his consideration. In the meantime, that is to say, in January 1886, the money was invested by the purchase of four per cent. Government securities to the nominal value of Rs. 3,000 at a cost of Rs. 2,981-8-8.

No. 25.—The McLeod Medal and Purse.

The University possesses no original records in regard to this Trust, but, having access to the records in the office of the Accountant-General, I am able to place on record an accurate history of the Trust.

2. During the years 1870 and 1871, a subscription was raised among the European residents of the Punjab, with a view to the establishment of a memorial of the late Sir Donald Friell McLeod, K.C.S.I., C.B., Lieutenant-Governor of the Punjab, who resigned charge of the Punjab Government on the 1st June 1870.

The sum realized amounted to Rs. 6,411-6-0, and, as Sir Donald McLeod expressed a wish that the sum collected, after paying the cost of a portrait placed in the Lawrence Hall at Lahore, should be invested, and the yearly interest of the investment should be expended in a gold medal and purse which should be awarded not to any particular institution, but to the individual who should pass the best examination in the Oriental classics, combined with a competent knowledge of English, the Committee of subscribers, through Major-General S. A. Abbott, who acted as Chairman, requested the Government to nominate some local *ex-officio* Trustees for the purpose of carrying out the projected scheme.

By a demi-official note, dated 20th October 1871, from Mr. (now Sir) Lepel H. Griffin, then Secretary to the Punjab Government, the Government announced that the Director of Public Instruction and the Accountant-General, Punjab, would be requested "to have the kindness to consent to act as Trustees to the funds which have been already collected," and requested "the Director of Public Instruction to make arrangements for the early competition as may be most in accordance with the expressed views of Sir Donald McLeod."

The Director of Public Instruction appears subsequently to have made over the task of making arrangements for the competition to the Senate of the Punjab University College by which two resolutions have been passed on the subject.

3. At the meeting held on the 30th March 1872, the Senate resolved—

That the annual medal and purse given in honor of Sir Donald McLeod by European residents of the Punjab be awarded by the Senate, in accordance with Sir Donald McLeod's wish, to the student of the Punjab University College who obtains in each year the highest place in Arabic or Sanskrit, and whose attainments in English are equal to the First Arts Standard.

And at a subsequent Meeting held on the 25th October 1873, the Senate unanimously resolved—

That the McLeod Medal and Purse be awarded annually by the Senate to a student who, having been educated in the Punjab, has acquired High Proficiency in Arabic or Sanskrit, together with a knowledge of English not inferior to the First Arts Standard of the Punjab University College, or any recognised University, and whose superior merit in Arabic or Sanskrit has been proved by the result of a public examination held during the year.

4. The medal and purse has been awarded to the following students :—

Munshi Lál, M.A.	1877
Pírzáda Muhammad Hussain	1880
Pandit Harkiskan Dás	1882
Rám Prasád	1884

5. The Trust, which is not in the custody of the University, but which is still retained in the possession of the two Special Trustees (the Director of Public Instruction and the Accountant-General, Punjab), possessed, on the 31st December 1885, invested capital to the nominal value of Rs. 7,000, held in four per cent. Government securities, and a cash balance of Rs. 362-1-1. The account of this Trust being in the hands of separate Trustees has been credited with all sums due in respect to unutilized income; and now that the new Financial Rules prescribe the maintenance of an accurate separate account for each Trust, the Government may perhaps be disposed to sanction the transfer of this Trust to the custody of the University.

6. The conditions on which this medal and purse has been, and is now, awarded are very vague, and the Senate might now be moved to frame more specific conditions.

B.—ENDOWMENTS NOT PERMANENT.

No. 26.—The Jullundur Medical Readership.
No. 27.—The Jullundur Persian Scholarship.

There are no original papers in existence regarding the establishment of this readership and scholarship, except an attested copy of a letter, dated 18th June 1870, from Dr. G. W. Leitner, to Mr. L. S. Saunders, then Deputy Commissioner of Jullundur, which has been furnished to me by the Deputy Commissioner of Jullundur, and a reference therefore to the minutes of the proceedings of the Executive Committee and Senate of the Punjab University College is only possible.

2. At a meeting of the Executive Committee, held on the 18th June 1870, it appears that a letter from Mr. L. S. Saunders, Deputy Commissioner of Jullundur, was read regarding Medical Scholarships, and that the following proposal was, after long discussion, adopted and ordered to be submitted for the approval of the Senate :—

"That the subscription of Rs. 100 per mensem from the Jullundur District, after being doubled by an equivalent grant from Government, be spent, in accordance with the wishes of the subscribers, in the following manner :—

1. Two Persian Scholarships of the monthly value of Rs. 15 each to be given to the two best candidates for the Persian Examination of the Punjab University College from the district	Rs. 30 per mensem.
2. Three Vernacular Medical Scholarships to men of that district, tenable at the Lahore Medical School, of the monthly value of Rs. 10 each	Rs. 30 per mensem.
3. A Lectureship on Persian Literature and its relation to Arabic and Urdu—o be held in connection with the Oriental School	" 30 "
4. A Persian Scholarship, open to all comers, tenable in the Oriental School ...	" 10 "
5. A Medical Fellowship, to be competed for among the best Sub-Assistant Surgeons, tenable for a certain number of years, as may be settled by the Senate. The Fellowship to be worth Rs. 100 per mensem, and its duties to be the translation and edition of Medical treatises in the Vernacular under direction of the Senate	" 100 "
Total	" 200

It will be noticed that these monthly payments were intended to be met from the monthly subscription of Rs. 100 from the Jullundur District, which, according to the principle on which the Government grants to the University College were then calculated and paid, was doubled by the Government.

3. This proposal was presented to the Senate at the Meeting held on the 4th June 1870, and the following extract is the true record of what took place in regard to this proposal :—

With regard to the doubts expressed by Sir Henry Durand as to the desirability of relying upon a monthly subscription for the purpose of founding a Fellowship or Lectureship, on the ground that there is no sufficient guarantee of permanency in the source of income, Mr. L. S. Saunders, the Deputy Commissioner of Jullundur, explained that the subscription of Rs. 100 per mensem, from the Jullundur District, was sufficiently permanent, as it was a portion of the percentage on the malba, which the zemindárs had willingly agreed to give to the Punjab University College, The only objection to the proposal having thus been removed, it was carried.

The Executive Committee, at a Meeting held on the 13th July 1870, directed that the Senate having passed the proposal of the Executive Committee, the Medical Fellowship should be at once advertised.

There is no means of ascertaining how the first and only appointment of Medical Fellow was filled up.

At a Meeting of the Executive Committee held on the 17th March 1871, it was incidentally mentioned that the Medical Fellow entered on his duties from the 1st February 1871, and at the same Meeting it was resolved that his salary from that date for the four months previous to 1st June 1871, the date from which the Senate had appointed the Medical Fellow, should be paid by the University, out of the grant for rewards to managers of unaided schools. This Resolution was not apparently confirmed by the Senate, and at a Meeting held on the 5th May 1871, the Executive Committee further resolved that "the question of Dr. Rahím Khán's date of tenure of Fellowship was to be submitted to Senate." The reference seems never to have been made to the Senate, and as a matter of fact, according to the accounts, Dr. Rahím Khán, the Medical Reader, commenced to draw the salary of the Fellowship from 1st June 1871.

4. At the Meeting of Senate, held on the 26th December 1870, was presented the Budget Estimate of "income and expenditure for the year 1871, accompanied by a rough sketch of Objects and Reasons explaining the same," which, according to addenda to the proceedings of a Meeting of the Executive Committee, held on the 5th November 1870, was approved by the Committee at that Meeting, and in that rough sketch is a proposal in the following terms :—

Jullundur permanent subscription.

(a). *Medical Fellowship of Rs.* 100 *per mensem.*—The Committee would recommend to add to the duties laid down for the "Fellow" in proposal II of the Proceedings of the Senate of the 4th July 1870, the occasional delivery of popular lectures on Sanitary and other Medical subjects to Hakíms and others, and the contribution of articles on the same subjects to either the *Journal of the Anjuman*, or to an *Urdu Medical Gazette*, which it is proposed to start under the auspices of the Medical Faculty of the Punjab University College. The Fellowship to be advertised immediately on the report of the Medical Faculty.

(b). *The Vernacular Medical Scholarships of Rs.* 10 *per mensem each.*—The particulars of the Examination and tenure of these Scholarships, will be left to the consideration of the Medical Faculty, and are recommended to be advertised without delay.

(c). *Two Jullundur Persian Scholarships of Rs.* 15 *per mensem each.*—It is proposed that the two best men from that district, who may pass by the Middle Persian Standard in April 1871, receive these Scholarships, if otherwise qualified. In this, as in every other Oriental Examination, an acquaintance with "Western Science" is required,—*vide* page 8 of the Report of the Executive Committee, dated 15th March 1870.

(d). *Persian Lectureship of Rs.* 30 *per mensem.*—(Has already been noticed at para 2).

(e). *One Persian Scholarship of Rs.* 10 *per mensem.*—It is proposed that this scholarship be awarded to the first man, if duly qualified, who may pass by the "Lower Standard" of the Persian Examination of April 1871.

The Senate, at that Meeting, is said to have passed the Budget prepared by the Executive Committee after discussion of every item, but there is no trace of any specific resolution sanctioning the above-mentioned addition to the Medical Fellow's duties.

5. I have ascertained from the Jullundur Treasury accounts recorded in the Accountant-General's office, that the sums remitted to the University from Jullundur for this Medical Readership up to 31st December 1885 have been as below listed :—

The salary of the Medical Reader, at the monthly rate of Rs. 100, commenced from the 1st June 1871, and was regularly paid up to 30th November 1885, an aggregate of Rs. 17,400 having been thus paid.

The salary of the Persian Lecturer, at the rate of Rs. 30 a month, has been paid from the Current Account from 1st January 1871, and the Persian Lecturer, who has been always hitherto under a misapprehension considered an Endowed Reader, has been actually a teacher in the Oriental College. No portion of the subscription from the Jullundur District is, however, available for this Lecturer, which, according to the original design, and under the old system, by which the Government grant-in-aid to the University College was given in the shape of an equivalent to each individual subscription or donation, was payable out of the Government grant.

In future the Persian Lecturer, on a monthly salary of Rs. 30, should, under the orders of the Senate, be treated as an ordinary teacher in the Oriental College, whose salary is paid from the allotment granted to the Oriental College.

No. 28.—Raja Harbans Singh's Sanskrit Scholarship

This Scholarship was apparently created out of an annual subscription of Rs. 500, presented by Rája Harbans Singh.

No original correspondence on the subject of this subscription and its disposal is in existence, nor can I trace in the recorded proceedings of the Meetings of the Punjab University College Senate any reference to the conditions on which the subscription was given and the scholarship founded.

2. It has always been supposed that the scholarship was open to competition, and that having been established as a companion to the Baháwalpur Arabic Scholarship (Special Trust No. 8), it was each year awarded to the candidate who stood first in the Higher Sanskrit or Shástri Examination.

3. This is a mistake, as I gather from the accounts that is was awarded first to Pandit Tulsi Rám, a teacher in the Oriental College, who, having passed second in the Middle Sanskrit or Visharad Examination, 1872, passed second in the Higher or Shástri Examination, 1874. Pandit Tulsi Rám obtained the scholarship from 1st January 1874, and held it up to the 30th April 1876. His successor was Pandit Behári Lál, also a teacher in the Oriental College, who passed highest in the Higher Sanskrit or Shástri Examination, 1875, and who held it from 1st May 1876 to the 30th June 1878.

The scholarship remained vacant until 1st October 1878, from which date Pandit Mathra Dás, who passed highest in the Higher Sanskrit or Shástri Examination, 1878, received the scholarship, and held it up to 30th September 1879.

These three incumbents received the scholarships at the rate of Rs. 33 per mensem.

From 1st October 1879, the Scholarship of Rs. 33 per mensem appears to have been split into two or more parts, and awarded to two or more students of the Oriental College—a practice which was continued up to 31st May 1885, after which one scholarship of Rs. [illegible] per mensem was paid to Pandit Hari Kishen until 31st December 1885.

Rája Harbans Singh paid his annual subscription of Rs. 500 up to 31st December 1884, and not having since that date paid the subscription, the Trust may be supposed to have lapsed.

I am not yet able to prepare an exact account of the Trust, owing to the difficulty of tracing the names of the recipients of the scholarships in the vouchers and accounts.

No. 29.—Rai Kanhya Lal Persian Scholarship.

This scholarship of Rs. 10 a month is given partly out of the annual subscription of Rs. 60 paid by Rái Kanhya Lál, Bahádur, M.I.C.E. That gentleman has given for several years an annual subscription of Rs. 110, of which Rs. 50 were designed for general purposes and Rs. 60 as a subscription towards a Persian Scholarship of Rs. 10 a month, the remainder being a charge against the Government grant which was formerly paid in the shape of an equivalent to each specific item of receipt. I am not yet able to prepare an exact account of this Trust.

No. 30.—Griffin's Gurmukhi Scholarships.

A donation of Rs. 1,000 was made on the 23rd November 1882 by Sir Lepel Henry Griffin, K.C.S.I., in accordance with a promise made on the 18th November 1882, at the Inaugural Convocation of the University, for the purpose of creating two Gurmukhi Scholarships, each of the value of Rs. 5 per mensem, and the amount was credited by the Trustee to the Current Account.

2. There is no trace of any correspondence on the subject, and apparently no conditions as to the award of these scholarships were made either by the donor or by the Senate.

The Senate, at the meeting held on the 30th December 1882, passed the following Resolution, with reference to this donation :—

That the donation of Rs. 1,000 given for Gurmukhi Scholarships by Sir Lepel Henry Griffin be accepted and placed in the Current Account, and that the thanks of the Senate be conveyed to the donor, and that intimation be given him that two scholarships in his name had been provided for in the Budget, and would be continued to the extent of the sum received.

3. The expenditure out of this donation has amounted to the following:—

		Rs.	A.	P.
During 1883	... ...	101	6	6
Do. 1884	... ...	119	12	0
Do. 1885	... ...	124	2	9
Total	...	345	5	3
Less refunds	...	15	0	0
		330	5	3

"The difference between this sum Rs. 330-5-3 and the amount of Sir Lepel Griffin's donation Rs. 1,000, or Rs. 669-10-9, has been placed in the Endowment Fund in the special account necessitated by the new Financial Rules."

No. 31.—The Nabha Gurmurkhi Scholarships.

The following is a certified copy of the only document regarding this Trust on record :—

No. 448, dated Simla, 25th September 1883.

From—R. H. MERK, Esquire, Officiating Under-Secretary to Government, Punjab,

To—The Registrar, Punjab University College, Lahore.

I AM directed to forward herewith, a translation of a letter of the 16th August 1883, from the Rája of Nabha, with a sum of Rs. 200 contributed by His Highness for the year ending 31st March 1883 towards the encouragement of Gurmukhi in the Punjab University College.

(ENCLOSURE) Translation of a letter dated the 16th August 1883.

From—His Highness the Rája of Nabha,

To—The Secretary to Government, Punjab.

In a meeting of the University College held at Lahore on the 28th March 1882, in which I was also present, as I happened to be at Lahore at that time, I told the meeting that, for the encouragement of Gurmukhi I would give to the Punjab University the interest on Rs. 5,000 at the rate of Rs. 4 per cent. per annum, or Rs. 200 a year, with effect from the 1st April 1882.

As the first year has ended on the 31st March last, I have the pleasure to remit herewith the sum of Rs. 200.

Please forward this sum to the Registrar of the Punjab University, with an intimation that the amount is to be expended by the Senate for the encouragement of Gurmukhi only.

In future the Rs. 200 will be remitted direct to the Registrar every year.

2. The first subscription of Rs. 200 was paid on the 4th October 1883, and subsequent subscriptions of Rs. 200 were received on the 10th May 1884 and 11th May 1885.

The disposal of these subscriptions is shown under Special Trust No. 12, and the savings of the income from this endowment will, in accordance with Resolution No. 34 passed at the meeting of the Senate held on the 30th November 1885, be annually credited to the Gurmukhi Endowment Fund.

No. 32.—The Harbans-Aitchison Medal.

No. 33.—The Harbans-Leitner Medal.

There is no original correspondence regarding the establishment of these Trusts on record in the University office.

2. The following extract from the proceedings of the meeting of Senate held at Simla on the 14th October 1882 contains all the information available regarding the creation of these Trusts :—

IV.—The Registrar then read out a telegram from the Assistant Registrar, informing the Senate that Rája Harbans Singh had intimated his intention of granting, in honor of Dr. Leitner, an annual medal of the value of Rs. 100 to the First Master of Oriental Learning who had taken up Sanskrit, as also an annual medal of the same amount, in honor of Sir Charles Aitchison, for the First Master of Arts who had taken up the same language.

* * * * * * * *

Resolved, on the motion of Chancellor, and carried unanimously, that a vote of thanks be passed to Rája Harbans Singh for his liberal offer, which the Senate accepted.

3. A certified copy of the letter remitting the amount of a donation of Rs. 1,000 for the dies for the medals is subjoined.

Dated 29th November 1883.

From—Rája HARBANS SINGH,

To—E. W. PARKER, Esquire, Offg. Registrar, Punjab University, Lahore.

I herewith send a cheque on Agra Bank for Rs. 1,000. Please send the amount to Dr. Leitner, M.A., Ph.D. for the die of the *medal*, and acknowledge receipt at your earliest convenience.

P. S.—Please write something about this in the Punjab University Report.

4. The donation thus presented for the purchase of dies was actually received on the 23rd November 1883, and was credited by the Trustee to the Funded Account : it was not invested, but formed a portion of the Funded Account balance made over to the Registrar by the Trustee on the 9th April 1884.

5. The Finance Committee in paragraph 36 of their Report suggested that as this gift of Rs. 1,000 was given not for investment, but to pay for dies for the medals, the necessary steps should be taken to procure the dies as soon as an adjustment is effected between the Funded and the Current Accounts.

The question was then referred to a Special Sub-Committee, which reported as follows :-

As regards Rája Harbans Singh's medals, our proposal is that the Senate thanks the Rája for his donation and his promised annual subscription (unless this has already been done), and that on the adjustment between the Funded and Current Accounts being effected as proposed, the necessary steps be at once taken to procure the dies. Should any balance remain, it is understood that it may be added to the General Endowment Fund ; but the first step is to procure appropriate dies for the medals.

Whereupon the Syndicate proposed that these proposals should be accepted and acted upon.

The Senate, however, by Resolution No. 37, passed at the meeting held on the 30th November 1885, directed that "the cordial thanks of the Senate be given to Rája Harbans Singh for his donation of Rs. 1,000 for the Harbans-Aitchison and Harbans-Leitner Medals, and that the conditions of the donor be carried out, and that the die be ordered at once."

6. The dies are in process of execution : the delay in the execution of the dies has been due to the difficulty of obtaining estimates for the work at a cost falling within the amount available.

7. The medals were awarded in 1882, and in 1885, to the following persons :—

HARBANS-AITCHISON MEDAL.

1882. Harkishen Das, M.A.
1885. Rám Prasad, M.A.

HARBANS-LEITNER MEDAL.

1882. Durga Datt, Shastri.
1885. Mathra Dás, M.O.L.

The cost of the medals on each occasion was Rs. 200 or Rs. 400 in all, but the donor has only as yet given a subscription to cover the cost for the year 1882. The cost of the medals for the year 1885 having been paid out of the Current Account, the Trust is indebted to the Current Account for that amount.

No. 34.—The Stulpnagel Prize.

In October 1882, Charles Rebsch Stulpnagel, Esq., Ph.D., Professor in the Government College, Lahore, since Inspector of Schools, Lahore Circle, offered to bestow, so long as he was alive, an annual prize of Rs. 50, to be granted to the successful candidate for the B.A. degree who, taking up Philosophy at that examination, obtains the highest number of marks in that subject.

The Syndicate accepted the offer with thanks at the Meeting held on the 7th February 1883, but there is no trace of the offer having been placed before the Senate.

The prize was bestowed in 1883, contrary to the conditions prescribed by the donor upon one Abdul Aziz *alias* Harwas Rai, who obtained the degree of B.O.L.

The holders of this prize have been—

Abdul Aziz, B.O.L., *alias* Harwas Rai ...	1882
Jiya Rám, B.A.	1883
Sawan Rám, Bakil, B.A.	1884
Chetan Anand, B.A.	1885

No. 35.--The Lewis Prize.

In October 1885, Thomas Crompton Lewis, Esq., M.A., late Fellow of Trinity College, Cambridge, and Professor, but now Principal, of the Lahore Government College, offered an annual prize of Rs. 50 to the student who passes the best examination in Mathematics at the B.A. or B.O.L. Examination, provided he passes in both the lower or A Course and the higher or B Course.

This offer was accepted with an expression of thanks to the donor at the Meeting of Senate held on the 30th November 1885. The prize was not awarded in 1885, but was first awarded on the result of the B.O.L. and B. A. Examination for 1886.

C. BENEFACTIONS.

No. 36.—The Bahawalpur Senate Hall Building Donation.

The University Office contains no original records regarding this benefaction.

A reference to the letter No. 30, dated 4th May 1870, from Major C. C. Minchin, Political Agent and Superintendent of the Baháwalpur State, to the Government, which is printed under Special Trust No. 8, will show that His Highness the Nawab of Baháwalpur, in May 1870, presented a sum of Rs. 15,000 to the Lahore Municipality for the construction of a drinking fountain or tank in some central situation in Anarkali in commemoration of the visit of His Royal Highness the Duke of Edinburgh to the Punjab.

The Commissioner and Deputy Commissioner of Lahore, have placed at my disposal certain files from which I have been able to trace the further history of this Trust.

2. The Lahore Municipal Committee, at a Special Meeting held on the 27th July 1870, considered the estimates which had been prepared for the construction of an ornamental tank in Anarkali, and finding that the estimated cost of such a construction would amount to Rs. 37,100, resolved to ask His Highness the Nawab, for a further donation of Rs 10,000 This further donation of Rs. 10, 000 was promised by H. H. the Nawab, and the amount was remitted on the 15th May 1871 by Captain L. J. H. Grey, then Politcial Agent and Superintendent of the Baháwalpur State. These donations were both deposited in a floating account at the Bank of Bengal.

A Committee was then appointed to manage the project, but as it was anticipated that some delay would occur in the execution of the work, the Deputy Commissioner, by letter No. 321, dated 10th June 1871, on behalf of the Municipal Committee, requested that the donations might be invested. The exact date of investment cannot be traced, but the advice of investment from the Bank is dated 19th July 1871, from which I gather that Government securities, to the nominal value of Rs. 25,000, were then purchased at a cost of Rs. 24,833-7-8, a balance of Rs. 166-8-4 remaining out of the original donation. The Committee appointed to manage the project never met, and nothing further appears to have been done in connection with the construction of a drinking fountain or tank until April 1873, when the Commissioner of the Lahore Division, Mr. Arthur Brandreth, instituted inquiries into the progress of the matter.

3. The result of these inquiries was contained in the letter No. 1465, dated 20th May 1873, from the Commissioner of the Lahore Division to the Political Agent and Superintendent, Baháwalpur State, and the latter officer's reply, No. 849, dated 17th October 1873, certified copies of which are subjoined.

No. 1465, dated 20th May 1873.

From—A. BRANDRETH, Esq., Commissioner and Superintendent, Lahore Division,

To—Major C. C. MINCHIN, Political Agent and Superintendent, Baháwalpur.

I HAVE the honor to forward, for your perusal and return when done with, the correspondence noted in the margin, regarding the construction of a memorial drinking fountain or tank in Anarkali, from the donation of Rs. 25,000 by His Highness the Nawab of Baháwalpur, to commemorate the visit of His Royal Highness the Duke of Edinburgh to the Punjab; and with reference thereto, I beg to inquire if you have any remarks or suggestions to offer before action is finally taken in the matter.

No. 474, dated 13th May 1873, and enclosures as therein noted. File of original correspondence of Commissioner's Office containing eight letters and annexures.

No. 849, dated Baháwalpur, 17th October 1873.

From—Major C. C. MINCHIN, Politcial Agent and Superintendent, Baháwalpur,

To—A. BRANDRETH, Esq., Commissioner and Superintendent, Lahore Division.

IN reply to your letter, I beg to inform you that His Highness the Nawab approves of the Rs. 25,000 presented by him being made over to the Senate of the Punjab University College to build a Senate Hall and Library for the Library of Sir D. McLeod, conditional on the Senate Hall being generally available for the use of the European residents of Anarkali and Donald Town for meetings, concerts or other entertainments, and also for meetings of the Anjuman and other joint meetings of European and Native gentry.

4. The Senate approved of the suggestion, by Resolution passed at the Meeting held on the 25th October 1873, and I subjoin a certified extract from the proceedings of the Meeting of Senate held on the 25th October 1873, para. 18:—

"The Officiating Registrar then moved that "The Nawab of Baháwalpur having approved of Rs. 25,000, formerly given by him in honor of the Duke of Edinburgh's visit being handed over to the Senate to build a Hall to be used for Meetings of Senate, as a Lecture-room and University Library, on the condition of its being available for general meetings of the residents of Anarkali, when not required by the Senate, the Senate accept this munificent gift on the above-mentioned terms, and that a letter of thanks be sent to the Nawab."

This was seconded by Rai Mul Singh, who spoke of the necessity of having some Special University building, and of the usefulness of a Hall such as proposed, if situated close both to Anarkali and the city.

Dr. Center then proposed " a vote of thanks to Mr. Brandreth, who had taken the greatest interest in University affairs, and to whose services in a great measure we owed this munificent gift". This was carried by aclamation, and the Meeting then broke up.

5. And, as a result of this consent, the Deputy Commissioner of Lahore, on the 13th December 1873, made over to the Trustee of the Punjab University College the Government securities of the nominal value of Rs. 25,000, and cash to the amount of Rs. 2,497-13-4, of which Rs. 166-6-4 represented the uninvested balance of the original donations, and Rs. 2,331-7-0 represented the interest on the Government securities from the date of investment to 30th November 1873.

The Trustee credited these sums to a separate account, called the Building Account, which was maintained for the years 1873, 1874, 1875 and 1876, and was closed before the construction of the Hall was completed, and the following is an abstract of this account:—

RECEIPTS.

	Rs.	A.	P.
Uninvested balance of donation given for the drinking fountain in honor of His Royal Highness the Duke of Edinburgh ...	166	6	4
Sale proceeds of Government securities to the nominal value of Rs. 25,000	25,791	14	2
Interest upon Government securities up to 10th December 1873 ...	2,492	15	1
Total amount thus received from the donation of His Highness the Nawáb of Baháwalpur	28,451	3	7
Contribution from Current Account	3,666	2	6
Total Receipts	32,117	6	1

EXPENDITURE.

	Rs.	A.	P.
Construction of University Hall	30,326	13	1
Repairs to and rent of Oriental College	500	0	0
Senate Hall Petty Establishment	236	8	6
Senate Hall Furniture	1,054	0	6
Total Expenditure	32,117	6	1

6. This account excerpted from the Trustee's books is manifestly an incorrect statement of the expenditure on the construction of the Senate Hall, and does not show accurately the manner in which the gift from His Highness the Nawáb of Baháwalpur was disposed of.

In the first place, although the Government securities purchased out of the Nawáb's gift were not sold until various dates during the years 1873, 1875 and 1876, the interest on these securities, after 10th December 1873, was credited to the Current Account, and not to the Building Account, and, although the donation was presented for the construction of the Senate Hall, a charge of Rs. 500 was made to the Building Account for the rent of, or repairs to, the Oriental College. These objections were pointed out by the Auditor in his Report on the accounts for the year 1875, but were not apparently corrected. Then I find that Rs. 580-8-0 paid specially to a staff for supervising the erection of the building was charged during 1875 and 1876 to the current account under the head "Office Contingencies," and the cost of furniture is obviously not a charge upon a building account.

7. A correct and complete account, showing the actual cost of the construction of the Senate Hall and the actual disposal of the gift made by His Highness the Nawáb of Baháwalpur, has been compiled with the following result :—

EXPENDITURE.	Rs.	A.	P.
Construction of the Senate Hall	34,348	15	7
Supervising and care taking establishment during construction	580	8	0
Enclosing the verandah, building out-house, &c. ...	980	14	3
Total ...	35,910	5	10

And this expenditure has been met from the following sources :—

	Rs.	A.	P.
(1) Amount realized from the Government securities presented by His Highness the Nawáb of Baháwalpur, and interest thereupon up to 10th December 1873, as shown in paragraph 5	28,451	3	7
(2) Interest upon these securities from 11th December 1873 to the various dates of sale	1,345	2	9
(3) Sale-proceeds of Government securities to the value of Rs. 5,000 belonging to the Funded Account ...	4,695	11	6
(4) Contribution from Current Account	1,418	4	0
Total ...	35,910	5	10

8. The Finance Committee at page 3 of their Preliminary Report were of opinion that certain items, six in number, *aggregating Rs. 12,821-11-3 which had been paid for from the* Current Account were properly debitable to the Funded Account, and in consequence of this recommendation the Senate, by Resolution No. 11, passed at the meeting held on the 28th November 1885, directed that these items should be repaid from the Funded to the Current Account. This direction has been obeyed, and among these six items are the following:—

	Rs.	A.	P.
No. 1.—Additional expenditure incurred in building the Senate Hall	2,791	3	8
No. 5.—Enclosing the verandah of the Senate Hall and constructing other buildings	810	5	0
Total ...	3,601	8	8

The analysis of the expenditure incurred in the construction of the Senate Hall, recorded in paragraph 7, shows that taking into consideration the interest on the Nawáb of Baháwalpur's Government securities up to the dates of their sale, which was credited to the Current Account, as well as the full amount realized by the sale of the Promissory Note for Rs. 5,000 belonging to the Funded Account, the amount payable by the Funded Account for the excess cost of the construction of the Senate Hall and out-buildings was not Rs. 3,601-8-8, as supposed by the Finance Committee, but Rs. 1,418-4-0 only. There has thus been an excess charge to the Endowment Fund in this account to the extent of Rs. 2,183-4-8, which should now be refunded by the Current to the Funded Account.

One Spurious Trust.

I have thus, so far as has been possible, explained the position of each Trust in the possession of or connected with the University, and I conclude this report with an explanation of a Trust which, though it has been borne on the books as a Special Trust, has no real existence.

2. In the Punjab University College Calendar for the year 1877-78 there appeared in the chapter relating to Special Endowments the following account under the heading "The Leitner Prize:"—

"This prize was founded by Dr. G. W. Leitner, the first Registrar of the Institution, by a sum of Rs. 1,000. Its interest, *viz.*, Rs. 50 is given annually towards the award of a prize for the best essay, whether in English or the Vernacular, on 'Educational Reforms.'"

This description was repeated in the Calendar for 1878-79, but in the Calendar for 1881-82 the description under the heading "The Leitner Prize" was slightly varied, and ran thus—

"This prize was founded by Dr. G. W. Leitner, the first Registrar of the Institution, by a sum of Rs. 1,000. Its accumulated interest, *viz.*, Rs. 100, is to be given annually towards the award of a prize for the best essay, whether in English or the Vernacular, on 'Educational Reforms.'"

The same description was inserted in the Calender for 1884-85, the last published, the amount of the supposed accumulated interest being however omitted.

Finally, in the nominal list of Special Trusts discharged from the interests and profits of separate investments prepared by Dr. Leitner in October 1885, and now before the Syndicate, the following description of this alleged Trust was published :—

No. 15.—Leitner Prize.

Founded in October 1870 by Dr. G. W. Leitner, for the best annual essay, whether in English or in any of the Vernaculars, on "Educational Reforms" —(*No correspondence*) Rs. 1,000 (*see* Calendar for 1884-85, page 226).

3. So far as the University accounts show, no single donation of Rs. 1,000 has ever been presented by Dr. G. W. Leitner, either for the purpose of founding a prize or for any other purpose connected with the University, and the complete analysis of the Funded Account just made proves that no donations or subscriptions presented by Dr. Leitner have ever been credited to that account. The aggregate amount of donations and subscriptions presented from time to time to the University by Dr. G. W. Leitner has been less than Rs. 1,000, of which Rs. 662 less a refund of Rs. 140 were given previous to 11th January 1870, and the remainder was given subsequently. Whatever was given by Dr. Leitner after 11th January 1870 was credited to the Current Account, and expended therein on general purposes; whilst what was given before 11th January 1870 was credited to the University General Account, the unexpended balance of which on the 11th January 1870 was transferred to the Funded Account then first opened.

4. There are no original papers in existence in connection with this alleged Trust, but I have discovered that at a Meeting of the Executive Committee held on the 25th November 1871, "the Committee then decided that, in consideration of the Registrar's donations and subscriptions, and for other reasons, an annual prize of Rs. 100 on 'Educational Reforms' be awarded, and called 'The Leitner Prize.'" This proposal of the Executive Committee was not reported to the Senate, and was not consequently accepted or approved by the Senate. In 1880 this prize consisting of a purse of Rs. 100 was given to Bábu Mahesh Chandra Datta, and another prize of Rs. 50 was given to Pandit Gopal Sahai. At the Inaugural Convocation on 18th November 1882 a medal costing Rs. 70 was given as the "Leitner Prize" to Munshi Nur Ahmad, as well as a prize of Rs. 30 to one Attá Muhammad. The cost of all these prizes was defrayed from the funds at credit of the Current Account.

From—F. DEH. LARPENT, Esquire, Registrar, Punjab, University,

To—The Under-Secretary to Government, Punjab, Home (Education) Department.

IN continuation of my letter No. 379, dated 25th February 1887, I have the honor to forward the further statement promised in the first paragraph of that communication.

2. I take this opportunity to forward a statement correcting certain clerical and other mistakes which have been found after a careful re-perusal of the report upon the Special Trust Funds of the University which was forwarded to you under cover of the letter quoted at the commencement of this letter.

No. 129.—*Notification.*—The following Rules for the regulation of vaccine operations in the City of Amritsar, made under Section 19 of Act XIII of 1880 by the Municipal Committee of Amritsar at a special meeting, have been confirmed by the Lieutenant-Governor, and are published for general information.

They will come into force six weeks from the date of the publication of this Notification:—

VACCINATION BYE-LAWS.

Circles for the performance of vaccination.

For the performance of vaccination in accordance with the provisions of Act XIII of 1880, *the local* area included within the limits of the Municipality of Amritsar shall be divided into three urban circles, comprising the City of Amritsar and corresponding with groups of four of the existing conservancy divisions, and a fourth or suburban circle, comprising the extra-mural limits and including within those limits the Civil Station of Amritsar.

Appointment of vaccine stations.

2. The Municipal Committee shall, from time to time, appoint a place or places in each vaccination circle as a public vaccine station or stations, and shall cause to be affixed on the outside of every such place, in a conspicuous position, a sign-board on which shall be printed, in letters easily legible, and in the English, Urdu and Gurmukhi characters, the following inscription—" Amritsar Municipal Vaccine Station No. ."

Qualification of public Vaccinators and of Superintendents of Vaccination.

3. No person shall be appointed a public Vaccinator or a Superintendent of Vaccination unless he has obtained a certificate from the Sanitary Commissioner of the Punjab that he is duly qualified to perform vaccination as prescribed by Act XIII of 1880.

Authority to appoint, suspend and dismiss public Vaccinators.

4. The appointment, suspension and dismissal of public Vaccinators employed within the limits of the Municipality shall rest with the Civil Surgeon, subject to the approval of the Municipal Committee.

Time of attendance of public Vaccinators and their residence.

5. During the vaccination season public Vaccinators shall be bound to attend at the vaccine stations, to which they may be attached by the Civil Surgeon, daily from 10 A. M. to 4 P. M., and shall ordinarily reside on the premises provided by the Municipal Committee as a vaccine station within their respective circles, and in no case outside the limits of those circles.

Distinguishing badge to be worn by public Vaccinators.

6. The distinguishing badge of a public Vaccinator shall be a red cross on a white ground, and shall be worn on the breast.

Fee chargeable by private Vaccinators, and the authority to which they are subject in the performance of their duties.

7. Persons licensed by the Local Government to act as private Vaccinators shall in no case demand a higher fee than one rupee for a single operation, and shall perform their duties under the orders and subject to the general control of the Civil Surgeon.

Facilities for procuring vaccination of children at private houses.

8. Persons desirous of procuring the vaccination of their children at their own houses may apply for that purpose to the Superintendent of Vaccination of their circle, who shall thereupon depute an authorised Vaccinator to comply with the request.

Grant and form of certificates of successful vaccination, unfitness for or of insusceptibility of vaccination.

9 Whenever it is ascertained that a child is unfit for vaccination or is insusceptible of successful vaccination, a certificate in the Form A attached to these Rules shall be granted in the former case to the parent or guardian of such child by the Vaccinator, and in the latter in the Form B by the Superintendent of Vaccination by whom such child was examined. In like manner, wherever it is ascertained that a child has been successfully vaccinated, a certificate shall be granted by the Vaccinator to the parent or guardian of such child in the Form C attached to these Rules.

Nature of lymph to be used.

10. The lymph to be used, except in the case provided for in Rule 12, shall be pure human lymph free from blood, pus, or other secretion, obtained on the seventh day from the arm of a healthy child, free from contagious disease, who had more than two perfect full-sized vesicles.

Supply of a sufficient quantity of such lymph.

11. Two perfect vesicles shall be left untouched on the arm of each child to run their regular course, and not more than two children shall be vaccinated from each full-sized vesicle opened for the purpose of extraction of lymph, or more than six children from a single vaccinifer.

Fee to be charged for the use of animal lymph.

12. In any circle in which animal lymph is procurable, and the parent or guardian of a child produced for vaccination desires that such lymph, and not human lymph, may be used, the Vaccinator shall comply with such request.

Fee payable to public Vaccinator for vaccinating a child outside his circle.

13. A fee of one rupee shall be payable to a public Vaccinator who vaccinates a child at the request of the parent or guardian elsewhere than in the circle for which such Vaccinator is appointed.

Registers to be kept up by the Municipal Committee.

14. The following Registers shall be kept up by the Municipal Committee :—

No. 748.—*Notification.*—The following is published for general information.—

NOTICE.

As the Sub-Committee of the Public Service Commission, appointed by the Resolution of the Government of India, in the Home Department, No. 15—574-615, dated 8th March 1887, will probably commence its sittings in the Punjab at Lahore, on Wednesday, the 20th April 1887, persons who may desire to offer evidence before the Committee should at once communicate their names and addresses to the President of the Sub-Committee, Allahabad, with a brief note of the points on which they wish to tender evidence. The special attention of persons desirous of giving evidence is invited to the annexed extract from the orders of the Government of India, defining the duties of the Sub-Committee, and restricting the scope of the enquiry to the practical issues, therein set forth, which it is desired to elucidate.

F. C. DAUKES,
Secretary to the Public Service Commission.

Extract from the Resolution of the Government of India, in the Home Department, No. 15—574-615, dated 8th March 1887.

IT will be the duty of the Sub-Committee to obtain and digest evidence on definite questions of fact to be placed before the Public Service Commission when it reassembles later in the year. The subjects of the Sub-Committee's enquiry are, first, the present regulations of the various Departments* as to admission to the various grades and ranks in each; the conditions of service in each Department, and the capacity for rendering efficient service therein, of the various classes who put forward claims to such employment. * * * * It will be convenient that the Sub-Committee should closely restrict the scope of its enquiry to the practical issues which it is desired to elucidate.

Punjab Government Notifications and Orders.

BOARDS AND COMMITTEES DEPARTMENT.

BOARDS.

[Third publication.]

The 2nd April 1887.

No. 52.—*Notification.*—Under the provisions of Section 55, clauses (*d*) and (*q*) of Act XX of 1883, the Hon'ble the Lieutenant-Governor proposes to frame the following Rules for the constitution of a District Board in the district of Jhang, in supersession of Rules 3 to 8, inclusive, published in Punjab Government Notification No. 477, dated 25th February 1876.

These draft Rules will be taken into consideration after the expiration of one month from the date of the publication of this Notification, before which period any objections or suggestions submitted to Government through the usual channels will be considered.

RULES.

1. The District Board shall have jurisdiction throughout the district.

2. The District Board shall consist of not more than 39 members appointed by name, and not more than 6 appointed by official designation.

3. No one shall be eligible for appointment to the Board if he—

(*i*) is under 21 years of age; or

(*ii*) is under contract as regards work to be paid for out of the District Funds; or

(*iii*) receives any remuneration out of District Funds for services rendered to the District Board; or

(*iv*) has been proscribed from Government employment; or

(*v*) has been convicted of any such offence or subjected by a criminal court to any such order as implies, in the opinion of the Local Government, a defect of character which unfits him to be such member:

Provided that the Local Government may exempt any person or class of persons from the restriction contained in clause (*iii*) of this Rule.

4. The Deputy Commissioner of the district shall be a member of the District Board, and by virtue of his office shall be Chairman of the Board.

5. Subject to the provisions of Section 14 of Act XX of 1883, members appointed by name shall hold office for three years, unless appointed for any shorter period.

The 19th April 1887.

No. 64.—*Notification.*—In accordance with the provisions of Section 11 of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to notify that the following persons are members of the Local Board of Wazirabad in the Gujránwála District:—

Elected member.

Ghulám Qádir, of Diláwar, *vice* Khuda Dád, deceased.

Member appointed by name.

Hyát Muhammad, of Wazirabad, *vice* Mehrulla Khán, of Wazirabad, deceased.

The 20th April 1887.

No. 66.—*Notification.*—In accordance with the provisions of Section 11 of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to notify that the following persons are members of the District Board of the Shahpur District:—

Members appointed by name.

Mr. M. F. O'Dwyer, Assistant Commissioner, *vice* Pandit Jotiparshád, Extra Assistant Commissioner, resigned.

Malik Fateh Khán, Tiwána, of Muzaffarabad, *vice* Amír Chand, Banker, deceased.

The 20th April 1887.

No. 68.—*Notification.*—The Honorable the Lieutenant-Governor is pleased to make the following rules, under Section 71 of Act XX of 1883 (The Punjab District Boards Act), for the assessment and collection of the local rate as fixed by Notifications No. 2605, dated 11th November 1885, No. 122 B., dated 24th June 1886, and No. 206, dated 4th December 1886, for the Districts of Hazára, Jhang and Montgomery, respectively :—

1. The local rate as fixed by the said Notifications shall be assessed in each of the said districts by the Deputy Commissioner.

2. The local rate shall be collected by the Tahsíldárs through the agency of the Lambardárs, the accounts of the assessments and collections being made out and kept by the Patwárís. For their trouble in the collection of the local rate and in making out and keeping the accounts of the assessments respectively, the Lambardár or Lambardárs, and the Patwári or Patwárís, of a village shall be respectively entitled to annual allowances on the following scale, *viz.* :—

(*a*) The Lambardár or Lambardárs.	Four rupees per cent. on the amount of local rate collected.
(*b*) The Patwári or Patwárís.	Two rupees eight annas per cent. on the amount of local rate collected.

3. These allowances shall be paid in proportion as the land revenue and local rate of the village are collected by deductions from the gross collection on account of the local rate. The gross collections shall be credited in full in the treasury accounts, and the allowances debited *per contrâ.*

4. When there are two or more Lambardárs in a village, the allowance due to them on account of the local rate shall be divided among them in the same proportions as the allowances received by them as headmen are divided.

5. When a village is situated in two or more Patwárís' circles, each Patwári shall receive the Patwári allowance due on account of the local rate in respect of the lands of such village situated in his circle.

6. In calculating allowances on account of the local rates, fractions of an anna if less than half an anna shall be omitted; fractions of half an anna or more than half an anna shall be reckoned as one anna.

7. Where the demand for land revenue falling due within the year for which the assessment of the local rate is made is suspended, the demand on account of the local rate shall be suspended on the land for which suspension of land revenue is granted until such time as the demand for the suspended land revenue is enforced, at which time the demand for the suspended local rate shall be enforced, and the amount of such rate shall be levied.

8. The amount of local rate assessed on each person shall be shown in the statement of distribution of assessment (báchh) prepared for each village by its Patwári under Rule 23 II. A. of the Rules under the Land Revenue Act. If no such statement is prepared, the Deputy Commissioner shall cause a list of the persons assessed, and of the amounts of their assessments, to be affixed in some public place in each village where the persons assessed reside. Upon each person whose assessment amounts to more than Rs. 10 per annum a separate notice shall be served, showing—

(1) the area of land assessable;

(2) the amount of land revenue assessed on such land;

(3) the annual value of such land;

(4) the amount of local rate payable by the holder of such land.

No. 69.—*Notification.*—In accordance with the provisions of Section 72 of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to make the following rule with regard to the persons to whom appeals shall lie from orders relating to the assessment and collection of the local rate as fixed by Notification No. 2605, dated the 11th November 1885, No. 122 B, dated the 24th June 1886 and No. 206, dated 4th December 1886, for the Districts of Hazára, Jhang and Montgomery, respectively.

Appeals from the orders of Deputy Commissioners in matters connected with the assessment and collection of the local rate shall lie to the Commissioners of Divisions, and appeals from the orders of Tahsíldárs in matters connected with the collection of the local rate shall lie to Deputy Commissioners. Commissioners and Deputy Commissioners are hereby appointed to hear appeals from the orders of the above classes, respectively.

No. 70.—*Notification.*—In accordance with the provisions of Section 73, of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to make the following rule with regard to the instalments by which the local rate as fixed by Notifications No. 2605, dated the 11th November 1885, No. 122 B., dated the 24th June 1886, and No. 206, dated 4th December 1886, for the Districts of Hazára, Jhang and Montgomery, respectively, shall be payable:—

Rule.

The local rate as fixed by the said Notifications No. 2605, dated 11th November 1885, No 122 B., dated the 24th June 1886, and No. 206, dated 4th December 1886, shall be collected by instalments bearing to one another the same proportion as the instalments of land revenue with which it is collected.

GENERAL.

The 30th April 1887.

No. 939.—*Notification.*—On the retirement of the Hon'ble Colonel Sir William G. Davies, K. C. S. I., First Financial Commissioner of the Punjab, the Hon'ble the Lieutenant-Governor desires to place on record his sense of the services rendered by this distinguished officer during his long and varied career.

Lieutenant Davies was appointed to the Punjab Commission in April 1854, and after assisting in the settlements of the Gugera and Mooltan Districts he was selected in 1862 to revise the assessment of the old Thanesar District.

In July 1864 Captain Davies was appointed Deputy Commissioner of Shahpur, with orders to complete the settlement of that district, which had been begun by Mr. G. Ouseley.

This special work was carried on by him in addition to his duties as District Officer, and was completed in 1866. Captain Davies

services in connection with this work received the approval of his superiors up to Her Majesty's Secretary of State. After holding charge of several districts in the Province, Major Davies was appointed in 1874 to officiate as Settlement Commissioner of the Deraját and Mooltan Divisions, and held that post with credit for nine months. In 1875 Major Davies was appointed to officiate as Commissioner of Delhi, in which post he was subsequently confirmed. During his tenure of this office he supervised the settlements of three districts of that Division in addition to his other work. In 1877 Colonel Davies acted as President of the Executive Committee for making arrangements for the Imperial Assemblage, for which service he received the thanks of the Government of India and the Secretary of State, and was decorated with the C. S. I. in May 1877. After holding charge of the Commissionership of the Jullundur Division and officiating as Additional Financial Commissioner and as Financial Commissioner on various occasions, Colonel Davies was confirmed in the latter appointment in December 1883, since which time he has continuously held this appointment. In April 1886 Colonel Davies was appointed an Additional Member of the Governor-General's Council in addition to his own duties, and this position he has retained up to date. On the day fixed for the celebration of the Jubilee of Her Majesty the Queen-Empress, the 17th February 1887, Colonel Davies was decorated with the Order of a Knight Commander of the Star of India.

Mr. Lyall desires to bear testimony to Sir William Davies' great abilities, to the eminent services which he has rendered in the various important posts which he has filled, and to the value of the advice which he has, from time to time, afforded to himself and to his predecessors in office while occupying those appointments.

1. Proceedings, Municipal, September 1885, Nos. 18-21 A.,
   " Committees, January 1886, Nos. 15-16 A.,
   " " February 1886, Nos. 42-6 A.,
   " " March 1886, Nos. 30-32 A.,
   " " May 1886, Nos. 1-3 A.,
   } regarding the invasion of certain public rights by Hamír Chand of Hoshiárpur.
2. Proceedings, Home (General), January 1887, Nos. 15-17 A., regarding the disturbances at Hoshiárpur during the Dassehra-Moharram festivals.
3. Letter dated 9th March 1887, from Commissioner and Superintendent, Jullundur Division.

REMARKS.—The system of appointing a certain number of members of the Municipal Committee of Hoshiárpur by election was introduced in the year 1884, and by Notification No. 410, dated 1st July of that year, it was

announced that the Committee consisted of 12 elected and 5 nominated members. Ten of the elected members were Hindús and 2 Muhammadans, while of the nominated members 3 were Muhammadans and 2 Christians.

In 1885, 4 of the elected members retired in accordance with rule, but 3 of them were re-elected. Later on in the same year a Muhammadan was nominated a member of the Committee, as only 5 members had been appointed by Government, although the full number was 6.

2. During the same year it was represented by certain members of the community that a man named Hamír Chand had appropriated a public well, enclosing it with walls. The matter was brought to the notice of the Municipal Committee, which, on 17th June 1885, passed the following resolution:—

> "The papers connected with Hamír Chand, Súd's (1) taking possession of a public well and enclosing it with walls; (2) his enclosing a portion of a public lane which has been used as a thoroughfare since the foundation of the town; and (3) putting up pillars and door-posts at one end of this lane with a view to close it up from public use, without giving any notice to the Committee; and the Sub-Committee on Public Works' report on them were laid before the Committee. After a protracted discussion it was resolved by 8 votes against 6,—the President, the Secretary and the Civil Surgeon, &c., voting in the minority,—that Hamír Chand, Súd, should be allowed to keep all the unlawful appropriations and constructions he has made on the ground that close to the sites in question he has raised an idol temple. He was ordered not to put doors to the door-posts he has already put up."

At the meeting of the Municipal Committee in question 8 Hindús voted in favour of the resolution above cited; 2 Christians, 2 Muhammadans and 2 Hindús voted against it.

The Deputy Commissioner, who was not a member of the Committee, pointed out that the majority present at the meeting was a minority of the whole Committee, which he urged to reconsider the question at another meeting. The subject was again brought up on 1st July 1885, when after a long discussion it was resolved by 8 votes to 6 that "no action be taken in the matter inconsistent with the former decision." The majority on this occasion consisted of precisely the same members as at the previous meeting. The attitude of the majority of the Hindu members of the Municipal Committee was then brought to the notice of the Local Government, whose orders were communicated in September 1885. As, under Notification No. 1041, dated 19th August 1885, the provisions of Act XIII of 1884 had been applied to the Municipality of Hoshiárpur, the newly-established Committee under that Act was requested to reconsider the matter. It was pointed out that, as the well in question was a public well and the street a public street, under Section 71 of the Act the property had vested in and belonged to the Municipal Committee, and that it must be held and applied for the purposes of the Act. No provision in that enactment empowered the Committee to sanction the permanent appropriation of public wells and thoroughfares by private persons; on the contrary, under Section 68, it was clearly the duty of the Committee to consult the convenience of the public, to see to the maintenance of public streets, and to the supply and storage of water for the use of men and animals. After the communication of the orders of the Lieutenant-Governor a meeting of the Municipal Committee was held on 3rd December 1885, when the following resolution was passed by a majority of 9 votes to 6—"that in the opinion of the Committee the Committee has no power to reconsider its resolution which has been once revised, and that therefore the Committee can take no action in reference to the subject brought forward in the Government letter." This

resolution was annulled by the Hon'ble the Lieutenant-Governor by an order in writing under Section 151 (2) of Act XIII of 1884, and ultimately, at a meeting of the Committee held on 12th March 1886, it was resolved that Hamír Chand should be required to remove in five days his unlawful buildings and constructions, and informed that on his failure to do so within that period a civil suit would be brought against him. The obstructions were not properly removed, and a civil suit was brought.

Throughout the course of this suit, although active opposition to the orders of Government framed in the interests of the public was no longer possible, the majority of the Committee have in no sense realized the duty imposed upon them by law, but on the contrary, by passive resistance and scarcely concealed obstructiveness, have done their utmost to frustrate the decision of the Government in the case.

3. In October 1886 the synchronous celebration of the Moharram and Dassehra festivals led to serious disturbances in the town of Hoshiárpur. No special duties had been entrusted to the members of the Municipal Committee, either individually or collectively, but enquiry showed that, with the single exception of the President, the Reverend Mr. Chatterji, no member took a leading part on the side of order.

4. More recently, two of the Muhammadan members of the Municipal Committee have tendered their resignations on the ground that they find it impossible, in the present state of feeling prevalent among the members of the Committee, to discharge their duties conscientiously without serious opposition and risk of personal rancour directed against themselves. The President also has resigned his post and his membership on other grounds.

5. The Commissioner of the Jullundur Division and the Deputy Commissioner have fully reported on the present state of Municipal administration at Hoshiárpur; and in view of their reports, of the proceedings of the Municipal Committee during the last two years, of the opinions expressed by persons who were members of the Committee, and of the state of feeling in the town, the Lieutenant-Governor has with deep regret arrived at the conclusion that some radical change in the constitution of the Municipal Committee is unavoidable. It is unnecessary to explain that Sir Charles Aitchison has adopted this conclusion with great reluctance. But the success of the system of Local Self-Government in which he has been deeply interested depends as much on the timely and firm interference of Government when matters go wrong as upon a policy of confidence and non-interference with those who are honourably striving to do their best according to their lights to administer the trust reposed in them for the public good. Under the elective system, faction, self-interest and utter neglect of public duty have characterized the proceedings of the majority of the Committee, and in the public interests it is essential that this state of things should cease. For these reasons, Sir Charles Aitchison has felt himself compelled to direct that for the present at any rate the elective system shall no longer be pursued in the Hoshiárpur Municipality, and that all existing vacancies in the Committee and all future vacancies shall until further orders be filled by appointments made by the Local Government.

A notification to this effect has accordingly been framed, and will be duly published under the provisions of the law.

ORDER.—Ordered that this Resolution be published in the *Punjab Government Gazette*.

After this the Ráwalpindi Municipal Committee presented an address as follows :—

To

THE HON'BLE SIR CHARLES UMPHERSTON AITCHISON, K.C.S.I., C.I.E., M.A., LL.D., COUNCILLOR OF THE EMPRESS, LIEUTENANT-GOVERNOR OF THE PUNJAB AND ITS DEPENDENCIES.

WE, the members of the Municipal Committee of Ráwalpindi, beg leave to approach your Honor with this humble address, and to assure your Honor that we cannot sufficiently express our deep gratitude for the great favour you have conferred on our town by consenting to preside at the opening ceremony of the Ráwalpindi Water-works, especially at a time when, owing to your Honor's approaching departure from our Province, more important affairs of State might well have engrossed your time and attention.

We feel that we should fail in our duty to our fellow-townsmen if we did not avail ourselves of this opportunity to acknowledge your Honor's constant efforts to promote the happiness and best interests of the people of this Province. It would be impossible in an address to enumerate the various measures which have been initiated and carried out by your Honor for the welfare of the people and the good administration of the country; we can only mention that the Local Self-Government scheme has flourished under your fostering care; that the education of the masses has made considerable progress; that a college (which we rejoice to think will hand down your Honor's name to posterity) has been opened to afford the best education and culture to the Chiefs and Raises of the Punjab; and that, by the efforts of yourself and Lady Aitchison, Lady Dufferin's project for the proper medical treatment of our women has been placed on a firm footing in this Province. For these and other beneficial measures, your Honor's name will ever be revered by the people of the Punjab.

And for ourselves we have especially to thank your Honor that we have been enabled, with the untiring assistance of our Commissioner, to supply a want which has long been severely felt, and to accomplish a work which will, we hope, prove a blessing to our town and promote in no small degree the health and comfort of its inhabitants. We have on another occasion given expression to our humble desire that this work may be named the Victoria Water-works in commemoration of the Jubilee of our Most Gracious Sovereign Her Majesty the Queen-Empress, and we rejoice to think that your Honor will now be pleased to give to our accomplished work this auspicious name.

In conclusion, we can only express our feeling of thankfulness that in our sorrow at your Honor's approaching severance from the Government of this Province, we can console

ourselves with the thought that in your place on the Viceroy's Council the Government and people of India generally, and of the Punjab in particular, will still, and we hope for long to come, enjoy the benefit of your great ability, matured experience, and sagacious judgment.

With every prayer for your Honor's long life, prosperity and happiness, we beg to subscribe ourselves,

Your most obedient, humble Servants,

Afterwards a khillat was conferred on Kirpál Singh, the President of e Committee.

The Deputy Commissioner then read a description of the work, which s Honor was asked to inaugurate, as follows :—

REPORT ON THE COMPLETION OF THE RAWALPINDI CITY WATER-WORKS.

As early as 1863 proposals were broached for supplying the city of Ráwalpindi with er, and several schemes were put forward to obtain water from the Leh and other sources, ch, however, came to nothing, as funds were at that time not forthcoming and Govern-t could not make the services of an Engineer available to carry out such a project.

At last, in 1883, from the largely increased size of the city, the need of water became gent that the Municipal Committee felt that measures for meeting the evil could no er be delayed; accordingly application was made to the Public Works Department, by

whom trial wells and borings were made, and finally in the winter of 1884 a scheme was drawn out and provisionally approved by Colonel Limond, R.E., then Chief Engineer. In September 1885 this project was handed over to the Municipal Committee as giving the lines on which Government would approve the works being carried out by them. In December 1885 Colonel Parry Nisbet, then Deputy Commissioner, having taken up the matter, the arrangements for collecting the staff were completed. The necessary surveys were commenced at the beginning of January 1886, and in March working drawings and detailed estimates amounting to Rs. 2,50,000 were forwarded for sanction to Government. According to the plans then submitted and now carried out, the water is obtained from two wells 15 ft. in diameter connected by a gathering gallery built of concrete blocks with open joints situated about nine miles from Ráwalpindi on the Murree road near the old village of Ráwal and just below the junction of the Kurrung and Bungreel rivers.

The soil at this point consists of a mass of boulders and sand, overlying a bed of impermeable red clay, which holds up the considerable sub-soil flow from the hills to the north-west as well as the water from the river, and thus forms a natural reservior, the water standing at about 7 ft. below the surface. The sinking of wells 30 ft. through ground consisting of one mass of boulders and full of water was a tedious and expensive process, involving as it did the breaking up the ground first with long crowbars, and then lifting from under water the boulders, often many maunds in weight, by divers and dredgers. The only other alternative would have been in the use of engines to pump out the water; but, as to be of any real service very powerful ones must have been obtained, their cost was prohibitive. On leaving the wells the water passes for about 2,000 ft. through a main composed of 12" cast-iron pipes. At first these pipes are in cuttings of an average depth of 16 ft. through strata composed of the boulders and sand described. The digging of the cutting was a work of considerable difficulty and expense, especially as rock was met with in many cases below the surface. As the cutting was considerably below water level, the necessary excavation for each length of pipe had to be made separately, the water being kept down by means of hand-worked Californian pumps made on the works. At the distance of 800 ft. from the wells a rocky ridge of very hard and compact sandstone is met with, which rises to a considerable height above the surrounding country. The river has cut a narrow passage through this ridge, the rocks rising sheer from the water, and the course of the river having to be followed at this point through the ridge, there was no alternative but to blast a passage for the pipes. The cutting is some 30 ft. in depth and extends about 300 ft. in length. After clearing these rocks, the river bed widens out and the line of pipes passes along the edge of the bank, which is composed of a hard red shale, which also required blasting. Six hundred feet lower down the river the waterway again narrows, being choked by large masses of rock which have fallen from the ridge above. These rocks are piled one over the other in such a way that not only those exactly in the line of the works had to be removed, but also others which, though high up the hill side, were supported by the rocks below. After passing these rocks the line of the work leaves the bank of the Kurrung, though for the next two miles running nearly parallel to the general course of the river; it then bends sharply towards the Murree road, which it meets at about the third mile from the wells just below the village of Oojari. For these three miles water is conveyed in a concrete conduit of the height of three and breadth of two feet lined with Portland cement through very broken country which rises abruptly in small hillocks and falls as sharply again, and which is everywhere cut up by deep ravines. Of these there are eight intercepted by the line of the duct, five being bridged and the remaining three being crossed by siphons. Of the five former nallahs the largest is some 80 ft. broad and 20 ft. deep. The duct passes at a height of 18 ft. above the bed of the nallah and is supported on a bridge with one span of 20 and four of 10 ft. the foundation of the main piers being carried down 16 ft. below the surface. The bridge next in size consists of one span of 20 ft., two of 10, and two of 5 ft. These two nallahs are only at a distance of 800 ft. from each other. The ground, however, between them rises 23 ft. above the bed of the duct and is a good example of the broken surface of the country. The remaining three bridges are of small span; all, however, are built of concrete rammed in place. Of the siphons one is small and formed of masonry; the other two are, however, of considerable length and formed of cast-iron pipes. The first has a length of 500 ft. and the difference of level between the bottom of the duct and the lowest pipe of the siphon is 40 ft., the pipes being carried below the bed of the stream. The other siphon is at the Oojari nallah, the point where the line, as has been already stated, meets the Murree road. The total length of cast-iron pipes used is 800 ft., but the fall is not so considerable as in the former nallah, the pipes crossing the actual waterway on a truss placed on the same piers as, and side by side with, the road bridge. On leaving the bridge the concrete duct for about a quarter of a mile runs in open cutting, the depth of which steadily increases as the line approaches Pindi till it at last descends to 25 ft.

At this point the ground rises sharply another 15 ft. and tunnelling was judged advisable. The tunnel extends for a mile and a quarter, and is 4 ft. in height to give facility for inspection. The walls and arch are of brick-work, and are lined up to water level with Portland cement. The making of this tunnel presented one of the great difficulties of the work, as the strata, though consisting in places of stiff clay, enclosed also beds of sand of so unstable a nature as to amount in places to quicksand. To pass such spots the interior of the tunnel had to be strongly framed with wood, which framing, however, was often forced in through the weight of the mass of earth above. The clay, too, was in places full of water; many maunds of saturated clay would often give way without warning, severely straining the wooden lining and endangering the lives of the workmen.

At about the 4th mile from Pindi the line of the works finally leaves the Murree road, passing beneath it in a tunnel at a depth of 40 ft. and takes a direct line for the city. The surface of the country also slopes so steeply towards Ráwalpindi that at about 1½ miles from the deep tunnel under the Murree road the duct is above ground, and even requires to be carried under a spill channel of the Leh, in a masonry siphon, to avoid heading up the overflow water of that river when in high flood. For the last mile of the work the duct has been modified by continuing the slope of the floor, while the line of springing of the arch is retained at the same level, and thus space is obtained for the storage of half a day's supply of water.

By this modification the height of the duct is considerably increased, and amounts at the inlet well to 6 ft. above ground level. This portion has been constructed in massive concrete blocks lined throughout with cement and is covered with earth, so as to avoid all chance of heating the water. The work terminates in a brick-work well, 15 ft. internal diameter, which contains the valves for distribution to the city, as well as the valve discharging the surplus water into the Mai Beero Tank, thus securing to the city clean water for bathing as well as for drinking purposes, the waste water being finally discharged into the Leh. For convenience of cleaning out the duct, as well as to give thorough ventilation, shafts of brick-work rising 10 ft. above ground-level have been placed at every bend of the line, and also in the straight lengths, so as never to be more than a quarter of a mile apart. The work, which is 7 miles in length, has been completed in 12 months, actual work having been commenced in March 1886. This has also involved the collection, within the year, of material amounting to 500,000 cubic feet of metal for concrete, 60,000 maunds of unslaked lime, 20,00,000 bricks and 1,50,000 cubic feet of soorkhee.

The depth of cutting throughout the work has also been considerable, being at the deepest 26 ft. and on an average 16 ft. exclusive of tunnel. The soil cut through is principally a stiff brown clay, above which are found layers of sand and reddish clay intermixed with beds of stones ranging from one inch to a foot in thickness. Layers of conglomerate and hard rock requiring blasting have also been met with. The amount of water estimated for will give 20 gallons a head for 30,000 people, which is rather above the population of the city of Ráwalpindi. The supply of the water at the head promises to be far in excess of present requirements, and the duct will pass four times the amount required for the city, as it had to be made large enough to admit of a man passing through it for cleaning and other purposes. Arrangements have therefore been made to duplicate the line of pipes at the head works, if more water should at any time be required, the amount of water in the wells being sufficient for any call that would be made upon it. The work has been carried out by small contracts, in order as far as possible to give employment to local labour, the only sum of any importance paid out of Pindi being that given for cast-iron pipes. The water, though at present not distributed throughout the whole city (as it is hoped will shortly be the case), has thus been brought within its limits. Standposts being placed on the steps of the Mai Beero Tank, the people can obtain clear drinking water at pleasure infinitely superior to the impure and uncertain supply at present drawn from the city wells, which run quite dry in the hot weather, and have hitherto been a fruitful source of sickness. That the water-supply will be a boon of infinite importance to the city, and add greatly to its prosperity, cannot be doubted, especially when it is remembered that it has hitherto possessed only two wells with perennial springs, the rest, as already stated, drying up during the summer months.

The early and successful completion of this fine work is due to the hearty support and attention given to it by Colonel Nisbet, Commissioner of Ráwalpindi, both in that office and previously as Deputy Commissioner of that district, with which he has been associated so many years. It should also be mentioned that the President of the Municipal Committee, Kirpál Singh, has, by his readiness to give every help required, largely assisted the completion of this important work.

The Municipal Committee were exceedingly fortunate in obtaining the services of E. G. Hebbert, Esquire, M.A., of Pembroke College, in the University of Cambridge, as Municipal Engineer in charge of the work.

Mr. Hebbert has shown the most untiring zeal, industry and resource in the performance of a task by no means easy. He has completed the work so far under many difficulties, which have been overcome by much ability on his part, and his name will always be remembered in connection with one of the most important projects for the supply of pure water that has yet been carried out in the Punjab, and the Municipal Committee desire here to acknowledge the value of his services.

His Honor then addressed the Darbár as follows :—

"LADIES, COLONEL NISBET, MEMBERS OF THE MUNICIPAL COMMITTEE AND GENTLEMEN,—You need no words from me to assure you of the pleasure it gives me to be present to-day. My only regret is that His Royal Highness the Duke of Connaught, who so lately commanded this Division, is not here to perform this ceremony and open the water-works which will henceforth bear the name of his illustrious mother, our beloved Queen and Empress. But he has been called away to an extended sphere of duty in another part of the Empire, and I must ask of you to bear with me as his substitute.

"We have just listened to an interesting account of the history of this work; and I must congratulate the Municipal Committee, and through them the residents of Ráwalpindi, on the completion of a work which cannot fail to be productive of lasting benefit to all, from the highest to the lowest. Undertakings of this kind, while they add but little, if anything at all, to the burden of taxation, increase to an extent which can hardly be fully estimated the health and comfort of every class of the community. I am glad to see that the different civic corporations all over the country, amongst which your own is justly conspicuous, show that they are conscious of the high trust reposed in them by their energy in the direction of sanitary reform.

"I would take this opportunity also of thanking Colonel Nisbet for his share in the enterprise. Wherever his sphere of duty has led him he has left behind him unmistakeable marks of his administrative energy and ability. He has now added another lasting monument of his active intelligence and sympathy with the pressing wants of the people to those already in existence at Simla, Lahore and other large centres.

"This is the last occasion on which I shall have the pleasure of meeting you. I thank you very warmly for the kind feelings you have expressed towards myself and Lady Aitchison. It is not easy to express to you in a few words all that I feel in leaving the Punjab, and the kind terms in which you have been good enough to allude to my work amongst you do not make the task easier. I would simply ask you to accept the assurance of my deep obligation to you for the way in which you have carried on your duties and the help you have always been to my Government.

"Wherever it may be my lot to spend the remaining years of my life, I shall entertain the liveliest recollection of the years I have spent in the Punjab, and strive with all the energy God may give me to promote the happiness and welfare of its people of every class and creed."

The Lieutenant-Governor after this advanced a few paces, the Darbáris remaining in their places, and turned a valve which admitted the water to the town and caused it to flow from a series of standposts at some little distance in view of the Darbár. His Honor next declared the Victoria Water-works open.

The Darbár then terminated, the usual salute being fired, and the Guard of Honor presenting arms on His Honor's leaving the Darbár tent.

Undress uniform was worn by officers entitled to uniform, and gentlemen not so entitled wore morning dress.

POLICE DEPARTMENT.

Proceedings of the Hon'ble the Lieutenant-Governor of the Punjab in the Home (Police) Department, No. 1323, dated 6th May 1887.

Examinations.

System of mixed nomination and competition for appointments in the 1st Class of Assistant District Superintendents of Police.

It having been found impracticable during the last three years to carry out strictly the Rules prescribed by Punjab Government Resolution No. 748, dated 4th March 1884, for the admission of European British subjects to gazetted offices in the Police Department, the Lieutenant-Governor is pleased to modify the same and to direct that the subjoined Revised Rules be henceforth observed.

ORDER.—Ordered, that the above Resolution be published in the *Punjab Gazette.*

By order of the Hon'ble the Lieutenant-Governor,

O. MENZIES, COLONEL,

Under-Secretary to Government, Punjab,

Home (Police) Department.

Revised Rules for the Appointment of European British subjects (not being Covenanted Civilians or Military Officers) to Gazetted Offices in the Police Department of the Punjab.

I.—A register of approved candidates for direct appointments to gazetted offices in the Police Department shall be maintained in the office of the Inspector General of Police.

II.—The qualifications indispensable for the acceptance of candidates are the following :—

(a) The applicant must not be under 18 nor over 25 years of age on his last birthday.

(b) He must furnish the certificate of physical fitness prescribed under Section 106, clause 2, of the Civil Pension Code (6th Edition).

(c) He must give satisfactory evidence of (i) good moral character; (ii) habits of personal activity; and (iii) gentlemanly bearing.

(d) He must have passed the Higher Standard Examination in Urdu, as laid down in G. G. O. Military Department No. 734, dated 19th September 1864, omitting the Hindi Test.

III.—Evidence under Rule II, clause (c), shall consist of certificates signed by a School Master, Tutor, Clergyman or Magistrate, and shall relate at least to the three years immediately preceding the date on which the application is made for a nomination.

IV.—The number of names admitted to the register will be about five for each expected vacancy, and, if at any time the number on the register exceeds this, fresh names will not ordinarily be admitted till an approximation to the above proportion is effected.

V.—Every candidate whose name is admitted on the register will receive a certificate in the form given in Schedule B attached to these Rules.

VI.—On the occurrence of a temporary vacancy to fill which an officiating appointment may under the Rules of the Financial Department be made, the claims of those gentlemen, if any, who have previously officiated and been thrown out of employ will first be considered.

VII.—Should there be no such claims, or should there still be vacancies after meeting such, the names of all candidates on the register will be submitted by the Inspector General of Police to the Lieutenant-Governor for his orders as to whether, with reference to the number of candidates available and other circumstances, the appointments are to be given by selection or competition.

VIII.—Should it be decided to proceed by competition, the Inspector General of Police will make arrangements for an examination to be held at Lahore with as little delay as may be compatible with admitting as many candidates as possible to appear thereat.

IX.—The examination will be as shown in Schedule A attached to these Rules, and successful candidates will be appointed to vacancies in the order of merit in which they pass: provided that no candidate shall receive an appointment if he fails to obtain 60 per cent. of the aggregate marks assigned for the whole examination, and 30 per cent. in each subject.

X.—Successful candidates, whether by competition or selection, will be appointed subject to the conditions as to Departmental Examinations, &c., set forth in the orders of the Police Department.

XI.—All appointments will, in the first instance, be officiating and on probation; but the persons so appointed will, if their service is approved and if they fulfil the departmental requirements of the preceding rule, be confirmed in the order of first appointment as permanent vacancies occur.

SCHEDULE A.

List of Subjects for Examination.

Durga Pershád, } re-elected.
Ghási Rám, }

No. 263.—*Notification.*—The following Rules, which have been made by the Local Government under the provisions of clauses (*a*), (*i*) to (*l*), (*n*), (*q*) to (*u*), (*w*), (*x*) and (*y*) of Section 154 of the Punjab Municipal Act, 1884, for regulating the proceedings of Municipal Committees in the Punjab in the several matters mentioned in those sections and clauses, are hereby notified to apply to the Municipalities mentioned in the schedule hereto annexed:—

PART I.

GENERAL.

Continuance of statements, returns, forms and reports until they are ordered to be discontinued by the proper authority.

I.—Municipal Committees to which these rules apply shall continue to submit such statements, returns, forms and reports as have been or shall be required to be submitted by them under any rules or orders heretofore or from time to time issued by proper authority.

Powers of Committees.

II.—Every Committee shall conform to the following rules in the exercise of its powers under the Punjab Municipal Act, 1884, namely :—

(*a*). No scheme or work estimated to cost Rs. 10,000 or over shall be undertaken before the Local Government in the Public Works Department shall have been satisfied by the Committee proposing to execute it—

(1) that the scheme or work is one of public utility;

(2) that a full and complete project has been drawn up in a satisfactory way, and in conformity with the rules laid down in the Public Works Code for the preparation of projects;

(3) that the professional aid and establishment at the Committee's disposal is adequate to carry out the work.

(*b*). General schemes of drainage, sewerage and water-supply, projects for roads which are intended to connect places situated in different districts, and other large works requiring engineering skill shall be submitted for the approval of Government in the Public Works Department.

Powers of first class Committees

III.—Every Committee of the first class shall conform to the following rule in the exercise of its powers under the said Act, namely :—

No original engineering work involving an expenditure of Rs. 5,000 or upwards shall be undertaken until the plans and estimates shall have received the approval of the Superintending or Executive Engineer.

Powers of second class Committees.

IV.—Every Committee of the second class shall conform to the following rule in the exercise of its powers under the said Act, namely :—

(*a*). No expenditure shall be incurred on any work involving an outlay of more than Rs. 2,000, save with the previous sanction of the Commissioner of the Division.

(b). No original engineering work involving an expenditure of Rs. 1,200 or upwards shall be undertaken until the plans and estimates shall have received the approval of the Superintending Engineer or Executive Engineer.

V.—No original work shall be undertaken by any Committee on an estimate for a portion of the work unless the whole work has received the sanction or approval required by these rules.

Piecemeal estimates prohibited.

If at any time after an original work has been undertaken the cost thereof appears likely to exceed the limits fixed by Rules II, III and IV, the Committee shall at once apply to the proper authority for sanction or approval of the work.

VI.—No Committee shall raise any loan, save with the previous sanction of Government, and in accordance with the procedure prescribed by the Local Authorities Loans Act (IX of 1879) and the rules made thereunder.

Loans not to be raised otherwise than as provided by law.

VII.—No Committee shall abolish any existing school, dispensary, or other institution without the permission of the head of the department concerned. Should he object, the Committee may refer the question to Government for decision.

Committees not to abolish any institution without sanction.

VIII.—Every Committee shall observe those general principles* of which the Government has approved in the several departments of administration.

General principles of the administration to be observed by Committee.

Illustration A.—It would not be competent to a Committee to entertain inoculators, the practice of inoculation for small-pox having been strongly discouraged by Government.

Illustration B.—It would not be competent to a Committee to modify the prescribed course of study in the primary schools of a district.

Illustration C.—It would not be competent to a Committee to continue, in the time of famine, expenditure which could properly be made available for the relief of famine.

Illustration D.—In the case of establishments which have been organized, and of appointments which have been created by Government, it would not be competent to a Committee to create a new grade of officers in any of the departments of Government, or to increase or diminish the pay of officials in any such existing grade without sanction of Government.

IX.—Whenever a Committee shall desire to appoint any person to an office, the proper discharge of the duties of which requires such person to possess some professional skill, the following rules shall be observed :—

Filling offices requiring professional skill.

(a). No person shall be appointed as Engineer, Assistant Engineer, or Overseer to a Municipality without the sanction of the Local Government in the Public Works Department, unless he is professionally qualified for such appointment according to the rules prescribed by that Department.

(b). No person shall be appointed as Surgeon or Assistant Surgeon to a Municipality, or to any institution, hospital or dispensary managed or controlled by a Committee, unless he shall have duly qualified, at least as a Licentiate in Medicine.

No person shall be employed as Hospital Assistant, Vaccinator, Compounder or Dresser, unless he shall be professionally qualified for such appointment under Government.

(c). No person other than a servant or member of the Committee shall be employed to transact its legal business unless he shall be qualified as a Barrister, Advocate, Solicitor, Pleader or Mukhtár.

* These principles are to be found in the published Codes and Resolutions of Government.

Channel of correspondence with Government and its officers.

X.—Correspondence between Committees and the Local Government or its officers shall pass in every case through the Deputy Commissioner, who will be guided by departmental rules in conducting such correspondence.

Returns, statements and reports.

XI.—(*a*). Every Committee shall, as soon as possible after the close of each official year, prepare in such forms as may be sent to it for the purpose by the Secretary to Government in the Civil Department returns for that year showing—(1) the population within the municipal limits, (2) statistics of the constitution of the Committee, (3) accounts of the income, expenditure, balances and liabilities of the municipal fund, and (4) statistics of octroi taxation. Copies of the returns shall, not later than 1st May, be sent through the Deputy Commissioner to the Commissioner of the Division and also direct to the Secretary to Government in the Civil Department.

(*b*). In addition to the returns above prescribed, each Committee shall submit, through the Deputy Commissioner to the Commissioner, in time to reach the latter officer not later than 15th June, such a report of its proceedings during the previous official year as will enable the Commissioner to supply full information under the following heads, *viz.* :—

I.—New municipalities constituted, and old municipalities abolished, with authority for the same.

II.—Revision of boundaries and bye-laws, with sanction for the same.

III.—Constitution of committees as compared with sects and classes of the population; dates and mode of appointment of new unofficial members, or committees generally appointed during the year. Notice of elections held during the year, if any.

IV.—Estimated number of regular consumers, such as pilgrims, visitors to fairs, &c., not included in the population reported in the returns, and the statistics on which the estimate is founded.

V.—*Taxation*—Taxes levied during the year, with authority for new imposts. Income from and incidence of total taxation as compared with previous year, and causes of variations. Review of the working of the octroi tax; its incidence on the population per head in such classes of dutiable goods as food, fuel, cloth, metals or any trade that may be the staple of the place; the mode of collecting it, whether direct or by lease, and the percentage of the cost of collection as compared with the income; refunds of octroi and their causes; explanation of excessive consumption of dutiable articles per head as shown by the return of octroi taxation; the effect of octroi on trade; revisions of octroi schedules; the bonded ware-house system, where in force.

VI.—Notice of other sources of income under the heads given in the return of income, with explanations of any increase or decrease as compared with previous years.

VII.—*Expenditure.*—Comparison with the budget and the expenditure of previous years under each of the main heads given in the return of expenditure, causes of any notable increase or decrease being explained.

VIII.—*Administration.*—Notice of operations, progress, and principal public works under each head of the same return.

IX.—Liabilities incurred during the year and outstanding at its end.

X.—Management of nazúl properties, where entrusted to the Committees.

XI.—Miscellaneous remarks not falling under the heads above mentioned, *e.g.*, development of any particular town or branch of industry, special exemptions and frequency of attendance of members of committees, number of meetings, &c.

(c). The reports received by Commissioners under clause (b) above shall be reviewed by them in a Divisional report, which they shall submit to Government in the Civil Department along with the Committee's report not later than 1st September.

(d). The return of income, expenditure and liabilities prepared under clause (a) above shall be published by the Committee as follows:—

In the case of the Municipalities of Delhi, Amritsar, Lahore and Mooltan—in one English and one Vernacular newspaper.

In the case of the Municipalities of Simla, Dalhousie and Murree—in one English newspaper.

In the case of other Municipalities—in the manner prescribed hereafter for the publication of abstracts of minutes of proceedings (Rule XIII).

Language in which business is to be transacted, proceedings recorded, and notices issued.

XII.—(1). In the Hill Municipalities of Simla, Dharmsála, Dalhousie and Murree, all business shall be transacted and proceedings recorded in the English language, and all notices shall be issued in English and Urdu.

(2). In all other Municipalities business may be conducted in English or Urdu. Proceedings should be recorded in the language in which business is conducted, and notices shall be issued in English and Urdu, unless the Commissioner of the Division directs that they shall be issued in Urdu only.

Publication of proceedings, rules, notices, &c.

XIII.—An abstract of the minutes of each meeting of a Committee, and a copy, or draft, as the case may be, of all rules proposed to be made or sanctioned by the Committee under the Punjab Municipal Act, 1884, shall be affixed in some conspicuous spot accessible to the public at the place of meeting of the Committee; and if a newspaper is published within the limits of the district, a copy of the abstract shall be supplied to the Manager of the paper.

Publication of rules made by Committees.

XIV.—All rules made or sanctioned by a Committee under Sections 24, 88, 119 and 120 of the Punjab Municipal Act, 1884, shall, in addition to the publication under Rule XIII, be published in full in the *Punjab Government Gazette* for not less than six weeks before they are adopted by the Committee.

Manner of giving certain public notices.

XV.—Every public notice given by a Committee under the Punjab Municipal Act, 1884, and every order made under Section 137 or 141 of the same, shall be published in the manner provided in Rule XIII, and shall also be affixed in different parts of the Municipalities in at least five conspicuous places accessible to the public other than the place of meeting of the Committee.

General records to be maintained.

XVI.—In addition to the records required to be maintained by the Act or by these rules, the following general records shall be maintained by every Committee, namely:—

(a) map of the Municipality;

(b) register of correspondence;

(c) list of establishments employed;

(d) list of roads and of buildings maintained by the Committee;

(e) list of schools, dispensaries, hospitals and other institutions maintained partly or wholly by the Committee;

(f) list of immovable property belonging to, or under the management of, the Committee;

(g) stock-book of furniture, books, fittings, machinery, implements and materials, the property of the Committee.

PART II.

MANAGEMENT OF FUNDS AND SYSTEM OF ACCOUNT.

Safety of taxes when collected, and authority for payment from Municipal Funds.

I.—(a). All sums received by Municipal Committees shall be paid daily into the nearest Government Treasury, Sub-Treasury or Bank managing the Treasury business of Government (if any):

Provided that in places where there is no Government Treasury, Sub-Treasury or Bank, as aforesaid, the sums received may be paid into the hands of any banker or person who may be approved of by the Deputy Commissioner, and who has given security as required by Section 69 (2) of the Act.

(b). All expenditure shall be drawn by cheques signed by the President or Vice-President and one member of the Committee.

In the case of second class Municipalities cheques shall be further countersigned by the Deputy Commissioner of the district, unless the Commissioner of the Division shall decide that such countersignature is unnecessary.

Instructions of Account Officer to be carried out.

II.—Every Committee shall carry out such detailed instructions in the matter of accounts as may, under the authority of the Local Government, be issued, from time to time, by the Accountant-General or Examiner of Public Works Accounts, for its guidance under the provisions of this rule.

Cash-Book and Ledger.

III.—Every Committee shall keep up a Cash-Book and Ledger in such forms as may be prescribed by the Accountant-General—

(1) In the Cash-Book every item of receipts and charges shall be regularly entered, and the Cash-Book shall be balanced daily.

(2) The receipts and charges shall be regularly posted under the prescribed headings in the Ledger.

(3) All receipts and charges shall be entered in gross in the monthly accounts.

Publication of accounts.

IV.—Unless the Local Government otherwise directs, the monthly accounts shall, after verification, be published by the Committee—

(a) in the case of the Municipalities of Delhi, Amritsar, Lahore and Mooltan—in one English and one Vernacular newspaper; and

(b) in the case of the Municipalities of Simla, Dharmsála, Dalhousie and Murree—in an English newspaper.

In cases (a) and (b) the publication should ordinarily be in the local newspapers; or, if there is no local newspaper, in a newspaper published within the district; or, failing this, within the Province.

Audit.

V.—(*a*). The audit of all charges, excepting Public Works charges, shall be made in accordance with the instructions contained in the Accountant-General's Circular No. 418 of March 1878. The audit of all Public Works charges shall be made by the Examiner of Public Works Accounts.

(*b*). For the purposes of audit, bills shall be forwarded monthly in such form as the auditing officers may, from time to time, prescribe. The said bills shall be forwarded by the President of the Committee through the Deputy Commissioner of the District to the Commissioner of the Division, who will cause the items to be duly examined, and will be responsible for seeing—

(1) that the expenditure is incurred on objects authorized by the Act;

(2) that it is not in excess of the power of the Committee.

(*c*). The bills having been examined as aforesaid, and found to be correct, will be countersigned by the Commissioner and forwarded for final audit to the Accountant-General or Examiner of Public Works Accounts, as the case may be; and no bills shall be passed by the auditing officers unless countersigned by the Commissioner and unless supported by budget provision.

Execution of works through the Public Works Department.

VI.—When any Committee shall require the Public Works Department to execute any work for it, the amount of the proposed expenditure shall be paid into the Treasury by such Committee. The following procedure shall then be followed, namely :—

(*a*). Such payments should be accompanied by a letter of advice (*chalán*) showing full particulars of the work for which the payments are made, and indicating the name of the Public Works Division by which the work is to be executed. The *chaláns* should support the credits to the Public Works Department in the Treasury Cash Account. The Treasury Officer should at once report such payments, with full particulars, to the Examiners of Public Works Accounts. The contribution should always be in advance of one month's expenditure at least. When the expenditure incurred on any municipal work is less than the amount received on account of it, the difference will be refunded to the Municipal Committee. If, on the other hand, there is any excess expenditure, the Municipal Committee shall make good the amount. The accounts of all such works should be open to the inspection of the Municipal Committee, to whom a full abstract of the expenditure should be furnished.

(*b*). As regards charges for Public Works establishments debitable to Municipal Funds, the same course will be followed as is laid down for expenditure on works and repairs; the anticipated charges should be paid by the Municipal Committee beforehand, month by month, or at other intervals as may be considered expedient.

Annual budget estimates.

VII.—(1). Every Committee shall frame a budget estimate of income and expenditure for the succeeding official year in the month of November in each year. The budget shall be in two parts. The first part, a copy of which shall be submitted to the Accountant-General not later than the first week in December of each year, shall contain estimates in detail of all income and of all expenditure except expenditure on public works, which shall be entered in a lump sum.

The second part, which shall be submitted to the Secretary to Government in the Public Works Department on the date above mentioned, shall contain an estimate in detail of all expenditure on public works, with an entry showing the total amount proposed to be spent on other heads of expenditure. Both parts shall be submitted through the Deputy Commissioner and Commissioner.

(2). The Accountant-General shall submit to Government in the Civil Department, on such date as may be prescribed by the rules of his Department, a consolidated budget for all the Municipalities in the Province.

Re-appropriations and expenditure from balance.

VIII.—Re-appropriations from one part of the budget to the other may be made on the authority of the Committee; but appropriations from balance or surplus income require the sanction of Government in the Civil Department.

PART III.

TABLES OF OCTROI CHARGES AND RATES OF TOLLS AND FEES.

Exhibition of tables of octroi and tolls.

I.—Tables showing the octroi leviable in each Municipality shall be open to the inspection of any person at the Municipal Office, and copies shall be supplied without charge to any person requiring the same. Such tables shall also be affixed in a conspicuous place at every post or office at which octroi is collected.

Tables showing the rates of tolls, if any, chargeable on vehicles and animals entering the Municipality, shall be similarly exhibited and supplied.

Fees on notices of demand.

II.—The fee payable in respect of a notice of demand issued under Section 61 (2) of Act XIII of 1884 shall be four annas for every such notice so issued.

No. 264.—Notification.—The following Rules, framed by the Local Government under the provisions of Sections 5, 6 and 154 of the Punjab Municipal Act, XIII of 1884, are hereby notified to apply to the Municipalities mentioned in the schedule hereto annexed :—

Qualification for holding office.

I.—Every male rate-payer of not less than 21 years of age, who ordinarily resides within Municipal limits, and is not disqualified under Rule II, shall be eligible for election to the office of member of Municipal Committee.

Disqualifications for holding office.

II.—No one shall be eligible as member of a Municipal Committee who—

(1) is under contract as regards work to be done for the Municipality ; or

(2) receives any remuneration out of Municipal funds for services rendered to the Municipality ; or

(3) has been proscribed from Government employment ; or

(4) has been convicted of any such offence, or subjected by a Criminal Court to any such order as implies, in the opinion of the Local Government, a defect of character which unfits him to be a member :

Provided that the Local Government may exempt any person, or class of persons, from the restriction contained in clause (2) of this rule.

Obligatory qualifications of voters.

III.—No one shall be qualified to vote at Municipal elections unless he—

(1) is of the age of 21 years at least ; or

(2) has for the twelve months next preceding the elections ordinarily resided or carried on business within Municipal limits; or during such period has been possessed of immovable property within Municipal limits rated to Municipal taxation ; and

(3) possesses such other qualifications as may from time to time be prescribed by the Local Government in supplementary rules.

Number of members.

IV.—The Committee shall not exceed the maximum number of members which may be fixed from time to time by notification in the *Punjab Gazette*. Not less than two-thirds of the maximum number of each Committee shall be elected; the remaining third may be appointed by the Local Government either by name or official designation.

Appointment of members by Local Government not obligatory.

V.—Subject to the provisions of Section 5, sub-section (1), of the Punjab Municipal Act, 1884, the Local Government shall not be bound to fill up any of the places reserved for appointed members, but may fill up all or any of such places at any time.

Division of the Municipality into wards.

VI.—Subject to the confirmation of the Local Government, any Committee may divide the Municipality into wards for the purposes of election, and may determine how the maximum number of appointments to be filled by election under Rule IV shall be distributed among the wards.

Term of office of President.

VII.—The President of the Committee shall hold office for three years.

Term of office of elected members.

VIII.—(1). Subject to the provisions of Section 6 of the Punjab Municipal Act, 1884, elected members of the Committees shall hold office for three years : provided that of the members elected at the first election held under the rules published in Punjab Government Notification No. 4, dated 10th January 1884, as nearly as may be one-third shall by lot or voluntary arrangement vacate office when the elections are held in 1886, and one-third when they are held in 1887.

(2). But the President, during his term of office as such, shall not be required to vacate office as a member of the Committee by lot.

Term of office of appointed members.

IX.—Members appointed otherwise than by virtue of an office shall hold office for three years unless appointed for any shorter term.

Notice to be published by the Deputy Commissioner.

X.—The Deputy Commissioner or such other officer as he may appoint for this purpose shall, at a convenient time, ordinarily not less than three weeks before the election, publish in each Municipality a notice setting forth the necessary qualifications of candidates and of electors, the number of candidates to be elected, the manner of voting, and such other matters with reference to the election as it may be considered desirable for the public to know.

Nomination of candidates.

XI.—(1). Candidates for election shall be proposed by registered electors not less than five in number, who shall intimate their proposals to the Deputy Commissioner by letter addressed to him or to such person as he may name, and signed by them. Such letter shall certify that the candidate is duly qualified and is prepared to serve on the Committee.

(2). If, before the election is held, an objection is taken to a candidate on the ground that he is ineligible under Rule I or II, the decision of the Deputy Commissioner thereon allowing or disallowing the candidature shall be final :

Provided that if the objection is taken under clause (2) or clause (4) of Rule II, the Deputy Commissioner may permit the candidature to proceed, and shall, through the usual channel, obtain under the said clause (2) the orders of the Local Government as to any exemption from the restriction thereby imposed, or under the said clause (4) ascertain the opinion of the Local Government as to the effect of the alleged defect of character, and shall under Rule XIX, clause (6), annul the election of any elected candidate disqualified by the decision of Government thus elicited. The order of the Deputy Commissioner annulling the election under this rule shall be final.

Nominations and voting in wards.

XII. - When a Municipality has been divided into wards under Rule VI, persons qualified to vote at Municipal elections shall be entitled to vote or to nominate candidates only in respect of wards for which they are qualified.

List of voters.

XIII.—(1). Lists shall be prepared by the Tahsíldárs or by such other person as the Deputy Commissioner may direct on or before the 1st February or such other date as may be fixed by the Local Government, showing for each Municipality the number and names of all persons who are qualified voters under these rules, and the qualifications entitling them to vote.

(2). It shall not be necessary to prepare a new list every year, but on or before the 1st February, or on such date as may be fixed by the Local Government in each year, the list of the preceding year shall be revised and may be adopted with such alterations as may, in particular cases, be deemed necessary.

Proviso.

(3). As soon as the list of voters has been prepared, copies of the list for each Municipality shall be published in that Municipality.

XIV.—(1). No objection to the entries in the list, and no application to be entered in the list of voters, shall be entertained unless it is preferred in writing within one month from the date of the annual publication of the list. The Deputy Commissioner, or such officer as he may appoint in this behalf, shall decide as to the validity of such objection or application, and his decision shall be final.

Limitation of time for objections and their disposal.

(2). The corrected list of voters, including any modifications made in accordance with the terms of clause (1) of this rule, shall be published on the 1st March in each year, or as soon after as may be practicable; and, until the next annual revision, no alterations shall be made therein except by the removal of the names of voters who have died, or by the insertion or removal of the names of voters added or expunged in consequence of applications or objections made and admitted as provided in clause (1), but not disposed of prior to the publication of the list as corrected.

XV.—When the revised lists have been prepared, and the objections, if any, disposed of, a certified extract, under the signature of the Tahsíldár, shall be given in the annexed form to each qualified voter. These certified extracts or voters' certificates must be presented at the time of the election by the voters, and no person shall vote who does not present such certificate.

Voter's certificate.

XVI.—Unless the Local Government otherwise directs, the elections shall be completed so as to allow of elected members taking office in March in each year or as soon afterwards as possible.

Time of elections.

XVII.—If the number of qualified candidates duly proposed under Rule XI exceeds the number of vacancies, a poll shall be taken; otherwise such candidates shall be deemed to be elected.

Poll when necessary.

XVIII.—(1). When a poll is held, votes shall be given in public and before such officer as the Deputy Commissioner may empower to receive them, at some convenient place or places within the limits of the Municipality for which the election is held.

Mode of election.

(2). No objection shall be allowed to the vote of any registered elector except on the ground of personation, and such an objection must be made by one of the candidates, his agent, or any registered elector, or by the presiding officer himself, at the time the vote is tendered.

(3). The presiding officer shall record in writing the nature of the objection, the reply of the voter, and the final order and reasons. The order shall be final as regards the acceptance or non-acceptance of the vote tendered.

(4). If the presiding officer cannot dispose of the objection before the time fixed for the closing of the poll, and if the acceptance or non-acceptance of the vote affects the result of the election, this result shall not be announced until the objection has been decided.

XIX.—(1). As soon after the close of the poll as may be, the result of the voting shall be published under the authority of the Deputy Commissioner.

Result of election.

(2). The qualified candidate who has the largest number of votes in the Municipality or ward shall be elected member for the Municipality or ward. If the same member is elected for more than one ward, he shall choose which ward he shall represent, and the membership of the rest shall fall to the qualified candidates with the next largest number of votes; or, when there is no other qualified candidate, shall be deemed to be vacant.

(3). In the case of two candidates for a single vacancy or for the last of several vacancies polling an equal number of votes, the senior in years shall be deemed to be elected.

(4). All objections to the return of any candidate must be given in writing to the Deputy Commissioner by one of the candidates within one week from the announcement of the result of the election.

(5). The Deputy Commissioner may decline to make any enquiry regarding any such objection, unless the objector gives security for the costs of the enquiry, and, on the petitioner failing to do so, may reject the petition.

(6). At the close of the enquiry the Deputy Commissioner shall pass orders confirming or annulling the election, and directing what portion of the costs, the amount of which shall be duly stated in the order, shall be borne by the objector.

(7). An appeal from any order passed under this rule (other than an order passed also under Rule XI, clause (2)) shall lie to the Commissioner, whose decision shall be final.

XX.—No charge of any kind shall be made for the voter's certificate, or for any other document prepared in connection with the elections, or for permission to vote.

Prohibition of fees.

DEPARTMENT OF FINANCE AND COMMERCE.

The 27th June 1887.

No. 1387.—*Notification.*—The following Rules made by the Government of India in the Department of Finance and Commerce, relating to the supply, custody and distribution of stamps, are published for the information and guidance of all officers concerned :—

Rules for the custody, supply, and sale of Stamps of all descriptions, namely, General Stamps used to denote the duties payable under the Stamp Act, 1879; *Court-fee Stamps used to denote the fees payable under the Court-fees Act,* 1870; *Telegraph Stamps and Postage Stamps.*

CENTRAL DEPÔTS.

1. There shall be three central depôts for stamps of all descriptions, in charge of the Superintendents of Stamps at

Madras, Bombay and Calcutta respectively. These central depôts shall maintain a stock of stamps sufficient for two years' consumption. The Superintendents of Stamps in Madras and Bombay shall, for this purpose, forward not later than the last week in September in each year indents for the supply of the various descriptions of stamps required in the following year for the territories dependent on them for the supply of stamps to the Superintendent of Stamps, Calcutta. The Superintendent of Stamps, Calcutta, shall prepare a general consolidated indent for stamps of all descriptions, showing separately the demand for the following year for each of the three Presidencies, including in it the indents of the Superintendents of Stamps, Madras and Bombay; and shall forward this general indent to the Government of India in the Financial Department for transmission to the Secretary of State so as to reach him not later than the 1st November in each year. The Superintendent should forward a copy of the section of the general indent relating to Postage stamps to the Director-General of the Post Office, and of the section relating to Telegraph stamps to the Director-General of Telegraphs.

2. Stamps for the Madras Presidency, including Coorg and local depôts subordinate to Madras, shall be supplied from the central depôt at Madras on the indent of the officers in charge of local depôts.

3. Stamps for the Presidency of Bombay, including Sind, the Berars, the Central Provinces, and local depôts subordinate to Bombay, shall be supplied from the central depôt, Bombay, on the indent of officers in charge of local depôts.

4. Stamps for the Bengal Presidency, including the North-Western Provinces and Oudh, the Punjab, Central India, Rájpútána, Assam, and British Burma, and local depôts subordinate to Calcutta, shall be supplied from the central depôt, Calcutta, on the indent of officers in charge of local depôts.

5. The Superintendents of Stamps, Madras, Bombay and Calcutta, on receiving an indent from a local depôt, shall have the indent examined to ascertain that the indent is such as to insure the local depôt having a proper supply, and may comply with the indents in full or in part as he thinks fit. If he thinks that the indent should be increased, he should request the officer who submitted the indent to submit a supplementary indent. The Superintendents of Stamps should also, if the monthly statements of transactions (Rule 33) show that the balance of any kind of stamp in any local depôt is falling too low, call the attention of the officer in charge to the fact. The Presidency Post Offices of Calcutta, Madras and Bombay may indent for supplies on the central depôts.

LOCAL DEPÔTS.

6. Every treasury throughout India, including those attached to political and salt agencies, shall be a local depôt for the custody and sale of stamps of all descriptions. Local Governments may establish local depôts at places where there is no treasury.

7. Each local depôt shall, unless the Local Government otherwise directs, maintain a supply of stamps equal to the probable consumption of five months. Local Governments may direct that the supply to be maintained either generally or in respect of any particular kind of stamp or in certain local depôts shall be equal to the probable consumption of such other period as they deem expedient.

8. As soon as the number of stamps in the local depôt falls below the number issued from the depôt in the preceding six months, the officer in charge of the depôt shall prepare an indent for a supply equal to the probable consumption of three months. The indent shall show in separate columns for each denomination of stamp of which a supply is required the total of the balance in the local depôt and any branch* depôts subordinate to it, the quantity sold in the preceding six months, and the quantity indented for, which should be approximately one-half of the quantity sold in the preceding six months. The periods

* For branch depôts the figures of the latest periodical return received at the local depôt showing details of stamp balances may be used for the purpose of calculating the total required for entry in each column.

of "six months" and "three months" of this rule may, like that of five months in Rule 7, be altered by Local Governments to such other periods as they may deem expedient. This indent will be forwarded direct to the Superintendent of Stamps, Madras, Bombay or Calcutta, as the case may be; but the Local Government of any province may direct that the indents shall be forwarded through any other officer, such as the Superintendent of Stamps of the province, or that a copy of the indent shall be forwarded to such officer.

9. If the supply of stamps in any local depôt should run short before the receipt of the supply from the central depôt, the officer in charge of the local depôt should indent for a supply from a neighbouring depôt, sending a copy of the indent to the Superintendent or Commissioner of Stamps of the province, or such other officer as the Local Government may direct. It is the duty of the Superintendent of Stamps, Madras, Bombay or Calcutta, to report to the Local Government (or such authority as the Local Government may direct), in the case of General and Court-fee stamps, to the Director-General of the Post Office in the case of Postage stamps, and to the Director-General of Telegraphs in the case of Telegraph stamps, any case in which it may come to his knowledge that the stock of stamps in any local depôt of any description has fallen below the prescribed amount.

10. As soon as possible after the arrival of a supply of stamps from the central depôt or from another local depôt, the officer in charge of the local depôt shall have the boxes or packets opened in his presence and the contents of each box or packet counted either by himself or in his presence immediately on being opened. The number of stamps received shall be compared by the officer in charge with the number in the invoice, and a receipt shall be sent as soon as possible to the officer who despatched the stamps.

11. Local Governments may issue such orders as may be thought necessary regarding the detailed counting of stamps received in a local depôt, and as to the descriptions of stamps which the officer in charge must count with his own hands. Such orders may include instructions that a certain percentage only of sealed packets marked as containing a certain number of stamps need be opened and counted at the time of receipt, and the remainder, if the percentage opened are all found correct, left with seals unbroken to be counted as they are required on being given out from double lock. The officer in charge is responsible for observing any such instructions, and for satisfying himself as to the number of stamps received before signing the receipt.

12. If any of the stamps received are found to be unfit for issue, they should be at once returned to the Superintendent of Stamps. Stamps which are through any accident rendered unfit for issue at any time after receipt should be similarly returned to the Superintendent as soon as their unfitness is discovered. The necessary entries on account of stamps so returned should be made in the monthly statement (Rule 33), and in the *plus* and *minus* memoranda (Rule 35).

13. Immediately after the stamps received have been counted, they shall be placed in proper receptacles in the store under double lock, arranged in parcels or packets containing known quantities, the amount of each denomination being entered in a register maintained to show the receipts and issues to and from the store under double lock.

14. The treasurer, or such other officer as the Local Government may direct, shall be the *ex-officio* vendor of all descriptions of stamps in each local depôt. Sales to the public or to licensed vendors shall not be made direct from the stores under double lock, such sales being made by the *ex-officio* vendor from the supply entrusted to him for this purpose to be kept by him under single lock, as prescribed in the following rules.

15. The stock to be made over to the *ex-officio* vendor to be kept by him under single lock should ordinarily be sufficient for the probable demand of one month. On a fixed date near the beginning of each month the *ex-officio* vendor shall prepare an indent for the quantity required for the month, in a form showing the balance in his hands, an average

month's consumption, and the quantity required. When this indent is approved by the officer in charge, who should examine the balance under single lock, and ascertain that the quantities shown agree with the quantities shown in the indent, he shall give out the quantity required from the store under double lock. The same procedure shall be followed if any stamps should be required at any intermediate date. Local Governments may reduce the period of one month mentioned in this rule to one week or any other period less than a month, if they consider this desirable with reference to the amount of the treasurer's security or for any other reason.

16. From the stock so made over to his charge and kept by him under single lock, the *ex-officio* vendor shall sell stamps to the public and to licensed vendors for cash. He shall keep in such language as the Local Government may direct an account of the daily sales for each of the four descriptions of stamps in a form showing for each denomination the balance in his hand at the beginning of the day, the quantity sold during the day, and the balance in his hand at the end of the day. He shall pay daily into the treasury the cash received by him for stamps sold, the amount realized on account of each of the four descriptions of stamps—namely, General, Court-fees, Postage, and Telegraph—being paid in separately. The account of daily sales should be inspected every day by the officer in charge of the depôt.

17. The rules regulating the grant of discount and the grant of licenses to licensed vendors for the sale of General and Court-fee stamps vary in different provinces, and are prescribed by Local Governments, subject to the general rule that no change in the rates of discount shall be made without the previous sanction of the Governor-General in Council.

18. Local Governments may direct that the sales to the public of General and Court-fee stamps by *ex-officio* vendors shall be limited to stamps of a value higher than a named amount, the sale to the public of stamps of lower value being left to licensed vendors.

19. Telegraph stamps shall be sold to the public for cash by the *ex-officio* vendors, provided that the quantity of stamps sold to one person at one time shall not be less in value than Rs. 5 and that the quantity sold shall not include less than one rupee worth of any particular denomination. On such sales no discount is allowed.

20. Telegraph Masters shall obtain supplies of Telegraph stamps from the local depôts, subject to the same conditions in regard to the quantity supplied at one time as those of the preceding rule, and shall sell to the public Telegraph stamps of all descriptions and to any value. No discount is allowed to Telegraph Masters for the sale of stamps; but they are allowed permanent advances of Telegraph stamps without payment, the amount of the permanent advance being fixed by the Director-General of Telegraphs. When the permanent advance of Telegraph stamps has once been taken, subsequent issues to Telegraph Masters are made only on cash payment. But when the local depôt is closed for holidays of more than one day's duration, officers in charge of local depôts are authorized to issue Telegraph stamps to Telegraph Masters without payment in excess of the value of the permanent advance, these temporary advances being adjusted when the treasury re-opens by the return of the stamps, or the payment of their value if sold.

21. Service postage stamps shall be sold for cash from local depôts to Government officials and to persons specially authorized to purchase and use service stamps on a written application. On such sales no discount is allowed.

22. Ordinary Postage stamps shall be sold to the public for cash from local depôts, provided that the value sold to any person at one time shall not be less than Rs. 5, and shall not include any fraction of a rupee, and that embossed envelopes and post-cards shall be sold in complete packets only. No discount is allowed on such sales. Soldiers' envelopes are sold from certain selected local depôts only to Commanding Officers in complete packets, no discount being allowed.

23. The officer in charge of every post office, receiving office, tahsíl, thána, and police station at which letters are received for despatch, and every person licensed under the rules framed under the Stamp Act, 1879, to sell General stamps, are required to keep a supply of ordinary postage stamps for sale to the public sufficient for the probable demands of one week. To such persons ordinary postage stamps, except soldiers' envelopes, are sold from local depôts for cash on the same conditions as to quantity as those prescribed in the preceding rule ; and on such sales discount at the rate of quarter of an anna in the rupee is allowed.

"23 A. The officers in charge of post offices, receiving offices, tahsíls, thánas and police stations at which letters are received for despatch are also required to keep a supply of one anna revenue stamps for sale to the public. To such officers one anna revenue stamps are sold from local depôts on the same conditions as to quantity as those prescribed in Rule 22. On such sales discount at the rate of one-half anna in the rupee is allowed."

24. A District Officer may authorize the grant of discount at the same rate to any *bonâ fide* retail vendor of ordinary postage stamps, provided he is not employed in a Government Treasury. Such authority shall be in writing, and shall remain in force for one year. It may contain conditions in all or any of the following respects, namely, the maintenance of a sufficient supply of stamps of all or any specified denominations of postage stamps for retail sale; the sale of the stamps at one or more particular shops or places, and the prohibition of sales at other shops or places; and the days and hours of sale The District Officer shall keep a register showing the name, residence and occupation of every person to whom he grants such authority.

25. Superintendents and Inspectors of Post Offices within their respective jurisdictions, and any other officers of the Post Office authorized on that behalf by the Postmaster-General or Deputy Postmaster-General, are empowered to examine the stock of postage stamps kept by any of the persons required or authorized to keep postage stamps for sale to the public under Rules 23 and 24.

BRANCH DEPÔTS.

26. Every subordinate, branch, or tahsíl treasury shall be a branch depôt for the sale of stamps of all descriptions.

27. The sub-treasurer, or such other officer as the Local Government may direct, shall be the *ex-officio* vendor of stamps at a branch depôt.

28. The officer in charge of the branch depôt shall obtain his supplies from the local depôt to which the branch depôt is subordinate in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies, except that the indent and the stamps must be sent by post or messenger to and from the local depôt ; and that the examination of the balance in hand and the comparison of the amounts shown with those shown in the indent shall be done by the officer in charge of the branch depôt.

The *ex-officio* vendor shall obtain his supplies from the officer in charge of the branch depôt in the same manner as the *ex-officio* vendor at the local depôt obtains his supplies from the officer in charge.

29. The supply to be kept in a branch depôt should be equal to the probable demand for three months ; but Local Governments may direct that the supply shall be equal to the demand of any other period instead of three months which they may consider expedient. The stock should be kept up to this amount by indenting and obtaining supplies from the local depôt from time to time as may be necessary.

30. Local Governments shall fix the period a supply sufficient for which shall be kept under single lock by the *ex-officio* vendor, and the remainder of the stamps in the branch depôt shall be kept under double lock of the officer in charge of the branch depôt and of the *ex-officio* vendor, and given out to single lock as required.

31. Sales from branch depôts will be made subject to the same rules as those from local depôts.

RETURNS TO AND BY THE SUPERINTENDENT OF STAMPS AND ACCOUNTANTS-GENERAL.

32. On the last open day of September and March each year, the officer in charge of each local depôt will count, or have counted in his presence, the stamps in the depôt, both those under double lock and those under single lock, and will require the officers in charge of the branch depôts subordinate to him similarly to count the stamps in the branch depôt. He will attach to the monthly statements for September and March rendered to the Superintendent of Stamps, Madras, Bombay or Calcutta, a certificate in the following form :—

"I do hereby certify that I have personally examined and counted, or had counted in my presence, the stamps of all descriptions in store in this local depôt on the September/March 18 and found the value of each description to be as stated in the margin. * Also that I have received certificates from the officers in charge of the subordinate branch depôts that they have similarly counted the stamps in the branch depôts on the last day of the month of September/March of which the accounts are incorporated in the Head Treasury accounts, and that these certificates show the value of each description of stamps to be as stated in the margin. †

which amounts agree with the balances shown in the monthly statement for September/March to which this certificate is attached." *If there is any difference add* "with the exception of the following differences :—

________________ the explanation of which is as follows :—

‡ Stamps for copies are included under Court-fee stamps.

33. Monthly statements showing the receipts and issues of each local depôt, including the transactions of the subordinate branch depôts, shall be prepared by the officer in charge of the local depôt, and forwarded in the first week of the succeeding month to the Superintendent of Stamps, Madras, Bombay or Calcutta, separate statements being prepared for General stamps, Court-fee stamps, Telegraph stamps and Postage stamps.

These statements shall show for each denomination of stamp the values of the balance in hand at the beginning of each month, of the quantities received from the Superintendent of Stamps or other officer during the month, of the quantity sold during the month, and of the balance in hand at the end of the month. These statements may be forwarded to the Superintendent of Stamps, Madras, Bombay or Calcutta, either direct, or, if the Local Government so order, through any officer named by the Local Government.

34. These statements shall be checked by the Superintendents of Stamps by comparison with previous statements and the accounts of the central depôt, and shall be used by them to check indents and to watch the balances in the local depôts.

35. Treasury Officers and other Officers in charge of local depôts shall forward to the Accountant-General or Comptroller such returns of the receipts and sales of stamps as the Comptroller-General may direct, in the form of Plus and Minus Memoranda or otherwise.

36. The Superintendents of Stamps, Madras, Bombay and Calcutta, shall send to the Accountant-General or Comptroller such accounts of the transactions of the central and local depôts as the Comptroller-General may prescribe.

37. They shall also every six months intimate to the Accountant-General or Comptroller for comparison with the

amounts shown in the returns received from treasuries and other local depôts under Rule 35 the receipt of the certificates prescribed in Rule 32, and the amount of stock certified to be in balance in each local depôt.

38. The Comptroller-General shall prescribe such rules as he considers necessary for the disposal of the accounts mentioned in the foregoing rules, and for the check of the receipts, issues and sales.

39. The Local Governments of Madras, Bombay and Bengal shall arrange for a periodical verification by counting of the stock of stamps in the respective central depôts. The verification shall be carried out in the manner and form to be prescribed by the Comptroller-General, to whom the result will be reported.

40. The Superintendents of Stamps, Madras, Bombay and Calcutta, shall forward every month to the Directors-General of Telegraphs and of the Post Office statements showing the balances and receipts in the central depôt and the issues to each local depôt of Telegraph and Postage stamps, respectively, during the month. They shall also send monthly to the Comptroller, Post Office, a statement of the sales during the past month of the several denominations of Postage stamps in the local and branch depôts subordinate to them. The Accountant-General or Comptroller will, with his monthly account current with the Examiner of Telegraph Accounts, forward a statement showing the total realizations at each treasury from the sales of Telegraph stamps during the month.

2. The Hon'ble the Lieutenant-Governor adopts these rules for observance in the Punjab, with the modifications and additions hereinafter set forth, and such portions of them as apply to General and Court-fee stamps are issued under the authority given by Section 55 of the Indian Stamp Act of 1879 and by Section 27 of the Court Fees Act of 1870, respectively.

3. In lieu of Rules 7, 8 and 9 the following shall be substituted :—

" *Rule* 7.—Each local depôt, except those at Lahore, Delhi, Mooltan and Ráwalpindi, shall maintain a supply of stamps not being less than the probable consumption of three nor more than the probable consumption of twelve months. For Lahore the minimum shall be twelve and the maximum twenty-four months' consumption ; and for Delhi, Mooltan and Ráwalpindi the minimum shall be nine and the maximum eighteen months' consumption."

" *Rule* 8.—In preparing the monthly statements prescribed in Rule 33 the officer in charge of the local depôt shall take notice of the balance in hand, and if the balance of any denomination or description of stamps is found to approach the minimum as set forth in Rule 7, an indent for a quantity equal with the balance in hand to the minimum should accompany the monthly statements aforesaid. The indent shall show in separate columns for each denomination and description of stamp the balance in hand (including balances in subordinate branch depôts), the quantity sold during the preceding six months, and the quantity indented for. This indent shall be sent by the officer in charge of the local depôt to the local Superintendent of Stamps, who shall scrutinize it and see that it is prepared in accordance with the foregoing instructions. If it is so prepared, he shall countersign the indent and transmit it for compliance to the Superintendent of Stamps, Calcutta ; if it is not so prepared, he may alter it before countersignature and transmission as above, or he may return it for amendment or explanation."

" *Rule* 9.—If the supply of stamps in any local depôt should from any cause run short, the officer in charge should submit an emergent indent for the quantity required for immediate wants to the local Superintendent of Stamps, who may direct any local depôt which can conveniently do so to comply with such emergent indent, or he may countersign it and transmit it for compliance to the Superintendent of Stamps, Calcutta."

4. When an officer in charge of a local depôt returns any stamps to the Superintendent of Stamps, Calcutta, under Rule 12 of the aforesaid rules as unfit for issue, he shall give immediate intimation thereof to the local Superintendent of Stamps.

5. With reference to No. 29 of the rules, the supply of stamps to be kept in a branch depôt shall be so regulated that ordinarily the balance shall not be less than sufficient for one month's nor more than sufficient for two months' average consumption.

6. The monthly statements prescribed in No. 33 of the rules shall be prepared in duplicate, and shall be forwarded by officers in charge of local depôts to the local Superintendent of Stamps, who shall carefully scrutinize them; and if they are correct he shall countersign and transmit one copy thereof to the Superintendent of Stamps, Calcutta, and retain the other copy in his own office.

7. Save as is herein otherwise provided, all existing rules made by competent authority relating to the supply, custody or distribution of stamps and not inconsistent with these rules shall remain in force.

No. 478.—*Notification.*—The following is published for general information:—

Circular No. $\frac{9 Ex.}{7A-22}$.

Extract from the Proceedings of the Government of India, in the Revenue and Agricultural Department (Museum—Exhibition),—under date Simla, the 20th June 1887.

Read the following Despatch, with enclosures, from Her Majesty's Secretary of State for India, regarding the International Exhibition of Industry, Science and Art, to be held in Glasgow during the summer of 1888.

No. 50, dated London, 28th April 1887.

From—Her Majesty's Secretary of State for India,

To—His Excellency the Right Honourable the Governor-General of India in Council.

I FORWARD herewith a copy of a letter, and its enclosure, from Sir Archibald Campbell Campbell, Bart., M.P., and the Honourable the Lord-Provost of Glasgow, for the information of Your Excellency, and for such measures as you may see fit to take, with a view to give publicity to the proposal they announce for holding an International Exhibition at Glasgow during the summer of 1888.

No. 488, dated Glasgow, March 1887.

From—A. C. CAMPBELL, Esquire, President, and the Hon'ble JAMES KING, Chairman, Executive Council, International Exhibition of Industry, Science and Art, Glasgow,

To—Her Majesty's Secretary of State for India.

WE have the honour to inform Your Lordship that an International Exhibition of Industry, Science and Art is to be held in Glasgow during the summer of 1888.

We enclose a list of the Executive Council, from which Your Lordship will see that the project is to be guided by the leading Noblemen and Gentlemen of Scotland, as well as by the most influential of the Citizens of Glasgow.

To show the interest taken in the proposed Exhibition, we may mention that the Guarantee Fund amounts to over £227,000, being larger than that raised by any previous Exhibition.

As Glasgow may be regarded as the Commercial Capital of Scotland, it is of the utmost importance that exhibits of Indian industries and arts should be collected for the information and education of the people.

Recognizing the great advantages which would accrue to the Exhibition through the support of Her Majesty's Government, we beg most respectfully to bring it under Your Lordship's notice, in the hope that you may be pleased to take measures for having the Exhibition made known throughout the Indian Empire by the India Office.

" *Patents, Designs, and Trade Marks Act*, 1883."

" Upon the application of Mr. William M. Cunningham, of 27, St. Vincent Place, Glasgow, made to the Board of Trade on the Eleventh of March 1887, the Board of Trade do hereby certify that the INTERNATIONAL EXHIBITION OF INDUSTRY, SCIENCE AND ART proposed to be held in the year 1888 at Kelvingrove Park, Glasgow, is an International Exhibition.

" Signed by order of the Board of Trade this Fifteenth day of March 1887.

" COURTENAY BOYLE,

" *Assistant Secretary, Board of Trade*."

PROSPECTUS.

It has been decided to hold an International Exhibition at Glasgow during the summer of 1888, and Her Majesty the Queen has been graciously pleased to lend her Royal patronage to the undertaking.

The proposal has been taken up by the Nobility and Gentry of Scotland, and by the Citizens of Glasgow and other Towns, with such general approval that the Guarantee Fund already exceeds £235,000, and is still being increased.

The City of Glasgow is situated in the centre of the Chief Industries of Scotland, and has, including its suburbs, a population of 761,000, and including the surrounding districts and neighbouring towns, a population exceeding 1,500,000. Edinburgh and other centres of population are within one hour's journey, and the Tourist routes to the Western Highlands radiate from Glasgow.

The objects of the Exhibition are to promote and foster Industry, Science and Art, by inciting the inventive genius of our people to a still further development in Arts and Manufactures, and to stimulate Commercial Enterprise, by inviting all Nations to exhibit their Products, both in the raw and finished state. Examples of the Manufactures by which Glasgow and the surrounding districts have become famous—Chemical, Iron, and other Mineral Products, Engineering, Shipbuilding, Electrical and Scientific Appliances, and Textile Fabrics—will be exhibited both in process of manufacture and in the finished state.

Similar and more varied Exhibits may be expected from other parts of Great Britain and from the Continent, whilst from America, India, the Canadian, Australian, Cape and other Colonies, promises of substantial support have been received.

A Fine Art Section will form an important part of the Exhibition. For the accommodation of the Art Treasures and Historical Objects a special block of the building will be reserved ; and the most ample precautions will be taken for the security of valuable property lent for the purposes of the Exhibition. A special Prospectus, Classification, and series of Regulations will be issued for this Section.

Two Sections—*viz.*, " The Women's Industries Section " and the " Artisan Section " —will be special features ; and, in connection with the former, Her Grace the Duchess of Abercorn is Convener for Ireland, the Right Hon. the Countess of Rosebery for England and Wales, and the Hon. Lady Campbell, of Blythswood, and Mrs. King for Scotland, the Colonies, and Foreign Countries.

The site which has been granted by the City Corporation for the Exhibition Buildings extends to 60 acres, and is one of exceptional beauty and convenience. It comprises the Western portion of the Kelvingrove Park and the slopes of Gilmorehill, which are crowned by the University Buildings.

The Buildings which it is proposed to construct will cover about 10 acres, and will be erected according to plans prepared by eminent architects. The ornamental flower plots, pond, and fountains of the Kelvingrove Park will be included in the Exhibition Grounds

and the terraces in front of the University Buildings are well adapted for the effective display of electric lighting and pyrotechnic illuminations, as well as for the enjoyment of musical promenades and other entertainments which it is intended to provide.

The River Kelvin, which intersects the grounds, will be available for the Exhibition of Naval Shipbuilding and Life-Saving Apparatus, either in motion or not. The reach of the river which can be utilised for this purpose has a length of 1,500 feet, a width of 90 feet, and a depth of 6 feet.

The situation of the Exhibition Buildings is specially convenient of access for Exhibitors, as by means of the lines of rails—which can be made use of at night for the passage of railway trucks, and which will, if possible, be carried into the Exhibition Grounds at more than one point—heavy goods can be delivered at a minimum cost and with the least possible amount of risk. In addition to this, the port of Glasgow offers a cheap and ready means for the delivery and redelivery of sea-borne goods.

It is intended to afford full postal, telephonic, telgraphic and banking facilities within the Exhibition Buildings, so that all necessary business may be conducted by Exhibitors and others without leaving the premises.

The whole arrangements are in the hands of the Executive Council, which has been chosen from the General Council of Guarantors, and has for its Chairman the Hon. the Lord-Provost of Glasgow.

Regulations for Exhibitors.

Date.

1. AN International Exhibition of Industry, Science and Art, under the patronage for Her Majesty the Queen, will be held in Glasgow in 1888.

Opening.

2. The Exhibition will be opened early in May, and will continue open for a period of about six months.

Objects.

3. The principal objects to be exhibited are comprised in the accompanying classification, which must not be considered to be exhaustive.

4. It is not intended to issue any Awards.

Expenses to be borne by Exhibitors.

5. Charge will be made for space, except in special cases to be determined by the Executive Council. The charge for space inside the building will be 2*s*. per square foot, with a minimum charge of £2 10*s*. Whatever vacant space Exhibitors require around their Exhibits, beyond the usual passages, will have to be paid for, and Exhibitors requiring wall-space must mention the fact when making application, when they will be informed on what conditions it will be granted. Space in the grounds will be let at rates to be arranged by the Committee, but in such cases plans must accompany application, and all surface damage must be made good by the Exhibitor on removal. Payment to the extent of 25 per cent. of the amount payable must accompany the application, and the balance must be forwarded on receipt of the notice of allotment. In no case, however, can the deposit be less than the minimum charge of £2 10*s*. Exhibits will on no account be allowed to be placed unless payment has been arranged. Spaces not occupied seven days previously to the opening of the Exhibition will be otherwise allotted, and all payments made in respect thereof absolutely forfeited. Exhibitors will have to pay all expenses of conveying, delivering, arranging, fixing, and removing their Exhibits, and also the cost of the erection of all fixtures, screens, and counters when required; and they must personally, or by a representative, superintend the transmission, reception, unpacking, installation, and (at the close of the Exhibition) the removal of their goods. The Executive Council reserve to themselves the right of doing whatever may be considered necessary at the expense of the Exhibitor, unless this regulation is strictly complied with. Should any goods be deposited in the Exhibition premises during the absence of the Exhibitor or his representative, the Executive Council will not be responsible for any loss or damage from whatsoever cause arising.

Motive power.

6. Motive power, gas and water, will be supplied by the Executive Council free of charge within certain limits, and subject to certain regulations. Exhibitors requiring motive power must fill up the special application form which has been prepared for this Section, and which will be supplied by the Secretary upon application. Exhibitors requiring counter shafting, pulleys and belting must supply these at their own expense.

Applications to exhibit.

7. Schedules of application for space may be had from the Secretary W. [illegible] Cunningham, 27, St. Vincent Place, Glasgow. These must be filled up and returned on or before 1st October 1887. The decision of the Space Committee will be notified as soon as possible after that date.

Nature of Exhibits.

8. The nature of the articles which it is proposed to exhibit must be fully specified in the form of application for space.

Right to refuse Exhibits.

9. The Executive Council reserve the right to refuse any Exhibit, without stating any reason for so doing.

Foreign and Colonial Exhibits.

10. The Foreign and Colonial Commissioners appointed by the respective Governments are invited to communicate with the Secretary. The Executive Council will place at their disposal all information and plans that may be useful to them.

Foreign countries.

11. Applicants for space from countries in which no Commissioner has been appointed will correspond directly with the Secretary.

Railway rates.

12. The Executive Council will endeavour to obtain from the various Railways and Carriers special terms for the conveyance of Exhibition goods to and from the Exhibition, and these arrangements will be communicated to intending Exhibitors.

Marks on packages.

13. All packages containing goods for exhibition must have painted on them the distinctive mark

I.E.G.
1888.

together with the name and address of the Exhibitor, and the allotment number of the space. Labels for this purpose will be supplied to each Exhibitor.

Marks on foreign packages.

14. Packages from foreign countries must likewise have painted on them the distinctive mark

I.E.G.
1888.

They must also be marked in such a way as to show distinctly the name of the Exhibitor and the country from whence they come, as well as the allotment number of the space.

Dimensions of cases, &c.

15. No case, counter, platform, screen or partition must (without special permission) exceed the following dimensions :—

Show cases and partitions	10 feet above the floor.
Counters	2 feet 6 inches above the floor.
Platforms	1 foot above the floor.

Railings and canopies.

16. Exhibitors may erect railings around their stands, and provide canopies, subject to approval; in every instance these railings and canopies must be within the area of the space allotted. In the case of machinery in motion, it is imperative that it be sufficiently railed.

Flooring.

17. The flooring must not be altered, removed, or strengthened, except by sanction of the Executive Council, and at the expense of the Exhibitor.

Obstructions.

18. No Exhibitor will be permitted to display Exhibits in such a manner as to obstruct the light, or project beyond the space allotted, or impede the view along the open spaces, or occasion injury or inconvenience to other Exhibitors.

Decorations.

19. In order to insure uniformity of decoration, no Exhibitor will be allowed to put up flags, banners, or other kind of decorations without permission, and for covering counters, screens, or partitions a material will be selected, which may be bought by Exhibitors at the building.

Signboards.

20. Signs or name-boards must be placed to the satisfaction of the Space Committee, and must in no case interfere with the lighting. They must be black, with gold letters.

Hand-bills.

21. All hand-bills, printed matter, &c., connected with Exhibits, and intended for gratuitous distribution, must first receive the approval and authority of the Executive Council, which permission may be withdrawn at any time.

Empty cases.

22. Cases must be unpacked immediately on arrival, and the empty cases removed by the Exhibitors or their agents. The Executive Council cannot accept any responsibility with reference to empty cases, which must be at once removed from the buildings at the expense of the Exhibitors. The Executive Council reserve to themselves the right of doing whatever may be considered necessary at the expense of the Exhibitors, unless this rule is strictly complied with.

Attendance.

23. Exhibitors will be required to provide all necessary attendance, and to keep their Stands and Exhibits properly cleaned and in good order during the whole period of the Exhibition. The Executive Council reserve the right to impose a penalty for a breach of this regulation, and to order the removal of any attendant whose behaviour they consider unseemly.

Non-transfer of space.

24. No Exhibitor will be allowed to transfer any portion of the space alloted to him, or to allow any other than his own duly-admitted Exhibits to be placed thereon, except by permission of the Executive Council.

Name.

25. All goods must be exhibited in the name of the individual or firm signing the application form.

Selling.

26. Exhibitors are requested to mark the selling price of the articles exhibited for the information of visitors, to whom they may explain their Exhibits; but they will in all cases be forbidden, unless special permission in writing has been obtained from the Executive Council, to invite or to allow visitors to purchase goods for removal at the time of purchase, the Exhibition being intended for the purposes of display. Orders can be taken within the Exhibition, but the goods must be delivered from establishments outside. Special regulations will, however, be made with regard to perishable articles manufactured in the Exhibition.

Removal.

27. No Exhibit or part thereof can be removed before the close of the Exhibition without the special permission of the Executive Council. Exhibits not removed within fifteen days after the close of the Exhibition will be warehoused at the cost and risk of the owners, and whatever may remain after three months will be sold by auction, and the proceeds applied to defray expenses.

Date of reception.

28. No goods will be received prior to March 1888 without special permission, nor after 20th April 1888; but prior arrangements may be made for motors, boilers, or any Exhibits requiring under-building.

Fire risk.

29. Special care will be required by the Executive Council, who may make special regulations in cases where fire or gas is used by Exhibitors, and a responsible officer will be appointed to carry out the injunctions of the Council in this respect. Exhibitors will require to effect their own insurance on their Exhibits.

Dangerous substances.

30. No explosives, or any substances which in the judgment of the Executive Council are dangerous, will be admitted, but they may be represented by models.

Spirits, oils, &c.

31. Spirits, oils, corrosive substances, and generally all substances which might spoil other articles or inconvenience the public, can only be exhibited in solid and suitable vessels.

32. The Executive Council reserve to themselves the right of examining or testing any of the Exhibits. If any damage or injury shall be occasioned during the Exhibition by any exhibited machine, implement, or article to any visitor or other person, then the Exhibitor to whom such machinery, implement, or article may belong shall be responsible for in the first instance, and shall besides indemnify and hold harmless the said Council from or against all actions, suits, expenses, and claims on account or in respect of any such damage or injury which may be so caused.

Testing. Damage caused by Exhibits.

33. No article exhibited may be copied, photographed, drawn, or reproduced in any manner without the special permission of the Exhibitor and of the Executive Council.

Photography, &c.

34. Passes to the Exhibition will be granted to Exhibitors and to a reasonable number of attendants. If these passes be used by any but those to whom they are issued, they will be immediately cancelled.

Passes.

35. The Executive Council reserve to themselves the sole right of compiling and printing a Catalogue of Exhibits under Regulations which will be duly notified.

Catalogue.

36. The right to alter, amend, add to, or cancel any of these Rules is reserved by the Executive Council.

Right to alter Rules.

37. All who become Exhibitors shall be held by so doing to signify their compliance with the whole of these Regulations, together with such other Regulations as the Executive Council may issue from time to time.

Rules binding.

38. The Executive Council reserve the right to remove the Exhibits of any one who does not conform to the Regulations.

Right of removal.

39. The Executive Council will not be responsible for loss or damage occurring from any cause whatsoever to any Exhibit or other property belonging to any Exhibitor or any other person.

The 11th July 1887.

No. 480.—Powers.—Under the provisions of Section 51 of the Punjab Courts Act, 1884, Dín Muhammad, Officiating Extra Assistant Commissioner, is invested with the powers of a Deputy Commissioner under the said Act for the purpose of trying original suits of the classes mentioned in Section 45 of the said Act: such powers to be exercised within such portion of the Ferozepore District as is not under settlement.

[First publication.]

The 13th July 1887.

No. 485.—Notification.—In supersession of Punjab Government Notification No. 322, dated 6th May 1885, the Hon'ble the Lieutenant-Governor, in exercise of the powers conferred on him by Section 52 (2), Act XVIII of 1884, is pleased to make the following rules for the distribution between the two Financial Commissioners of business under the said Act :—

1. Appeals, revision cases and applications under the Punjab Courts Act shall be distributed between the First and Second Financial Commissioner in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

2 The general superintendence and control of the Revenue Courts established under Chapter V of the Punjab Courts Act shall vest in the Second Financial Commissioner, except in regard of courts in tracts which have been put under settlement. In such tracts the control and superintendence of the Revenue Courts established under Chapter V, and of Settlement Courts established under Chapter VI, of the said Act, shall be exercised by the First Financial Commissioner.

No. 486.—Notification.—In supersession of Punjab Government Notification No. 323, dated 6th May 1885, the following rules for the distribution of certain business between he Financial Commissioners, having been approved by the Hon'ble the Lieutenant-Governor, are published for general information :—

I. Appeals, revision cases and applications, under the Punjab Land Revenue Act, or any other Act pursuant to which the Financial Commissioner has jurisdiction as the chief controlling Revenue authority, shall be distributed between the First and Second Financial Commissioners in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

II. Proposals of a Financial Commissioner, (1) involving a material change in the revenue policy or system of the province, or (2) relating to the disposal of Land Revenue Assessment Reports, or (3) recommending the alteration of the limits of districts or tahsíls, shall be referred to his colleague for expression of opinion before being submitted for the orders of Government.

III. Proposals to confer powers under any Act shall be made by the Financial Commissioner who controls under that Act the proceedings of the officer proposed to be invested.

IV. Recommendations as to the appointment, promotion, posting or control of Extra Assistant Commissioners shall be made, and orders regarding the appointment, promotion or control of Tahsíldárs and Naib-Tahsíldárs shall be passed by both Financial Commissioners jointly :

Provided that in cases of urgency arising under this rule, the Financial Commissioner to whom is allotted the business connected with which recommendations are required to be made, or orders to be passed, may take action without previously consulting his colleague.

V. A Financial Commissioner when on tour may inspect the whole Revenue work of any district irrespective of the division of duties between himself and his colleague, but the result of his inspection in regard of matters not allotted to him by these rules should be referred by him for the orders of the other Financial Commissioner.

VI. Business relating to the examination of Government officers, and any other business not appropriated under these rules, shall be distributed between the two Financial Commissioners as may be decided by the First Financial Commissioner.

VII. Subject to the control of the Local Government, the First and Second Financial Commissioners may, by mutual consent, exchange with each other the business allotted to them respectively under these rules, or may transfer from one to the other any class of business so allotted, or any special case; provided that every permanent exchange or transfer of any class of business shall be sanctioned by the Local Government and notified in the *Punjab Government Gazette* for general information.

VIII. Notwithstanding any thing contained in these rules, either Financial Commissioner shall dispose of any business expressly assigned to him by the orders of the Local Government.

IX. Subject to these rules, business not otherwise allotted shall be divided between the two Financial Commissioners, as indicated in the annexed Schedules A. and B. If doubt arises as to interpretation of the Schedules, the decision shall rest with the First Financial Commissioner.

The 12*th July* 1887.

No. 120.—*Notification.*—Under the provisions of Section 5, clause 2, of Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to fix Rs. 5-6-8 per cent. as the proportion which the local rate shall bear to the annual value of land in the district of Bannu.

No. 121.—*Notification.*—In accordance with the provisions of Section 6 Act XX of 1883 (The Punjab District Boards Act), the Hon'ble the Lieutenant-Governor is pleased to notify that, from the dates upon which the local rate has been or shall be levied in the district of Bannu in proportion to the annual value of land specified in Notification No. 120, dated 12th July 1887, all authorised rates and cesses for the maintenance of roads, schools and the district post shall merge in and become part of the local rate of the said district, and that no rate or cess other than the local rate shall be thereafter leviable for those purposes.

No. 122.—*Notification.*—Under the provisions of Section 55, clauses (*d*) and (*g*), of Act XX of 1883, the Hon'ble the Lieutenant-Governor proposes to frame the following rules for the constitution of a District Board in the Bannu District in supersession of Rules 3 to 8 inclusive published in Punjab Government Notification No. 477, dated 25th February 1876. These draft rules will be taken into consideration one month after the date of the publication of this Notification, before which period any objections or suggestions submitted to Government through the usual channels will be considered :—

RULES.

I.—The District Board shall have jurisdiction throughout the district.

II.—The District Board shall consist of not more than 40 members appointed by name and not more than 10 appointed by official designation.

The members appointed by name shall be landholders chosen from the various tahsíls in the following proportion :—

Tahsíl Bannu	... ...	13
Do. Marwat	... ...	10
Do. Isa Khel	... ...	7
Do. Miánwáli	... ...	10

III.—The Deputy Commissioner shall be member and chairman of the Board by virtue of his office.

IV.—Subject to the provision of Section 14, Act XX, 1883, members appointed by name shall hold office for three years, unless appointed for any shorter period.

V.—The members of the District Board appointed by name for each tahsíl shall with the Tahsíldár of that tahsíl constitute a Local Board having jurisdiction throughout the tahsíl.

The Tahsíldárs of the Bannu, Marwat and Isa Khel Tahsíls shall be chairmen of the Local Boards of their respective tahsíls.

The Assistant Commissioner or Extra Assistant Commissioner in charge of the Miánwáli Sub-Division shall be chairman of the Local Board of the Miánwáli Tahsíl.

The Medical Officer in charge of the Dispensary at the head-quarters of each tahsíl shall be a member of the Local Board of the tahsíl.

No. 485.—*Notification.*—In supersession of Punjab Government Notification No. 322, dated 6th May 1885, the Hon'ble the Lieutenant-Governor, in exercise of the powers conferred on him by Section 52 (2), Act XVIII of 1884, is pleased to make the following rules for the distribution between the two Financial Commissioners of business under the said Act :—

1. Appeals, revision cases and applications under the Punjab Courts Act shall be distributed between the First and Second Financial Commissioners in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

2. The general superintendence and control of the Revenue Courts established under Chapter V of the Punjab Courts Act shall vest in the Second Financial Commissioner, except in regard of courts in tracts which have been put under settlement. In such tracts the control and superintendence of the Revenue Courts established under Chapter V, and of Settlement Courts established under Chapter VI, of the said Act, shall be exercised by the First Financial Commissioner.

No. 486.—*Notification.*—In supersession of Punjab Government Notification No. 323, dated 6th May 1885, the following rules for the distribution of certain business between the Financial Commissioners, having been approved by the Hon'ble the Lieutenant-Governor, are published for general information :—

I. Appeals, revision cases and applications, under the Punjab Land Revenue Act, or any other Act pursuant to which the Financial Commissioner has jurisdiction as the chief controlling Revenue authority, shall be distributed between the First and Second Financial Commissioners in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

II. Proposals of a Financial Commissioner, (1) involving a material change in the revenue policy or system of the province, or (2) relating to the disposal of Land Revenue Assessment Reports, or (3) recommending the alteration of the limits of districts or tahsíls, shall be referred to his colleague for expression of opinion before being submitted for the orders of Government.

III. Proposals to confer powers under any Act shall be made by the Financial Commissioner who controls under that Act the proceedings of the officer proposed to be invested.

IV. Recommendations as to the appointment, promotion, posting or control of Extra Assistant Commissioners shall be made, and orders regarding the appointment, promotion or control of Tahsíldárs and Naib-Tahsíldárs shall be passed by both Financial Commissioners jointly :

Provided that in cases of urgency arising under this rule, the Financial Commissioner to whom is allotted the business connected with which recommendations are required to be made, or orders to be passed, may take action without previously consulting his colleague.

V. A Financial Commissioner when on tour may inspect the whole Revenue work of any district irrespective of the division of duties between himself and his colleague, but the result of his inspection in regard of matters not allotted to him by these rules should be referred by him for the orders of the other Financial Commissioner.

VI. Business relating to the examination of Government officers, and any other business not appropriated under these rules, shall be distributed between the two Financial Commissioners as may be decided by the First Financial Commissioner.

VII. Subject to the control of the Local Government, the First and Second Financial Commissioners may, by mutual consent, exchange with each other the business allotted to them respectively under these rules, or may transfer from one to the other any class of business so allotted, or any special case ; provided that every permanent exchange or transfer of any class of business shall be sanctioned by the Local Government and notified in the *Punjab Government Gazette* for general information.

VIII. Notwithstanding any thing contained in these rules, either Financial Commissioner shall dispose of any business expressly assigned to him by the orders of the Local Government.

IX. Subject to these rules, business not otherwise allotted shall be divided between the two Financial Commissioners as indicated in the annexed Schedules A. and B. If doubt arises as to interpretation of the Schedules, the decision shall rest with the First Financial Commissioner.

SCHEDULE A.

Business allotted to the First Financial Commissioner.

1. Land Revenue Act, including the general control of proceedings thereunder.
2. The Punjab Tenancy Act.
3. The Northern India Canal and Drainage Act.
4. Forests, tirni and management of waste lands.
5. Grants, sales, leases and other alienations of waste lands.
6. Agriculture, gardens, cattle and horse fairs and horse-breeding operations.
7. Surveys.
8. Famine and Famine Preventive and Relief Works.

SCHEDULE B.

Business allotted to the Second Financial Commissioner.

1. Income Tax Act.
2. Registration and Stamps Court Fees Act.
3. Salt, Opium and Excise.
4. Trade.
5. Government Litigation.
6. Court of Wards.
7. Pensions and Revenue assignments.
8. Land Improvement Loans and Loans to Agriculturists.
9. The Land Acquisition Act.

The 19th July 1887.

No. 750.—***Notification.***—The Hon'ble the Lieutenant-Governor is pleased to publish for general information the following rules for the manufacture, possession and sale of explosives, which have been made under Section 5 of the Indian Explosives Act IV of 1884, with the previous sanction of the Governor-General in Council.

RULES UNDER THE EXPLOSIVES ACT, 1884.

PRELIMINARY.

1. For the purposes of these rules, explosives shall be classified as follows, namely :—

Class 1	Gunpowder.
Class 2	Nitrate-mixture.
Class 3	Nitro-compound.
Class 4	Chlorate-mixture.
Class 5	Fulminate.
Class 6	Ammunition.
Class 7	Firework.

And when an explosive falls within the description of more than one class, it shall be deemed to belong exclusively to the latest of the classes within the description of which it falls.

CLASS 1.—*Gunpowder Class.*

The term "gunpowder" means exclusively gunpowder ordinarily so-called.

CLASS 2.—*Nitrate-mixture Class.*

The term "nitrate-mixture" means any preparation, other than gunpowder ordinarily so-called, formed by the mechanical mixture of a nitrate with any form of carbon or with any carbonaceous substance not possessed of explosive properties, whether sulphur be or be not added to such preparation, and whether such preparation be or be not mechanically mixed with any other non-explosive substance.

The nitrate-mixture class comprises such explosives as—

Pyrolithe,

Pudrolithe,

Poudre saxifragine,

and any preparation coming within the above definition.

CLASS 3.—*Nitro-compound Class.*

The term "nitro-compound" means any chemical compound possessed of explosive properties, or capable of combining with metals to form an explosive compound, which is produced by the chemical action of nitric acid (whether mixed or not with sulphuric acid) or of a nitrate mixed with sulphuric acid upon any carbonaceous substance, whether such compound is mechanically mixed with other substances or not.

The nitro-compound class has two divisions.

Division 1 comprises such explosives as—

Nitro-glycerine,
Dynamite,
Lithofracteur,
Dualine,
Glyoxiline,
Methylic nitrate,

and any chemical compound or mechanically mixed preparation which consists either wholly or partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Gun-cotton, ordinarily so-called,	Cotton gunpowder,
Gun-paper,	Schultz's powder,
Xyloidine,	Nitro-mannite,
Gun-sawdust,	Picrates,
Nitrated gun-cotton,	Picric powder,

and any nitro-compound, as before defined, which is not comprised into the first division.

CLASS 4.—*Chlorate-mixture Class.*

The term "chlorate-mixture" means any explosive containing a chlorate.

The chlorate-mixture class has two divisions.

Division 1 comprises such explosives as—

Horsley's blasting powder,

Brain's blasting powder,

and any chlorate preparation which consists partly of nitro-glycerine or of some other liquid nitro-compound.

Division 2 comprises such explosives as—

Horsley's original blasting powder,	Reichen's blasting charges,
Erhardt's powder,	Teutonite.
Reverley's powder,	Chlorate gun-cotton,
Hochstadter's blasting charges,	

and any chlorate-mixture, as before defined, which is not comprised in the first division.

CLASS 5.—*Fulminate Class.*

The term "fulminate" means any chemical compound or mechanical mixture, whether included in the foregoing classes or not, which from its great susceptibility to detonation is suitable for employment in percussion caps or any other appliances for developing detonation, or which from its extreme sensibility to explosion, and from its great instability (that is to say, readiness to undergo decomposition from very slight exciting causes), is especially dangerous.

This class consists of two divisions.

Division 1 comprises such compounds as the fulminates of silver and of mercury, and preparations of these substances, such as are used in percussion caps, and any preparation consisting of a mixture of a chlorate with phosphorus, or certain descriptions of phosphorous compounds, with or without the addition of carbonaceous matter, and any preparation consisting of a mixture of a chlorate with sulphur, or with a sulphuret, with or without carbonaceous matter.

Division 2 comprises such substances as the chloride and the iodide of nitrogen, fulminating gold and silver, diasobenzol, and the nitrate of diasobenzol.

CLASS 6.—*Ammunition Class.*

The term "ammunition" means an explosive of any of the foregoing classes when enclosed in any case or contrivance, or otherwise adapted or prepared so as to form a cartridge or charge for small arms, cannon, or any other weapon, or for blasting, or to form any safety or other fuze for blasting or for shells, or to form any tube for firing explosives, or to form a percussion cap, a detonator, a fog-signal, a shell, a torpedo, a war-rocket, or other contrivance other than a firework.

The term "percussion cap" does not include a detonator.

The term "detonator" means a capsule or case which is of such strength and construction, and contains an explosive of the fulminate-explosive class in such quantity that the explosion of one capsule or case will communicate the explosion to other like capsules or cases.

The term "safety fuze" means a fuze for blasting which burns and does not explode, and which does not contain its own means of ignition, and which is of such strength and construction and contains an explosive in such quantity that the burning of such fuze will not communicate laterally with other like fuzes.

The expression "safety cartridges" means cartridges for small arms of which the case can be extracted from the small arm after firing, and which are so closed as to prevent any explosion in one cartridge being communicated to other cartridges.

The ammunition class has three divisions,

Division 1 comprises exclusively—

Safety cartridges.
Safety fuzes for blasting.
Railway fog-signals.
Percussion caps.

Division 2 comprises any ammunition as before defined which does not contain its own means of ignition, and is not included in Division 1, such as—

Cartridges for small arms, which are not safety cartridges,
Cartridges and charges for cannon, shells, mines, blasting, or other like purposes,
Shells and torpedoes containing any explosive,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,
War-rockets,

which do not contain their own means of ignition.

Division 3 comprises any ammunition as before defined which contains its own means of ignition, and is not included in Division 1, such as—

Detonators,
Cartridges for small arms, which are not safety cartridges,
Fuzes for blasting, which are not safety fuzes,
Fuzes for shells,
Tubes for firing explosives,

which do contain their own means of ignition.

By ammunition containing its own means of ignition is meant ammunition having an arrangement, whether attached to it or forming part of it, which is adapted to explode or fire the same by friction or percussion.

CLASS 7.—*Firework Class.*

The term "firework" comprises firework composition and manufactured fireworks.

Division 1.—The term "firework composition" means any chemical compound or mechanically mixed preparation of an explosive or inflammable nature which is used for the purpose of making manufactured fireworks, and is not included in the former classes of explosives, and also any coloured fire composition.

Division 2.—The term "manufactured firework" means any explosive of the foregoing classes and any firework composition, when such explosive of com-

position is enclosed in any case or contrivance, or is otherwise manufactured so as to form a squib, cracker, serpent, rocket (other than a war-rocket), maroon, star, lance, wheel, Chinese fire, roman candle, or other article adapted for the production of pyrotechnic effects or pyrotechnic signals.

Nothing in these rules shall apply to the manufacture, possession, or sale of any explosive—

(a) by order of the Government, or

(b) by any person employed under the Government in the execution of these rules, or as a keeper of a magazine, or as an artizan, soldier, sailor, policeman or otherwise, or inrolled as a Volunteer under the Indian Volunteer Act, 1869, in the course of his employment or duty as such.

MANUFACTURE, POSSESSION, AND SALE.

(a) *General Rules.*

2. An explosive shall not be manufactured except under and in accordance with the conditions of a license to manufacture the explosive granted under these rules.

Nothing in this rule shall apply—

(a) to the making of a small quantity of an explosive for the purpose of chemical experiment, and not for practical use or for sale; or

(b) to the filling for private use and not for sale of any safety cartridges to the amount allowed by these rules to be possessed for private use.

3. If any person manufactures an explosive in contravention of Rule 2 he shall be punished with fine which may extend to three thousand rupees.

4. An explosive shall not be possessed except under and in accordance with the conditions of a license to possess the explosive granted under these rules:

Provided that this rule shall not apply—

(1) to a person possessing for his private use and not for sale—

(a) gunpowder to an amount not exceeding on the same premises 30 lbs., or in lieu of the said quantity of gunpowder, 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive; or

(b) gunpowder contained in safety cartridges to an amount not exceeding 150 lbs., or in lieu thereof 150 lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained:

Exception.—Nothing in the foregoing portion of the proviso to this rule shall be held to authorize the possession for private use—

(a) of any explosive of the 5th (fulminate) class; or

(b) of any explosive whereof the possession has been prohibited absolutely by notification under Section 6 of the Act; or

(c) where the possession of an explosive has by notification under that section been prohibited subject to conditions of any such explosive except subject to those conditions;

(2) to the possession of an unlimited quantity of fireworks, if obtained and intended for immediate use and not for sale, and if kept for

a period not exceeding 14 days in a safe and suitable place, and with all due precautions for the public safety ;

(3) to the possession of any explosive by a person licensed to manufacture the explosive ;

(4) to the possession of any explosive by a carrier or other person for the purpose of transport when the same is being kept or transported in accordance with the provisions of the rules made under the Act with respect to the transport of such explosive.

5. If any person possesses an explosive in contravention of rule 4, he shall be punished with fine which may extend to one thousand rupees.

6. An explosive shall not be sold except under and in accordance with the conditions of a license to sell the explosive granted under these rules :

Provided that this rule shall not apply to any person selling any explosive which for his own private use he lawfully possesses to any person who is not legally prohibited from possessing the same.

7. If any person sells an explosive in contravention of rule 6, he shall be punished with fine which may extend to five hundred rupees.

(*b*). *Licensing of the manufacture, possession, and sale of gunpowder and certain explosives.*

8. Licenses to manufacture, possess, and sell, or to possess and sell, or to possess an explosive of the 1st (gunpowder) class or of the 1st division of the 6th (ammunition) class or of the 7th (firework) class to such total amount during the currency of the license, and in such places as shall be approved by the licensing officer, may be granted by the District Magistrate :

Provided that nothing in any such license shall be deemed to entitle the license-holder to keep at the same time in the place to which the license applies more than 200 lbs. of gunpowder, 500 lbs. of explosive contained in ammunition of the 1st division of the 6th (ammunition) class, and 1,000 lbs. of fireworks, or any such less quantity of any of these explosives as the licensing officer may direct in this behalf.

9. The following fees shall be paid for every license granted under the last foregoing rule, namely :—

(1) a fee of twenty rupees for every license to manufacture, possess, and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(2) a fee of ten rupees for every license to manufacture, possess, and sell half the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(3) a fee of five rupees for every license to manufacture, possess, and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ;

(4) a fee of ten rupees to possess and sell the maximum quantity of explosive mentioned in the preceding rule, or any less quantity ;

(5) a fee of five rupees to possess and sell half the quantity of explosive mentioned in the preceding rule,or any less quantity ;

(6) a fee of two rupees eight annas to possess and sell a fourth of the quantity of explosive mentioned in the preceding rule, or any less quantity ; and

(7) a fee of eight annas for every license to possess explosive.

10. Every license granted under rule 8 shall be in Form A, B or C in the Schedule hereto annexed as the case may be, and shall be subject to the conditions prescribed therein.

11. If any person commits a breach of any condition subject to which a license under rule 8 is granted, he shall be punished with fine which may extend to five hundred rupees.

(c). Licensing of the manufacture of other explosives.

12. Licenses to manufacture explosives other than those referred to in rule 8 shall be granted by the Governor-General in Council on payment of such fees in such form for such term and subject to such conditions as the Governor-General in Council may in each case prescribe : Provided that the Governor-General in Council shall, in the case of any such license, prescribe all the conditions which are hereinafter prescribed for licenses to possess an explosive of the same description and quantity as the manufacturing license is to cover.

13. If any person commits a breach of any condition subject to which a license under rule 12 is granted, he shall be punished with fine which may extend to three thousand rupees.

(d). Licensing of the possession of small quantities of other explosives.

14. Licenses for the possession at such places as shall be approved by the licensing officer of explosives other than those specified in rule 8 shall, if the explosive is not one of the 5th (fulminate) class, and if the quantity to be possessed at the same time does not exceed 60 pounds, be granted by the District Magistrate.

15. Every license granted under rule 14 shall be in Form D in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein. A fee of five rupees shall be paid for every such license.

16. If any person commits a breach of any condition subject to which a license under rule 14 is granted, he shall be punished with fine which may extend to one thousand rupees.

(e). Licensing of the possession of explosives generally.

17. Licenses for the possession of explosives generally shall, if the explosive is not one of the 5th (fulminate) class, be granted by the Local Government in accordance with the following procedure :—

(1). The applicant shall submit to the District Magistrate an application in writing accompanied by a plan (drawn to scale) of the place in which it is proposed to keep the explosive (herein referred to as the magazine) and the site thereof.

(2). The application shall specify such of the following matters as are applicable, namely—

(a) the boundaries of the land forming the site of the magazine, and either any belt of land surrounding the site which is to be kept clear and the buildings and works from which it is to be kept clear, or the distances to be maintained between the magazine, or any part thereof, and other buildings and works ;

(b) the situation, character and construction of all the mounds, buildings and works on or connected with the magazine, and the distances thereof from each other ;

(c) the amount of explosive and of ingredients thereof wholly or partly mixed to be allowed at the same time within the boundaries of the magazine ; and

(d) any especial terms which the applicant may propose by reason of any special circumstances arising from the locality, the situation, or construction of any buildings or works, or the nature of any process or otherwise.

(3). Upon receipt of the said application—

(a) The District Magistrate shall thereupon cause notice to be published of the application, and fix a date on which any persons shall be heard objecting to the establishment of a magazine on the proposed site who have not less than seven clear days before the day of hearing sent to the said District Magistrate and to the applicant notice of their intention to appear and object, with their name, address and calling, and a short statement of the grounds of their objection.

(b) Where the site of the proposed magazine is situate within, or within one mile of, the limits of the jurisdiction of any Municipal Committe, the applicant shall serve on such Committee notice of the application and of the date of hearing by the District Magistrate.

(c) The said notices shall be published and served at the cost of the applicant by the District Magistrate not less than one month before the date of hearing.

(d) The District Magistrate shall fix the date of hearing as soon as practicable, after application is made to him, and the time so fixed shall be as soon as practicable after the expiration of the said month from the publication and service of the notices by the applicant.

(e) On consideration of the application, and on making such enquiry as may be deemed necessary, the District Magistrate may dissent altogether from the establishment of such new magazine on the proposed site, or assent thereto, either absolutely, or on any conditions requiring additional restrictions or precautions.

(f) On the completion of the enquiry the District Magistrate shall forward the application with his recommendation to the Local Government. The Local Government may thereupon either grant the license applied for on such conditions as it thinks fit or refuse to grant the same.

(g) If the Local Government grant a license, it shall forward the same to the District Magistrate, who, when satisfied that the magazine is sufficiently completed according to the license to justify the use thereof, shall confirm the license ; but, until so confirmed, the license shall not come into force.

18. A fee of 20 rupees shall be paid for every license granted under rule 17.

19. Every license granted under rule 17 shall be in Form E in the Schedule hereto annexed, and shall be subject to the conditions prescribed therein.

20. If any person commits a breach of any condition subject to which a license under rule 17 is granted, he shall be punished with fine which may extend to one thousand rupees.

21. Licenses for the possession of explosives of the 5th (fulminate) class shall be granted by the Governor-General in Council on payment of such fees in such form for such term, and subject to such conditions as he may in each case prescribe.

22. If any person commits a breach of any condition subject to which a license is granted under rule 21, he shall be punished with fine which may extend to one thousand rupees.

(f). *Licensing of the sale of other explosives.*

23. Licenses for the sale of explosives other than those referred to in rule 8 may be granted by the District Magistrate to any person licensed to possess the same.

24. A fee of five rupees shall be paid for every license granted under rule 23.

25. Every license granted under rule 23 shall be in Form F in the Schedule hereto annexed, and shall be subject to the conditions therein prescribed.

26. If any person commits a breach of any condition subject to which a license under rule 23 is granted, he shall be punished with fine which may extend to five hundred rupees.

(g). *Supplementary.*

27. The District Magistrate, or any Subordinate Magistrate, deputed in that behalf by the District Magistrate, or any Police Officer not below the rank of Inspector deputed in that behalf by the District Magistrate, may enter and inspect and examine any place in which an explosive is manufactured, possessed, or sold by a person licensed in this behalf under these rules.

28. A person licensed to possess an explosive shall not be required to take out a license for the manufacture of the explosive by reason that, in a room or workshop in connection with the magazine, or place in which he is licensed to possess the explosive, he, by filling cartridges, making charges, drying, sifting, fitting or otherwise, adapts or prepares the explosive for the keeping of which he is licensed, for use, sale or otherwise: provided that he observes the following rules:—

(1) There shall not be in the workshop in which such filling, adaptation or preparation is carried on more than 50 lb. of gunpowder, or in lieu of such gunpowder or of a less amount thereof, not so present, half that amount of other explosive.

(2) Any work unconnected with such filling, adaptation or preparation shall not be carried on in the said room or workshop while such filling, adaptation or preparation is being carried on.

(3) The said room or workshop shall be detached from the magazine or place in which the licensee is licensed to possess the explosive and at a safe distance therefrom.

(4) An explosive of one description shall not be converted into an explosive of another description, and shall not be unmade or resolved into its ingredients.

GENERAL.

29. Every license granted under these rules shall be liable to be forfeited on breach of any of the conditions subject to which it is granted.

30. If a person licensed to manufacture, possess, or sell, an explosive dies or becomes bankrupt, or becomes mentally incapable or otherwise disabled, the person carrying on the business of such license shall not be liable to any penalty or forfeiture under the Act or the rules made thereunder for carrying on the business or acting under the license during such reasonable time as may be necessary to allow him to make an application to the authority granting the license for a new license in his own name during the currency of the unexpired portion of the original license. Such new license shall be granted on the payment of one rupee.

31. The fees leviable under these rules shall be taken in the shape of "impressed stamps." The applications for licenses or renewals of licenses shall be written on "impressed stamps" of value equal to the amount of fee leviable in respect of such licenses or renewals, the licenses themselves being issued on plain paper. When an application for a license is written on an impressed stamp, and the license is refused, the value of the stamp will on application be refunded to the applicant.

32. All licenses except licenses to manufacture an explosive under rule 12, or to possess explosives of the 5th (fulminate) class under rule 21, shall expire on the 31st December of the year for which they are granted. Licenses granted under rules 12 and 21 shall be current for the term therein specified. But the currency of a license may, unless the circumstances have so changed that the grant of a new license either would not be authorised under the Act and rules or is deemed objectionable by the licensing authorities, on application previous to its expiration, be renewed on payment of the original fee.

33. When a license granted in accordance with these rules is lost, or accidentally destroyed, a duplicate may be granted to the licensee on payment of a fee of 8 annas.

34. Any person holding a license, or acting under a license, granted in accordance with these rules, shall be bound to produce the same when called upon to do so by any Magistrate or by any Police Officer in charge of a police station, or by any Police Officer of higher rank.

35. All Magistrates or other authorities acting under these rules will perform their duties subject to the control of their executive superiors and of the Local Government.

36. Any authority empowered to grant a license under the foregoing rules may, if he thinks fit, direct by an order written on the license that it shall have the effect of a like license under the Indian Arms Act, 1878.

37. Any persons lawfully entitled under the Indian Arms Act, 1878, or the rules made thereunder, to possess any explosive coming under the head of ammunition as defined in that Act may possess without license under these rules any such explosive in reasonable quantities for his own private use, that is to say—

(1) to a person possessing for his private use and not for sale—

(*a*) gunpowder to an amount not exceeding on the same premises 30 lbs., or in lieu of the said quantity of gunpowder 15 lbs. of any other explosive, or in lieu of any less amount of gunpowder not so possessed, half that amount of other explosive ; or

(*b*) gunpowder contained in safety cartridges to an amount not exceeding 150 lbs., or in lieu thereof 150 lbs. of any explosive contained in ammunition of the 1st division of class 6, or in lieu of any less amount of gunpowder not so possessed, that amount of any explosive so contained.

38. Every license granted under these rules, with the conditions attached thereto, shall be both in English and Urdu.

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. The license-holder shall keep records and accounts of all explosive manufactured of all stock in hand, and of all sales, in such form as the Local Government may from time to time direct.

3. The license-holder shall exhibit his stock and his books of manufacture and sales to any Magistrate or to any Police Officer not below the rank of Inspector, when such officer may call upon him so to do.

4. The explosive shall be manufactured in a substantially constructed building exclusively appropriated for the purpose and detached from a dwelling-house, and situated at a safe distance from any highway, street, public thoroughfare or public place.

5. All sales of explosive under this license must be effected upon the premises shown on the face of the license.

6. An explosive shall not be sold to any child apparently under the age of 13 years.

7. The explosive possessed by the licensee shall be kept in such a building as is referred to in condition 4, or in a fire-proof safe outside a dwelling-house and detached therefrom and at a safe distance from any highway, street, public thoroughfare, or public place, made and closed so as to prevent unauthorized persons having access thereto, and to secure it from danger from without:

Provided that a quantity not exceeding 50 lbs. of gunpowder, or, in lieu of each pound of gunpowder not so kept, 2 lbs. of explosive contained in ammunition of the 1st division of class 6, or an equivalent quantity of an explosive of the 7th (firework) class may be kept inside a dwelling-house, or in any building other than as last aforesaid, in a receptacle exclusively appropriated to keeping explosive.

Provided also that no explosive other than gunpowder or ammunition of the 2nd division of class 6 made with gunpowder shall be kept in a fire-proof safe.

8. All articles or substances of an explosive or highly inflammable nature shall be kept at a safe distance from the explosive and from any building, fire-proof safe, or receptacle containing the same.

9. Neither the building exclusively appropriated for the purpose of manufacturing or keeping the explosive nor the fire-proof safe or receptacle shall have any exposed iron or steel in the interior thereof.

10. All explosive exceeding 5 lbs. in amount of the 1st division of the 6th (ammunition) class or of the 2nd division of the 7th (firework) class, and all other explosive exceeding 1 lb. in amount shall be kept in a substantial case, bag, canister, or other receptacle made and closed so as to prevent the explosive from escaping, and if publicly exposed for sale or sold, the outermost receptacle containing such explosive shall have affixed the name of the explosive in conspicuous characters by means of a brand or securely attached label or other mark.

11. Each description of explosive which may be kept under this license shall be separated by an intervening partition of such substance and character, or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other.

*12. The license-holder shall affix to his shop or place of business a signboard as required by rule 11 of the rules framed under the Indian Arms Act, 1878, and shall post up in his shop a copy of section 28 of that Act.

*13. The license-holder shall at the time of purchase endorse upon the license of every purchaser holding a license under form VIII or IX of the forms prescribed under the Indian Arms Act, 1878, the following particulars :—

(*a*) the name and address of the person who takes delivery of the articles sold ;

(*b*) the nature and amount of the articles sold ;

Conditions.

1. This license is given subject to the provisions of "The Indian Explosives Act, 1884," and the rules framed thereunder.

2. There shall not be at the same time in the magazine an amount of explosive exceeding the amount specified in the license.

3. The magazine shall be used only for the keeping of the explosive or explosives specified in the license, and of receptacles for, or tools, or implements for, work connected with the keeping of such explosive or explosives.

4. The interior of the magazine and the benches, shelves, and fittings therein, shall be so constructed or so lined or covered as to prevent the exposure of any iron or steel, and the detaching of any grit, iron, steel or similar substances in such manner as to come into contact with the explosive, and such interior, benches, shelves, and fittings shall, so far as is reasonably practicable, be kept free from grit and otherwise clean ; and in the case of any explosive being possessed which is liable to be dangerously affected by water, due precautions shall be taken to exclude water therefrom.

5. The magazine shall have attached thereto a sufficient lightning conductor.

6. Before repairs are done to or in any part of a room or magazine, it shall, as far as is practicable, be cleaned by the removal of all explosive or mixed ingredients thereof, and the thorough washing out of such room or part ; and after such cleaning, these conditions shall cease to apply to explosive until such room or part of the magazine is again taken into it.

7. Except after such cleaning, all tools and implements used in or in any repairs to any part of the magazine shall be made only of wood, copper, or brass, or some soft metal or material, or shall be covered with some safe and suitable material.

8. Due provision shall be made by the use of suitable working clothes without pockets, suitable shoes, searching and otherwise, or by some such means for preventing the introduction into the magazine of fire, lucifer matches, or any substance or article likely to cause explosion or fire, or any iron, steel or grit ; but this rule shall not prevent the introduction of an artificial light of such construction, position, or character as not to cause any danger of fire or explosion.

9. No person shall smoke in any part of the magazine.

10. No person under the age of 16 years shall be employed in or enter the magazine except in the presence and under the supervision of some grown up person.

11. Two or more descriptions of explosives which may lawfully be possessed in a licensed magazine may be possessed in the same magazine, provided they are separated from each other by an intervening partition of such substance and character or by such intervening space as will effectually prevent explosion or fire in the one communicating with the other, subject to the following qualifications :—

(a) The various explosives of classes 1 (gunpowder), 2 (nitrate-mixture), 3 (nitro-compound), and 4 (chlorate-mixture), safety fuze belonging to the 1st division of class 6 (ammunition), and such of the various explosives of the 2nd division of class 6 (ammunition) as do not contain any exposed iron or steel, may be kept with each other without any intervening partition or space.

(b) The various explosives of the 1st division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(c) Such of the various explosives of the 2nd division of class 6 (ammunition) as contain any exposed iron or steel may be kept with each other without any intervening partition or space.

(d) The various explosives of the 3rd division of class 6 (ammunition) may be kept with each other without any intervening partition or space.

(e) The various explosives of class 7 (firework) may be kept with each other without any intervening partition or space.

Except as aforesaid, two or more descriptions of explosives may not be kept in the same magazine.

12. The license and every person employed in or about the magazine shall take all due precaution for the prevention of accidents by fire or explosion in the same, and for preventing unauthorized persons having access to the magazine or to the explosive therein, and shall abstain from any act whatever which tends to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

13. A copy of the above conditions in Urdu shall be struck up in a conspicuous place in the magazine.

The following subjects were discussed by the Conference, and resolutions were passed on all points that required decision:—

(1) Amended rules for the award of High School scholarships.
(2) The manner in which scholarships of any kind are to be awarded when two candidates are bracketted together, and arrangements in case of the transfer of a scholarship-holder from one school to another.
(3) Proposal that the value of a close scholarship shall in no case exceed that of an open scholarship of the same class.
(4) The eligibility of girls under certain circumstances to hold scholarships awarded on the results of the Lower Primary Examination, and the conditions under which scholarships shall be awarded to girls who pass the Upper Primary Examination.

(5) Modification of the rule laid down regarding the annual increase of fees in such a manner as to avoid fractions.

(6) Proposal to reduce fees when more than one student of the same family attend school.

(7) Modification of the standard for Sanskrit in the Upper Primary Examination.

(8) The award of instruction grants in the case of boys leaving a school within three months of the Entrance or Middle School Examination, and the amount of grant for boys who pass the Middle School Examination in English only, having previously passed in the Vernacular.

(9) The conditions on which grants should be given to Zanána classes.

(10) Modification in the requirements demanded in the case of candidates for admission to the Junior Vernacular Certificate Examination and to Government Normal Schools, and in the subjects of examination.

(11) Rules for the internal management of Board Schools.

(12) The principles that should be followed in drawing up general rules for the promotion of physical development and the encouragement of games and gymnastic exercises, and the expediency of allowing grants-in-aid on this account.

(13) The expediency of employing English technical terms in teaching Science and Mathematics through the medium of the Vernacular.

(14) The admission 'as private candidates' to the Middle School and Entrance Examinations of students of public schools, whose names are not sent up by the heads of those institutions.

(15) Bifurcation of studies with the view of giving more suitable instruction to youths destined to become clerks in public offices or to take to commercial pursuits.

(16) A proposal that Government should be moved to provide for the inspection of unaided schools in cases in which the managers of such schools apply for their inspection; and that public scholarships should be tenable in unaided public schools open to inspection, provided that they are recognized by the Department as efficient.

(17) Whether the award of stipends (as distinguished from scholarships*) tenable in institutions for general education open to the public and payable from public funds should be absolutely prohibited or allowed in certain cases; and if they are allowed in special cases, the conditions that should be imposed.

(18) The question of levying fees at reduced rates from agriculturists attending Primary schools and departments.

(19) Delay in publication of the results of the Middle School examination.

All these matters were fully considered and exhaustively discussed at the Conference, and His Honor the Lieutenant-Governor desires to express his acknowledgment of the care and attention that have been bestowed by the members on the questions that came before them.

* Scholarships and stipends are thus defined in the Punjab Education Code :—

Article 30.—Scholarship means a periodical payment guaranteed for a fixed time on certain conditions, and awarded subject to certain fixed limitations, absolutely in accordance with the results of a public examination.

Article 31.—Stipend means a subsistence allowance made to a scholar on certain conditions to enable or induce him to pursue a certain specified course of study.

The proposals of the Conference under the first five heads above noted are generally approved, and the necessary entries will be made in the Punjab Education Code. His Honor desires, however, that a proviso shall be added to the rule under which it is proposed to award scholarships to girls who pass the Upper Primary School Examination to the effect that the Department must be satisfied that girls who obtain scholarships under the rule in question are in need of assistance, and that there is a reasonable prospect of their hereafter becoming teachers or medical students.

With reference to the sixth question that came under discussion, the Conference have recommended "that in the case of more than one boy supported and educated by the same person and attending the same school a reduction of half fees for every boy after the first may be claimed by such a person." His Honor considers that, as a matter of principle, there is no reason why a second son should be required to pay less for his education than the first, and he is therefore unable to approve of the above proposal.

The proposals made with reference to the next two questions, 7 and 8, are sanctioned, and will be embodied in the Code.

As regards grants to Zanána classes, the Conference have submitted a set scheme. The Lieutenant-Governor, however, would prefer not to lay down any general rules on the subject, or to attempt to bring Zanána Mission teaching within the scope of the rules for aided schools. If, however, any Municipality or District Board or Committee should think it advisable to make in any form a grant from the public funds at its disposal in support of Zanána teaching in any particular locality, His Honor will be ready to consider favourably an application submitted by such Board or Committee as a special case. Existing grants may be allowed to continue subject to the condition that the teaching must be satisfactory; and each such grant will be treated as a special case.

The rules for the internal management of Board Schools came next under discussion. They form a part of Chapter IX of the Code, in which these institutions are fully dealt with. Although the non-official members of the Conference are not directly concerned with the management of Board Schools, it was believed that their experience would enable them to offer valuable suggestions regarding the rules which relate to internal discipline and organisation; and it seemed the more desirable that they should be consulted, since the rules in question, though in no way binding on the managers of aided institutions, are likely to be very generally adopted, so far as they are suitable to schools under private management. Whilst, therefore, this portion of Chapter IX was submitted to the General Conference, the remaining portion was discussed by the Departmental Conference, and the whole chapter after some modifications in the Financial Department has now received the approval of Government.

The recommendations of the Conference under the next head regarding instruction in gymnastics and the encouragement of native games, &c., meet with the general approval of His Honor the Lieutenant-Governor. The scheme proposed necessitates arrangements for two courses in gymnastics. The Principal of the Central Training College, who was a member of the Sub-Committee appointed by the Conference to report on the subject, should be requested, in consultation with the other members of the Sub-Committee, to draw up programmes for the two courses. When this has been done, definite rules can be prepared on the lines indicated in the proceedings of the Conference.

The question of the terminology to be employed in scientific works in the Vernacular languages of the country is one of great importance, and the recommendations of the Conference, who advocate the use of terms used in English books in preference to those taken from Arabic and Sanskrit, will be forwarded to the University, with a request that the Senate will favour His Honor with an expression of opinion on the subject.

A copy of the resolution recorded by the Conference as to the injurious effects that have in their opinion resulted from the admission to the Middle School and Entrance Examinations as private students of public school boys, who are not sent up by the heads of the institutions to which they belong has been forwarded to the University with the expression of a hope that the question will be carefully considered with reference to the strong and almost unanimous opinion which is entertained on the subject by those who have a practical knowledge of the schools of the Province and of the working of the present system.

With reference to the proposal of the Education Commission to make provision in the Upper Classes of High Schools for the establishment of two divisions,—one leading to the Entrance Examination of the Universities, the other to fit youths for commercial or other non-literary pursuits,—and the opinion expressed by the Government of India that the bifurcation here suggested is of special importance at the present time, the Government of the Punjab last year recorded the following remarks :—

"The main inducement to study in the Punjab, as in every other province in India, and every country in the civilised world, is, with the great mass of students, the hope of personal advancement. At present there is a very strong desire for English education, mainly because it leads to Government employment, which affords a certain income and some valuable prizes. Hitherto the classes who seek for an English education have not turned their attention to industrial and commercial pursuits. They see no opening in that direction, and an education avowedly framed to fit them for such occupations would offer no attraction, and certainly would not be accepted, if it appeared to cut them off altogether from Government employment. It is, however, a common complaint that youths who have passed the Entrance Examination, and often those who have advanced to a much higher standard, are not qualified to become efficient clerks. A course of instruction in letter and précis writing, book-keeping and accounts would in all probability prove highly popular, whether it began at the Middle School or Entrance standard, more especially if it were followed by the award of a certificate after passing a successful examination. Such an arrangement would supply a much more efficient class of men than is at present available for junior clerkships in public offices; it would open the way to employment in banks and shops, and it would thus lead the students, who followed it, to turn their attention to commercial pursuits, and it would facilitate the introduction of other branches of technical instruction hereafter. The question, and its proposed solution, will be laid before the next Educational Conference."

The Conference recommend that special provision shall be made in selected schools for imparting instruction in letter and précis writing, caligraphy, book-keeping and accounts to students who have passed in Euclid and Algebra by the Middle School standard, and who do not learn Arabic or Sanskrit; and it has been shown that in the case of such students ample time will be available for the special course. This proposal is approved by His Honor.

It was held that until the advantages of the new course should have been proved by actual experience, few students would be willing to follow it if it cut them off from the University examinations; and the Conference has proposed that, with the view of enabling students to qualify themselves to a full extent for the Entrance Examination and at the same time to acquire the special knowledge required, the University should be moved to add to the list of optional subjects a special English course testing more fully the student's knowledge of idiomatic English. This recommendation will be forwarded to the University for consideration after the receipt of a report by the Committee on Technical Education that has been appointed by the Punjab Government to consider this question.

The Conference further recommend that an examination open to matriculated students be held by the Department in letter and précis writing, dictation, caligraphy, general correspondence, book-keeping and commercial arithmetic; that diplomas be awarded to successful candidates; and that a committee of experts be appointed to make practical recommendations regarding the scope of the examination and the course of study to be followed. These proposals are approved.

The Conference has recorded an opinion that the above scheme, which has been framed with a view to carry out one of the recommendations of the Education Commission on the lines indicated by the Local Government, will have little chance of success unless the candidates who obtain diplomas can have some reasonable expectation that these diplomas will lead to employment; and a hope has been expressed that the Government will adopt measures to secure an adequate recognition of the diplomas as ensuring a preferential claim to employment in the public service. His Honor thinks that the diploma will no doubt carry weight, but he is not prepared to lay down any rule on the subject at present. It will, however, be open to the Director of Public Instruction to bring to the notice of heads of public offices the advantage of employing men who have gained the diploma.

The recommendation of the Conference with regard to the inspection of unaided schools and the proposal that public scholarships may be held in public unaided schools open to inspection and recognised by the Department as efficient are approved by His Honor.

With regard to the award of stipends, His Honor concurs in the recommendation of the Conference, and is pleased to rule that in future stipends as defined in Article 31 of the Punjab Education Code shall in no case be paid from public funds to students attending institutions open to the general public for general education. This rule will not be applied to stipends already awarded to students for a definite period with the view of encouraging or enabling them to appear at some particular examination.

The Conference have passed a resolution recommending that no fees be levied from agriculturists attending the Primary Departments either of Vernacular or Anglo-Vernacular Schools. An amendment proposing that agriculturists though exempted from fees in the Lower Primary Department of Anglo-Vernacular Schools be required to pay half rates in the Upper Primary Department was lost, though the opinion of the members was divided on the subject. His Honor prefers the rule embodied in the amendment, and is pleased to order that agriculturists attending Primary Departments shall be exempted from the payment of fees except in the Upper Primary Department of Anglo-Vernacular Schools, where half rates shall be levied.

The resolution passed by the Conference with regard to the serious consequences that ensued owing to the delay that occurred in publishing the results of the Middle School Examination will be communicated to the University, with the expression of a hope that measures will be taken to ensure the early publication of the results of the Middle School Examination on future occasions.

ORDER.—Ordered, that this Resolution, together with the ninth Chapter of the Punjab Education Code, be published in the *Gazette* in English and the Vernacular; that the chapter in question be supplied at once to every Deputy Commissioner and to every Municipality and District Board or Committee; and that it be incorporated in a new edition of the Code to be issued in pamphlet form.

By order of the Hon'ble the Lieutenant-Governor,

W. R. M. HOLROYD,

Under-Secretary to Government, Punjab,
Home (Education) Department.

1. With reference to Articles 181 and 193 of the Punjab Education Code, proposed by Lála Dwárka Dás, and seconded by Lála Piyáre Lál—

"That Government should be moved to provide for the inspection of unaided schools in cases in which the managers of such schools apply for their inspection; and in the second place that, in the event of the sanction by Government to this proposal, scholarships should be tenable in unaided public schools open to inspection, provided that they are recognized by the Department as efficient." The proposal was deferred to a future sitting of the Conference.

2. The amended rules proposed for the award of High School scholarships were read out to the meeting. Articles 193, 194, 197 and 198 were accepted, subject to the consideration of the question raised by Lála Dwárka Dás.

3. In Article 199 it was resolved to substitute for the words "boys belonging to two or more circles" the following words: "boys joining the same school from different circles should be returned in separate lists;" and in Article 201 after "lapses," to insert the words "or forfeiture," and for "the lapses" to substitute "they."

4. With reference to the question as to how scholarships should be awarded when two or more candidates are bracketed together, proposed by Mr. Carne, and seconded by Mr. Jukes—

"That the scholarship should be awarded to the student who obtains the highest number of marks in the compulsory subjects."—Carried.

5. With reference to Article 173, proposed by Mr. Allnutt, and seconded by Muhammad Yúsaf Ali—

"That when a scholarship is transferred from one school to another, the holder shall not be entitled to draw his scholarship during the time of his transfer."—The proposal was lost.

Proposed by Bábu Nand Singh, and seconded by Mr. McKee—

"That in case of the transfer of a scholarship from one school to another, not situated in the same town, the holder shall be entitled to draw his scholarship during the time of his transfer up to a limit of one week."

Amendment proposed by Mr. Allnutt, and seconded by Mr. Jukes—

"That the following words be added to the original motion "at the rate of one day for every 100 miles that he has to travel by rail or every 50 miles by road." Amendment lost. Original proposal of Bábu Nand Singh put and carried.

6. With reference to Article 215, a question having risen whether a girl who passes the Lower Primary Examination in one or two of the compulsory subjects in one year, and in the remaining subject or subjects in the following year, is eligible for a scholarship, it was resolved that, in order to obtain a scholarship, a girl must pass in all the compulsory subjects at one and the same examination.

7. The proposal that the rule for the annual increase of fees should be modified in such a way as to avoid fractions was accepted by the Conference, and a Sub-Committee, consisting of Mr. Cope, Lála Piyáre Lál and Mr. Carne, was appointed to draw up a scale.

8. Proposed by Mr. Allnutt, and seconded by Lála Dwárka Dás—

"That the first part of the *Hitopodesh*, known as 'Mittralábh,' be prescribed as the subject in Sanskrit in place of *Rijúpáth*, Part III., which was objected to as being too difficult for boys in the Upper Primary Examination."—Carried.

9. Proposed by Lála Piyáre Lál, and seconded by Mr. McKee—

"That the amount of instruction grant for boys who pass the Middle School Examination in English only shall be Rs. 12: provided that the examination is passed not later than two years after they have passed the Middle School Examination in the Vernacular."—Carried.

10. Proposed by Mr. McKee, and seconded by Dr. Rahím Khán—

"That a Sub-Committee be appointed to report to the Conference the conditions on which grants should be given to zanána classes." It was agreed that the following gentlemen be appointed as members of the Sub-Committee:—

Rev. Mr. McKee.

Dr. Rahím Khán.

Dr. Forman.

Mr. Harvey.

Lála Piyáre Lál.

11. The consideration of the rules requiring candidates for the Junior Vernacular Certificate Examination to have passed the Middle School Examination in mathematics was postponed.

12. The consideration of the rules for the internal management of Board Schools was postponed to the next meeting.

13. Proposed by Lála Piyáre Lál, and seconded by Mr. Allnutt—

"That in case of more than one son of the same parents attending a school, fees at a half rate only will be required for each boy after the first."

Amendment to the above proposed by Dr. Rahím Khán and seconded by Bábu Pro[illegible] Chandra Chatarji—

"That in case of more than one boy supported and educated by the same person, and attending the same school, a reduction of half fees for every boy after the first may be claimed by such person." The amendment was carried.

14. Proposed by Revd. Mr. Allnutt, and seconded by Lála Piyáre Lál, that the preceding rule be applicable to Colleges. Also carried.

15. The consideration of the questions (*a*) whether a regular course in gymnastics should be laid down for training institutions; and (*b*) whether the students should be required to show a certain amount of proficiency in this course, as a necessary condition for obtaining a certificate, was postponed to the next meeting, when Mr. Bell would be requested to be present.

16. Agreed that a Sub-Committee, consisting of the following members, be appointed to draw up a proposal with regard to instruction in gymnastics :—

Rev. Mr. Allnutt.
Lála Piyáre Lál.
Mr. Harvey.
" Carne.
" Bell.
Bábu Nand Singh.

17. The consideration of the expediency of substituting English technical terms for Vernacular ones was deferred to another meeting, when Mr. Lewis would be present.

18. With reference to the admission of so-called private students to the Middle School and Entrance Examinations, proposed by Mr. Allnutt and seconded by Lála Piyáre Lál—

"That the members of this Conference are, with one exception, unanimously of opinion that the relaxation of the rule formerly in force, according to which no boy could go up for any University examination as a private student, if he had been studying in a school within six months of the date of that examination, has, as was predicated at the time, been productive of the most pernicious result as regards the work and discipline of schools, and while entailing a vast amount of useless labour on examiners, and so still further delaying the issue of the results, is really quite as injurious to the interests of the students themselves who very rarely pass as private students in such cases, and at the same time lose all the advantages of the school course and discipline for the time being. They would call attention to the singular unanimity of the answers sent in to the Director of Public Instruction's inquiries as to the working of the change by those best qualified to give an opinion on the subject. They would submit that in asking the University to be on the side of the maintenance of school order and discipline, they are only asking that she should apply to schools the same principle which is already acted on without question in Colleges, by virtue of which no one can go in for any examination until he has studied during the whole course prescribed by the University for that examination; it being clearly inconsistent and indefensible that the University should thus protect her own interests, but allow those of the schools connected with her to be thus grievously disparaged. They therefore most earnestly recommend that the rule formerly in force be re-introduced, and in future strictly adhered to, *i.e.*, that those only be deemed *boná fide* private students who have not studied in any school within six months of the time of the examination."

19. The question of the bifurcation of studies in schools was discussed. The Conference considered it desirable to provide for instruction in precis-writing and book-keeping, &c., with the view of fitting students for employment in public offices and mercantile establishments, and the Director was asked to bring forward some definite proposals on the subject.

1. Agreed that mathematics, *i.e.*, Euclid and Algebra, should be made a part of the Junior Vernacular Certificate Examination ; the examination being so framed as to show the ability of the candidates to give instruction in that subject up to the standard of the Middle School Examination.

Agreed also, that the conditions now laid down, that a candidate for admission to a Government Normal School must have passed the Middle School Examination in Mathematics, be not enforced, provided the candidate can satisfy the Headmaster of the Normal School that he possesses a competent knowledge of Euclid and Algebra to the Middle School standard.

2. Read out by the Chairman the draft Articles for Section F of the Punjab Education Code, and agreed that they should run as follow :—

"292. The hour at which school is to begin during each season, summer and winter, shall be fixed, in the case of Anglo-Vernacular Schools, by the Headmaster, subject to the sanction of the Controlling Body ; and in the case of Vernacular Schools, by the Controlling Body in consultation with the District Inspector. Any change shall, in the case of the schools formerly called District Schools, be reported to the Inspector."

"293. Except as provided in the next Article, the time for instruction shall be not less than five hours in the Primary Department and six hours in the High and Middle Departments."

Article 294 to stand as it is.

Article 295.—"In addition to the hours given for instruction, a set time shall be fixed in every boys' school for games and gymnastics."

The foot note to be omitted.

Article 296 to stand as it is.

Article 277 to stand as it is.

3. Agreed that in Appendix XVIII the column for "month" should be struck out, and the words "for the month of   " added to the heading ; that the column showing the number of attendances should be divided into three—

(1) number of attendances for the month ;

(2) number of attendances brought forward ;

(3) total number of attendances ;

and that in the abstract at foot the words "during the month" shall be added after "number of school meetings," "total of attendances," and "average daily attendances."

4. Agreed that in the register of admissions and withdrawals (1) the date of admission should be shown in the first column instead of the month, (2) that a column be added after "class to which admitted," showing the rate of tuition fees.

5. Agreed on the suggestion of Mr. Allnut—

"That the Director of Public Instruction be requested to take measures to ensure the publication of registers and forms to be kept for sale to schools, and that horizontal lines in faint blue should be drawn on them."

6. Proposed by Mr. Allnutt, seconded by Mr. Youngson—

"That in Article 298 'absent' shall be substituted for 'present,' and the word 'absence' for 'presence,' that the words 'absent from' shall be substituted for 'present at,' and the words 'absence from' instead of 'presence for.'" Carried.

7. Agreed that in Appendix XVIII there should be one column for each meeting; absence should be indicated by a down stroke, leave by the letter L, and sick leave by the letter S.

Note.—This will necessitate the following modifications in Article 298 : second sentence to stand thus : 'Absence without leave should be indicated by a down stroke, absence on sick leave by the letter S, and absence on other leave by the letter L, at each roll-call in the column provided for the purpose.' Third sentence to be cut out ; first and fourth sentences to remain unaltered.

N.B.—The attendance columns should be divided by thick lines for each day, and by thin lines for each meeting.

8. Proposed by Mr. Thompson, seconded by Mr. Cope—

"That Article 299 shall stand as it is, the word 'Entrance fee' being substituted for 'Entrance donation.'" Carried.

9. Agreed that Articles 300, 301, 302 and 303 should stand as they are.

10. Proposed by Mr. Youngson, seconded by Mr. Carne—

"That Article 304 be omitted."

Amendment moved by Lálá Thakar Dás, seconded by Bábu Jaigopál Singh—

"That the latter part only of the article be omitted." The amendment was carried.

11. Agreed that in Article 305 the word "house" be struck out, and that Article 306 stand as it is.

12. Proposed by Mr. Sime, seconded by Mr. Jukes—

"That the last sentence in Article 307 be omitted." Carried.

14. Agreed that in Article 308 for the words "annual examination," the words "annual inspection" be substituted, and for the words "in the case of schools formerly known as District Schools," the words "in the case of Anglo-Vernacular Schools."

15. Articles 309 and 310 were agreed to.

16. Proposed by Bábu Jaigopál Singh, seconded by Mr. Norman—

"That Article 311 be omitted." Carried.

17. Agreed that Articles 312 and 313 stand, and that in Article 314 the words "in the primary classes" be omitted.

18. Proposed by Mr. Jukes, seconded by Mr. McKee, and resolved unanimously—

That the members of this Conference desire to place on record—

(1) Their strong disapprobation of the delay that has *again* taken place in bringing out the results of the recent Middle School Examination.

(2) That for two months beyond the time fixed by the University for the publication of results the candidates were in a state of the greatest uncertainty; this caused most serious inconvenience to all, and actual loss and injury to those students whose future, in many cases, depends on the result of the examination.

(3) That such prolonged delay inflicts great harm on the order and discipline of the schools concerned, the Managers of which are unable to promote boys at the proper time, and entails great loss of prestige to the University.

1. Agreed that the following addition shall be made to Article 316 of the Education Code (Rules for internal economy of Board Schools, Chapter IX, Section F) :—

"A boy presenting himself in such a condition as to be unfit for admission shall be excluded from the school for that meeting and treated as absent without leave."

2. Agreed that in Article 317 the word "shall" be substituted for "should," and that in Article 318 the word "instant" be cut out.

3. Article 319 was agreed to.

4. Agreed that in Article 320 after the word "except," "when this is unavoidable as in the case of" be inserted.

5. Agreed that in Article 321 "in one or more subjects at least once a fortnight" be substituted for "once," and "at least four times during the school year" for "once a month," and that after the word "orally," "from time to time" be substituted for "as often as possible."

6. In connection with the above, it was proposed by Mr. Cope, seconded by Bábu Hari Singh, that the sentence beginning "The results" should run as follows :—

"The questions set and the results shall be recorded in books kept for the purpose."

Amendment proposed by Mr. Bell, seconded by Mr. Sime, that the sentence beginning "The results" should run as follows :—

"In the case of every house examination, the answer papers, after correction, together with a copy of the question papers, shall be submitted to the Head Master, the results to be recorded by the master in the book kept for the purpose." Amendment carried.

7. Proposed by Mr. Allnutt, seconded by Mr. Sime, that in Article 321 the words "by the Head Master" be omitted.

Amendment proposed by Lála Piyáre Lál, seconded by Bábu Nand Singh, that after the words "Head Master" the words "or by the Assistant Master under his direction" be added. The amendment being lost, the original proposal was carried.

8. Agreed that in Article 322 after the words "corresponding examination" the words "in the compulsory subjects and in the case of Anglo-Vernacular candidates for the Upper Primary Examination in English also," be added.

9. Agreed that in Article 323 the words "on the results of his own examination" be struck out.

10. Agreed that in Article 324 the word "examinations" be substituted for the word "examination."

11. Agreed that in Article 325 the word "High" be substituted for "Secondary," and that the following addition be made :—

"In the Middle Department boys be taught from the first to speak English as far as possible during the periods set apart for English instruction."

12. Agreed that in Article 326 the word "shall" be substituted for "should" and that the last sentence be cut out.

13. Agreed that the words "unless otherwise arranged by the controlling body" be added to clause 2 of Article 327.

14. Agreed that in Article 328 the words "teacher or" be struck out.

15. Agreed that in Article 329 the clause from the word "subject" be omitted, and that in the note at foot the words "reduction or" be cut out.

16. Proposed by Mr. Sime, seconded by Mr. Youngson, that in Article 330 the words after "duties" be omitted.—Lost.

It was agreed that the words "in all the duties of his office" be substituted for "in all branches of their duties," and that the following sentence be added :—

"Care should be taken that the work assigned to each teacher is fairly proportioned."

17. Articles 331, 332 and 333 were accepted.

18. Proposed by Mr. McKee, seconded by Mr. Norman, that the decision arrived at regarding clause 2 of Article 322 be cancelled, and that the clause in question be referred to the Departmental Conference for consideration.—Carried.

19. It was represented to the Conference with reference to the proposal made by Mr. Bell and passed by the Conference regarding the record of the results of the house examinations, that the proposal in question has been misunderstood by many of the members of the Conference, and that it is desirable that the proposal should be reconsidered.

Mr. Bell expressed his consent, and the Conference agreed, with the permission of the Chair, to re-open the question. On this an amendment was proposed by Mr. Allnutt, seconded by Lála Piyáre Lál, that the sentence following the words "Head Master" (last sentence of No. 6 of these proceedings) in the motion brought forward by Mr. Bell should be cut out and the following words substituted :—

"Who shall record the results in a book kept for the purpose."—Carried.

20. Agreed that provision should be made for an addition to the books to be kept under Article 331 of a "Register of House Examinations," which should be No. 5 in the list.

21. The Sub-Committee appointed on the 26th instant to make suggestions regarding instruction in games and gymnastic exercises, took into consideration the following points as detailed in paragraph 6 (13) of Director of Public Instruction's Circular No. 9—786, dated 31st March 1887 :—

(*a*) Whether a regular course should be laid down for training institutions.

(*b*) Whether the students should be required to show a certain amount of proficiency in this course as a necessary condition for obtaining a certificate.

(*c*) What is the best arrangement for districts? Should there be a District Instructor to train monitors, &c.; and if so, should he itinerate?

(*d*) Whether any regular course should be laid down for schools for general instruction.

(*e*) If so, how this can be provided in schools of different kinds.

(*f*) Should there be any general rule regarding the encouragement of games?

(*g*) Should grants be given for gymnastics in Aided Schools?

The Sub-Committee submitted the following report, which was accepted by the Conference :—

Deliberations of Sub-Committee on Gymnastic question.

(*a*). The Committee recommend that a regular course should be laid down for training institutions.

(*b*). 1. That proficiency in this course should not be a necessary condition of obtaining a *teacher's* certificate, but

2. That special certificates of two grades be awarded for efficiency in this subject, *viz.*, "2nd grade" and "1st grade." The "2nd grade" should be made to include proficiency in the following qualifications :—

(1). Elementary Military drill, with a view to facilitate class management and to benefit school discipline.

(2). Calisthenics, *i.e.*, native methods of exercise and games.

(3). Elementary exercises on the parallel and horizontal bars.

(4). Ability to direct native games.

The "1st grade" should be made to include the "2nd grade" with a more detailed knowledge of each qualification, with special skill in gymnastics and games.

(*c*). There should be a District Instructor to train monitors, &c., and he should be required to itinerate.

(*d*). 1. That the course for schools shall be that required for the "2nd grade certificate."

2. Certificates to be granted by Head Masters, in consultation with Instructors, to boys on the completion of their Middle and High School courses.

(*e*). The Committee are of opinion that Head Masters should be asked to draw up a time-table, whereby each boy may be able to obtain gymnastic instruction twice a week.

(*f*). The Committee would not make any general rules at present, but would suggest that Inspectors should encourage games in schools by inviting private subscriptions, and urging Municipal and Local Bodies to grant funds for public competitions.

(*g*). Yes.

1. Grant to equal half the cost of usual apparatus.

2. Staff grants to be given only if the Inspector is satisfied that a sufficient number of boys are trained. This grant should not exceed half the salary of the instructor.

22. The Chairman read out Director of Public Instruction's Circular No. 8–108 dated 15th April 1887.

23. It was proposed by Mr. McKee, seconded by Mr. Sime, that stipends, as defined in Article 33 of the Punjab Education Code, be in no case paid from public funds to students attending institutions open to the general public for general education.

Amendment proposed by Lála Piyáre Lál, seconded by Lála Thákar Dás, that in certain cases and under certain restrictions stipends be given to poor students from public funds and made tenable in institutions for general education. These conditions should be as follows :—

(*a*) That, in the case of Colleges, the Principal of the College, and in the case of schools, the Inspector of Schools, certify that the recipient is qualified to profit by the course of study that he will pursue.

(*b*) That the Deputy Commissioner (1) certify that it is desirable for adequate reasons to confer a stipend in each particular case, and (2) see that the value of the stipend is not more than is needed by the circumstances of the case. The amendment was lost and the original proposal of Mr. McKee carried.

24. Proposed by Mr. McKee, seconded by Lála Dwárka Dás, that no fees be levied from agriculturists attending the Primary Departments either of Vernacular or Anglo-Vernacular Schools.

Amendment proposed by Lála Thákar Dás, seconded by Mr. Norman, that agriculturists, though exempted from fees in the Lower Primary Department of Anglo-Vernacular Schools, be required to pay half rates in the Upper Primary Department. The amendment was lost and the original proposal carried.

25. Proposed by Mr. Youngson, seconded by Mr. Norman, that in the case of a scholar leaving an aided school within three months of the Middle School or Entrance Examination, the school shall be entitled to the instruction grant, provided that the scholar has registered 270 meetings in the year preceding the examination.—Carried unanimously.

1. Proposed by Mr. Lewis, seconded by Mr. Bell, that, in the opinion of this Conference, it is desirable to adopt one system of technical terms in teaching each scientific subject through the medium of Vernacular.—Carried by 17 votes against 3.

Lála Dwárka Dás, Bábu Protúl Chandra Chattarji and Lála Nand Kishor requested that their dissent might be recorded.

2. It was then determined to consider the question as to how the above principle should be applied to each scientific subject.

3. It was proposed by Lála Piyáre Lál, seconded by Mr. Sime, that the terminology now used in English be accepted in all Vernacular works on higher mathematics.—Carried unanimously.

4. Proposed by Lála Thákar Dás, seconded by Mr. McKee, that the terminology now used in English should be accepted in Vernacular books on Geometry and Algebra for Secondary schools, except where Vernacular terms are available that are generally understood. —Carried.

5. Proposed by Mr. McKee, seconded by Lála Dwárka Dás, that the terminology now used in English be accepted in Vernacular books on arithmetic and mensuration for Secondary schools, except where Vernacular terms are available that are generally understood. —Carried.

6. Proposed by Mr. Sime, seconded by Bábu Jaigopál Singh, that Vernacular terminology be used in Vernacular books on arithmetic and mensuration for Primary schools; terms that are generally understood being employed as far as possible.—Carried.

7. Proposed by Lála Dwárka Dás, seconded by Mr. McKee, that the terminology used in English be employed in all Vernacular books on scientific subjects for University and Secondary education.—Carried.

8. Proposed by Mr. Sime, seconded by Mr. McKee, that the terminology now in use in Vernacular books on Geography both in Primary and Middle Schools be retained; terms that are generally understood being employed as far as possible.—Carried.

9. The report of the Sub-Committee, appointed to make recommendations regarding grants to zanána classes, was laid before the Conference by Mr. McKee, the President of the Sub-Committee, who stated that ladies connected with the zanána classes in Lahore, Amritsar and Gujránwála were consulted, and that they agreed with the substance of the report submitted, and that Lála Piyáre Lál, a member of the Sub-Committee, also submitted the report to a number of native gentlemen previous to its being laid before the Conference, and the native gentlemen expressed their approval of the suggestions made in the report. So, the report is based on the opinions of native gentlemen as well as of others engaged in the work of female education. Mr. McKee further stated that one prominent idea before the minds of the Sub-Committee, while preparing the report, was to induce private individuals, such as native widows, to engage in the work of teaching. The Conference unanimously agreed to accept

the report subject to the condition that the opinions and suggestions of Misses Greenfield and Andrews and of other ladies engaged in zanána work should be invited by Mr. McKee and considered by a Sub-Committee consisting of Colonel Holroyd, the Reverend Mr. McKee and Lála Piyáre Lál, who are authorised to make any modifications that may be suggested to them by the opinions collected.

Deliberations of Sub-Committee on Grants to Zanána Classes.

The Committee are of opinion that no grants can be given under the heads of Staff or Attendance for every obvious reasons, but that an Instruction Grant should be offered sufficiently liberal to induce even private individuals to undertake the work of preparing females for the standards fixed for the public examinations of girls' schools, with the exception of geography in the Lower Primary.

SCALE.

	Rs.	A.	P.

Geography (as in Lower Primary Examination)	2	0	0
Reading	3	0	0
Writing	4	0	0
Arithmetic	5	0	0
Total ...	15	0	0

Conditions.

1. That the three subjects, Reading, Writing and Arithmetic, be considered compulsory, and that no grants be given unless the pupil pass in two of these.

2. More than one examination for instruction grant cannot be held in the same year in the same place.

3. A list of those who qualify for instruction grants shall be entered in a register by the Inspecting Officer to be kept by the Secretary of the Local Body concerned, and a register shall be kept by the teacher, showing the number and date of visit for instruction paid to each zanána.

Zanána teachers will notify to the Director when a number of pupils are ready for examination, and he will make arrangements accordingly.

The Committee suggest that prizes to each pupil for passing the above examination may be fixed and given by the Local Bodies within whose limit the classes are situated.

10. Mr. Cope laid before the Conference a table of the scale of tuition fees prepared by the Sub-Committee appointed to modify the rates of school fees, with the view of avoiding fractions. The Conference accepted the rates suggested by the Sub-Committee, which are as below:—

NOTE.—The rates for the second grade are approximately double, and those for the first grade treble those for the third. The rates for 1891-92 for the three grades are double those fixed for 1886-87. It was at first intended that there should be an annual increase of 20 per cent. for five years; but it has been found convenient to modify this arrangement so as to avoid fractions.

1. The Chairman explained to the Conference that provision is made in the scheme of studies for the Middle Department of Anglo-Vernacular Board schools for the study of three alternate subjects, Arabic, Sanskrit and Mathematics, to each of which six hours weekly are assigned. The course in mathematics embraces the first three books of Euclid with deductions, and Algebra to the end of simple equation. Boys who complete this course in the Middle Department will not require to devote more than three hours weekly to the study of mathematics in the High Department in order to qualify for the Entrance Examination, whereas the course in mathematics in the High Department for boys who have not studied Euclid and Algebra in the Middle Department, extends over nine hours weekly. Thus six hours will be saved. Boys who take up Arabic or Sanskrit in the Middle Department will devote from four to six hours to that study. Boys who learn Euclid and Algebra in the Middle Department will not study Arabic or Sanskrit either in the Middle or High Department, and consequently ten or twelve hours weekly will be available in their case for the study of any new subject that it may be desired to introduce.

The Conference agreed that it would be desirable to make provision in selected schools for the instruction in Letter and Precís writing, Caligraphy, Book-keeping and Accounts during the period of ten or twelve hours that will be available in the case of students who have taken up mathematics in the Middle School Examination.

2. Proposed by Mr. Allnutt, seconded by Colonel Holroyd, that, with the view to enabling students to qualify themselves to a full extent in the Entrance Examination, and at the same time to acquire the special knowledge above specified, the University be moved to add to its list of optional subjects, a special English course testing more fully the students' knowledge of idiomatic English.—Carried unanimously.

3. Proposed by Lála Dwárka Dás, seconded by Mr. Carne, that an examination be held by the Department in Letter and Precís writing, Dictation, Caligraphy, General Correspondence, Book-keeping and Commercial Arithmetic, and that the examination be open to candidates who have passed the Entrance Examination of an Indian University, and that diplomas be awarded to those who are successful.—Carried.

4. Proposed by Lála Dwárka Dás, seconed by Mr Allnutt, that "It is believed that the above scheme, which has been framed with a view to carry out one of the recommendations of the Education Commission on the lines indicated by the Local Government, will have little chance of success, unless the candidates who obtain the diplomas can have some reasonable expectation that their diplomas will lead to employment, and the Conference would, therefore, express a hope that Government will adopt measures to secure an adequate recognition of the diplomas as ensuring a preferential claim to employment in the Public Service."—Carried.

5. Proposed by Mr. Cope, seconded by Lála Thákar Dás, that a Committee composed of the members noted in the margin, with power to add to their number, be appointed with the view of making practical suggestions regarding the scope of the examination and the course of study to be followed.—Carried unanimously.

1. Mr. Michôd, of the Bank of Bengal.
2. Mr. Williams, Examiner, N.-W. Railway.
3. Pandit Prem Náth, Examiner, N.-W. Railway.
4. Mr Bell.
5. A member of the Government Secretariat.

6. At the suggestion of the President, it was agreed to invite Mr. Cope to join the above Committee.

7. The proposal made by Lála Dwárka Dás, seconded by Lála Piyáre Lál at the meeting held on 26th instant, the consideration of which had been deferred, was again brought before the Conference and carried.

8. Proposed by Lála Piyáre Lál, seconded by Bábu Jaigopál Singh, that the value of a close scholarship shall in no case exceed that of an open scholarship of the same class.—Carried unanimously.

9. Proposed by Lála Piyáre Lál, seconded by Lála Dwárka Dás, that scholarships at the rate of Rs. 4, or in special cases, Rs. 6 per mensem, be awarded to all girls of purely Vernacular schools who passed the Upper Primary Examination in the three compulsory subjects, up to a limit of 25 per cent. of the number of pupils borne on the rolls of the Upper Primary Department, and be tenable for three years subject to good conduct and diligence in the Middle Department of any Government, Board, or Aided School.—Carried unanimously.

10. Proposed by Lála Dwárka Dás, seconded by Mr. Carne, that a vote of thanks be given to the chair.—Carried unanimously.

CHAPTER IX.

BOARD SCHOOLS.

SECTION A.—SCHOOLS, SCHOOL FUNDS, AND SCHOOL ESTABLISHMENTS.

248. Board Schools are either Municipal Board Schools or District Board Schools, for boys or for girls.—(*See* Articles 13, 28 and 29.)

249. The statement on the following page shows the present distribution of Board Schools of all kinds, amongst all the districts of the Province, and a nominal list of the Secondary Schools will be found in Appendix XXIII.

250. Municipal Board Schools are supported from Municipal Funds supplemented in some cases by contributions from—

(*a*) Provincial Revenues,
(*b*) District Funds,
(*c*) Private subscriptions,

and in the case of boys' schools for general education by school fees.

Fees are not levied in girls' schools or in schools for special education.

251. Contributions and grants from Provincial Revenues comprise—

(i) Grants equivalent to the cost (including contingent expenses, menial servants, &c.) of the regular sanctioned establishment maintained in the High and Middle Anglo-Vernacular Schools, formerly called District Schools, as they stood on the 1st April 1886 *:

(ii) Grants equivalent to the monthly grants formerly given in aid of the Primary Departments of District Schools and the Branch Schools attached to them.

(iii) Grants equivalent to the monthly grants formerly given in aid of certain boys' and girls' schools under the management of Deputy Commissioners and situated within Municipal limits.

* On this date these institutions were transferred from the management of the Department and placed under the management of the Committees within whose Municipal limits they are situated.

Statement referred to in Article 249.

The above grants are paid by the Accountant-General half-yearly, on the 1st April and the 1st October. (For details see Appendix XXIV.)

(iv) Special grants in aid of female education paid by the Dpart-e ment. (For details see Circular No. 1/3, dated 6th January 1887, printed as Appendix XXV.)

252. District Board Schools are supported from District Funds, supplemented in some cases by contributions from—

(a) Provincial revenues,

(b) Municipal Funds,

(c) Subscriptions,

and in the case of boys' schools for general education by school fees.

Fees are not levied in girls' schools or in schools for special education.

Grants from Provincial revenues are paid chiefly in the form of remissions of a portion of the contribution from District Funds to Provincial revenues.

Special grants for the extension of female education are paid by the Department monthly on the submission of bills by the Deputy Commissioner. (For details see Circular No. 1/3, dated 6th January 1887, printed as Appendix XXV.)

253. All contributions and grants, from whatever source, towards the support of Board Schools should be credited to the Local Body concerned, which defrays the entire cost of the establishment and contingent charges.

254. The staff of teachers employed in the Anglo-Vernacular Schools, formerly known as District Schools, comprises—

(i) teachers whose names are borne on the Graded Provincial List; *

(ii) teachers not comprised in that list.

255. The Graded Provincial List is divided into classes as noted below, each class containing two or more grades :—

MISCELLANEOUS.

Teachers of Science and Mathematics in High Departments.

4 on Rs. 100 rising to Rs. 150.

1 on Rs. 100, and 2 on Rs. 50.

256. The appointments on the Graded Provincial List are distributed as shown in Appendix XXVI; and no change can be made in the number, the distribution, the designation, or the classes of appointments attached to each school without the sanction of Government.

257. No fixed scale of salaries has yet been laid down for teachers employed in Anglo-Vernacular Schools who are not borne on the Graded Provincial List, or for teachers employed in branches of such schools, or in high departments of Vernacular Schools, or in schools for special education.

258. The following is the prescribed scale of salaries for teachers, whether male or female, employed in Vernacular Middle Schools and Primary Schools (not being branches of Anglo-Vernacular Schools); but the number of appointments in each grade is not fixed :—

(*i*) Head Masters or Mistresses of Middle Schools, Rs. 40, Rs. 35, Rs. 30, Rs. 25, Rs. 20.

(*ii*) Second Masters or Mistresses of Middle Schools and Head Masters and Mistresses of Primary Schools, Rs. 20, Rs. 18, Rs. 16, Rs. 14, Rs. 12, Rs. 10.*

(*iii*) Junior Teachers, Rs. 10, Rs. 9, Rs. 8, Rs. 7, Rs. 6.

259. In the case of all appointments where the grades of salary have been definitely fixed, it is not within the competence of any Local Body to create a new grade, or to raise or reduce the pay of any such appointment save by promotion or reduction from one recognised grade to another. And no personal allowance in addition to the salary of any grade can be given without the sanction of the Department.

SECTION B.—CONTROL OF EXPENDITURE.

I.—Liability of Local Bodies to provide a fixed minimum for Education.

260. Each Municipal Committee may be required by Government to provide annually for expenditure on education, exclusive of charges for the construction and maintenance of buildings, a minimum sum equal to the total of—

(*a*) all grants made to the Committee by Government for the purpose;

(*b*) the annual income of the Committee from education fees; and

(*c*) ten per cent. of the annual income of the Municipal Fund, excluding education fees and grants from Government.

261. Each District Committee and District Board may be required by Government to provide annually for expenditure on education, exclusive of charges for the construction and maintenance of buildings, a minimum sum equal to the total of—

(*a*) all grants made to the Committee or Board by Government for the purpose;

(*b*) the annual income of the Committee or Board from education fees; and

(*c*) twenty-five per cent. of the annual income of the District Fund, excluding education fees and grants from Government.

---

* In the case of Head Masters of Primary Schools for boys in the lowest grade, it has been ruled that Rs. 10 is to be the *average* salary. The actual salary paid to each teacher will be determined by the results of the Upper and Lower Primary Examinations in the following manner :—

(*a*) The amount of result grants that would be earned in each school under Articles 63 and 64 if such school were an aided institution will first be determined.

(*b*) Each teacher will be entitled monthly to one-twelfth of the amount so earned during the ensuing year.

(*c*) The balance available, after deducting the aggregate emoluments earned by the teachers on the results of the examinations, will be equally divided amongst them all.

Example.—There are 10 School Masters of Primary Schools in the lowest grade. Their aggregate salaries will amount to Rs. 100 per mensem. At the annual examination one earns Rs. 48, or Rs. 4 per mensem; another Rs. 36, or Rs. 3 per mensem; another Rs. 24, or Rs. 2 per mensem; and so on. Suppose the aggregate amount thus earned is Rs. 30 per mensem. Deducting this from Rs. 100, the balance available will be Rs. 70. Each teacher, therefore, will draw Rs. 7 per mensem in addition to the amount he has earned on the results of the examination. One will draw Rs. 11 per mensem, another Rs. 10 per mensem, another Rs. 9, and so on.

Provided that existing grants from District Funds to any School or other Educational Institution maintained by a Municipality shall not be withdrawn without the previous sanction of the Director of Public Instruction.

262. Of the amount which each District Committee or District Board may be required to provide annually for education under the preceding rule, a sum shall, if Government so require, be held to be available for expenditure on primary education, which shall not be less than the total of—

(*a*) all grants for, and all fees from that class of instruction; and

(*b*) three-fifths of the portion of the District Fund income, represented by item (*c*) in the preceding rule.

SECTION C.—RULES REGARDING APPOINTMENTS, DISMISSALS, LEAVE ALLOWANCE, &C.

I.—Appointment and promotion of Teachers.

263. All appointments to teacherships will be made by the Local Bodies under whose authority the schools are placed, subject to the following conditions:—

(i) No permanent teachership can be conferred on any person in a Board School who does not possess the prescribed certificates of health and ability—(*See* Articles 127, 129, 130, 133 and 134 of this Code).*

This rule does not apply in the case of female teachers, so far as regards the health certificate; and the certifictae of ability will not be insisted on, if the Inspector certifies that such teachers are capable of giving efficient instruction in the subjects they are required to teach.

(ii) An officiating appointment in boys' schools may be conferred on a person who does not possess the prescribed certificate of ability, provided the Inspector, or in the case of schools inspected by the District Inspector, the latter officer, is satisfied—

(*a*) that no candidate possessing the prescribed certificate is available;

(*b*) that the qualifications of the person selected are not inferior to those of any other available candidate.

(iii) A male teacher selected to officiate in an appointment, whether in a boys' school or a girls' school, must furnish a health certificate, if the appointment is to last for more than six months.

(iv) A person nominated to an officiating appointment, whether in a boys' school or a girls' school, may draw the full salary of the appointment, if there is no permanent incumbent; but a teacher employed under the provisions of clause (ii) must vacate the appointment when a duly qualified candidate is forthcoming.

---

* NOTE—

(*a*) Teachers specially employed to teach Mathematics in boys' schools must hold a special certificate in that subject.

(*b*) Teachers specially employed to teach Arabic, Persian or Sanskrit in boys' schools must hold special certificates, provided that persons holding the diplomas specified in Article 134 may be employed on probation for three months, or pending the next visit of the Inspector.

(v) No teacher, male or female, can receive promotion if the report of the Inspecting Officer is unfavourable.

264. In the case of teachers employed on the Graded Provincial List, the following conditions must be observed in addition to those specified in the last article :—

Provided that all appointments made since the 1st April 1886 to the Graded Provincial List shall be subject to such rules regarding pay and promotion as may be hereafter decided upon.

(i) Every teacher on his first appointment to a class will be placed in the lowest grade of that class.

NOTE.—Except when the vacancy occurs in a higher grade and no one already employed in the lowest grade is eligible for promotion.

(ii) No permanent appointment of the 1st, 2nd or 3rd class of the English establishment can be conferred on any person who does not possess a Senior Anglo-Vernacular Certificate of the first grade ; and in the case of appointments of the 1st and 2nd classes, this certificate must be permanent.

(iii) Candidates for teacherships of Science and Mathematics in High Departments will be required to possess a Senior 1st Grade Anglo-Vernacular Certificate when the appointment is of the value of Rs. 100 per mensem or upwards, and a Senior 2nd Grade Anglo-Vernacular Certificate when the appointment is of the value of Rs. 50 per mensem or upwards.

In addition to these certificates, candidates for such appointments must hold special certificates for the subjects which they are required to teach.

(iv) Promotion from class to class will ordinarily be made according to seniority (as shown by the Graded Provincial List), subject to the condition that the person is duly certificated and recommended for promotion to a higher class by the Inspector of the Circle in which he is employed. But an appointment in the 1st or 2nd class of the English establishment may be conferred by the Board on any person specially recommended by the Director, and an appointment in the 3rd, 4th or 5th class of the English establishment, or the 1st, 2nd or 3rd class of the Oriental establishment, on any person duly certificated and specially recommended by the Inspector of the Circle in which the vacancy occurs. In making such recommendations great weight should be attached to high University qualifications.

(v) Promotion from grade to grade in each class will be made by seniority according to the standing of the teachers, subject to the rule laid down in clause (v), Article 263, that no teacher can receive promotion if the report of the Inspecting Officer is unfavourable ; and provided also that any teacher will be liable to be passed over if the Municipal Committee report that he has been guilty of misconduct which renders him undeserving of promotion.

NOTE.—In the case of temporary vacancies, the provisions of Article 266 will be followed.

(vi) Teachers who are promoted under clause (iv), will be entitled to joining time as laid down in the Civil Leave Code, and to

travelling allowance at the rates laid down in the Civil Travelling Allowance Code for Government servants of similar standing. The salary and travelling allowance during joining time will be paid by the Board to which the teacher is transferred.

265. On the occurrence of a vacancy in the Graded Provincial List that will necessitate a substantive appointment, whether permanent or sub. *pro tem.*, the fact should be at once reported through the Deputy Commissioner to the Inspector of the Circle. If that officer has no special recommendation to make, he will at once arrange for the appointment of the senior teacher qualified for promotion, communicating with the Municipality concerned through the Deputy Commissioner, if the teacher to be promoted is in his own Circle, or, if the teacher to be promoted belongs to another Circle, addressing the Inspector of that Circle. If he desires to make any special recommendation, he will, before arranging to fill up the appointment, call on the Municipal Committee, under which the vacancy has occurred, to select between the man specially recommended and the senior teacher qualified for promotion. In either case he will report the final arrangement to the Director.

If the appointment causes promotion from grade to grade, under the provisions of clause (vi) of the preceding article, the Director will inform the Municipalities concerned what teachers are entitled to promotion.

The Director will communicate to the Inspector all changes that are made in the Graded Provincial List.

266. In the case of a vacancy in the Graded Provincial List necessitating an officiating appointment, the teacher standing next on that list in the same school will receive promotion, provided that—

(*a*) he holds a certificate that would qualify him for permanent promotion to the vacant post, or in the absence of such certificate, a special recommendation from the Inspector;

(*b*) the report of the Inspecting Officer has not been unfavourable.

If no one borne on the Graded Provincial List and employed in the school where the vacancy occurs is eligible for promotion, the Board will make their own selection, subject, if the person selected does not possess the prescribed certificate of ability, to the provisions of Article 263, clause (ii).

The arrangements made by the Board shall be reported through the Deputy Commissioner to the Inspector (who will satisfy himself that the conditions laid down in the Code have been fulfilled) and by the Inspector to the Director.

NOTE.—In accordance with Section 36 (*b*) of the Pay and Acting Allowance Code, the acting allowance to which an officer of the Graded Provincial List is entitled must be calculated on the average pay of the grades included in the class in which he officiates; and this is found by adding the pay of all the grades and dividing by the number of grades (without regard to the number of appointments in each grade), *e.g.*, in the 4th Class English Establishments there are four grades of Rs. 70, 80, 90 and 100, and the average salary $\frac{70+80+90+100}{4}$ = Rs. 85. The officiating officer's salary, *i. e*, substantive salary + acting allowance, must not exceed Rs. 70, the pay of the lowest grade.

267. The rules laid down in Articles 264 and 266 do not necessarily apply to sub. *pro tem.* appointments.

II.—PUNISHMENT OF TEACHERS.

268. A teacher may be fined, suspended, reduced from one recognised grade to another, or dismissed by Public Bodies for misconduct, or in consequence of an unfavourable report by the Inspecting Officer in which he recommends such punishment.

269. In schools under District Boards of the 1st class, no teacher drawing a salary of Rs. 50 per mensem or upwards, and in schools under District Boards of the 2nd class, and District Committees, no teacher drawing Rs. 20 per mensem or upwards, shall be fined, degraded or dismissed, save with the previous sanction of the Deputy Commissioner.

270. In the Anglo-Vernacular Schools, formerly called District Schools, no incumbent whose name was borne on the Graded Provincial List on the 1st of April 1886 shall be fined, degraded or dismissed, except—

(a) if his pay be Rs. 50 per mensem or upwards, with the sanction of the Commissioner ; or

(b) with the sanction of the Deputy Commissioner in any other case.

271. Every such incumbent has the right of appeal in such matters from the Commissioner to the Government, or from the Deputy Commissioner to the Commissioner and the Government, as the case may be.

NOTE.—The provisions of the last two articles do not apply to teachers employed on the Graded Provincial List after the 1st of April 1886, or to any other teacher employed in Board Schools.

272. If a provisional certificate granted to a teacher under Articles 130, 131, 132, 133 or 135 of this Code should be cancelled or should lapse under the provisions of Articles 138 or 139, the holder will be liable to forfeit his appointment, and cannot be retained without the special sanction of the Department.

273. It shall be incumbent on the Local Body concerned to dismiss any teacher, if called upon to do so by Government.

274. If a teacher is fined, suspended, reduced, or dismissed by a Public Body, the reasons for such action shall be recorded.

III.—LEAVE, LEAVE ALLOWANCES, PENSIONS, ANNUITIES, &C.

275. The grant of leave allowances and pensions to teachers and other establishments in Municipal Board Schools and District Board Schools are regulated by Sections 31 and 32 of Act XIII of 1884 and Sections 28 and 29 of Act XX of 1883. (See Appendix XXVII.)

Teachers and others, however, who were on the establishments of District Schools at the time of their conversion into Municipal Schools, are entitled to count their subsequent service on the school establishment for pension from Government.

276. The service books of the officers referred to in the last clause of the preceding article should be properly kept up to date, in accordance with Section 129 of the Civil Pension Code. All entries should be attested by the President or Vice-President of the Municipal Committee concerned.

277. In urgent cases the President of the Local Body may grant casual leave not exceeding four days at one time, or, if the nature of the case really require it, ten days : provided that the total amount of casual leave granted to any one teacher shall not exceed twenty days during the year.

SECTION D.—SCHOOL FURNITURE, LIBRARIES, AND SCHOOL BUILDINGS.

I.—*School Furniture and Libraries.*

278. All Boards are expected to supply to the schools placed under their charge the necessary school furniture.

279. For Vernacular Primary Schools the following are the chief articles required :—

For Boys' Schools.

(1) Tát for the scholars—one square yard per scholar on the register.

(2) Small daris for the teachers.

(3) Chair 1

(4) Table 1

(5) Maps—of the District, the Punjab, India, Europe, Asia, Africa, America and the World.

(6) Alphabetical sheets.

(7) Black boards—at least 2.

(8) Box or rack for maps.

(9) Simple gymnastic apparatus, where possible.

For Girls' Schools.

(1) As for Boys' Schools excepting gymnastic apparatus.

(2) Takhtís and slates for the scholars (one takhti and one slate for each.)

(3) Articles required to teach needle-work.

(4) Text-books, where girls are unable to supply their own.

280. The articles required for Boys' Vernacular Middle Schools are the following :—

(1) Tát for the scholars—one square yard per scholar on the register.

(2) Small daris for the teachers.

(3) Chairs 3

(4) Table 1

(5) Maps—of the District, the Punjab, India, Europe, Asia, Africa, America and the World.

(6) Alphabetical sheets.

(7) Black boards—at least 4.

(8) Box or rack for maps.

(9) Clock.

(10) Simple gymnastic apparatus.

281. A list of the articles required for Anglo-Vernacular Schools cannot be given, as they are too numerous to be specified. Local Bodies will be guided in this matter by the recommendations of Inspecting Officers and the reports of Head Masters.

282. Copies of each of the text-books used and a copy of the Punjab Education Code should be supplied to every Board School for the use of the teachers.

283. Every Vernacular School should have, besides the books specified in the preceding article, the following :—

(1) The Ishárát-ut-Ta'lím, or other similar book, on the principles of teaching in the appropriate language and character, if procurable.

(2) Asbáq-ul-Ashyá or other similar book, of object lessons in the appropriate language and character, if procurable.

(3) A dictionary of the Vernacular taught, if procurable.

(4) A dictionary of every other language taught in the school.

NOTE.—Where Persian is taught the *Ghiás-ul-Lughát* should be supplied.

284. Municipalities will be expected to keep up the libraries made over to them with the Anglo-Vernacular Schools, formerly called District Schools. Provision should be made in their budgets for replacing books worn out by use, and for supplying such new books as may be recommended by the Text-Book Committee as suitable for Anglo-Vernacular School libraries.

285. All other Anglo-Vernacular Schools should be gradually supplied with the books recommended by the Text-Book Committee. They should invariably be supplied with the books mentioned in Articles 282 and 283 and a copy of Webster's Complete Dictionary of 1880 or a later edition.

286. In all schools in which Physics and Chemistry are taught, the apparatus required to illustrate those subjects must be provided and kept in working order.

NOTE.—It will be the special duty of Inspecting Officers to take care that this rule is duly observed.

II.—*School Buildings.*

287. When new buildings are constructed, the class rooms should be so designed as to allow a superficial space of 10 square feet for each boy learning English. This is desirable for Vernacular Schools also, though the rooms are, in their case, not filled to the same extent with benches, and such students often find accommodation in the verandahs.

288. Wherever there is a Middle School, a boarding-house should, when possible, be supplied.

289. In selecting a site for a school-house or a boarding-house, care should be taken that the locality is a healthy one, away from dirty surroundings and stagnant pools of water.

SECTION E.—MISCELLANEOUS RULES.

290. No religious instruction can be given in any Board School.

291. It is the duty of Local Bodies to maintain all existing schools in their present state of efficiency.

292. Except as provided in Article 293, no school can be closed or reduced in standard without the previous sanction of the Director of Public Instruction. If the latter object, Boards may refer the question to Government for decision.

293. A District Board School, or the Secondary Department of a District Board School, may be transferred from one place or school in a district to another, subject to report to the Department.

294. The following rules must be observed when it is desired by any Local Body—

(*a*) to raise a Primary Board School to the standard of a Middle School;

(*b*) to raise a Middle School to the standard of a High School;

(*c*) to add the study of English to the curriculum of a Vernacular Board School.

(i). Sufficient and suitable arrangements must be made by the Local Body for—

(*a*) the necessary teaching staff;

(*b*) school accommodation;

(*c*) school appliances.

(ii). An estimate of the total annual expenditure for the ensuing five years must be forwarded by the Local Body to the Inspector of the Circle, through the Deputy Commissioner, together with an undertaking to defray the same.

(iii). The Deputy Commissioner must be satisfied that there is a reasonable probability that the annual income from—

(*a*) fees arising out of the proposed arrangements, and

(*b*) private contributions,

will amount to a sum not less than one-fourth of the total estimated annual expenditure in the case of Vernacular Schools, and one-third in the case of Anglo-Vernacular Schools.

NOTE.—The Director of Public Instruction may, in any particular school, reduce the proportion of expenditure to be met from fees and private contributions.

(iv). The Local Body must certify to the Inspector of the Circle—

(*a*) when it is proposed to raise a Primary School to the standard of a Middle School, or a Middle School to the standard of a High School, that at least 15 boys are prepared to begin the course prescribed for the 1st Class Middle Department, or 4th Class High Department;

(*b*) when it is proposed to add English to the curriculum of a Vernacular School, that at least 20 boys are prepared to begin the study of English in the 4th Class of the Primary Department.

NOTE.—Exceptions to this rule may be made with the special sanction of the Director of Public Instruction.

(v). If the Department and the Deputy Commissioner, respectively, are satisfied with the arrangements proposed under the preceding rules, the proposed measure can be at once carried out; but intimation of the date on which it takes effect should be given to the Inspector, and a brief report should be submitted by that officer to the Director for information.

295. For Secondary education it is expected that new schools shall be established on the grant-in-aid system, in accordance with the grant-in-aid rules, as laid down in Chapter II of the Education Code; any other arrangements will require the sanction of Government; and it is in exceptional cases only that such sanction will be given.

296. Every facility shall be afforded by Local Bodies for the conversion of Board Schools into Aided Schools, where private persons or associations are willing to accept the responsibility of management, and to give adequate guarantees of permanency and efficiency.

297. No public body may absorb or combine with a school, already under its control, any school under private management, whether aided or unaided, indigenous or otherwise, without the previous sanction of the Director of Public Instruction; nor may it take any such school under its management, without such sanction.

298. Every District Board, District Committee and Municipal Committee shall keep a list of all schools placed under its management, in accordance with Rule XXVII (i) of the rules framed under the District Boards Act of 1883, with Rule 36 of the rules framed for District Committees under Act V of 1878, and with Rule XVI of the similar rules framed under the Municipal Act of 1884.

299. The courses of study from time to time prescribed by the Department, and all rules issued by the Department, regarding school hours and general school discipline, maintenance of registers, submission of returns, and the like, must be strictly adhered to.

The schemes of studies for all schools as at present laid down will be found in Appendix XXVI.

300. The vernacular taught in Board Schools and the character employed, when these rules come into force, shall not be changed, except with the previous sanction of the Director of Public Instruction; nor shall classes for instruction in other vernaculars be added without such sanction.

301. No division of a class should exceed 40. If this number is exceeded, the Inspecting Officer should first see that the time of each teacher is fully utilized, so that further sub-division of the classes is impracticable. It will then be the duty of the Local Body either—

(*a*) to provide another teacher and, if necessary, further accommodation, so that another division may be formed; or

(*b*) to refuse any more admissions to the Department which is overcrowded, until the necessary reduction in number has been effected.

302. Local Bodies may delegate to any body constituted out of themselves, or subordinate to them, any duties, in regard to any school or class of institutions under their control, which they may think fit so to delegate.

303. All correspondence with the Department must be addressed to the Inspector, and shall in every case pass hrough the Deputy Commissioner.

304. Any Inspecting Officer, the President or Vice-President of any Local Body which maintains a Board School, and any Magistrate on the Civil staff of the district in which the school is situated, may, at any reasonable time, without notice, inspect the school and such of its records as are required by the Department to be kept up.

305. Every Municipal Committee and every District Board and District Committee is bound to forward a copy of every resolution relating to educational matters to the Inspector of the Circle for information. A copy should be supplied also to the District Inspector in cases where that officer is not a member of the Local Body concerned.

SECTION F.—RULES FOR THE INTERNAL ECONOMY OF BOARD SCHOOLS.

306. The hour at which school is to begin during each season, summer and winter, shall be fixed, in the case of Anglo-Vernacular Schools, by the Head Master, subject to the sanction of the Controlling Body, and in the case of Vernacular Schools by the Controlling Body in consultation with the District Inspector. Any change shall, in the case of the schools formerly called District Schools, be reported to the Inspector.

307. Except as provided in the next article, the time for instruction shall be not less than five hours in the Primary Departments and six hours in the High and Middle Departments.

308. In cases where during the hot season school is held in the early morning, and does not meet again in the afternoon, instruction shall in no case exceed five hours; and may, with the sanction of the President of the Controlling Body, be reduced by an additional half-hour when the heat is excessive. But the whole school time should always be divided into as many periods as there are hours according to the scheme of studies.

309. In addition to the hours given for instruction, a set time shall be fixed in every boys' school for games and gymnastics.

310. Each Department of the school (for definition of Department see Article 27 of this Code) may be placed under the charge of a teacher selected for the duty by the Head Master. A teacher so selected shall be responsible for the due management of the Department.

NOTE.—This is not intended to relieve the Head Master of the general supervision of the whole school.

311. A register of attendance and a register of admissions and withdrawals shall be kept in the prescribed form (see Appendices XXVIII and XXIX) for each Department of the school.

In the case of Anglo-Vernacular Schools the registers for the High, Middle and Upper Primary Departments shall be kept in English, those for the Lower Primary and Infant Departments in the Vernacular.

In Vernacular Schools it will suffice if each of the two main Departments, *viz.*, the Secondary and the Primary, are supplied with one register of attendance and one of admissions and withdrawals.

312. The roll should be called at the time the school opens, and again before the boys are finally dismissed. Absence without leave should be indicated by a down stroke, absence on sick leave by the letter S., and absence on other leave by the letter L., at each roll-call in the column provided for the purpose. The average daily attendance should be calculated in the manner laid down in Article 42.

313. Any boy who is absent without leave will be liable to a fine not exceeding four annas, or in the case of Vernacular Schools one anna, for each day or part of a day. This fine may be remitted at the discretion of the Head Master. The name of any boy who is absent from school for six consecutive school days without leave shall be struck off the rolls; and if he belongs to the Secondary Department of an Anglo-Vernacular School, he shall not be re-admitted without payment of a fresh entrance fee, unless he can satisfy the Head Master that there were valid reasons for his absence.

314. A class teacher may permit a boy to absent himself from the room for a short period; and in the three Municipal High Schools at Delhi, Amritsar, and Lahore, leave up to half a day may be given by the master in charge of each Department of the schools. No other leave can be given except by the Head Master.

315. Any boy who wishes to obtain leave in excess of that allowed by the preceding article must present a written application, attested by his father or guardian, to the teacher appointed by the Head Master to receive such applications from the class to which the applicant belongs. Such teacher will submit the application with his recommendation for the orders of the Head Master.

In the case of boarders the attestation of the Superintendent of the Boarding-house will be sufficient.

316. When an application for leave has been sanctioned, it should be given to the teacher who calls the roll, so that the leave may be marked daily in the register at the roll-call. If the boy overstays his leave, the teacher aforesaid shall report the fact to the Head Master.

NOTE.—Leave to scholarship-holders will be subject to the provisions of Articles 173 and 174 of this Code.

317. Teachers must be present at least five minutes before the school opens, to see that their classes assemble in an orderly manner.

318. The attendance of teachers shall in all Secondary Schools be recorded in a book kept for the purpose.

319. A teacher must not leave the school during school hours without the permission of the Head Master.

320. Head Masters of Primary Schools have no power to take leave of any kind on their own authority or to grant it to their subordinates. Head Masters of High and Middle Schools can take leave on their own responsibility for a period of 24 hours, but not oftener than once a month. Head Masters of Middle Schools can grant casual leave to a subordinate teacher for a period not exceeding one day in the month, and Head Masters of High Schools for a period not exceeding two days in the month, on their own authority.

321. In very urgent cases, and in cases of sickness, Head Masters may take or grant casual leave, not authorized under the preceding rule, subject to the conditions imposed in Article 277, in anticipation of the sanction of the President of the Local Body.

NOTE.—The casual leave taken by any teacher must in no case exceed 20 days in the year.

322. As regards the annual vacation in Secondary Schools, Local Bodies can determine which of the two following rules shall be observed :—

Rule A.—A vacation of a month shall be granted : privilege leave being given in addition to the masters only in the case of urgent necessity, and then only on half pay ; or

Rule B.—A vacation of a fortnight shall be allowed immediately after the annual inspection ; masters being eligible for privilege leave under the ordinary rules.

The exact date of the beginning of the vacation will be fixed by the President of the Controlling Body, in consultation with the Head Master, and shall, in the case of Anglo-Vernacular Schools, be reported to the Inspector. During the vacation one master may be required to remain in charge to carry on the school correspondence.* The library should, in this case, be kept open throughout the vacation.

A vacation, not exceeding a fortnight, may, at the discretion of the Local Body, be given in branches attached to Secondary Schools.

323. The number of miscellaneous holidays should be restricted to 37 during the year, exclusive of Sundays. These should be given in general accordance with the list of gazetted holidays noted below, with such modifica-

* The master remaining in charge of a school during the vacation will be considered on duty within the meaning of Section 72, Rule 2, Civil Leave Code.

324. Subordinate teachers are absolutely forbidden to make use of corporal punishment. The Head Masters of boys' schools alone are allowed to administer this punishment, which should be resorted to in cases of gross misconduct only.

325. In extreme cases of misconduct, the Head Master may, with the sanction of the Local Body, order the expulsion of the offending scholar.

The Deputy Commissioner may require the expulsion of any boy.

326. Subordinate teachers must always report to the Head Master any boy who is gravely insubordinate, or whose conduct otherwise calls for serious notice, in order that he may take such steps as may best conduce to the discipline of the school.

327. Subordinate teachers may deal with simple cases of insubordination, neglect of studies, &c., by imposing tasks, and by making boys stand in the class room. Detention after school hours will require the confirmation of the Head Master, who should appoint a teacher to look after the boys so detained. The detention is never to exceed two hours, and in the hot weather it should not be ordered.

328. In every class one boy should be especially selected by the Head Master to act as monitor. His duty will be to march the boys in order when they are required to pass from one class room to another, to report any boys who absent themselves between the roll-calls, and to maintain order when the teacher is obliged to be absent from the room for a few minutes.

In small Primary Schools one or two monitors will be sufficient.

329. Cleanliness of person and clothing must be enforced among the boys of every school.

A boy presenting himself in such a condition as to be unfit for admission shall be excluded from the school for that meeting and treated as absent without leave.

330. A time-table showing the routine of study for every day in the week shall be hung up in every class room. Each teacher also shall be furnished with a time-table showing his routine of work. A general time-table showing the work of all the teachers and classes shall be hung up in the main hall or Head Master's room.

331. Masters must not borrow money from their pupils, or have any pecuniary dealings with them, under penalty of dismissal.

332. Head Masters must not borrow money from their subordinates or lend money to them.

333. Head Masters must not keep any public money in their hands except when this is unavoidable, as in the case of the permanent advance, the cricket fund, the garden fund, and the boarding fees fund, where such funds exist, and the tuition fees for the current month. An account of all the moneys in hand must be kept.

334. The Head Master is expected to keep himself acquainted with the working of all the teachers and classes. To this end the three higher classes, *viz*, the 3rd, 4th and 5th of the Secondary Department, should undergo a written examination in one or more subjects, at least once a fortnight, after the expiration of three months from the beginning of the school year. At these examinations the subjects should be so distributed, that all may come under review at least four times during the school year. In the case of every house examination, the answer papers after correction, together with a copy of the question papers, shall be submitted to the Head Master, who shall record the results in a book kept for the purpose. The other classes should be examined orally from time to time, and those not presenting candidates for the Upper and Lower Primary Examinations should be formally examined by the Head Master at the close of the school year.

335. Boys will be entitled to promotion from the Lower Primary to the Upper Primary, from the Upper Primary to the Middle, and from the Middle to the High Department, on passing the corresponding examination in the compulsory subjects, and in the case of Anglo-Vernacular candidates for the Upper Primary Examination, in English also.

In special cases boys, who have not passed these examinations, can be promoted with the sanction of the Inspector, or in the case of schools inspected by the District Inspector, of the latter officer, subject to any instructions that may be issued by the Inspector or Assistant Inspector.

336. Promotions from class to class in each Department will be made by the Head Master, provided that such promotions may be annulled by the Inspecting Officer, if found to have been injudiciously made.

337. As a general rule, promotions of boys from class to class and from Department to Department will be made after the annual examination; but in exceptional cases half-yearly promotions may be made with the sanction of the Inspecting Officer.

338. Students belonging to the High Department of Anglo-Vernacular Schools should be required to speak English at all times, except when they are in the rooms of the Oriental teachers. In the Middle Department boys should be taught from the first to speak English, as far as possible, during the periods set apart for English instruction.

339. In Secondary Schools all orders and instructions issued by the Head Master shall be recorded in an order book and signed by him.

340. All school fees* must be paid by the 5th of the month for which they are due; after the 5th, a fine varying from one pice to two annas, at the discretion of the Head Master, shall be paid for each day that the fee remains unpaid; and if the fee, together with the fine thus imposed, be not paid in full by the 15th of the month, the boy's name shall be struck off the rolls, and he shall not be re-admitted without payment of the fee and fine that is due, and in the case of the Secondary Department of Anglo-Vernacular Schools a fresh entrance fee.

NOTE.—This rule does not apply to scholarship-holders, who can pay their fees on receipt of their scholarships.

All school fees* should be paid by the Head Master to the credit of the Controlling Body by the 20th of the month for which they are due, unless otherwise arranged by the Controlling Body.

341. If a student injures or destroys any school property through negligence, he must make good the damage done or replace the article.

342. Head Masters borne on the Graded Provincial List have power to fine, dismiss, and appoint school servants drawing Rs. 6 per mensem or less.†

343. Subordinate teachers are bound to assist the Head Master in all the duties of his office, though this may entail work beyond the ordinary school hours. Care should be taken that the work assigned to each teacher is fairly proportioned.

344. The following registers ‡ shall be kept in every Anglo-Vernacular School :—

(1) Attendance Register (Art. 311).
(2) Register of Admission and Withdrawal (Art. 311).
(3) Order Book (Art. 339).
(4) Monthly Progress Report.
(5) Register of House Examinations.
(6) School Property Register.
(7) Visitors' Book.
(8) File Book.

* For rates of school fees see Chapter VI.

† Menial servants enjoying the right of pension have the right of appeal from the orders of all Head Masters in the case of dismissal.

‡ NOTE.—Forms for (1), (2), (4), (6), (9), (10) and (11) will be found in Appendices XXVIII to XXXIV.

(9) Correspondence Register.

Where there is a library—

(10) A Register of Library Books.

(11) A Register of the Issue of Books.

Where teachers of the Graded Provincial List are employed—

(12) A Salary Bill Register.

In Vernacular Secondary Schools Nos. (1), (2), (3), (4), (5), (6), (7), (8) and (9), and in Primary Vernacular Schools Nos. (1), (2), (6) and (7) should be kept up.

345. No article can be struck off the Property Register, and no book can be removed from the Register of Library Books, unless previously condemned by some responsible person deputed by the Controlling Body for the purpose.

The condemned articles should be sold by public auction and the proceeds credited to the Controlling Body.

346. No boy should be admitted who has not attained the age of four years, and no boy should be admitted to the first class of the Primary Department who is more than 16 years of age. Youths above 20 should not be allowed to remain in the Primary Department without the sanction of the President of the Controlling Body.

SECTION G.—STATISTICS OF BOARD SCHOOLS.

347. The statistics of every Municipal Board School for each month of the school year shall be entered by the Head Master in a register kept for the purpose in the form prescribed in Appendix XXXV.

Copies of the monthly entries shall be supplied to the Deputy Commissioner punctually at the end of each month, and the entries for the school year shall be furnished immediately after the close of the year.

348. Statistics of all Board Schools for each month of the school year shall be entered by the District Inspector in a register kept for the purpose in the form prescribed in Appendix XXXV. The entries for the school year should be made immediately after the close of the year.

This register will contain separate returns for institutions of the classes noted below that are maintained in the district by District Boards or Committees and by Municipal Committees respectively :—

(1) Anglo-Vernacular Secondary Schools for boys.

(2) Vernacular Secondary Schools for boys.

(3) Anglo-Vernacular Secondary Schools for girls.

(4) Vernacular Secondary Schools for girls.

(5) Primary Schools for boys.

(6) Ditto girls.

(7) Industrial Schools.

The District Inspector will be responsible for the accuracy of the register he is required to keep up; and it will be the duty of the Inspector to satisfy himself and to report that the register kept by every District Inspector is in proper order.

* When District Schools were localised in April 1886, this school consisted of a High Department (styled a High Vernacular School in the Appendix to Government Resolution No. 514, dated 23rd February 1886), maintained by Government at an annual cost of Rs. 4,255 on account of Establishments and Contingencies, and of an aided Section (styled an Aided High School in the Appendix above quoted) consisting of the Middle and the Primary Departments enjoying an annual grant of Rs. 1,440. The latter grant was subsequently increased to Rs 2,040 and the status of the entire school fixed as a Municipal Board School, *vide* G. O. (No. [illegible] Educational) dated 27th October 1886, and G. O. No. 537 (Financial), dated 14th March 1887. The cost (Rs. 4,255) of maintenance of the High Department, together with the grant of Rs. 2,040 in aid of the Middle and the Primary [illegible] to a total of Rs. [illegible] shown against the entire school.

* In the Appendix to the Government Resolution (No. 514, dated 23rd February 1886), localising District Schools, these grants are erroneously shown in a lump sum of Rs. 1,335 against Female Schools, Siálkot. The corrections which are here carried out were sanctioned in G. O. No. 2650 (Financial), dated 20th September 1886.

APPENDIX XXV (ARTICLE 251).

Circular No. 1—3, dated Lahore, 6th January 1887.

From—Colonel W. R. M. HOLROYD, Director of Public Instruction and Under-Secretary to Government Punjab, Home (Education) Department,

To—All Commissioners, Deputy Commissioners, Inspectors of Schools, and the Assistant Inspector, Derajat Circle.

IN my Circular No. 4—189 of 24th December 1886, I have explained the manner in which the additional funds that have been placed at the disposal of District Committees for the improvement and extension of primary education should be expended. The present Circular deals with the allotment of Rs. 13,800 from Provincial Revenues that has been placed at the disposal of the Department for Female Primary Schools.

2. The allotment in question has been distributed as shown below :—

		Per annum.	Per mensem.
		Rs.	Rs.
Delhi	Circle	2,400	200
Jullundur	"	4,800	400
Lahore	"	3,300	275
Ráwalpindi	"	3,300	275

3. No Primary Schools for girls should be established in future in any place which has not a flourishing boys' school; and female Schools now existing in places where there are no schools for boys should be closed if they are not in an efficient condition.

4. It has been already intimated in Circular No. 4—189 of 24th December 1886, that no teacher on a lower salary than Rs. 10 per mensem should be placed in charge of a female school in future; that the salaries of all efficient teachers in charge of such schools should be raised to Rs. 10; that inefficient head teachers should be discharged, or retained as assistants if they are likely to be useful on account of their local influence and their ability to keep up the attendance; that in such cases new head teachers should be appointed on salaries of Rs. 10, 12, 14, 16, 18 or Rs. 20 per mensem, and that assistant teachers should be employed where they are required. These charges are to be met as far as possible from the funds that have been placed at the disposal of District Boards and Committees; but where necessary a special grant will be allowed from the allotment of Rs. 13,800 for female education. Such grants will be sanctioned by the Director of Public Instruction on the recommendation of the Inspector of the Circle, who must be satisfied that the teachers whose appointment has necessitated the grant are efficient, and that the allotment made for the purpose of raising the salaries of teachers of Primary schools, &c., as shown in column 4 of the appendix to Circular No. 4—189 of 24th December 1886, is insufficient to meet the expenditure.

5. Teachers of Board schools for girls will be entitled to instruction grants at the rates laid down for girls' schools in Appendix I of the Punjab Education Code, in addition to their ordinary salaries.

6. Scholarships at the rate of Rs. 2 per mensem or Rs. 3 per mensem where special merit is shown, will be awarded to all girls of purely Vernacular schools who pass the Lower Primary Examination in the three compulsory subjects, up to a limit of 20 per cent. of the number borne on the rolls, and will be tenable for two years, subject to good conduct and diligence in the Upper Primary Department of any Board or Aided Girls School.

7. Inspectors will intimate to Deputy Commissioners and to the Director of Public Instruction at the earliest possible date after the completion of the annual inspection, the amount that has been earned (1) as instruction grants in Board Schools, (2) on account of scholarships tenable in Board Schools or in Aided schools which receive grants from Local Bodies and not from Provincial Revenues.

8. Deputy Commissioners will be authorised by the Director of Public Instruction to draw the amounts due on account of—

(1) Special grants for increased salaries of teachers employed in Board Primary Schools;

(2) Instruction grants in Board Schools for girls;

(3) Scholarships tenable in Board Schools for girls.

In cases where scholarships will be held in schools receiving grants from Provincial Revenues, intimation should be given by Inspectors to the Director of Public Instruction, and to the Manager, who should include the amount in the monthly bill of his school, noting that it is on account of scholarships.

9. A reward of Rs. 10 will be given to every girl in a purely Vernacular school who passes the Upper Primary Examination in reading, writing and arithmetic, and small additional rewards may be given for proficiency in geography and needlework. Small rewards may be given also to girls of any class who acquit themselves well in the annual examination.

Rewards of Rs. 30 will be given for each pass by the Lower Primary Standard in reading, writing, arithmetic, geography and needlework, and of Rs. 50 for each pass by the Upper Primary Standard in reading, writing, arithmetic, geography, Persian or Sanskrit, and needlework to the wives and widowed sisters and sisters-in-law of teachers employed in Primary Board Schools; and such persons, if duly qualified to become teachers, will be eligible for employment on salaries of Rs. 10, 12, 14, 16, 18 or Rs. 20, according to their qualifications.

10. Khillats and rewards will be conferred, with the sanction of the Director of Public Instruction, on persons through whose means any real and genuine improvement in female education may be effected.

11. District Inspectors should be required to make these orders generally known throughout the District.

12. The rewards given *to school girls and to the relations of teachers on the results of examinations should be charged by Inspectors in their monthly bills.*

13. It is said that, as a general rule, respectable women, even if competent to become school teachers, which is rarely the case at present, would be reluctant to accept employment in public schools at a distance from the houses in which they reside, partly because such an arrangement would interfere with their household duties, and partly in consequence of the prevailing prejudice on the subject.

It appears, however, that respectable women who can read and write frequently give gratuitous instruction to girls of the same *muhalla;* and it has been suggested that the wives of school teachers would probably be more ready to become teachers of girls' schools if such schools could be held in the building in which they reside. In order to give this suggestion a fair trial the Director of Public Instruction has been authorized to sanction special grants for the provision of a house with school accommodation attached, or for the addition of such accommodation to an existing house, in cases where the wife or other female relative residing in the house of the teacher of a boys' school is willing to accept employment as teacher of a girls' school, and is qualified to perform the work.

14. In ordinary cases the accommodation required for girls' schools must of course be provided by the Local Bodies concerned.

APPENDIX XXVII.—(Article 275.)

Sections 31 and 32 of the Punjab Municipal Act, XIII of 1884.

31. In the case of a Government official a Committee may—

(1) if his services are wholly lent to it, subscribe for his pension or gratuity and leave allowances in accordance with the rules of the Government Civil Pension and Leave Codes for the time being in force; and

(2) if he devotes only a part of his time to the performance of duties in behalf of the Committee, make a contribution on account of his pension or gratuity and leave allowances in such proportion as may be determined by the Government.

32. In the case of an officer or servant not being a Government official, a Committee may—

(1) grant him leave allowances, and, if he is employed under the Committee appointed under the Punjab Municipal Act, IV of 1873, when this Act comes into force, and is not entitled to pension, or if his monthly pay is less than Rs. 10, a gratuity; and

(2) if empowered in this behalf by the Local Government—

(a) subscribe on his behalf for pension or gratuity under the rules of the Government Civil Pension Code for the time being in force; or

(b) purchase for him from the Government or otherwise an annuity on his retirement:

Provided that no pension, gratuity, leave allowance or annuity shall exceed the sum to which, under the Government Civil Pension and Leave Codes for the time being in force, the officer or servant would be entitled if the service had been service under Government.

Sections 28 and 29 of the Punjab District Boards Act, XX of 1883.

28. In the case of a Government official a District Board may—

(1) if his services are wholly lent to it, contribute to his pension or gratuity and leave allowances in accordance with the rules of the Government Civil Pension and Leave Codes for the time being in force; and

(2) if he devotes only a part of his time to the performance of duties in behalf of the Board, contribute to his pension or gratuity and leave allowances in such proportion as may be determined by the Government.

29. In the case of an officer or servant, not being a Government official referred to in Section 28, a District Board may—

(1) grant him leave allowances, and, if he is employed under the District Committee when this Act comes into force and not entitled to pension, or if his monthly pay is less than Rs. 10, a gratuity; and

(2) if empowered in this behalf by the Local Government—

(a) subscribe in his behalf for pension or gratuity and leave allowances under the rules of the Government Civil Pension and Leave Codes for the time being in force; or

(b) purchase for him from the Government or otherwise an annuity on his retirement:

Provided that no pension, gratuity, leave allowance or annuity shall exceed the sum to which, under the Government Civil Pension and Leave Codes for the time being in force, the servant would be entitled if the service had been service under Government.

No. 485.—*Notification.*—In supersession of Punjab Government Notification No. 322, dated 6th May 1885, the Hon'ble the Lieutenant-Governor, in exercise of the powers conferred on him by Section 52 (2), Act XVIII of 1884,

is pleased to make the following rules for the distribution between the two Financial Commissioners of business under the said Act :—

1. Appeals, revision cases and applications under the Punjab Courts Act shall be distributed between the First and Second Financial Commissioners in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

2. The general superintendence and control of the Revenue Courts established under Chapter V of the Punjab Courts Act shall vest in the Second Financial Commissioner, except in regard of courts in tracts which have been put under settlement. In such tracts the control and superintendence of the Revenue Courts established under Chapter V, and of Settlement Courts established under Chapter VI, of the said Act, shall be exercised by the First Financial Commissioner.

No. 486.—*Notification.*—In supersession of Punjab Government Notification No. 323, dated 6th May 1885, the following rules for the distribution of certain business between the Financial Commissioners, having been approved by the Hon'ble the Lieutenant-Governor, are published for general information :-

I. Appeals, revision cases and applications, under the Punjab Land Revenue Act, or any other Act pursuant to which the Financial Commissioner has jurisdiction as the chief controlling Revenue authority, shall be distributed between the First and Second Financial Commissioners in accordance with orders to be from time to time recorded by the Financial Commissioners jointly.

II. Proposals of a Financial Commissioner, (1) involving a material change in the revenue policy or system of the province, or (2) relating to the disposal of Land Revenue Assessment Reports, or (3) recommending the alteration of the limits of districts or tahsíls, shall be referred to his colleague for expression of opinion before being submitted for the orders of Government.

III. Proposals to confer powers under any Act shall be made by the Financial Commissioner who controls under that Act the proceedings of the officer proposed to be invested.

IV. Recommendations as to the appointment, promotion, posting or control of Extra Assistant Commissioners shall be made, and orders regarding the appointment, promotion or control of Tahsíldárs and Náib-Tahsíldárs shall be passed by both Financial Commissioners jointly :

Provided that in cases of urgency arising under this rule, the Financial Commissioner to whom is allotted the business connected with which recommendations are required to be made, or orders to be passed, may take action without previously consulting his colleague.

V. A Financial Commissioner when on tour may inspect the whole Revenue work of any district irrespective of the division of duties between himself and his colleague, but the result of his inspection in regard of matters not allotted to him by these rules should be referred by him for the orders of the other Financial Commissioner.

VI. Business relating to the examination of Government officers, and any other business not appropriated under these rules, shall be distributed between the two Financial Commissioners as may be decided by the First Financial Commissioner.

VII. Subject to the control of the Local Government, the First and Second Financial Commissioners may, by mutual consent, exchange with each other the business allotted to them respectively under these rules, or may

transfer from one to the other any class of business so allotted, or any special case; provided that every permanent exchange or transfer of any class of business shall be sanctioned by the Local Government and notified in the *Punjab Government Gazette* for general information.

VIII. Notwithstanding any thing contained in these rules, either Financial Commissioner shall dispose of any business expressly assigned to him by the orders of the Local Government.

IX. Subject to these rules, business not otherwise allotted shall be divided between the two Financial Commissioners as indicated in the annexed Schedules A. and B. If doubt arises as to interpretation of the Schedules, the decision shall rest with the First Financial Commissioner.

GENERAL.

The 23rd September 1887.

No. 1667.—*Notification.*—The following schedule of the boundaries of the Kasauli Cantonment is published for information :—

Descriptive Statement of the main portion of the Cantonment of Kasauli showing distances and bearings of pillars defining existing boundaries.

No. of pillar.	Description of pillar.	Distance in feet.	Bearings from due North. Degrees.	Bearings from due North. Minutes.
1	Is situated nearly in the middle of the entrance of the Patiála Rája's house compound, about 45 feet from the north-east corner of verandah, in a north-easterly direction and close to the Kálka road. From No. 1 the boundary line follows in a north-westerly direction the outer edge of the Circular Road (leading from the main road towards the cattle sheds) up to No. 2 pillar. Direct horizontal distance and bearing to No. 2 pillar ...	192	329	45
2	Is situated on the outer edge of and close to the Circular Road. From No. 2 the boundary line continues to follow the outer edge of the Circular Road in a general north-westerly direction to pillar No. 2 A. Direct horizontal distance and bearing to No. 2 A. pillar ...	364	338	20
3	Is situated close to the outer edge of the Circular Road to a bend thereof, and is 405 feet (measured along the road) from the near end of the outer railing of the bridge over the water-course which crosses the road a little further on. From No. 2 A. the boundary line leaves the road, turning off somewhat south of west, nearly at right angles down the hill to the bottom of the water-course. From the bottom of the water-course it turns a very little more south, skirting the spur and rising slightly until it reaches pillar No. 2 A. Direct horizontal distance and bearing to No. 2 A. pillar ...	247	257	20
4	Is situated on the crest of the spur, below the Nábha Rája's house, at a distance (measured along the slope) of 240 feet from the outer edge of the road at the salient angle just under the angle of Nábha Rája's house, and from this point the Cantonment boundary runs in a north-westerly direction along the west face of the spur, and following the bends of the hills goes up with a uniform gradient to pillar 2 B. Direct horizontal distance and bearing to No. 2 B. pillar ...	324	325	40
5	Is situated between the road and a tree which is 13 feet distant from the outer edge of the road, at the salient angle formed by the road just beyond the Nábha Rája's house, and just under the cook-house of the Nábha Rája's house. From No. 2 B. the boundary, still following a general direction somewhat to the north of west, goes down the hill which it skirts at a uniform gradient to No. 2 C. pillar. Direct horizontal distance and bearing to No. 2 C. pillar ...	647	281	3
6	Is situated at a distance of 17 feet from the south-west angle of the compound wall of the Government slaughter-house. From No. 2 C. the boundary runs in an almost direct line in a south-westerly direction skirting the hill, and passing south of the next lower slaughter-house (a native one) at about 10 feet distance, till it reaches No. 3 pillar. Direct horizontal distance and bearing to No. 3 pillar ...	273	239	20
7	Is situated on the slope of the spur running in a south-westerly direction from the small private slaughter-house (next below the Government one), from which it is distant 90 feet. From No. 3 the boundary runs in a direction a little to the west of south and in a direct vertical plane, following the undulations of the ground to No. 4 pillar. Direct horizontal distance and bearing to No. 4 pillar ...	610	344	20
8	Is situated on the slope of the spur running in a westerly direction from the sheep and cattle yard, from the former of which it is distant 182 feet. From No. 4 the Cantonment boundary runs in a north-easterly direction, skirting the face of the hill to No. 5 pillar, which is on almost the same level as No. 4. Direct horizontal distance and bearing to No. 5 pillar ...	232	44	12
9	Is situated on the same spur as No. 4 pillar, but in a northerly direction from the north-west corner of the cattle yard, from which it is distant 218 feet. From No. 5 pillar the boundary runs in a direction a little north of east, skriting the hill at a uniform gradient to pillar 5 A. Direct horizontal distance and bearing to No. 5 A. pillar ...	210	42	0

Descriptive Statement of the main portion of the Cantonment of Kasauli, &c.—continued.

No. of pillar.	Description of pillar.	Distance in feet.	Bearings from due North. Degrees.	Bearings from due North. Minutes.
10	Is situated on the edge of the khud north of the old Kutchawalla's village. At a distance of 39 feet from the pillar, towards the Kutchawalla's village, there is a large stone. From No. 5 A. the boundary runs along the edge of the field at a uniform gradient to a square stone, bowlie with steps inside, well built, with a smaller one just above it. Pillar 5 B. is near the first bowlie. Direct horizontal distance and bearing to No. 5 B. ...	290	21	0
11	Is situated on the outer edge of the khud on which the bowlies are built and 21½ feet from the centre of the lower bowlie. From No. 5 B. the boundary runs along the outer edge of the path; thence in the same general direction it follows the outer edge of the lower path of the two which meet at the bowlie until the path reaches the water-course, distant 109 feet from the bowlie. Following the path, the boundary line then turns a little to the west of north and passes through a small collection of native houses (called the "Bowliewalla's village.") All of the houses now standing are in Cantonments, except one or two to the west of the path and below it which are at present in ruins, only a few stones remaining. Pillar No. 5 C. is on the path below a small field on which formerly a hut stood. Direct horizontal distance and bearing to No. 5 C. pillar ...	280	29	30
12	Is situated on the path below and to the west of the "Bowliewalla's village," at 20 feet from a tree with three trunks and 67 feet from the bed of a nullah measured in a south-westerly direction from the pillar 5 C. From 5 C. the boundary follows the path, skirting the small field up to 5 D. pillar. Direct horizontal distance and bearing to No. 5 D. pillar ...	200	53	0
13	Is situated below the western angle of the most northerly hut in the "Bowliewalla's village," at about 10 feet from the above angle of the hut, and close to the stump of a large fir tree. From 5 D. the boundary follows the path, and at 76 feet from the nearest hut passes under (at a distance of 125 feet measured down the slope of the hill) two small huts built as a small-pox hospital for natives. The boundary then skirts the hill, and turning in a north-easterly direction runs just above and close to a small native house, said to have been erected about 1868 or 1870, and leaves this house out of Cantonments. Pillar 5 E. is 16 feet beyond this house. Direct horizontal distance and bearing to No. 5 E. pillar ...	150	61	0
14	Is situated 16 feet from the south-east angle of the above-named house (this house is out of Cantonments). From No. 5 E. pillar, which is almost on the same level as No. 6 pillar, the boundary runs nearly level, following the contour of the hill in a north-easterly direction into the water-course, and then in a north-westerly direction to No. 6 pillar. Direct horizontal distance and bearing to No. 6 pillar ...	190	81	0
15	Is situated 60 feet to the north of the dry bed of the main water-course, rising close to the Court-house, and 25 feet below the path leading to Nare village from the main road to the cemetery. From No. 6 pillar the boundary runs in a direction a little east of north, following a well-defined path sloping down the hill to a water-course rising near the hospital; thence it bends in a course a little north of west, still keeping the path; nearly level, to an angle just below a well marked bluff now here it leaves the path and runs straight down the hill in a direction almost due west. Pillar No. 6 A is placed near the bluff on the left of the road. Direct horizontal distance and bearing to No. 6 A pillar ...	490	339	60
16	Is situated close to the above-mentioned bluff on the left of the path. From No. 6 A. the boundary leaves the path and runs straight down the hill in a direction almost due west to a small water-course which it crosses at a point about 240 feet above the junction of this with a larger water-course, including well within Cantonments, the upper pacca bowlie, but just excluding the lower bowlie. Pillar No. 6 B. is placed on the right bank of the small water-course. Direct horizontal distance and bearing to No. 6 B. pillar ...	300	270	0
17	Is situated at the point where the boundary crosses the small water-course, and on the right bank of this water-course. From No. 6 B. the boundary rises, skirting the hill to No. 7 pillar. Direct horizontal distance and bearing to No. 7 pillar ...	392	166	0
18	Is situated on the southern slope of the main spur, running in a westerly direction from the hospital towards the village of Ghat.			

Descriptive Statement of the main portion of the Cantonment of Kasauli, &c.—continued.

No of pillar.	Description of pillar.	Distance in feet.	Bearings from due North. Degrees.	Minutes.
	From No. 7 the boundary runs almost due west, skirting the hill, to No. 8 pillar, which is almost on the same level, and the boundary consequently follows very nearly the contour of the hill. Direct horizontal distance and bearing to No. 8 pillar ...	660	275	40
19	Is also situated on the southern slope of the main spur running in a westerly direction from the Hospital towards the village of Ghat. From No. 8 the boundary runs somewhat north of west, skirting the hill as in the last case to No. 9 Pillar. Direct horizontal distance and bearing to No. 9 pillar ...	200	294	48
20	Is situated on the south-western slope of the above spur. From No. 9 the boundary runs in a direction a little west of north, skirting the hill as in the last two cases to pillar No. 9. Direct horizontal distance and bearing to No. 10 pillar ...	570	346	12
21	Is situated on the north-western slope of the above spur. From No. 10 the boundary turns north-east to a well-defined path, which it joins about 50 feet from the pillar, and thence, turning nearly south-east, follows the outer edge of the path in an almost direct line to No. 11 pillar. At about 50 feet short of No. 11 pillar the path bifurcates, one path passing above, and the other below the pillar. Direct horizontal distance and bearing to No. 11 pillar ...	818	109	30
22	Is situated on the northern slope of the above spur at a distance of 20 feet in a direct line above the lower path. From No. 11 the boundary running in an easterly direction skirts the hill and rises to No. 12 pillar. Direct horizontal distance and bearing to No. 12 pillar ...	297	84	45
23	Is situated on the northern slope of the above spur. From No. 12 the boundary, skirting the hill and still rising with a uniform gradient to No. 13 pillar, runs first in a direction a little north of east till it reaches the bend, and then turning to a direction a little east of north reaches No 13 pillar. Direct horizontal distance and bearing to No. 13 pillar ...	708	47	55
24	Is situated on the west slope of the hill, and 575 feet below the cemetery. From No. 13 the boundary skirts the hill in a north-east direction, and with a nearly straight course rises slightly to No. 14 pillar. Direct horizontal distance and bearing to No. 14 pillar ...	422	22	35
25	Is situated on the slope of the spur running in a north-westerly direction from the cemetery, from which it is distant 318 feet. From No. 14 the boundary skirts the hill, following a path in a direction a little to the north of east into the water-course, on the right bank of whi ch 14 A. pillar is erected. Direct horizontal distance and bearing to No. 14 A. pillar ...	490	53	0
26	Is situated on the right bank of the above-mentioned water-course and marks the point where the Rana of Bija's line ends and the Rana of Baghat's begins. From 14 A. the boundary, still following the path, turns in a direction a little to the west of north, and skirting the hill rises slightly till it reaches No. 15 pillar, just before reaching which the path bifurcates. Direct horizontal distance and bearing to No. 15 pillar ...	430	22	0
27	Is situated on the western slope of a spur running in a westerly direction from Sunny Bank. From No. 15 the boundary follows the upper path and skirts the hill in a north-easterly direction, still rising slightly until it reaches a point in the path just below No. 16 pillar. Direct horizontal distance and bearing to No. 16 pillar ...	465	49	45
28	Is situated on the north-western slope of the spur running in a northerly direction from Sunny Bank on the edge of a bluff overhanging the path and is horizontally distant from the path about 25 feet. From No. 16 the path running in a direction a little to the east of north still defines the boundary for a short distance; this path then becomes confused and the boundary skirts the spur, which it crosses almost on a level with No. 17 pillar and at a distance of 210 feet (measured along the crest of the spur) above a cairn erected to mark a station of the survey made in 1878 by Colonel Depree. This point of crossing the spur is just below a small knoll situated above a low bluff, and thence the boundary turns round at an angle of 120° with its former course and runs straight to No. 17 pillar. Direct horizontal distance and bearing to No. 17 pillar ...	400		55

Descriptive Statement of the main portion of the Cantonment of Kasauli, &c.—continued.

No. of pillar.	Description of pillar.	Distance in feet.	Bearings from due North. Degrees.	Minutes.
29	Is situated on the slope of the spur running out in a northerly direction from Sunny Bank and it is 50 feet to the east of the road leading from thence to the village below. From No. 17 the boundary skirts the hill at an uniform gradient to No. 17 A. pillar. Direct horizontal distance and bearing to 17 A. pillar ...	153	156	44
30	Is situated on the right bank of the first water-course. From 17 A. the boundary still follows an uniform gradient crossing two small depressions to 17 B. pillar. Direct horizontal distance and bearing to 17 B. pillar ...	214	123	0
31	Is situated on the slope of the hill. From 17 B. the boundary still takes a line of uniform gradient to No. 17 C. pillar. Direct horizontal distance and bearing to No. 17 C. pillar ...	160	146	30
32	Is situated on the slope of the hill between two large well-marked rocks. From No. 17 C. the boundary continuing at an uniform gradient to No. 17 D. pillar. Direct horizontal distance and bearing to No. 17 D. pillar ...	102	164	25
33	Is situated on the left bank of a water-course which runs down from estates 7 A. and 7 B. From 17 D. the boundary still runs at an uniform gradient to No. 17 E. pillar. Direct horizontal distance and bearing to No. 17 E. pillar ...	125	109	5
34	Is situated on the slope of the hill. From No. 17 E. the boundary still runs at an uniform gradient to No. 17 F. pillar. Direct horizontal distance and bearing to No. 17 F. pillar ...	61	143	13
35	Is situated on the right bank of a small water-course. From No. 17 F. the boundary runs in a straight and nearly level line to No. 17 G. pillar. Direct horizontal distance and bearing to No. 17 G. pillar ...	149	74	35
36	Is situated on the left bank of a large and deep water-course which runs on the south-west side of the brickfield huts (hereafter called the Itáwa village). From No. 17 G. the boundary runs in a direct line, crossing the water-course to No. 17 H. pillar. Direct horizontal distance and bearing to No. 17 H. pillar ...	171	46	35
37	Is situated on the outside edge of a field just below the village of Itáwa. From No. 17 H. the boundary runs in an almost direct and nearly level line to No. 17 I. pillar. Direct horizontal distance and bearing to No. 17 I. pillar ...	194	65	40
38	Is situated 5 feet from the northern most of the huts of the village of Itáwa. From No. 17 I. the boundary runs skirting the village and including all the houses therein in Cantonments to No. 18 pillar. Direct horizontal distance and bearing to No. 18 pillar ...	151	117	27
39	Is situated on the west of a bend of the road leading to the Soldiers' Gardens, from which bend it is distant 60 feet and it is 35 feet to the east of the most eastern house of the village of Itáwa. (The road from this point No. 18 pillar leading to the Soldiers' Gardens is in Cantonments.) From No. 18 the boundary rising slightly at an uniform gradient skirts the hill into and out of a water-course to No. 19 pillar. Direct horizontal distance and bearing to No. 19 pillar ...	464	136	15
40	Is situated on the face of the hill, sloping to the north-east from the house No. 59. NOTE.—At No. 19 pillar—*i.* The south-west angle of the Subathu Hospital for males bears 21″ 10′ (from true north). *ii.* The spur of Sanáwar Church bears 105″ 18′ (from true north). From No. 19 the boundary still skirts the hill, and follows the contour line into and out of the depressions to No. 20 pillar, which is on a somewhat higher level. Direct horizontal distance and bearing to No. 20 pillar ...	440	165	30

Descriptive Statement of the main portion of the Cantonment of Kasauli, &c.—continued.

No. of pillar.	Description of pillar.	Distance in feet.	Bearings from due North.	
			Degrees.	Minutes.
41	Is situated on the face of the hill sloping to the east from the house No. 57. From No. 20 the boundary running in a general direction a little to the east of south and skirting the hill rises considerably with an uniform gradient to No. 21 pillar. Direct horizontal distance and bearing to No, 21 pillar ...	1,044	166	15
42	Is situated on the northern slope of the hill below the buildings formerly used as a military prison and now as out-houses to the Public Works Department Inspection Bungalow and close to a sharp bend of the road down to the reserved water tanks. (This road from No. 21 pillar and the water tanks are in Cantonments.) From No. 21 the boundary follows the inner edge of the last-mentioned road, and rises with this road until it meets the cart road, which the boundary crosses at right angles, and then turns south-east, and leaving the road, rises slightly at an uniform gradient until it reaches No. 22 pillar. Direct horizontal distance and bearing to No. 22 pillar ...	492	163	25
43	Is situated 20 feet above the cart road leading to Dharmpur on the slope of the hill north-east of the Church of England. From 22 the boundary follows an old and now unused path to No. 23 pillar. This path, which in places has almost disappeared, follows nearly at an uniform level the contour of the hill; its distance from the cart road varies from 20 feet at No. 22 boundary pillar to 120 feet at the water-course measured along the slope; its general direction is south-east from No. 22 boundary pillar to the water-course and north of east from the water-course to pillar No. 23. Direct horizontal distance and bearing to No. 23 pillar ...	1,114	115	30
44	Is situated above the eart road on the spur running down from house No. 60 and 435 feet therefrom. NOTE.—At No. 23 pillar.—*i.* South-west angle of the Subathu Hospital for males bears 15" 38' (from true north). *ii.* The spur of Sanáwar Church bears 89" 22' (from true north). Its distance from the nearest corner of the flat mud roof of the house below it is 94 feet. From No. 23 the boundary skirting the hill in a south-easterly direction, following a line of uniform gradient to No. 24 pillar, which is on a slightly higher level. The old path alluded to in the description of the boundary between Nos. 22 and 23 pillars formerly marked the boundary here also, but it is now almost obliterated. Direct horizontal distance and bearing to No. 24 pillar ...	854	121	15
45	Is situated above the cart road on the spur running down from house No. 54. From No. 24 the boundary skirts the hill still in a south-easterly direction, following the contour to No. 25 pillar, which is almost on the same level. The above-mentioned path still marks the boundary and is here more distinct. Direct horizontal distance and bearing to No. 25 pillar ...	254	133	30
46	Is situated on slope on north-east of and below house No. 62 From No. 25 the boundary still skirts the hill in a south-easterly direction, following the contour, which is here not much deflected. The above path still marks the boundary line, which does not pass through No 26 pillar, but 60 feet south-west of it. Direct horizontal distance and bearing to No. 26 pillar ...	378	130	...
47	Is situated on slope on the north of and 365 feet distant from the Dâk Bungalow. From No. 26 the boundary still skirts the hill in a south-easterly direction, rising with an uniform gradient to No. 27 pillar, the above-mentioned old path still marking the boundary, which crosses the road to Gurkhul just before reaching No. 27 pillar. (The Rána of Baghat's line ends at pillar No. 27.) Direct horizontal distance and bearing to No. 27 pillar ...	410	163	45
48	Is situated 90 feet east of the Dâk Bungalow. (The Mahárája of Patiála's line begins at No. 27 pillar.) From No. 27 the boundary starts off in a south-westerly direction, keeping on the same contour and rounding the knoll below the Dâk Bungalow, includes within Cantonment the lowest out-house of the Dâk Bungalow. The old path previously alluded to is supposed to have followed this line, but is now scarcely traceable.			

Descriptive Statement of the main portion of the Cantonment of Kasauli, &c.—continued.

No. of pillar.	Description of pillar.	Distance in feet.	Bearings from due North. Degrees.	Minutes.
	After rounding the knoll the boundary line meets a very well-defined path, which, keeping at the same level throughout, it follows into and out of all the water-courses to No. 28 pillar, which is on the same level as No. 27. Another well-defined path leading down hill to the Bowlie, and thence to Gurkhal, is met with at this first large water-course. Direct horizontal distance and bearing to No. 28 pillar ..	742	202	10
49	Is situated on spur running down from house No. 63. From No. 28 the boundary starting off in a south-easterly direction and skirting the hill continues to follow the same path which is still well-defined and still runs at nearly the same level to a point in the path 12 feet below No. 29 pillar; at the large bend a re-entering angle about half way between pillars 28 and 29 a path branches off up the hill, the boundary following the level on lower path. Direct horizontal distance and bearing to No. 29 pillar ...	830	185	35
50	Is situated 13 feet above the path in the angle lying between the water-course running down from pillar No. 30 and the next water-course to the south, which last water-course runs almost due west and east. From No. 29 the boundary runs in a north-westerly direction up hill in a direct line to No. 30 pillar. Direct horizontal distance and bearing to No. 30 pillar ...	320	315	2
51	Is situated just below the Lower Mall, a horizontal distance of 60 feet and also a horizontal distance of 208 feet from house No. 63. From No. 30 the boundary runs in a direction in prolongation of the line between Nos. 29 and 30 straight up to the Lower Mall, and then in a course whose general direction is east of south follows the outer edge of the Lower Mall to No. 30 A. pillar. Direct horizontal distance and bearing to No. 30 A. pillar ...	460	156	0
52	Is situated about 3½ feet from the railing on the outer edge of the Lower Mall and 1½ feet from a fir tree, also 20 feet from the wall across the road under the stable of No. 63 estate. From 30 A. the boundary runs in a general direction east of south, and follows the outer edge of the Lower Mall to the point (on the outside of the road passing south of the Lady's Grave) just under pillar No. 31. This point is distant 44 feet from the centre of the monument called the Lady's Grave and 23 feet from the nearest point (at ground level) of the adjacent large tree. DEPARTMENT OF REVENUE AND AGRICULTURE.

GENERAL.

The 10th October 1887.

No. 678.—*Notification.*—The following is published in the *Punjab Gazette* for general information :—

Circular No. 17—59-2 Ex., dated Simla, 9th September 1887.

From—W. R. LAWRENCE, Esquire, C.S., Under-Secretary to the Government of India, Revenue and Agricultural Department,

To—The Secretary to Government, Punjab.

IN forwarding a copy of the accompanying letter dated the 20th August 1887, received from the Consul General for Belgium, relative to the International Exhibition to be held in Brussels in May 1888, I am directed to request that, with the permission of His Honor the Lieutenant-Governor, you will be good enough to give it wide publicity to all whom it may concern. I am also to add that any further information that may be required by intending exhibitors can be obtained on application to the Consul General for Belgium at Bombay.

No. 128, dated Bombay, 20th August 1887.

From—Pety de THOZEE, Esquire, Consul General for Belgium in British India,

To—The Secretary to the Government of India, Revenue and Agricultural Department.

I HAVE been directed by the King's Government to invite the official co-operation of the Government of India in an International

Exhibition which is to be held in Brussels in May 1888, and which will differ from all such previous Exhibitions in that the various scientific and industrial inventions, procedures and manufactures will be specially examined from a practical point of view and prizes awarded.

As you will see by the documents which I have the honor to send you with this letter, this private undertaking is patronized by His Majesty the King of the Belgians, and the Committee of Management, which has been appointed by Government, has for its Honorary President His Royal Highness the Count of Flanders, the managing president being His Excellency the Minister of Agriculture, Industry and Public Works. Count Ad. d'Oultremont, Commissioner General of the Government, will, with the Belgian Consul General, Mr. Charles Pecher, Director of the Foreign Section, attend to the wants of the Delegates in charge of the Foreign Courts.

The chief object of this double undertaking is not only to promote the commercial intercourse between Belgium and other and distant countries, but also to guide the spirit for investigation and improvement in the direction of better and cheaper methods of production.

At the same time special sections will be set apart for international exhibits of imports and exports.

My Government is anxious to secure the support of the Government of His Excellency the Viceroy and will be much obliged for any assistance that you may be willing to give us in this matter.

Hoping that with such assistance the contributions from India will be very valuable and worthy of the rich, special and varied industries of the country, which are unfortunately too little known on the European Continent.

C. L. TUPPER,

Junior Secretary to Government, Punjab.

DRAFT.

Under the provisions of Sections 27 and 55 (2) *i* of Act XX of 1883 (The Punjab District Boards Act), and Sections 29 and 154 (*i*) of Act XIII of 1884 (The Punjab Municipal Act), the Hon'ble the Lieutenant-Governor is pleased to make the following rules regarding the employment and payment by District and Local Boards and Municipal Committees of Compounders for duty in Hospitals and Dispensaries in the Punjab :—

I.—A probationer on appointment to a dispensary shall receive pay at the rate of Rs. 5 per mensem, and shall continue to draw the same rate of pay during the first three years of service. He must be not less than 16 and not more than 25 years of age when appointed, and able to read and write Urdu fluently.

II.—After three years' service in the grade of probationer (provided he shall have completed the age of 20 years and have given satisfaction by his conduct and acquirements) the probationer shall be entitled to be promoted,

with the sanction of the Inspector-General of Civil Hospitals, to the class of 4th grade Compounder and to a salary of Rs. 7 per mensem.

III.—After five years' approved service in the 4th grade, a Compounder shall be entitled, with the sanction of the Inspector-General of Civil Hospitals, to promotion to the 3rd grade and to a salary of Rs. 10 per mensem; provided that, in the event of his passing such examination in English as may be prescribed before the completion of his service as 4th grade Compounder, he shall be entitled to pay at the rate of Rs. 12 per mensem from the date of his promotion to the 3rd grade.

IV.—No Compounder shall be entitled to promotion beyond the 3rd grade, nor to an increase of pay beyond Rs. 10 per mensem, until he shall have passed the examination in English referred to in Rule III.

V.—On the completion of five years' approved service in the 3rd grade, a Compounder who has passed the examination as above specified shall be entitled to promotion, with the sanction of the Inspector-General of Civil Hospitals, to the 2nd grade, and to a salary of Rs. 15 per mensem.

VI.—On the completion of five years' approved service in the 2nd grade, a Compounder shall be entitled to promotion, with the sanction of the Inspector-General of Civil Hospitals, to the 1st grade and to a salary of Rs. 20 per mensem.

VII.—(1). The rates of pay prescribed by these rules shall not be raised except with the previous sanction of the Inspector-General of Civil Hospitals.

(2). His sanction shall not be given to any proposal for an increase of pay under these rules—

(a) in ordinary cases, unless he is satisfied that the services of an eligible probationer or competent Compounder will not be available at the prescribed rate; or

(b) in any case beyond Rs. 10 per mensem when the proposal is made on behalf of a person who has not passed the examination in English referred to in Rule II.

No. 680.—*Notification.*—The following Rules, which have been made by the Local Government under the provisions of clauses (*a*), (*i*) to (*l*), (*n*), (*q*) to (*u*), (*w*), (*x*) and (*y*) of Section 154 of the Punjab Municipal Act, 1884, for regulating the proceedings of Municipal Committees in the Punjab, are hereby declared to apply to the Municipalities mentioned in the schedule hereto annexed:—

PART I.

GENERAL.

Continuance of statements, returns, forms and reports until they are ordered to be discontinued by the proper authority.

I.—Municipal Committees to which these rules apply shall continue to submit such statements, returns, forms and reports as have been or shall be required to be submitted by them under any rules or orders heretofore or from time to time issued by proper authority.

Powers of Committees.

II.—Every Committee shall conform to the following rules in the exercise of its powers under the Punjab Municipal Act, 1884, namely :—

(*a*). No scheme or work estimated to cost Rs. 10,000 or over shall be undertaken before the Local Government in the Public Works Department shall have been satisfied by the Committee proposing to execute it—

(1) that the scheme or work is one of public utility;

(2) that a full and complete project has been drawn up in a satisfactory way, and in conformity with the rules laid down in the Public Works Code for the preparation of projects;

(3) that the professional aid and establishment at the Committee's disposal is adequate to carry out the work.

(*b*). General schemes of drainage, sewerage and water-supply, projects for roads which are intended to connect places situated in different districts, and other large works requiring engineering skill shall be submitted for the approval of Government in the Public Works Department.

Powers of second class Committees.

III.—Every Committee shall conform to the following rule in the exercise of its powers under the said Act, namely:—

(*a*). No expenditure shall be incurred on any work involving an outlay of more than Rs. 2,000 save with the previous sanction of the Commissioner of the Division.

(*b*). No original engineering work involving an expenditure of Rs. 1,200 or upwards shall be undertaken until the plans and estimates shall have received the approval of the Superintending Engineer or Executive Engineer.

Piecemeal estimates prohibited.

IV.—No original work shall be undertaken by any Committee on an estimate for a portion of the work unless the whole work has received the sanction or approval required by these rules.

If at any time after an original work has been undertaken the cost thereof appears likely to exceed the limits fixed by Rules II and III, the Committee shall at once apply to the proper authority for sanction or approval of the work.

Loans not to be raised otherwise than as provided by law.

V.—No Committee shall raise any loan, save with the previous sanction of Government, and in accordance with the procedure prescribed by the Local Authorities Loans Act (IX of 1879) and the rules made thereunder.

Committees not to abolish any institution without sanction.

VI.—No Committee shall abolish any existing school, dispensary, or other institution without the permission of the head of the department concerned. Should he object, the Committee may refer the question to Government for decision.

General principles of the administration to be observed by Committees.

VII.—Every Committee shall observe those general principles* of which the Government has approved in the several departments of administration.

Illustration A.—It would not be competent to a Committee to entertain inoculators, the practice of inoculation for small-pox having been strongly discouraged by Government.

Illustration B.—It would not be competent to a Committee to modify the prescribed course of study in the primary schools of a district.

Illustration C.—It would not be competent to a Committee to continue, in the time of famine, expenditure which could properly be made available for the relief of famine.

Illustration D.—In the case of establishments which have been organized, and of appointments which have been created by Government, it would not be competent to a Committee to create a new grade of officers in any of the departments of Government, or to increase or diminish the pay of officials in any such existing grade without sanction of Government.

* These principles are to be found in the published Codes and Resolutions of Government.

VIII.—Whenever a Committee shall desire to appoint any person to an office, the proper discharge of the duties of which requires such person to possess some professional skill, the following rules shall be observed :—

Filling offices requiring professional skill.

(a). No person shall be appointed as Engineer, Assistant Engineer, or Overseer to a Municipality without the sanction of the Local Government in the Public Works Department, unless he is professionally qualified for such appointment according to the rules prescribed by that Department.

(b). No person shall be appointed as Surgeon or Assistant Surgeon to a Municipality, or to any institution, hospital or dispensary managed or controlled by a Committee, unless he shall have duly qualified, at least as a Licentiate in Medicine.

No person shall be employed as Hospital Assistant, Vaccinator, Compounder or Dresser unless he shall be professionally qualified for such appointment under Government.

(c). No person other than a servant or member of the Committee shall be employed to transact its legal business unless he shall be qualified as a Barrister, Advocate, Solicitor, Pleader or Mukhtár.

IX.—Correspondence between Committees and the Local Government or its officers shall pass in every case through the Deputy Commissioner, who will be guided by departmental rules in conducting such correspondence.

Channel of correspondence with Government and its officers.

X.—(a). Every Committee shall, as soon as possible after the close of each official year, prepare in such forms as may be sent to it for the purpose by the Secretary to Government in the Civil Department returns for that year showing—(1) the population within the municipal limits, (2) statistics of the constitution of the Committee, (3) accounts of the income, expenditure, balances and liabilities of the municipal fund, and (4) statistics of octroi taxation. Copies of the returns shall, not later than 1st May, be sent through the Deputy Commissioner to the Commissioner of the Division and also direct to the Secretary to Government in the Civil Department.

Returns, statements and reports.

(b). In addition to the returns above prescribed, each Committee shall submit, through the Deputy Commissioner to the Commissioner, in time to reach the latter officer not later than 15th June, such a report of its proceedings during the previous official year as will enable the Commissioner to supply full information under the following heads, viz.—

I.—New Municipalities constituted, and old Municipalities abolished, with authority for the same.

II.—Revision of boundaries and bye-laws, with sanction for the same.

III.—Constitution of Committees as compared with sects and classes of the population; dates and mode of appointment of new unofficial members, or Committees generally appointed during the year; notice of elections held during the year, if any.

IV.—Estimated number of regular consumers, such as pilgrims, visitors to fairs, &c., not included in the population reported in the returns, and the statistics on which the estimate is founded.

V.—*Taxation.*—Taxes levied during the year, with authority for new imposts. Income from and incidence of total taxation as compared with previous year, and causes of variations. Review of the working of the octroi tax; its incidence on the population per head in such classes of dutiable goods as food, fuel, cloth, metals or any trade that may be the staple of the place; the mode of collecting it, whether direct or by lease, and the percentage of the cost of collection as compared with nthe income; refunds of octroi a

their causes; explanation of excessive consumption of dutiable articles per head as shown by the return of octroi taxation; the effect of octroi on trade; revisions of octroi schedules; the bonded ware-house system, where in force.

VI.—Notice of other sources of income under the heads given in the return of income, with explanations of any increase or decrease as compared with previous years.

VII.—*Expenditure.*—Comparison with the budget and the expenditure of previous years under each of the main heads given in the return of expenditure, causes of any notable increase or decrease being explained.

VIII.—*Administration.*—Notice of operations, progress, and principal public works under each head of the same return.

IX.—Liabilities incurred during the year and outstanding at its end.

X.—Management of nazúl properties, where entrusted to the Committees.

XI.—Miscellaneous remarks not falling under the heads above mentioned, *e. g.*, development of any particular town or branch of industry, special exertions and frequency of attendance of members of Committees, number of meetings, &c.

(*c*). The reports received by Commissioners under clause (*b*) above shall be reviewed by them in a Divisional report, which they shall submit to Government in the Civil Department along with the Committee's report not later than 1st September.

(*d*). The return of income, expenditure and liabilities prepared under clause (*a*) above shall be published by the Committee in the manner prescribed hereafter for the publication of abstracts of minutes of proceedings (Rule XII).

XI.—Business may be conducted in English or Urdu. Proceedings should be recorded in the language in which business is conducted, and notices shall be issued in English and Urdu, unless the Commissioner of the Division directs that they shall be issued in Urdu only.

Publication of proceedings, rules, notices, &c.

XII.—An abstract of the minutes of each meeting of a Committee, and a copy, or draft, as the case may be, of all rules proposed to be made or sanctioned by the Committee under the Punjab Municipal Act, 1884, shall be affixed in some conspicuous spot accessible to the public at the place of meeting of the Committee; and if a newspaper is published within the limits of the district, a copy of the abstract shall be supplied to the Manager of the paper.

Publication of rules made by Committees.

XIII.—All rules made or sanctioned by a Committee under Sections 24, 88, 119 and 120 of the Punjab Municipal Act, 1884, shall, in addition to the publication under Rule XII, be published in full in the *Punjab Government Gazette* for not less than six weeks before they are adopted by the Committee.

Manner of giving certain public notices.

XIV.—Every public notice given by a Committee under the Punjab Municipal Act, 1884, and every order made under Section 137 or 141 of the same, shall be published in the manner provided in Rule XII, and shall also be affixed in different parts of the Municipalities in at least five conspicuous places accessible to the public other than the place of meeting of the Committee.

General records to be maintained.

XV.—In addition to the records required to be maintained by the Act or by these rules, the following general records shall be maintained by every Committee, namely—

(*a*) Map of the Municipality.

(*b*) Register of correspondence.

(*c*) List of establishments employed.

(*d*) List of roads and of buildings maintained by the Committee.

(*e*) List of schools, dispensaries, hospitals and other institutions maintained partly or wholly by the Committee.

(*f*) List of immovable property belonging to, or under the management of, the Committee.

(*g*) Stock-book of furniture, books, fittings, machinery, implements and materials, the property of the Committee.

PART II.

MANAGEMENT OF FUNDS AND SYSTEM OF ACCOUNT.

Safety of taxes when collected, and authority for payment from Municipal Funds.

I.—(*a*). All sums received by Municipal Committees shall be paid daily into the nearest Government Treasury, Sub-Treasury or Bank managing the Treasury business of Government (if any):

Provided that in places where there is no Government Treasury, Sub-Treasury or Bank, as aforesaid, the sums received may be paid into the hands of any banker or person who may be approved of by the Deputy Commissioner, and who has given security as required by Section 69 (2) of the Act.

(*b*). All expenditure shall be drawn by cheques signed by the President or Vice-President and one member of the Committee.

In the case of second class Municipalities cheques shall be further countersigned by the Deputy Commissioner of the district, unless the Commissioner of the Division shall decide that such countersignature is unnecessary.

Instructions of Account Officer to be carried out.

II.—Every Committee shall carry out such detailed instructions in the matter of accounts as may, under the authority *of the Local Government*, be issued, from time to time, by the Accountant-General or Examiner of Public Works Accounts, for its guidance under the provisions of this rule.

Cash-Book and Ledger.

III.—Every Committee shall keep up a Cash-Book and Ledger in such forms as may be prescribed by the Accountant-General—

(1) In the Cash-Book every item of receipts and charges shall be regularly entered, and the Cash-Book shall be balanced daily.

(2) The receipts and charges shall be regularly posted under the prescribed headings in the Ledger.

(3) All receipts and charges shall be entered in gross in the monthly accounts.

Audit.

IV.—(*a*). The audit of all charges, excepting Public Works charges, shall be made in accordance with the instructions contained in the Accountant-General's Circular No. 418 of March 1878. The audit of all Public Works charges shall be made by the Examiner of Public Works Accounts.

(*b*). For the purposes of audit, bills shall be forwarded monthly in such form as the auditing officers may, from time to time, prescribe. The said bills shall be forwarded by the President of the Committee through the Deputy Commissioner of the District to the Commissioner of the Division, who will cause the items to be duly examined, and will be responsible for seeing—

(1) that the expenditure is incurred on objects authorized by the Act;

(2) that it is not in excess of the power of the Committee.

(c). The bills having been examined as aforesaid, and found to be correct, will be countersigned by the Commissioner and forwarded for final audit to the Accountant-General or Examiner of Public Works Accounts, as the case may be; and no bills shall be passed by the auditing officers unless countersigned by the Commissioner and unless supported by budget provision.

Execution of works through the Public Works Department.

V.—When any Committee shall require the Public Works Department to execute any work for it, the amount of the proposed expenditure shall be paid into the Treasury by such Committee. The following procedure shall then be followed, namely—

(a). Such payments should be accompanied by a letter of advice (*chalán*) showing full particulars of the work for which the payments are made, and indicating the name of the Public Works Division by which the work is to be executed. The *chaláns* should support the credits to the Public Works Department in the Treasury Cash Account. The Treasury Officer should at once report such payments, with full particulars, to the Examiners of Public Works Accounts. The contribution should always be in advance of one month's expenditure at least. When the expenditure incurred on any municipal work is less than the amount received on account of it, the difference will be refunded to the Municipal Committee. If, on the other hand, there is any excess expenditure, the Municipal Committee shall make good the amount. The accounts of all such works should be open to the inspection of the Municipal Committee, to whom a full abstract of the expenditure should be furnished.

(b). As regards charges for Public Works establishments debitable to Municipal Funds, the same course will be followed as is laid down for expenditure on works and repairs; the anticipated charges should be paid by the Municipal Committee beforehand, month by month, or at other intervals as may be considered expedient.

Annual budget estimates.

VI.—(1). Every Committee shall frame a budget estimate of income and expenditure for the succeeding official year in the month of November in each year. The budget shall be in two parts. The first part, a copy of which shall be submitted to the Accountant-General not later than the first week in December of each year, shall contain estimates in detail of all income and of all expenditure except expenditure on public works, which shall be entered in a lump sum. The second part, which shall be submitted to the Secretary to Government in the Public Works Department on the date above mentioned, shall contain an estimate in detail of all expenditure on public works, with an entry showing the total amount proposed to be spent on other heads of expenditure. Both parts shall be submitted through the Deputy Commissioner and Commissioner.

(2). The Accountant-General shall submit to Government in the Civil Department, on such date as may be prescribed by the rules of his Department, a consolidated budget for all the Municipalities in the Province.

Re-appropriations and expenditure from balance.

VII.—Re-appropriations from one part of the budget to the other may be made on the authority of the Committees; but appropriations from balance or surplus income require the sanction of Government in the Civil Department.

PART III.

TABLES OF OCTROI CHARGES AND RATES OF TOLLS AND FEES.

Exhibition of tables of octroi and tolls.

I.—Tables showing the octroi leviable in each Municipality shall be open to the inspection of any person at the Municipal Office, and copies shall be supplied without charge to any person requiring the same. Such tables shall also be affixed in a conspicuous place at every post or office at which octroi is collected.

Tables showing the rates of tolls, if any, chargeable on vehicles and animals entering the Municipality, shall be similarly exhibited and supplied.

Fees on notices of demand.

II.—The fee payable in respect of a notice of demand issued under Section 61 (2) of Act XIII of 1884 shall be four annas for every such notice so issued.

3. Sodhi Indar Singh.
4. Lála Tulsi Rám, Honorary Magistrate.
5. Nathu Rám, Officiating Extra Assistant Commissioner.
6. Dín Muhammad, Officiating Extra Assistant Commissioner.

After the presentation of the *khillats*, His Honor addressed the Darbárís as follows :—

RAISES AND CHAUDHARIS OF FEROZEPORE—

I am glad to say that Ferozepore has been favourably distinguished by an absence of that sectarian animosity which has been evoked elsewhere by the concurrence of the Moharram and the Dusehra observances. Last year my predecessor expressed to the Commissioner his appreciation of the satisfactory and sensible attitude assumed by the Hindu and Muhammadan gentlemen of the city and promised at his intended visit to thank those whose conduct contributed to so satisfactory a result. That visit was prevented by the unfortunate circumstance of his illness.

I am glad that it has fallen to me to fulfil his intention, and it is a pleasure to me to add my own commendation of the prevailing good feeling which has this year again been conspicuous.

The Honorary Magistrates, the Municipal Commissioners, and the other leading residents of the town are all reported to have worked well, but the names of two Honorary Magistrates, Ghulám Muhammad Khán and Lála Tusi Rám, the Joint Secretaries of the Hindu and Muhammadan native gentlemen Committee, have been especially brought to my notice. Lála Tulsi Rám has also been recommended to notice for the great assistance he has given to the District Officers in their efforts to improve the sanitation of the town, and thereby ward off the threatened epidemic of cholera. The *khillat* which will be conferred on him to-day is given principally with regard to this piece of service.

In conclusion, I wish to say that I have been pleased with the loyal and friendly reception which I have received from all classes in this district, and that it is a pleasure to me to see the prosperity which generally prevails and the considerable advance which education is making.

The Darbár then terminated, the Guard of Honor presenting arms on His Honor's leaving the Darbár tent.

Proceedings of the Hon'ble the Lieutenant-Governor of the Punjab in the Boards and Committees Department, No. 732, dated 23rd November 1887.

MUNICIPAL ADMINISTRATION IN KHUSHAB.

Read—

Letter from the Commissioner and Superintendent, Ráwalpindi Division, No. 1723, dated 6th October 1887, with enclosure.

REMARKS.—The system of appointing a certain number of the members of the Municipal Committee of Khusháb by election was introduced in the Khusháb Municipality by Punjab Government Notification No. 423, dated the

14th November 1885, in which it was provided that the Committee should consist of six elected and three nominated members. It has now been brought to the notice of His Honor the Lieutenant-Governor that the inhabitants of this Municipality are divided into factions between which excessive hostility prevails. The fire of this hostility is fanned by Municipal elections, and, after such elections, burns in the minds of the elected members to the detriment of the calm and impartial discharge of their public duty. The Lieutenant-Governor, on the advice of the local officers, has therefore decided to direct that, for the present at any rate, the elective system shall no longer be pursued in the Khusháb Municipality, and that all existing vacancies in the Committee, and that all future vacancies, shall until further orders be filled up by appointments made by the Local Government. A notification to this effect has accordingly been framed and will be duly published under the provisions of the law.

ORDER.—Ordered that this Resolution be published in the *Punjab Gazette.*

W. M. YOUNG,

Secretary to Government, Punjab.

The 23*rd November* 1887.

No. 733.—*Notification.*—In exercise of the powers vested in him by Section 5, sub-section (2), and proviso (*a*) to the same section of the Punjab Municipal Act, XIII of 1884, the Hon'ble the Lieutenant-Governor is pleased to direct, and hereby directs, for reasons affecting the public interests, and specified in Punjab Government Resolution No. 732, dated 23rd November 1887, and published at pages 232 and 233 of the *Punjab Government Gazette,* Part I.—A. that all members of the Municipal Committee of Khusháb shall henceforth be appointed and not elected.

No. 734.—*Notification.*—In accordance with the provisions of Section 17, Act XIII of 1884 (The Punjab Municipal Act), it is hereby notified that Munshi Murád Ali has been elected, under Section 14, sub-section (1), of the said Act, President of the Municipal Committee of Kalanaur in the Gurdáspur District.

The 22nd December 1887.

No. 5796 *I.—Notification.*—In exercise of the powers conferred on the Local Government by Act VIII of 1873, and with the previous sanction of the Governor-General in Council, the Hon'ble the Lieutenant-Governor is pleased to direct the publication of the following rules, which have been framed under the provisions of Section 75 of Act *VIII of* 1873, and to declare that they have been made for the Chenab Canal, and are applicable to that Canal.

By order, &c.,

F. J. HOME, LIEUT.-COL., R.E.,

Offg. Joint Secretary to Government, Punjab, P. W. D,
Irrigation Branch.

IRRIGATION DEPARTMENT, PUNJAB.

RULES ISSUED UNDER ACT VIII OF 1873.

PART III.

ON CONSTRUCTION AND MAINTENANCE OF WORKS.

Section 18.

1. *Orders for construction of works.*—The order which a Divisional Canal Officer may issue, under Section 18, shall be in writing, and shall be served on each person concerned or his representative as a civil process through the Deputy Commissioner.

Section 20. 2. *Proceedings of Superintending Canal Officers on reference.*—The Superintending Canal Officer, before confirming or modifying a decision passed by the Divisional Canal Officer under Section 20, shall hear and record any objections made to such decision by the parties interested or their representatives, to whom at least 15 days' notice of the date and of the place at which Superintending Canal Officer will consider the Divisional Canal Officer's decision shall be given.

Section 24. 3. *Proceedings of Deputy Commissioner.*—The notice which the Deputy Commissioner is bound to give to the Canal Officer under Section 24 shall not be less than fourteen days.

Section 29. 4. *Opening of new water-courses.*—Water shall not be admitted into any new water-course until all works necessary for the passage across such water-course, of water-courses existing previous to its construction, and of the drainage intercepted by it, and for affording proper communications across it, for the convenience of the neighbouring lands, are completed to the satisfaction of the Divisional Canal Officer.

5. *Applications for water.**

PART IV.

ON THE SUPPLY OF WATER

Section 31. 6. *Limit of length of water-courses.*—Water shall not ordinarily be granted to lands where the length of the water-course from its head to its point of contact with the fields exceeds two miles.

Section 16. 7. *Apprehended wastage.*—A supply of water shall not be granted where, in the opinion of the Divisional Canal Officer, loss from wastage is likely to occur. From his decision an appeal may be preferred to the Superintending Canal Officer.

7 *a*. Such applications shall not ordinarily be granted in respect of lands where the available supply of water in the canal, distributary, or water-course is already fully utilized.

Section 31. 8. *Sanitary reasons.*—The Divisional Canal Officer shall not engage to grant water in the following cases, *viz.* :—

(*a*). For the irrigation of any kharíf crops upon lands within one mile from the outermost houses of any town, if such irrigation be objected to by the Municipal Committee (or, if there be no Municipal Committee, by the Deputy Commissioner), and the objection is approved by the Superintending Canal Officer and the Commissioner of the Division. Should these officers differ in opinion, the question will be referred to Government in the Irrigation Department, whose decision shall be final.

(*b*). When the Local Government has, by a notification in the official *Gazette*, declared that the irrigation of certain crops within a specified distance from the boundary of a cantonment ought not, on sanitary grounds, to be permitted, no engagement for a supply of water shall be made against the terms of such prohibition.

* NOTE.—*Omitted*—Water will be given to a village, not to individual applicants.

9. *Preparation of fields.*—A Divisional Canal Officer may withhold or postpone the issue of water to any cultivator whose fields he may have ascertained by personal inspection (by himself, one of his Assistants, or the Canal Deputy Collector) to be unprepared for irrigation by division into *kiáris* or compartments, not greater in area than one "*kanal,*" and by the addition of small water-channels, as is customary in irrigation from wells.

Section 31.

(*a*) When a field is irrigated which has not been so prepared, an additional charge may be imposed, not exceeding half the amount of occupier's rate leviable upon the field.

(*b*) Rice-fields and gardens are exempted from the operation of this rule.

(*c*) In each case the Divisional Canal Officer, the Sub-Divisional Canal Officer, or Canal Deputy Collector, must certify that he personally examined the field, and that it was not properly prepared for irrgiation according to the terms of the rule.

(*d*) An appeal against the orders of the Divisional Canal Officer may be preferred to the Superintending Canal Officer.

10. *Filling of tanks for watering cattle.*—Tanks may be filled with canal-water without charge, and without reference to the area irrigated in any village, whenever water can be made available without injury to the cultivation dependent on any canal, under the following regulations :—

Section 31.

I. Except as provided in Rule 12 *a*, no tank shall be so filled unless exclusively used for domestic purposes and for watering cattle : such tanks are generally in the immediate neighbourhood of villages.

II. No tank shall be so filled which, intercepting any line of drainage, is liable to overflow from accumulation of water derived from natural sources.

III. No tank shall be so filled except on the written order of the Sub-Divisional Canal Officer, issued on the written applications of the parties concerned. The filling of tanks can only be permitted at such times and to such extent as the Sub-Divisional Canal Officer approves.

IV. No tank shall be so filled unless the water-course used to fill it shall be shown to the satisfaction of the Sub-Divisional Canal Officer to be in a sound condition when the application is made.

V. Except as provided in Rule 12*a*, every tank so filled shall be used exclusively for domestic purposes or for watering cattle, and in the event of any breach of the foregoing regulations by any person for whose benefit the tank has been so filled, or in the event of any such person using any tank so filled otherwise than for domestic purposes or for watering cattle [except as provided in Rule 12*a*], the privilege by this rule afforded may, in addition to any penalty which may be incurred under the Act, be suspended for 12 months by order of the Divisional Canal Officer, passed on a regular proceeding and enquiry in each case. From his order an appeal may be preferred to the Superintending Canal Officer.

11. *Contracts.*—The Divisional Canal Officer, with the previous sanction of Superintending Canal Officer, is empowered to make contracts for the

supply of canal water for purposes other than irrigation, not specified in schedule of rates, for any term not exceeding one year. For terms exceeding one year the previous sanction of the Local Government shall be necessary.

12. *Charges for water used for purposes other than irrigation.*—Tanks may be filled with canal water for purposes other than those stated in Clause I of Rule 10 : such water will be charged for at rates and subject to conditions to be determined by the Local Government in each case.

12*a*. Irrigation may also be carried on from tanks, provided the previous sanction *of the Sub-Divisional Canal* Officer be obtained. The usual rates *will be charged* for such irrigation.

13. *Water supplied to Cantonments, Towns, &c.*—When water is supplied to forts or other military buildings, cantonments, civil stations, cities, towns, railways, public gardens or other places of public resort, either by filling of tanks or by direct flow, contracts at special rates may be accepted by the Divisional Canal Officer with the previous sanction of the Local Government.

14. *Water-power.*—The use of water-power may be granted by the Divisional Canal Officer at such rates and under such conditions as may be sanctioned by the Local Government in each case.

Section 32 (*a*).

15. *Tátils.*—Divisional Canal Officers are empowered, for purposes of administration, repairs and maintenance, to order the closure of any water-course for periods which shall not extend beyond twelve consecutive days. For longer closures the authority of the Superintending Canal Officer is required.

Section 32 (*a*).

16. Orders for closures under Rule 15 must be notified either—

(*a*) by a notification,

(*b*) by a special order.

Such notification or order shall be in writing under the hand of the Divisional Canal Officer, and a copy shall be conveyed by the Canal establishment with due expedition to each village concerned, and delivered to the Patwári, or, in his absence, to any Lambardár. The receipt of each person to whom a copy of the notification or order is delivered shall be affixed to a schedule prepared for the purpose, which shall be recorded in the Divisional Canal Office.

It shall be the duty of the Patwári or Lambardár who receives the notification or order above described to affix it at once in a conspicuous position in the village and to make its purport generally known.

Section 23 (*a*).

17. *Stoppage of supply in improperly maintained water-courses.*—Stoppage of supply of water to any water-course under Section 32 (*a*) (2) may be enforced when the Canal Officer ordering the stoppage has satisfied himself, by personal inspection, that the water-course is not maintained in proper repair. The order for such stoppage shall be in writing under the hand of the Divisional Canal Officer, and an immediate report shall be made to the Deputy Commissioner of the District and to the Superintending Canal Officer, and the special grounds for stoppage explained. The Superintending Canal Officer's order shall be final.

Section 32 (*a*).

18. *Report of closures.*—Immediate report shall be made to Superintending Canal Officer of all closures under case (1), Section 32 (*a*).

19. Nothing in the foregoing rules shall be taken to affect the power of a Canal Officer to close any water-course or stop any supply of water on his own authority in cases which he deems to be of pressing emergency.

20. *Claims for remission.*—All claims for remission of occupier's rate under Section 32 (*b*) shall be made to the Divisional Canal Officer previous to the cutting of the crop. The Divisional Canal Officer may reject or admit any claim. If the claim be admitted the Divisional Canal Officer may remit to the limit of 50 rupees in each individual case, provided that the aggregate remissions for any one village do not exceed 200 rupees. If the Divisional Canal Officer considers that higher remissions should be granted than those above specified, the sanction of the Superintending Canal Officer must be obtained. Pending the decision, the collection shall be suspended.

Section 32 (*b*).

Claims to remission of ordinary charges, other than occupiers' rates, payable for the use of the canal water, shall only be admitted on proof of actual loss caused by the stoppage of supply ; on proof of such loss, the whole, or any portion of the charges, may be remitted as hereinbefore provided.

PART V.

OF WATER-RATES.

21. *Charges for the use of water.*—The charge for the use of water shall be made on the area irrigated at the rates specified in the schedules for the time being in force, and subject to the following rules.

Section 36.

22.
23.
24.
25. * * * * * *

NOTE.—Until further notice a uniform rate will be charged for all lands which take canal water, whether before or after sowing, provided that a crop be raised : if no crop is sown after canal water has been taken half rates will be charged.

26. *Occupier's rate for fields partly irrigated.*—If only a portion of a field be irrigated, the occupier's rate shall be chargeable on the whole field, unless such portion shall have been clearly demarcated by a ridge not less than half a foot high.

Section 36.

27. *Charge leviable on fields partly irrigated from canals, partly from wells or other sources.*—Where a portion of a field has been irrigated with canal-water, and a portion with water from a well or any other source, the whole field will be treated as irrigated with canal-water, unless a clearly distinguishable boundary demarcated by a ridge not less than half a foot high exists between the two portions. Where such a boundary exists, enquiry will be made whether the use of water from a well or any other source was owing to deficiency in the supply of canal-water, in which case the canal charge on the portion irrigated by canal-water should be reduced to lift rates.

Section 36.

28. *Use of canal water-courses for conveyance of water from a well or any other source.*—If water from a well or any other source is conveyed in the same channel as canal-water in the course of the same season, the whole of the irrigation from that channel during such season is liable to be treated as irrigation from the canal.

Section 36.

29. *Charge leviable for permanent irrigation from escapes.*—Irrigation from escape channels, when the supply is permanent, shall be governed by the same rules as irrigation from other parts of the canal.

Section 36.

30. *Charge leviable for intermittent irrigation from escapes.*—Irrigation from such channels, when the supply is intermittent, may be allowed at such reduced rates as shall from time to time be fixed by the Local Government in each case

31. When a natural drainage channel or reservoir, not being part of the canal is used as an escape channel, if it is so used at the request of persons desirous of irrigating from it, the same rates shall be chargeable for irrigation from it as for irrigation from an escape channel. Provided that the area, if any, irrigated from it previous to the introduction of canal-water shall not be liable to water-rate, the amount of such area shall be determined by the Deputy Commissioner. In all cases in which water is supplied under this rule, a written contract shall be executed, setting forth the terms on which it is supplied.

32. *Charge leviable for the unauthorized use of water.*—Persons irrigating from a canal without permission, or taking water at times or in a manner prohibited by proper authority, shall be chargeable with a special water-rate which shall be double the water-rate which would have been chargeable for the authorized irrigation of the area irrigated. The area shall be measured and notice shall at once be given to the persons so irrigating that they will be charged in the demand statement double rates under this rule for the area thus watered.

Section 36.

33. *Charge leviable for "Ab zái" (waste of water).*—The charges leviable for water suffered to run to waste shall be—

(1) on cultivated lands double the rate which would have been leviable for ordinary irrigation ;

(2) on uncultivated lands the flow rate that would have been leviable for ordinary irrigation.

The area shall be measured up as soon as possible, and the persons chargeable with this rate having been determined in accordance with the provisions of Section 33 of Act VIII of 1873, notice shall be given to them that they will be charged accordingly in the demand statement.

The special rates mentioned in this and the preceding rule shall be in addition to such penalties as may be imposed under Section 70 of the Act.

33 *a*—

* * * * *

NOTE.—Not required at present, as no owner's rate is levied.

34. An appeal against any charges made under Rules 26 to 33 inclusive may be preferred to the Commissioner.

Section 75.

35. *Schedules of rates to be accessible to villagers.*—The patwári of every village irrigated by canal shall be furnished by the Divisional Canal Officer with a statement in Urdu, showing the rates of assessment per ordinary local and canal measurements, which statement shall be suspended in the chaupal or in a conspicuous position in a place of public resort.

Section 47.

36. *Patwáris' fees.*—

* * * * *

Section 47.

37. *Lambardárs' fees.*—The allowance to Lambardárs or other persons collecting from cultivators shall be 3 per cent. on the amount collected on condition that the full amount due has been paid within three months of the issue of the demand statement, and that the Lambardár has performed his duty connected with the assessment, such as personal attendance or deputation of a proper substitute at the time of measurement, and correct report of irrigation.

Provided that it shall be at the discretion of the Deputy Commissioner or Divisional Canal Officer, as the case may be, subject to the appeal allowed by Rule 76, to withhold the whole or part of the allowances prescribed in this Rule in event of the conditions not being complied with.

PART VI.

NAVIGATION.

38 to 62—

* * * * *

NOTE.—Not required, as there will be no navigation on this Canal.

63. *Canal closures.*—Any canal may be closed once a year for the execution of needful works on one month's notice published in the Government Gazette of the intention so to close it, or at any time without notice in the event of any sudden emergency. The fact of an emergent closure having been authorized shall be notified in the Government Gazette.

PART VIII.

OF OBTAINING LABOUR, &c.

Part VIII.—Section 63.

64. Persons exercising the handicrafts detailed below shall, in addition to the agriculturists, be deemed labourers for the purposes referred to in part VIII :—

Workers in leather	... *Mochi.*
" " oil	... *Telí.*
" " earthenware	... *Kumhár.*
Weaver	... *Juláha.*
Washerman	... *Dhobi.*
Water-carrier	... *Bhisti.*
Barber	... *Náí.*
Bearer	... *Kahár.*
Fisherman	... *Jhíwar.*
Millers generally	... *Kahár.*
Graziers	... *Chohrwalla.*

PART X.

OF OFFENCES AND PENALTIES.

Section 70.

65. *Offences under Canal Act triable by Magistrates of the 2nd Class.*—The Lieutenant-Governor is pleased, under Section 70 of the Act, to direct that charges of offences under that section shall be cognisable by a Magistrate of the 2nd class.

Section 70—Clause 11.

66. No person, without the permission, in writing, of the Divisional Canal Officer, shall pass or shall cause any animal or vehicle to pass on or across any of the roads, works, banks or channels of a canal, or drainage work, after he has been desired to desist therefrom, excepting upon such bridges, fords and ferries, and their approaches, as are provided by the Divisional Canal Officer.

PART XI.

SUBSIDIARY RULES.

67. *Assessment and realization of occupier's rate.*—The amount demandable for occupier's rate shall be determined and apportioned by the Divisional Canal Officer, and the Deputy Commissioner shall realize the sums due.

68. *Khataoni to be accessible to villagers.*—The Patwári is responsible that the village copy of the *khataoni* or demand statement is at all times accessible to any person who pays for canal water.

Section 75.

69. *Distribution of parchas.*—As soon as the *khataoni* and *parchas* of a Canal Patwári's circle are completed he will inform the Lambardárs of the dates on which the *parchas* will be distributed in each village. The Lambardárs will call upon the irrigators to attend and receive the *parchas* from the Canal Patwári. Undistributed *parchas* will be entrusted to the Lambardárs of the village. The Canal Patwári will in every case endorse the date of distribution on the *parcha*. The *parchas* shall be in the form detailed in Appendix VII.

70. *Complaints against khasrah entries.*—If a cultivator desires to contest the correctness of the entries made against him in the demand statement, whether as to the fact of the land having been irrigated, or of its being charged "flow" or "lift," or as to the measurement and entries of class or crop, he must lodge a complaint with the Divisional or Sub-Divisional Canal Officer, Deputy Collector or Zilladár within 21 days of date of receipt of *parcha* by the Cultivator; or, if he should not have received a *parcha*, within 10 days of the date on which he first became acquainted with the claim against him, and the complaint must be investigated on the spot within 15 days of receipt, and promptly decided.

Section 75.

The order of the Divisional or Sub-Divisional Canal Officer or Deputy Collector in such cases shall be forthwith communicated to the complainant, and shall be subject to appeal to the Commissioner of the Division.

71. *Objections may be made by a Lambardar, &c., on behalf of cultivator.*—When a Lambardár or other person is responsible, under Sections 46 and 47 of the said Act, for the payment of the occupier's rates in a village or any portion of a village, complaints under these rules may be lodged by such Lambardár or Contractor, instead of by the cultivators, and any refund that may be necessary in consequence of the order passed upon objection so lodged shall be paid by the Deputy Commissioner to such Lambardár or contractor on account of the cultivators concerned.

Section 75.

72. *Method of dealing with alterations in the demand.*—If, after the giving of the *parcha*, any addition is made to the demand, or any reduction is allowed on a complaint under Rule 37, or by way of remission under Section 32, clause (*b*) of the Act, or otherwise, such addition or reduction shall be communicated to the cultivator by means of supplementary *parchas*. Demands shall be shown in black and remissions in red letters. All such alterations as are made before the despatch of the *khataoni* to the Deputy Commissioner shall be included in that document, and shall also be written on slips similarly printed (black for additions and red for reductions) and attached to the *khataoni*. Alterations made after the despatch of the *khataoni* shall be communicated to the Deputy Commissioner by means of similar slips.

73. Provided for in Rules 81 and 83.

74. *Irrecoverable balances.*—Balances found to be irrecoverable owing to want of assets, absconding of defaulters, or any other such cause, and claims to refund on the ground of mistakes in collection, shall be dealt with by the Deputy Commissioner under the rules for suspension, remission and refund of land revenue.

75. *Payments of refunds.*—In all cases payments of refunds will be made by the Deputy Commissioner.

Section 75.

76. *Appeal against retrenchment of fees.*—An appeal against retrenchment of fees of Lambardárs shall lie to the Commissioner of the Division or Deputy Commissioner

Section 75.

according as the retrenchment has been made by the Deputy Commissioner or Divisional Canal Officer.

77. *Receipts for water-rate.*—Receipts shall, when demanded, be given by the Lambardár or other person making the collection to each cultivator on payment of occupier's rate.

78. *General prohibition.*—No person employed on a canal shall, without previous sanction obtained from the Divisional Canal Officer, have any interest in the distribution or use of water from the said canal, or purchase, or bid for, any Government property sold thereon, either in his own name, or in the name of another, or jointly, or in shares with others.

Section 75.

PROCEDURE.

79.—

* * * * *

NOTE.—Rule No 79 being applicable only to the Dera Gházi Khan District is omitted from the present republication.

OF APPEALS AND REFERENCES, AND THE PROCEDURE THEREIN.

80. *Interpretation.*—In the following Rules the expression "the Court" denotes the officer to whom in the particular case an appeal may be preferred under the provisions of the Act or the rules made thereunder for the time being in force.

81. An appeal shall lie to the Deputy Commissioner from an order of the Divisional Canal Officer passed under Rules 20, 70, or under Part V of these Rules.

Except as above provided, or except where an appeal is expressly allowed by the Act or by any of the foregoing Rules, no appeal shall lie from any decision or order of the Divisional Canal Officer.

82. *Period for appealing.*—The period for presenting an appeal shall be 30 days, unless any other period is expressly prescribed, and in the latter case the period so prescribed.

But any appeal may be admitted after the period prescribed when the appellant satisfies the Court that he had sufficient cause for not presenting the appeal within such period.

Extension of time.

If the period prescribed expires on a day when the Court is closed, the appeal may be presented on the day that the Court re-opens.

83. *Calculation of period.*—The period prescribed shall be calculated from the date of the decision or order appealed from, and in computing such period the day when the decision or order was made, and the time requisite for obtaining a copy of the decision or appealed order against shall be excluded.

84. *Form of appeal.*—The application for admission of an appeal shall be stamped in accordance with the law in force relating to court fees, and shall be accompanied by a copy of the decision or order appealed against, and shall state concisely the grounds upon which the appeal is preferred.

85. When an appeal is presented to the Deputy Commissioner pursuant to Rule 81, that officer may, if he thinks fit, after hearing the appellant, confirm the decision of the Canal Officer without further enquiry.

If the Deputy Commissioner considers that the appeal should be inquired into, he shall refer it to the Divisional Canal Officer for enquiry and report.

The Divisional Canal Officer shall thereon enquire into the appeal, following the procedure laid down in Rules 86 to 96, and shall report to the Deputy Commissioner the result of the enquiry with his recommendation as to the disposal of the appeal.

If the Deputy Commissioner concurs with the recommendation of the Divisional Canal Officer, he shall pass an order on the terms thereof. If he dissents, he shall refer the appeal for the decision of the Commissioner if it relates to Part V or to Rule 70, and to the Superintending Engineer in other cases.

The Commissioner or Superintending Engineer on receipt of an appeal so referred to may at once pass orders on it or may proceed as directed in Rules 86 to 96.

Nothing in this section shall be interpreted as applying to cases in which by the provisions of the Act an appeal lies to the Commissioner.

e.g., Sections 19 and 27 of Act VIII of 1873.

86. *Procedure on admission of appeal.*—If the application be granted, an entry thereof shall be made in a register of appeals, numbered consecutively, and a day shall be fixed for the hearing of the appeal.

87. *Notice of hearing to be given.*—Notice of the date and place fixed for the hearing of the appeal shall be given to the appellant in such manner as the Court may direct, and to every other party to the case whose interest is opposed to that of the appellant in the manner hereinafter prescribed.

88. *Contents of notice.*—A written notice containing the title of the Court, the names of the parties, the date and place fixed for the hearing of the appeal, and such other particulars as the Court may, by general or special order, direct, shall be issued in duplicate under the hand and seal of the Court.

89. *Mode of service.*—The notice shall be served by delivering one copy thereof, if practicable, to the person addressed therein, or, in his absence, to some adult male member of his family, or, if none such be found, by leaving such copy at the addressee's usual place of residence. Provided that, if the Court shall so direct, the notice may be served under registered cover sent through the Post Office.

90. *Acknowledgment of personal service.*—When personal service is effected, the addressee shall be required to acknowledge the service by affixing his signature, seal or mark on the back of the duplicate copy to be retained by the serving officer.

91. *Memorandum by serving officer.*—The serving officer shall in every case endorse on the duplicate copy a memorandum signed by him of the date and mode of service, and return such copy to the Court which issued it.

92. *Cost of service.*—The cost of serving any notice shall be borne in the first instance by the party appellant, and shall be paid to the proper officer of the Court before such notice is issued. The charge made for service shall be in accordance with the lowest civil process scale for the time being in force.

93. *Hearing may be postponed or adjourned.*—The hearing of an appeal may be postponed or adjourned from time to time, as the Court may see fit by written order to direct, to any subsequent date, and notice of such date shall be given to the parties in such manner as the Court may direct.

94. *Attendance or representation of parties not essential.*—The attendance of the parties, in person or by representative, shall not be necessary at the hearing of any petition of appeal, or of any appeal, but any party so attending shall be entitled to be heard.

95. *Court to be satisfied before hearing that notice has been received by parties.*—The Court shall not proceed to the hearing of any appeal unless and until it is satisfied that notice of the date and place fixed for such hearing has been received by the parties concerned in sufficient time to permit them to appear or to be represented at such hearing. Provided that the Court may presume that notice has been received when a written notice has been served in any of the ways described in Rule 89 above. Provided also that an appeal may be heard and decided, notwithstanding the absence of any party who is shown to the satisfaction of the Court to be wilfully evading service of notice.

96. *Procedure on hearing.*—(*a*). The Court, before passing its order or decision on the appeal, shall record in writing which (if any) of the parties to the appeal are present in person or by representative at the hearing thereof.

What parties present.

(*b*). The Court, if it think further inquiry necessary, may conduct such inquiry itself, and in such case shall be deemed to be an officer with the powers described in Section 69 of the Act.

Further inquiry by appellate Court.

(*c*). When the hearing of the appeal is concluded, the decision or order of the Court shall, when practicable, be pronounced forthwith, and shall be recorded in writing signed by the Court, and the substance thereof shall be explained to such of the parties or their representatives as are present when the decision or order is passed or given.

The decision or order of Court.

(*d*). Every decision or order recorded in English shall be translated into Urdu, and the translation shall be authenticated by the signature of the Court and filed with the proceedings.

Translation thereof.

97. *Copy thereof to be sent to Subordinate Officer.*—A copy of the decision or order shall be transmitted by the Court to the officer from whose decision or order the appeal was preferred.

98. *Copies to be granted to parties.*—A copy of the decision or order of the Court, in English or Urdu, shall be granted to any person concerned or interested therein, who shall apply for the same, upon payment of the proper Court fees and copying charges.

99. *Of re-hearing in certain events.*—If any party against whom an order or decision is made or given upon an appeal heard in his absence shall, within 30 days from the date of such order or decision, satisfy the Court that he had received no notice of the time and place fixed for the hearing thereof, or had not received such notice in sufficient time to permit him to appear, and that he did not wilfully evade service thereof, the Court may pass an order, if it think such order requisite for the ends of justice (and not otherwise), upon such terms as appear just, setting aside its previous decision or order, and grant a re-hearing, which shall be subject to the same rules as the hearing of an appeal.

100. *Power of revision by Financial Commissioner and Chief Engineer.*—The Financial Commissioner may at any time call for any case which has come before a Commissioner otherwise than under Section 19 of the Act, or before a Deputy Commissioner, and the Chief Engineer may at any time call for any case which has come before a Superintending or Divisional Canal Officer, and pass such orders thereon consistent with the Act and the rules made thereunder as may seem proper.

101. *Power of revision by Local Government.*—Orders passed by the Financial Commissioner shall be subject to review by the Local Government in the Revenue Department, and orders passed by the Chief Engineer to review by the Local Government in the Irrigation Branch, Public Works Department.

102. *Finality of orders and decisions of Appellate Court.*—Except as provided in the three last preceding rules, or as may be otherwise expressly provided in the rules for the time being in force, the order or decision passed upon any appeal shall be final.

103. *Scope of Rules.*—Nothing contained in the foregoing rules applies to the hearing of an appeal from any decision or order in a criminal case under the Act.

104. *Procedure upon reference under Section 27.*—Upon a reference to the Commissioner under Section 27 of the Act, the procedure shall, so far as may be, be the same as is prescribed in Rule 2 upon a reference under Section 20 of the Act.

105.—Except as provided in Rule 2 and in the last preceding rule, no person shall be entitled to be heard in person or by representative before the Superintending Canal Officer, Commissioner, or other higher authority to whom, under the provisions of the Act or the foregoing rules, any matter is submitted or referred for sanction, approval or decision. Nothing in this rule shall preclude the persons concerned from submitting, for the consideration of any such officer or authority, petitions relating to any matter so submitted or referred.
